CALL TO ORDER/ PLEDGE OF ALLEGIANCE.

Chairperson Carlock called the regular meeting to order at 6:30 p.m. and led the Pledge of Allegiance.

Roll was called.

ROLL CALL:

Alexandra Schillack
Andrea Voorheis, Township Board Liaison
Merrie Carlock, Chairperson

Absent:

Rhonda Grubb

Also Present:

Anderew Littman, Staff Planner
Hannah Kennedy-Galley, Recording Secretary

APPROVAL OF AGENDA

Staff Planner Littman wanted to correct new item A from “Winterfest” to “Winter Fun Festival.”
Chairperson Carlock wanted to discuss Future Grants and projects as new item C.

**MOTION by Chairperson Carlock, seconded by Member Voorheis, to approve the agenda as amended.
The motion carried with a voice vote: (3 yes votes).**

APPROVAL OF MINUTES

A. August 14, 2024

MOTION by Member Voorheis, seconded by Chairperson Carlock to approve the meeting minutes of August 14, 2024, as presented. The motion carried with a voice vote: (3 yes votes).

CALL TO PUBLIC

Steve Woodard, 953 Schulyer, wanted an update on Stanley Park Phase 1.

NEW/CONTINUING BUSINESS

A. Winter Fun Festival - 2024 Contribution

Pontiac Parks and Rec has asked White Lake Parks and Rec if they would help sponsor the event. The event will be held on December 7, 2024, from 12 P.M. to 3 P.M. Pontiac Parks and Rec is asking for a donation of \$1,000.00. The festival will be free.

**MOTION by Member Voorheis, seconded by Chairperson Carlock to support the Winter Fund Festival with a \$1,000.00 contribution from the Parks fund for an ice skating rink. The motion carried with a roll call vote: (3 yes votes).
(Voorheis/yes, Carlock/yes, Schillack/yes).**

B. Trunk or Treat 2024 – discussion

The event will be on Saturday, October 19, 2024, from 6 P.M. to 8 P.M. at Fisk Farm. The event is organized by the Township and the White Lake Historical Society. There will be refreshments and games in the barn. There were over 1500 children in attendance last year, White Lake Township CERT will be handling security. The majority of the \$3,000.00 budget will be spent on candy, the remaining funds would be spent on port-a-johns and cider and donuts. The event still needs more volunteers. Member Schillack offered to share the event flyer with her National Honor Society teacher.

C. Future grants and projects

Chairperson Carlock wanted the Committee to consider future projects to apply for. A Recreation grant will require a 25% match. She wants to look into a pathway down Teggerdine.

OTHER BUSINESS

A. Stanley Park update

Phase one construction has not commenced. A preconstruction meeting has not been held yet. There are issues with the language in the contract. There is still time in 2025 to begin construction, but the grant will expire mid-2026. Stanley Park will be closed for construction until next summer.

STAFF REPORT

Staff Planner Littman shared the proposed Parks & Rec logo with the Committee. The Committee expressed their thoughts on the design.

COMMUNICATIONS

A. Member Communications

The Tree Lighting Festival will be on Friday, December 6, 2024. The Harvest Happening Festival at Hess Hathaway Park will be on Sunday, October 6, 2024, from 12 P.M. to 5 P.M.

ADJOURNMENT

A. NEXT MEETING DATE: October 9, 2024

MOTION by Chairperson Carlock, seconded by Member Schillack, to adjourn at 7:45 P.M. The motion carried with a voice vote: (3 yes votes).

WHITE LAKE TOWNSHIP PLANNING COMMISSION

REPORT OF THE COMMUNITY DEVELOPMENT DEPARTMENT

TO: Parks & Recreation Committee

FROM: Andrew Littman, Staff Planner

DATE: October 2, 2024

RE: Parks and Recreation Grants

Before discussing parks and recreation grants, it is important to understand the department's financial position. According to the 2025 budget, the Parks and Recreation Department is projected to have the following revenues and expenses next year:

Revenues

DNR Grant Award	\$500,000
Tax Collected from Parks & Rec Millage	\$481,747
Interest from Fund Balance	\$5,000
Field Rentals	\$4,000
Special Event Donations	\$500
Miscellaneous Revenue	\$500

Total Projected Revenue **\$991,747**

Expenses

Stanley Park Improvements	\$2,100,000
Bond Principal	\$133,522
Bond Interest	\$125,000
Pathway Projects	\$50,000

Parks and Recreation Grants
Parks and Recreation Committee (October 2, 2024)
Page 2

Park Maintenance	\$43,000
Consultant Fees	\$20,000
Event Expenses	\$10,000
Insurance	\$5,400
Park Equipment	\$5,000
Utilities	\$4,000
Miscellaneous Expenses	\$7,400
<hr/>	
Total Projected Expenses	\$2,503,322

Since next year's expenses are projected to exceed revenues by \$1,511,575, we will need to expend nearly our entire Parks and Recreation fund balance to cover the difference and there will not be any funds available for grants that require matching funds. However, after next year there should be excess revenues for matching grant programs from restoration of the prior Parks and Recreation Millage.

To facilitate our discussion, I have attached the Parks and Recreation Capital Priorities page and Action Plan from the 2023-2027 Parks and Recreation Master Plan, as well as the list of Parks and Recreation projects from the Capital Improvements Plan.

I look forward to discussing this with the Committee at our October 9th meeting.

ACTION PLAN

The Action Plan details the direction the Township would like to take over the next five years in order to maintain, improve, and expand parks, recreation and nonmotorized connectivity opportunities within the community. The findings and results summarized in the Basis For Action section of this Plan were utilized to develop the goals, objectives, and capital improvement priorities detailed on the following pages. This section also includes planning recommendations related to expansion of a nonmotorized network and improvement of pedestrian/bicycle connectivity within the Township and to adjacent communities. The Plan is intended to serve as a guide for decision-making relative to future park facilities and programs. The Plan is not intended to solve all of the issues, concerns and desires related to parks and recreation, but rather to identify and document them so they can be addressed and focused on in the upcoming months and years. Goals are desired long-term ideals or end products. Objectives are more detailed statements that have been developed to outline more specific actions that will assist in meeting the goals. The Goals and Objectives are intended to be as important as the capital improvement priorities and are listed in no particular order of importance or priority.

WHITE LAKE TOWNSHIP PARKS + RECREATION GOALS 2023-2027

Improve walking and biking **connectivity** in the community

Be leaders in the **stewardship** of the Huron River Watershed

Secure additional **funding** for parks and recreation

Raise awareness of parks and recreation offerings in the Township

Develop and promote **canoe and kayak** opportunities in the Township

Partner with others to provide parks and recreation in the Township

As appropriate, seek strategic properties to **expand** the Township parks system to support existing and future needs

Update aging park amenities, increase level of **maintenance**, and **construct/install** additional amenities at Township parks

Improve walking and biking **connectivity** in the community

OBJECTIVES

- Encourage and support the Township in developing a '**Complete Streets**' policy, ordinance, resolution, and/or plan in order to advocate for roads that are 'planned, designed, and constructed to provide appropriate access to all users...whether by car, truck, assistive device, foot or bicycle.'
- Coordinate with the **Road Commission for Oakland County** to improve non-motorized access and use along County roads (i.e. widen paved shoulders, improved pedestrian crossings, etc.)
- Prioritize **gaps and connections** to parks, schools, employment areas, and civic destinations.
- Utilize the Township **Sidewalk/Pathway Fund** (developers contribute to at approval of Township Board) to construct gaps in high priority areas and corridors.
- Coordinate with MDOT regarding design and construction of a consistent, 8-10-foot wide Side Path along the north and south side of **M-59** that is setback from the curb with green space between the curb and Side Path.
- Coordinate with the **Metroparks and MDNR** to connect Highland State Recreation Area, Pontiac Lake State Recreation Area, and Indian Springs Metropark through the Township via a regional trail system that considers accessibility for pedestrians, bicyclists, and equestrians.
- Coordinate with **SEMCOG** to get the White Lake Township planned/proposed nonmotorized network incorporated into the SEMCOG Regional Planned Corridors Maps and associated documentation.
- Continue to focus on improving barrier-free and **universal accessibility** at all Township facilities and parks including access to picnic tables, benches, paths, playing fields, parking areas, restrooms, play equipment, etc.
- Use materials from SEMCOGs **Walk Bike Drive Safe campaign** to encourage safe practices by all modes.
- Consider and investigate a **special millage** for design, construction and maintenance of nonmotorized connections per the Township Nonmotorized System Plan.

Be leaders in the **stewardship** of the Huron River Watershed

OBJECTIVES

- Continue to raise awareness, promote, and educate the community about the Huron River Watershed and the role we all play in protecting and improving the environment for generations to come.
- Increase awareness and appreciation of our natural resources by increasing access to the river and waterbodies.
- Incorporate applicable sustainable design elements into all park projects such as green stormwater management practices, solar power, products made from recycled materials, native plantings, etc.
- Include signage at parks that helps to interpret the natural resources as well as showcase sustainable design elements.

Secure additional **funding** for parks and recreation

OBJECTIVES

- Continue the commitment to fiscal responsibility by exploring and seeking avenues to generate alternative revenue sources through grants, donations, foundations, partnerships, etc. to fund park, recreation, and trail/sidepath projects.
- The existing 0.3 parks and recreation millage expires in 2023. Consider a renewal or increase in 2023 in order to implement the priorities outlined in this plan and make progress toward the goals and objectives.

Raise awareness of parks and recreation offerings in the Township

OBJECTIVES

- Coordinate with school district, library, lake boards, historical society, chamber of commerce, realtors, and other parks and recreation providers to distribute parks and recreation information and "cross advertise" offerings.
- Publish the new inventory map on the Township website, Facebook pages, display at Township Hall, etc.
- Print hard copies of the inventory map and have available at Senior Center, Township Hall, Library, Metropark, and State Recreation Areas.
- Post monthly on social media highlighting pictures, activities, and facilities available at Township parks.
- Include parks and recreation information in the Township Newsletter.

Develop and promote **canoe and kayak** opportunities in the Township

OBJECTIVES

- Develop canoe/kayak launches with associated small parking lots on Huron River properties including at M-59, at Elizabeth Lake Road, at Stanley Park, and around/near Oxbow Lake Road.
- Coordinate with Huron River Watershed Council and Oakland County Parks to develop Water Trail marketing/mapping/signage.

Partner with others to provide parks and recreation in the Township

OBJECTIVES

- In support of the Township being a '4 Seasons Playground', organize and hold one Special Event per season (i.e. Tree Lighting, Fall Festival, etc)
- Continue to partner with other parks and recreation providers within and around the community to improve connectivity, as well as strengthen and cross promote special events and offerings including:
 - Dublin Senior Center
 - Kelley Fisk Farm and the White Lake Historical Society
 - Oakland County Parks
 - Huron River Watershed Council
 - Huron-Clinton Metroparks
 - MDNR State Recreation Areas
 - Friends of Highland State Recreation Area
 - Waterford Township and Hess-Hathaway Park Committee
 - Lakes Area Chamber of Commerce
 - Public and private schools in the Township

Update aging park amenities, increase level of **maintenance**, and **construct/install** additional amenities at Township parks.

OBJECTIVES

- Make planned improvements to Stanley Park and support the development of the Civic Center area as a central gathering space and destination within the community.
- Continue to work to improve the ADA accessibility at all parks by providing elements such as accessible play equipment, pathways to and from facilities, bleachers, benches, playground surfacing, etc.
- Anticipate the need to increase staffing levels as additional parks, programs, and amenities are offered.
- Include long-term maintenance funding requirements when implementing new or expanded facilities and programs.
- When developing park and recreation facilities and connections, do so in a manner that protects and celebrates the natural look and feel of the White Lake community.

As appropriate, seek strategic properties to **expand** the Township park system to support existing and future needs.

OBJECTIVE

- Remain aware of potential properties to purchase for conservation and/or recreation purposes that:
 - adjoin an existing conservation/recreation property;
 - are adjacent to a water body, river, or creek;
 - improve walking/biking conditions;
 - and/or are environmentally sensitive.

Project Description

The Union Lake Road corridor is the area of White Lake that contains the highest density of residential development in the Township. A pathway along the corridor is critical to provide residents with safe, non-motorized access to the homes, churches, schools, parks, retail, and other places in the area.

Project Description
 An important, long term, high-priority objective is the development of a Township wide system of pathways connected to the regional network. This pathway provides the north-south connection from M-59 (north) to the Township's southern boundary and connects a complex of 3 schools to neighborhoods throughout the length of the corridor.

Project Description
 An important, long-term, high-priority objective is the development of a Township-wide pathways system. The ITC Corridor Four Seasons Trail provides a critical link between Pontiac Lake State Recreation Area and Highland Lake State Recreation Area, via the M-59 trailway. This route is included in the Oakland County Greenways Plan and should include state and regional financial participation. Construction of the trailway is expected to occur over several years.

Project Description

Expansion of recreational land is critical to meet the needs of both existing and future residents, especially as vacant land becomes scarcer and the Township's population continues to grow. This property is unique with frontage on Brendel Lake and location adjacent to the future Township Civic Center. Phase 1 improvements are planned to include an entrance drive, accessible pathway, fishing dock, rain garden, exercise stations, boardwalk, sled hill, landscaping, and signage.
