Anyone requiring special arrangements is asked to call the Office of the City Manager / City Clerk (262-473-0102) at least 72 hours prior to the meeting.

2023-2025 City of Whitewater's 5 strategic goals: Build single-family homes, Communicate with the community without the newspaper, Support a thriving business community, Recruitment and retention efforts with a focus on diversity, and Prioritization of expenditures with available resources.

Process of TIF in City of Whitewater

Redevelopment Resources, Kristen Fisch-Peterson

Developer Approaches the Office of Economic Development

Economic Development Staff meet with Developer to Learn More about his/her vision

The developer is required to present a site plan and proforma, outlining costs and investment from them.

It is the developer's responsibility to show there is a gap if they are requesting financial support from the City.

If the developer is requesting financial incentives, they need to prove their need, that there is indeed a gap, and that the project will not happen without an incentive.

Staff Calculates if the gap can be filled with a TIF incentive and checks to see that the project will support the incentive over its allowable lifetime. This is also known as the “But For” test. But for the incentive, the project would not occur.

Staff also calculates if it's a reasonable request by calculating a payback period, and a percent of the total project.

We try to keep it at a reasonable amount (5%-20%, more if warranted).

4 change to motion to approve made by Board Member Schanen.

Motion made by Board Member Binnie, Seconded by Board Member Schanen.

Voting Yea: Chairman, Councilmember Hicks, Vice Chairperson Miller, Board Member Smith, Board Member Stoneman, Board Member McCormick, Board Member Binnie, Board Member Schanen

PUBLIC HEARING FOR REVIEW AND POSSIBLE APPROVAL

2. Consideration to Approve and Recommend to Common Council a change in the District Zoning Map to Rezone Vacant Lots on Cedar Court from R-1 (One Family Residence District) to R-2 (One and Two Family Residence District) for Tax Parcel #'s /EV 00001, /EV 00002 and /EV 00004.

Planner explained that this was heard a while back. The board approved the conditional use permit for duplex on /EV 00004, but there was a larger discussion that happened at that meeting. That was what do we want overall for these remaining lots. You determined at that meeting that you would like these lots rezoned, knowing that they are no longer ideal for single family development.

Hicks asked about how we would handle the parking lot on /EV 00002 if the parcel sold.

Planner stated that the owner for that parcel is here tonight. But my assumption is that if that parcel was ever sold, a lot line adjustment would be made. Or otherwise work out an agreement with the new owner regarding the parking.

Brad and Jim they bought the lots 8 years ago. They sold the two front lots recently. They do not have any intention of selling the back two lots at this time. The lot with the parking lot will likely be sold with the 8 unit building. They asked about the possibility of a rezone on the 8 unit building. What would happen if the building was destroyed, for example, by fire?

Planner stated that there is an active conditional use on the 8 unit building. So they could rebuild. We didn't want to bring into R-2 since that only allows for single family and duplexes, not multifamily units. It is actually better to keep that in the zone district that it currently is in.

McCormick asked about the size of the duplex lot.

Brad and Jim stated that both front lots are 0.56 acre lots.

Motion to move approval to recommend to Common Council for rezone to R-2 made by Board Member Schanen

Motion made by Board Member Schanen, Seconded by Board Member Binnie.

Voting Yea: Chairman, Councilmember Hicks, Vice Chairperson Miller, Board Member Smith, Board Member Stoneman, Board Member McCormick, Board Member Binnie, Board Member Schanen

3. Consideration to Approve and Recommend to Common Council a change in the District Zoning Map to Rezone Parcel #/WUP 00215 Whitewater Middle School located at 401 S Elizabeth Street from R-2 (One and Two Family Residence District) to I (Institutional District).

Planner Schwark explained that they are seeking to change their zoning to allow to place commercial signage.

McCormick stated that she didn't feel that the buffer zone for the mailed notice was large enough.

Motion to approve and recommend to common council made by Board Member Binnie.

Motion made by Board Member Binnie. Seconded by McCormick.

Voting Yea: Chairman, Councilmember Hicks, Vice Chairperson Miller, Board Member Stoneman, Board Member McCormick, Board Member Schanen, Board Member Binnie
Voting Abstaining: Board Member Smith

Motion made by Board Member Binnie, Seconded by Board Member McCormick.

Voting Yea: Chairman, Councilmember Hicks, Vice Chairperson Miller, Board Member Stoneman, Board Member McCormick, Board Member Binnie, Board Member Schanen
Voting Abstaining: Board Member Smith

4. Discussion and possible approval of a Conditional Use Permit for an Electronic Message Monument Sign to be located at 401 S Elizabeth Street, Whitewater, WI 53190. Tax Parcel # /WUP 00215 for Whitewater Middle School.

Kevin Cook with JNB signs in Janesville stated that they can program the sign to be dark after 10 p.m.

Binnie questioned the turning off the sign at night, whether that was in the code.

Schanen asked if on and off times was an appropriate use of a CUP.

Hicks asked if this could be something; the applicant could work with the zoning administrator on.

Planner indicated our ordinance does state that electronic message signs are to follow the outdoor lighting code of 19.57. And that within that lighting ordinance the hours of illumination are, within 1 hour of a closing of a store, completion of final work shift or completion of related activities associated with an institutional use, it should go off. Putting a time of 9 or 10 p.m. for the sign to go dark should be sufficient.

Binnie asked about all the photos of existing signage.

Planner stated that it was just a part of their application submittal.

Motion by Hicks to approve the conditional use permit for the electronic monument sign to be located at 401 S Elizabeth Street for the Middle School with hours of operation between 6:00 a.m. and 9 p.m.

Motion made by Chairman, Councilmember Hicks, Seconded by Board Member Schanen. Voting Yea: Chairman, Councilmember Hicks, Vice Chairperson Miller, Board Member Smith, Board Member Stoneman, Board Member McCormick, Board Member Binnie, Board Member Schanen

5. Discussion and possible approval of a Conditional Use Permit for Contractor Shops to be located on Greenway Court, Whitewater, WI 53190 for Jonathan Tanis. Tax parcel #/A444200003.

Planner stated that the applicant is seeking a conditional use permit for 4 buildings for contractor shops. This is a vacant 7.6 acre lot in the tech park. This is on Greenway Ct off of Howard Road. The Technology Park Zoning ordinance has a lot of very specific design standards. Building sides need to be modified to meet the ordinance. On the plans they did not show dumpster enclosure location. They are requesting some gravel parking area in the back. The light pole heights were not noted on the site plan.

McCormick stated the chairman of the Urban Forestry committee would like to see the plans.

Dostie stated that the landscape plans are on the Urban Forestry's next meeting.

Planner stated that there is a vague outline of three additional buildings, but this approval would not include those.

EDD Zeinert stated that Mr. Tanis has seen a lot of interest in these types of buildings in front of the board today that in the future they will need to build more.

Smith stated that if they are trying to be cost effective, he is ok with the building exteriors and the gravel.

Hicks asked if they could add to the conditional use permit that the exterior materials are OK as is.

Planner explained that it is a requirement of the ordinance. I will say that historically, if you take a look at that area all of the buildings in that area and south on Bluff have been held to that design standard. So for example, you just approved the doggie daycare, they were required to add masonry. The contractor shops that you approved within the last year were required to add masonry. If you want to stay consistent with the other developments, I would recommend adding that in. But if you are OK with the design elements they have in your packet you can approve it as is. That sets a new precedent for upcoming developments here in Whitewater.

Binnie stated to EDD Zeinert I suppose we should address that was originally going to be Tech Park which is somewhat of a different use than this. I'm assuming you are still not getting many inquiries for the original intended use of the Tech Park.

EDD Zeinert stated that there has not been much interest in Tech Park. Her department has applied for a number of RFIs, which are Request for Information about various parcels in town from large developers and we have been unable to secure any of those as of late.

Schanen stated that the gravel would be easier to rip out than a bunch of asphalt.

EDD Zeinert stated that we should be development and business forward.

Planner stated that she is not sure what the gravel area will be used for.

Stoneman asked if we got the impression that the developer would not go through with the project, if the masonry was required.

Binnie asked planner what is currently proposed for the exterior.

Planner stated this is just steel grade metal.

Smith suggested that the doggie daycare is right next to buildings that have the proper type of masonry.

Motion by Hicks to approve the conditional use permit for contractor shops to be located on Greenway Court for Jonathan Tanis Tax Parcel /A44420003 with the planner's conditions except for subsection 1c and allow the use of a gravel parking lot to be kept up in good condition at all times. With a second from Schanen adding that it would only be for the first four buildings and that 5, 6, 7 as drawn would need to come back for approval.

Motion by Smith to make an amendment to the motion to allow the removal of 1a to allow the builder to use the building materials they have requested. Second by Miller.

Voting Yea: Chairman, Councilmember Hicks, Vice Chairperson Miller, Board Member Smith, Board Member Stoneman, Board Member McCormick, Board Member Binnie, Board Member Schanen

Vote on Amended motion.

Council Agenda Item

Meeting Date: April 3, 2025

Agenda Item: Public Comment Ordinance

Staff Contact (name, email, phone): Rachelle Blitch, rblitch@whitewater-wi.gov , 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The Public Comment Ordinance was referred to the Finance Committee last fall for review and necessary revisions. At its September 24, 2024, meeting, the committee requested that all boards and commissions review the proposed policy and provide feedback, which would be presented to the Finance Committee before the end of the year.

The collected feedback was reviewed at the November Finance Committee meeting, after which the ordinance was recommended to the Common Council for consideration.

On December 3, 2024, the updated policy was presented to the Common Council, where minor edits were requested before the ordinance was brought back for final approval.

To: Finance Committee

From: Rachelle Blitch, Director of Finance

Re: Public Comment Policy

At the September 24, 2024, meeting, the Finance Committee reviewed the Public Comment Policy. During this meeting, a motion was passed to standardize the policy's language across Council and committee meetings, set a three-minute limit for individual public comments, and establish a 30-minute time limit per side for public hearings. The updated policy was subsequently distributed to all committees for review and feedback, with a directive to return the input to the Finance Committee for further evaluation and a recommendation to the Common Council before the end of 2024. Below is a summary of the feedback received from the committees:

Public Works

In short, they really had no comments to make. They like the format, the consistency and the last paragraph on the first page, "The presiding officer, with the.....wishing to speak on the item."

PARC

Asked about the language in public hearing "Per speaker time is the same. " Language needs clarification

Allowing someone to speak twice there are times that someone needs to make another comment. Change the card section use may be used instead of shall be use.

Under the expectation of public keep the unruly behavior and speaking out when not recognized, but remove clapping.

Cable TV Commission

During public comment sessions, particularly when addressing a highly debated or sensitive issue, the council could consider taking a vote to extend the public comment period to 45 minutes instead of the standard 30 minutes. Additionally, it was suggested that guidelines be established to ensure appropriate language is used during meetings, especially considering that minors may have access to these discussions.

Community Development Authority (CDA)

Board member Kachel questioned the 3-minute length of time for an individual to speak. Board member Hicks stated the 3-minute rule is hard and fast; the new rule being considered allows for flexibility. Board member Kromholz stated that a time limit ensures that speakers get to the point in a reasonable amount of time. Chairman Marjzak would prefer the allowance for flexibility. Board member Kromholz would like to see comments limited to those individuals

who live in or own property in Whitewater. Board member Hicks objected to requiring an individual to fill out a speaker card in order to speak. Board member Knight was in favor of encouraging more participation from the public.

Police and Fire Commission

- Due to PFC having relatively few public comments, there was a sentiment that filling out comment cards was “overkill.”
- Overall, the sentiment was that the process makes sense for Common Council, but the PFC desired to have the flexibility not to use that system.

Library Board

The board wanted more clarification about time under the Time Limits section where it mentions “3 minutes with a limit of 30 minutes total” and “5 minutes with a limit of 30 minutes”. They weren’t clear what the 30 minutes meant in correlation to the 3 or 5 minutes. Also, how would a person attending the meeting online monitor their time limit when speaking?

Several of the committees/commissions have not met either due to need or lack of quorum including Parks & Recreation, Landmarks, Ethics, and the EOC. The Urban Forestry didn’t have an opinion as they do not have anyone from the public attend their meetings. The Alcohol Licensing Review consists of three council members so it was not discussed during their meeting.

ELECTION OF CO-CHAIRMAN

Board Alwin volunteered and than passed.

Board Buley volunteered.

Voting Yea: Council Representative Smith, Board Member Buley, Board Member Blackmer, Board Member Alwin

STAFF UPDATE

CONSIDERATIONS / DISCUSSIONS / REPORTS

1. Discussion and possible action regarding the Starin Water Tower.-**EDD Zeinert**

EDD Zeinert explained the City Manager had presented this matter to the Common Council in reference to the referendum question. It was the Common Council decision that the matter be sent to the Landmarks Commission acknowledging that this is a local landmark. They are asking what the next steps should be. Should it be demolition or preservation. And if the decision is preservation what that would look like. Grant writing or hiring someone to do a capital campaign. There are a lot of options.

Buley stated that she understands that it was voted down by the voters. But doesn't feel that the City did enough to explain to the voters why it should be preserved.

Alwin explained that she grew up in Fort Atkinson about a block from the water tower. Maybe there is something that we can learn from them in terms of what they have down to save the tower.

Blackmer stated that it would be beneficial for the commission to contact not only Fort Atkinson but Milwaukee and Beloit since they saved their water towers. She also feels that this shouldn't just be the landmarks commission we should form an Ad Hoc citizen's committee. And this committee needs to start immediately. We need to bring forth for the May meeting our recommendations. The only bid that has come in that has been accurate has been from the McEnroe Company they don't do preservation work they only do structural analysis. The only other agency that has been contacted in our area is Cornerstone in Sullivan and they were the initial agency that came out. They are into historic preservation their cost was very high in 2021 or 2022 and they did present to Common Council.

EDD Zeinert read the list of possible ad hoc committee members, Lynn Binnie, David Salsa, Bob for Dale's Bootery, Gloria Buley, Thayer Coburn, Carol Cartwright, Linda Robison, Penny Alwin, Pat Blackmer, Orin Smith, Jan Bilgen. EDD Zeinert asked if it would be helpful to put out on social media that we are starting this ad hoc committee and are looking for people.

Buley mentioned that it may be good to do a press release so that residents understand what was decided at the Common Council meeting prior to asking for members for the ad hoc committee.

EDD Zeinert stated that it sounds like we will be doing a press release and starting the ad hoc committee.

Blackmer stated that she would like a formal vote on the press release.

Motion is that we will be putting out a press release.

EDD Zeinert stated that historical press releases are done by staff sent to the chair for approval and they released to the press.

Blackmer would like the Daily Union, Janesville Gazette and Whitewater Register and the Royal Purple.

Smith asked for clarification on what the press release would be saying. Whether it would be what the council voted on whether to use taxpayer dollars or not or will it be asking for people to join the ad hoc committee.

Motion is the production of a press release that talks about where we are currently at and then the formation of the ad hoc committee.

Motion made by Board Member Blackmer, Seconded by Council Representative Smith. Voting Yea: Council Representative Smith, Board Member Buley, Board Member Blackmer, Board Member Alwin

2. Discussion and possible action regarding scheduling a visioning session.-EDD Zeinert

EDD Zeinert as mentioned with the future agenda items and the fact that we have not had a quorum. This would be a good time to have a visioning session to set the goals that we would like to work on in 2025. And determine what is important to the body as a whole.

Blackmer stated that in the past they had a Strategies Committee that developed a 5 year strategy for the Landmarks Commission. The list of future agenda items is a start.

Smith thinks it would be a good idea to have a meeting since the list is long. We need to set priorities regarding landmarks that are more or less endangered.

Commission agreed to have a visioning session meeting on January 14, 2025 at 6:00 p.m.

Motion made by Board Member Alwin, Seconded by Board Member Buely.

Voting Yea: Council Representative Smith, Board Member Buley, Board Member Blackmer, Board Member Alwin

3. Discussion regarding at risk and endangered landmarks in Whitewater. -**Pat Blackmer**

Blackmer explained that the local landmarks that are at risk are in the meeting packet. Part of the job of Landmarks Commission is to educate the public. Almost two years ago, the Landmarks commission presented to the public the local landmarks that are risk.

The local landmarks that were discussed that are at risk are those owned by the City. Unfortunately, due to other priorities and budgetary concerns the local landmarks have suffered a bit.

White Memorial Building is home to the Art Alliance, Chamber and Tourism Council. One of the items that needed to be repaired the back entrance and that has been repaired. The estimate to tuck point the building was over \$200,000 and it does need to be tuck pointed.

Birge Fountain had an analysis done on it by McKay Laboratories from Ohio they do the work for the National Park Service. The fountain looks good on the outside but is rusted on the inside. Their estimate was that by 2027 it would need to be dismantled and sent out to be preserved. Blackmer stated that it was her understanding, that the Landmarks Commission had set up a fund with the Whitewater Community Foundations for donations for the fountain. Not sure what it is the fund. The estimate for the restoration of the fountain was \$120,000 to completely restore it.

The Effigy Mounds have always been a source of concern since it has been landmarked in 1994. It needs landscape management. Blackmer asked about Bill Quakenbush and his report.

EDD Zeinert stated he has meet with Kevin the Parks and Rec Director that she was not sure about the terminology but thought it was a cultural plan to look at the mounds. EDD Zeinert stated that the Common Council was also presented about jurisdiction because Effigy Mounds and a few other spaces cross with either the Landmarks and the Parks or Landmarks and Public Works. This now falls under Park and Rec for maintenance.

Blackmer stated that there was an informational sign at the Starin Water Tower that had been damaged. She thought that Brad from public works was going to replace it. She would like follow up on that.

Blackmer asked are the Friends of the Mounds was still active. Alwin stated they are getting back there.

Blackmer asked about whether there is anything budgeted for the Mounds. EDD Zeinert stated she would have to ask Park & Rec Director Kevin. Blackmer stated that Kevin would be a good member for the ad hoc committee since the tower now falls under Park and Rec.

FUTURE AGENDA ITEMS

4.
 - A. Discussion regarding Commission turnover.
 - B. Discussion regarding renovations regarding Delta Zeta House.
 - C. Discussion regarding possible new landmarks to be designated.
 - D. Discussion regarding updating and reprinting the Landmarks Brochure..
 - F. Review Architectural and Historical Survey of Whitewater written by Carol Cartwright.
 - G. Review and Discussion regarding Birge Fountain condition and needs.
 - H. Obtain a Report form Whitewater Community Foundation regarding donations received for Birge Fountain.
 - I. Discussion regarding having a community meeting with Jason Tish regarding the importance of historic preservation in community.
 - J. Discussion regarding educating relators, building inspectors, community service officers and the police department regarding local landmarks.
 - K. Discussion regarding planning for America 250 in our municipality.
 - L. Discussion regarding sending letters to local Landmark owners to maintain their properties and join the commission.
 - M. Discussion regarding recruiting more members to the commission and publicize the work the commission is doing.
 - N. Develop a relationship with University and discussion regarding the two historic structures on their property.

Alwin wants to know how the turnover issues occurred and the due process that was involved.

Buley asked about letter L wanted to know what "maintained" means. Blackmer stated that this is a thank you letter.

Smith would like to hear from Public Works and Parks and Recreation regarding what their budgets are for the properties that are cross connected with Landmarks.

NEXT MEETING DATE FEBRUARY 5, 2024

Is now January 14, 2025.

VISIONING SESSION

2. Discussion regarding 2025 priorities for the Commission based on the list of future agenda items.
 - A. Discussion regarding Commission turnover
 - B. Discussion regarding renovations regarding Delta Zeta House
 - C. Discussion regarding possible new landmarks to be designated
 - D. Discussion regarding updating and reprinting the Landmarks Brochure.
 - E. Review Architectural and Historical Survey of Whitewater written by Carol Cartwright
 - F. Review and Discussion regarding Birge Fountain condition and needs.
 - G. Obtain a Report form Whitewater Community Foundation regarding donations received for Birge Fountain.
 - H. Discussion regarding having a community meeting with Jason Tish regarding the importance of historic preservation in community.
 - I. Discussion regarding educating relators, building inspectors, community service officers and the police department regarding local landmarks
 - J. Discussion regarding planning for America 250 in our municipality
 - K. Discussion regarding sending letters to local Landmark owners to maintain their properties and join the commission.
 - L. Discussion regarding recruiting more members to the commission and publicize the work the commission is doing
 - M. Develop a relationship with University and discussion regarding the two historic structures on their property.

Blackmer explained that the purpose for the meeting is to come up with the priorities for what Landmarks wants to do in 2025.

WATER TOWER

Blackmer stated that one of the big thing that needs to be addressed is the Water Tower, simply because the Commission needs to have a report back to the Common Council by May. We have engaged with the community, and there are members of the community who are willing to serve on the Starin Park Water Tower Community Committee. We would have to add a notification that there could be a possibility of a quorum of the Landmarks Commission at this meeting.

Members of the committee that have offered to serve on the Water Tower Committee are:

Gloria Buley
Dave Salsa who is the owner of the Quiet Hut
Bob Harrell who owns Dale's Bootery.
Jim Bilgen or Jane Bilgen
Lynne Binne
Kelsey Herald
Jordan Reilly

Blackmer stated that Smith, EDD Zeinert and herself would serve on the committee. She feels that Alwin, would also like to serve. We need to determine when do we want to meet. We don't want to conflict with other commissions and committees in the City.

EDD Zeinert stated that this committee can meet at the Municipal building as long as there is no other committee meeting. EDD Zeinert wanted to know if the frequency of the meeting would be once a month or twice a month.

Blackmer feels that the frequency, initially should be once a month. Than discuss as a group and select dates as appropriate and that everyone can make.

Buley asked about the May deadline.

Blackmer stated that John's letter stated May. However, unsure if that was the first meeting in May or the second meeting in May.

Smith stated that they would recommend the second meeting in May. Which is May 20th.

Blackmer asked how many meetings would that given the committee prior to the May 20th meeting.

Smith stated that it would be 4 meetings.

Blackmer asked if that would be enough meetings. She suggested probably 5 since the committee should meet in May prior to the meeting on the 20th.

Buley stated that she will not be back until the 28th of January

Smith suggested we could double up in another month, if needed.

EDD Zeinert asked if it would be ok for her to look at the calendar. And see what works. And send them to this body, by survey to see what works for everyone and than we can send out a finalized list.

Blackmer felt that worked. She is confident that the committee can sell the council on the fact that the restorations does not need to take place immediately. I think if we can can piecemeal it out with the suggestions we need to raise funding. The city is willing to commit the \$250,000 whether we tear it down or we apply it to restoration. I think we need to look at private sources of funding. We are looking at significant funding. But again the things that McEnroe has suggested doesn't have to be done right away. It can be done in phases. It can go out as much 10 to 15 years.

Buley asked about how much it was going to cost to tear it down. She thought it was something like \$800,000.

Smith stated that it was 1.6 million to save it and 600,000 to tear the Tower down.

Buley asked why it was only 250,000.

EDD Zeinert that it was \$650,000. The city had gotten a grant to go toward either tearing it down or restoring it. But she will need to talk to Brad to see if there is a time sensitivity on the grant.

EDD Zeinert asked if it would make sense to get folk engaged to do the fundraising process for us.

Blackmer asked if there would be a cost factor to that.

EDD Zeinert stated that there would be a cost factor. However, this was mentioned to John, the City Manager and he thought it was a good idea.

Buley stated that she thought that we have to get quotes, because we would be pulling figures out of the air.

EDD Zeinert asked if this was quotes on how much to privately fundraise or quotes on how much to restore it.

Buley stated quotes for restoration and fundraising.

Blackmer stated estimates. Blackmer asked Smith if they were sure about the \$600,000.

Smith stated that yes, because it was an extra million to restore it and \$600,000 to tear it down.

Blackmer stated we need to look for state restoration experts.

Blackmer stated that the Water Tower could be added to the National Historic Registry. It is an honorary sort of thing. It allows you to get tax benefits.

EDD Zeinert asked if the Water Tower should be National Registry.

Blackmer stated yes, to consider National Registry.

Buley asked what does putting the tower on the National Registry do for us.

Blackmer stated she doesn't believe we would get substantial grants from the government because it is on the National Registry.

Blackmer stated that we need to think about what are we going to do with the Tower. Its there in a park, probably one of the highest points in the city. How can we use the structure to bring in tourism and to bring revenue to the City.

Buley thought we should have an observation tower on top. Have an elevator inside. Have all the college students in the are program do a mural so as you go up in the glass elevator which you charge for you see all the community murals and have a nice museum type area on the bottom.

Blackmer stated that we need to come up with suggestions of the use for the Water Tower.

Buley asked if anyone had talked to the Chamber.

EDD Zeinert stated that Chamber is very committed to the Water Tower and they don't want to see it taken down. The Chamber uses it for spirit tours.

Blackmer stated that first we need to purpose ways to save the Water Tower and what it could be used for.

COMMITTEE TURN OVER

Blackmer stated that she feels that this is not something that needs to be addressed in 2025 at this point. She was able to recruit two new additional members. Hopefully, filling out the application this week. They are very young in their 20's.

Smith stated that they may have someone also in that age group who would join the commission.

Buley asked if 7 was the limit.

Blackmer confirmed that 7 was the limit.

DELTA ZETA HOUSE

Blackmer explained that they are looking at replacing their handicap ramp. She wanted to remind the committee that ADA trumps the landmarks commission. She asked that this be added to the agenda in February or March.

NEW LANDMARKS

Blackmer stated that is is one of the commissions responsibilities and we have several possibilities. She asked if anyone had read Carol Cartwrights book.

Buley stated that she is almost done reading, but it is a lot of reading.

Blackmer stated that she would suggest a couple of buildings in town.

1. Masonic Lodge. It has tremendous history. The last time she consulted with an individual he said no.

EDD Zeinert asked if had a bowling alley in it.

Blackmer stated that she didn't know.

2. Located on the University Campus. When it was privately owned Blackmer approached the individuals, they thought it was designed by Frank Lloyd Wright but of course it wasn't. It was designed by, not necessarily by a protege, but an individual who was an architect that had issues with Frank Lloyd Wright. It is currently the Catholic Ministries building. It is located on Prairie Street across from Starin Park.

3. Calvary Cemetery owned by St. Patrick's Church. It is possibly, one of two cemeteries in the United States located on a University campus.

EDD Zeinert asked if Griffin was the other one.

Blackmer stated no the other one is Notre Dame.

Buley asked if there was an incentive for being a landmark.

Blackmer stated that the only tax benefits are in the Historic Main Street District.

Buley stated they are very costly, as you know , you own one.

Smith asked for more explanation.

Blackmer explained that the only benefit you get being a local landmark is simply the designation that you receive, the ordinance that you need to follow, and in the past we used to give a you a small rock with a small plaque on it. If you live in the Whitewater Main Street Historic District than you can accrue tax benefits because it is on the National Registry. A landmark has to be on the National Registry to accrue tax benefits.

EDD Zeinert asked if there were consequences related to a landmark not being maintained.

Blackmer explained there was a landmarks hotel that was not being maintained. The landmarks commission stepped in and it was upgraded.

EDD Zeinert stated that some communities will highlight during landmark tours, to look out for certain buildings. Would that be something that would make someone feel important or make them upset because all these random people are looking at their home.

Smith stated that maybe, landmarks tours would be a good way to fund the the tower or fountain. Smith stated maybe have a tea party.

LANDMARKS BROCHURE

Blackmer stated that the problem is that the landmarks for sure need to be expanded to include additional landmarks.

Blackmer stated that if the Whitewater Chamber doesn't want to pay the cost of the brochure, than we go to the City or the Whitewater Foundation. The brochure is definitely priority this year.

REVIEW OF CAROL CARTWRIGHTS SURVEY

Blackmer stated that members should review the report. It is on historical law. And this would be at members convenience.

REPORT FROM WHITEWATER COMMUNITY FOUNDATION REGARDING BIRGE FOUNTAIN

EDD Zeinert stated that she attempted to call the Foundation three times to find out how much was in the account. She stated that she just ended up call Jim Caldwell directly to pull the numbers. It wasn't a lot between, \$2,000 and \$3,000.

Blackmer stated that McKay Laboratories from Ohio did the original assessment. It looks fine from the exterior but is deteriorating from the interior. The assessment was done almost 10 years ago. She thought it was 2017, it would be good for another 10 years. But 10 years is fading away. 2027 is coming up really fast. At that time they said it would have to be dismantled and taken apart and shipped off if we want to consult with them and have them do the restoration of it. The estimate at that time was \$100,000 going up to \$120,000.

Blackmer stated that not only do we need to raise money for the restoration of the Water Tower and the Birge Fountain, but we have a referendum coming up for the police/fire department and the Whitewater School District. We have the Whitewater Lakes District

not only taxing their area, but taxing the entire City of Whitewater so that residents are paying for the Lake. That's a lot of money and taxes keep going up.

Smith stated that smaller things like landmark tours are easier to buy into than a whole year-long tax rates. It is a one time thing where you can go do this fun activity and only impacts your budget for that month.

EDUCATION REGARDING LOCAL LANDMARKS

Blackmer stated that one of the functions of the Landmarks Commission by ordinance is public education. With the library closed we are in a difficult situation.

EDD Zeinert stated that we do have the Innovation center if you would like to play with that. They have multiple meeting rooms, the atrium and a kitchenette space.

JASON TISH COMMUNITY MEETING

Blackmer stated it would be nice to have Jason come down from the State Historic Preservation office, He is a State Historic Preservation Officer and tells the Whitewater community about why historic structures. Like the Whitewater Tower and the Birge Fountain, this could be our public education, not just for us but for the entire community to be invited to.

Blackmer is thinking this is something for September.

Buley asked if the Landmarks Commission had a logo.

Blackmer explained that we have always used City logo.

Buley stated that there could be a logo contest. And we chose the logo. This is what they do for Garland Fest and they have like 25 to 30 people submitted images. And its their art work on a T-shirt for a year. You could take branches from the territorial oak and make coins out of them and put the logo on it. You donate and you get a coin.

EDUCATION FOR BULDING INSPECTORS, REALTORS, COMMUNITY SERVICE OFFICERS

Blackmer stated that it appears that your staff is well educated. She asked about staff turnover.

EDD Zeinert explained that Greg Noll has left but we explained to the new building inspectors today about the process.

AMERICA 250 IN WHITEWATER

Blackmer explained that this is being celebrated in 2026, but a lot of communities in the State of Wisconsin are in the process of planning. You have to have a place to put it on. Kevin Hampton from the Wisconsin Veterans Museum is actually the coordinator for one of the events that the entire country is doing which is called Two Lights.

Smith stated that not to create an abundance of committees, but perhaps it would be a good idea to make a community committee for America 250 too, because I think the University would like to be a part of that. Perhaps doing a committee with different benefactors throughout the city would be a good idea to start planning now. Although, perhaps the Fourth of July group is thinking of it.

EDD Zeinert stated the Fourth of July group is not.

Blackmer nominated Smith as chairman for this committee.

Smith stated that it would be kind of cool to do a mini lecture services at the University in the University Center. There is summer Auditorium which is kind of a movie theater but we could use that as a host for like a series of informational things. And if you work with the history department, a lot of times if there's educational lectures they'll offer their students extra credit to go to those.

UNIVERSITY LANDMARKS

Blackmer asked about the Little Red School House and the Halvorson Log Cabin on the University campus. She asked what is the university doing.

Smith stated not much that they have heard of.

Blackmer stated that there seems to be some concern from the general public that those two buildings, in particular elements of the log cabin that need to be kept in observation. It's not really the responsibility of the landmarks commission but the landmarks commission can push.

Smith stated that they would be meeting with Gabby Drawley and will ask her about this.

Blackmer stated that apparently both of these venues are closed all the time. There was some discussion about the university being willing to open them particularly for field trips for younger students.

Buley asked about whether the college owned the properties. How does that work?

Blackmer stated she was not sure how that worked. It has been there since the normal school.

WRAP UP

EDD Zeinert summarized things that came up. Landmarks tours and some sort of fundraiser. I don't know if you want to explore some sort of thank you event or letter that we had talked about previously for landmark owners.

Investigate what happened to the Territorial Oak Tree.

America 250, but that sounds like Smith will be handling.

Water Tower Blackmer stated that we need to come up with a plan and how are we going to expedite that plan. What are the funding sources. It is kind of broad scope. I don't think we need a timeline at this point.

Smith stated that there are some people, who will ask for a potential timeline.

Buley asked what the timeline is for the grant.

EDD Zeinert stated the grant timeline is something we're going to investigate.

Blackmer stated to send the thank you letter out in May since it is Historical Preservation Month and is it also National Archaeological month. One of things is to ask John to give a proclamation for the Historic Preservation Month

Smith suggested for 2026 since the Roberta's Art Gallery books a year in advance. To do a display regarding surrounding landmarks. They do it for free. You apply for an art series

show. It would be there for a month and they promote it. It could be photos, it could be student painted paintings. Sculptures or those old stones and plaques that were made to be shown as visible items. This would like be Fall of 2026.

EDD Zeinert stated that I think the Arts Alliance would be a great idea too.

Blackmer sated that we have lost the library for this year and probably next year as well.

Buley suggested that maybe some of the business would loan some of their photos, like Jessica's. They have cool photos.

EDD Zeinert stated we could use the Faces of Fairhaven as a concept. They matched up University Art Students with residents at Fairhaven. We could do the same thing for local landmarks, either showcasing the exterior and interior. This would be cool.

Smith stated sometimes you can get campus departments to sponsor these gallery presentations.

Blackmer asked if there was a cost with the gallery.

Smith stated I don't know, it depends on the installation , but generally if you can get the department to sponsor it, it kind of balances out, especially if we are just putting things on easels and hanging things. The person who runs the building operations, used to do lighting for the Olympics but now works for the university. We could do a lot of really cool lighting things in that area and educational things.

Order of Importance 1. Water Tower 2. Birge Fountain 3. America 250 4. Landmarks Brochure

NEXT MEETING DATE FEBRUARY 5, 2025

ADJOURNMENT

Meeting Adjourned at 7:18 p.m.

Library Board of Trustees

Cravath Lakefront Conference Room
312 W Whitewater St., Whitewater, WI, 53190

*In Person and Virtual

Monday, February 17, 2025- 6:30 PM

MINUTES

CALL TO ORDER at 6:32 pm.

ROLL CALL

Present: Jennifer Motszko, Alyssa Orlowski (6:32-7:00 pm), Kathy Retzke, Camden Harlan, Doug Anderson, Sallie Berndt

Absent: Brienne Diebolt-Brown

Staff: Diane Jaroch

Guests: Marisa Urbina

APPROVAL OF AGENDA

A committee member can choose to remove an item from the agenda or rearrange its order; however, introducing new items to the agenda is not allowed. Any proposed changes require a motion, a second, and approval from the council to be implemented. the agenda shall be approved at each meeting even if no changes are being made at that meeting.

MSC Anderson/Harlan to approve the Agenda as amended - move up item 8 and remove item 9.

Ayes: Jennifer Motszko, Alyssa Orlowski, Kathy Retzke, Camden Harlan, Doug Anderson, Sallie Berndt

Nays: none

8. Review and possible approval of the furniture vendor for the library renovation project

- a. Marisa reviewed various vendors for new furniture and re-upholstery. Atmosphere is recommended vendor/dealer.

MSC Anderson/Harlan to approve the Studio GC recommendation for the Request for Proposal (RFP) to be awarded to furniture dealer "Atmosphere", as related to the Irvin L Young Memorial Library Addition and Renovation Construction Project furniture costs.

Ayes: Jennifer Motszko, Kathy Retzke, Camden Harlan, Doug Anderson, Sallie Berndt, Alyssa Orlowski

Nays: none

CONSENT AGENDA

Items on the Consent Agenda will be approved together unless any committee member requests that an item be removed for individual consideration.

1. Approval of the minutes of the January 22, 2025 meeting
2. Approval of Payment of Invoices for January 2025
3. Acknowledgement of Receipt of January 2025 Statistical report
4. Acknowledgement of Receipt of January 2025 Financial report
5. Acknowledgement of Receipt of January 2025 Treasurer's reports

MSC Berndt/Harlan to approve the Consent Agenda.

Ayes: Jennifer Motszko, Alyssa Orlowski, Kathy Retzke, Camden Harlan, Doug Anderson, Sallie Berndt

Nays: none

HEARING OF CITIZEN COMMENTS

No formal Committee action will be taken during this meeting although issues raised may become a part of a future agenda. Participants are allotted a three minute speaking period. Specific items listed on the agenda may not be discussed at this time; however, citizens are invited to speak to those specific issues at the time the Committee discusses that particular item.

OLD BUSINESS

6. Library Building Project
 - a) General update
7. Review and approval of the revised Home Delivery Service Policy.

MSC Anderson/Berndt to approve the revised Home Delivery Service Policy as amended.

Ayes: Jennifer Motszko, Kathy Retzke, Camden Harlan, Doug Anderson, Sallie Berndt, Alyssa Orlowski

Nays: none

NEW BUSINESS

- ~~9. Approval of the 2024 Annual Report~~

CONSIDERATIONS / DISCUSSIONS / REPORTS

10. Library Director's report
11. Assistant Director's report

12. Youth Educational Services report
13. Programming & Makerspace report
14. Bridges Library System Staff reports
15. Board reports

FUTURE AGENDA ITEMS

CONFIRMATION OF NEXT MEETING on March 17, 2024 at 6:30pm

16. Adjournment into Closed Session at 7:10pm

I. Adjournment into Closed Session **NOT TO RECONVENE** per Wisconsin State Statute 19.85(1)
(c) "Considering employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility."

Item to be discussed:

a) Performance evaluation for the Library Director

ADJOURNMENT at 7:35pm

Parks and Recreation Board Minutes
Wednesday, February 19 , 2025 – 5:30 pm
Cravath Lakefront Room
312 W. Whitewater Street
Whitewater, WI 53190
Hybrid Meeting

1. Call to Order and Roll Call

Present: Stephanie Hicks, Mike Kilar, Justin Crandal Steve Ryan, Deb Weberpal.

Late Arrivals: Dan Fuller. Absent: Kathleen Flemming, Brienne Brown

Staff: Kevin Boehm, Michelle Dujardin, Megan Groen, Jennifer Jackson

Guest: Neil Hicks

2. Approval of the Meeting's Agenda

Agenda was changed to start with items 6-9 due to a member needing to leave right at 6:30

- a. Motioned by Ryan. Seconded by Hicks. Ayes: Hicks, Kilar, Ryan, Weberpal and Crandal.
Absent: Brown, Fuller, Flemming

3. Approval of Consent Agenda

- a. Motioned by Hicks. Seconded by Weberpal. Ayes: Hicks, Kilar, Ryan, Weberpal, Fuller and Crandal. Absent: Brown, Flemming

4. Considerations/Discussions/Reports

- a. Discussion and possible action on potential agreement with Whitewater Youth Soccer Club for the use of Morain View Park
 - i. Boehm brought this agreement to the park board for the Soccer club to have exclusive use of the park. The soccer club would do all of the registrations and keep all of the money from sign ups. Any improvements needed to the field will still go through Park Board and the City will assist with maintenance of the field. The organization will supply any equipment needed.
 - ii. Kilar confirmed that nothing comes through us, no registrations or other things.
 - 1. Boehm replied that they are already doing all of that
 - iii. No action taken at this time will fill in the blanks and will bring back for final approval
- b. Discussion and possible action approving WAFC Family Membership Policy
 - i. Boehm brought this to the board to put in place a WAFC Family Membership Policy. Boehm mentioned that right now they are using house addresses to say they are a family membership. This will define what a family membership is. Up

to 4 adults living in the same household and 6 others that are under the age of 26 years old. Family memberships is anyone living under the same roof.

1. Ryan asked that with what is written in the policy that means college roommates could state they are a family. Ryan suggested that instead of having the policy state “up to four adults living in the same household” they must be a dependent on the same tax form.
2. Boehm will reword this policy and bring it back to park board
3. No action taken at this time

ii. Dan Fuller joined

c. Discussion on possible action on WAFC Corporate Membership Policy

- i. Boehm brought this policy to the board 25% off discount, company pays \$10.00/month for each member and then the employee pays the rest. We do have an agreement with Palermo’s and First Citizens Bank.

1. Kilar: how many do we have from First Citizens?

a. Boehm: about 9 at the moment. Palermo’s had one but no renewal.

b. Ryan: change family to as defined in membership policy.

- ii. Motion made by Ryan to approve policy with the change in family definition. Second by Weberpal. Ayes: Hicks, Kilar, Ryan, Weberpal, Crandal and Fuller. Absent: Brown, Flemming

d. Update on recent approvals by City Council impacting parks

- i. Boehm: Nov. 19th, 2024, Michelle Dujardin brought proposal to council for phase 2 of comprehensive management plan for the lakes. Sewer pact plan and approved by council. Funds will come out of budgeted capital expense in 2026/2027

- ii. Dec. 17th, 2024, went to council to create lakes district. Council wanted to know what the impact will be. Council wanted community outreach before approving
- iii. Jan. 21st, 2025, proposal for new comprehensive recreation plan. Budgeted for and approved. Comprehensive plan is all of the community. Big picture. This is vital for state funding for recreation. Should be done every 5 years.

1. Hicks: Does this list have what is available and in what condition it is in?

2. Boehm: Yes, it will also define areas of growth. End of 2027 it will be available

- iv. Feb. 11, 2025 Boehm asked to create an ordinance to create the WAFC Committee. This will look at the future (capital). 5-member board. 1 school district and alternate. 1 city and alternate. And 3 community members appointed by a joint meeting of the two boards.

5. Hearing of Citizen Comments

- a. No Citizen Comments

6. Staff Updates

a. Director’s Report

- i. Kevin Boehm

1. Megan started in January as the Whitewater Aquatic and Fitness center Manager.
2. The board will start working on the Parks and Open space plan. Handed out is the 2018 plan. Will discuss in the next meeting.

b. Event Programs and Lakes Update

- i. City guide is out. Will have print in both English and Spanish
- ii. Swim lessons has waiting lists. Baby sitter course March 24 and 25 with Roberta Flanders. Offering lifeguard courses, Easter egg hunt at WAFC April 12. Now offering Silver Sneakers. DDP Yoga is a huge hit!
- iii. March 15th Polar plunge at the WAFC with a Cardboard boat race and a free open swim
- iv. Christmas at Cravath Dec 6- Jan 6. Great turn out and responses.
- v. Seniors in the Park's Garden Club did a winter sowing program to get their gardens started.
- vi. Shooting starts and little dribblers went well and all player got a basketball.
- vii. Baseball softball registration is open 4 tournaments meeting the minimum, 2 tournaments need 1 more team to make it a tournament, this is from only 3 tournaments from last year.
- viii. Ethan Cesarz and Michelle Dujardin will be on a panel to engage children.

c. Lakes update

- i. **Dujardin:** Council wanted the lakes committee to offer educational sessions to the community. The first lakes summit was not very well attended. March 4th will head back to council on the committee's goals. Resolution will go back to council on May 6th for final decision.

7. Future Agenda Items

- a. Update Special Event Application 2025 Q1
- b. Whitewater Creek Nature Preserve Planning 2025 Q1
- c. Skate Park Update/Planning 2025 Q1

8. Adjournment

- a. Adjournment at 6: 17 pm

Respectfully Submitted,

Jennifer Jackson
Jennifer Jackson

Police and Fire Commission Meeting

February 17, 2025, 6:00 PM

Please join my meeting from your computer, tablet or smartphone.

<https://meet.goto.com/685218381>

You can also dial in using your phone.

Access Code: 685-218-381

United States: +1 (224) 501-3412

Please note that although every effort will be made to provide for virtual participation, unforeseen technical difficulties may prevent this, in which case the meeting may still proceed as long as there is a quorum. Should you wish to make a comment in this situation, you are welcome to call this number: (262) 473-0108.

AGENDA

CALL TO ORDER

The meeting was called to order at 6:00 PM by Commissioner Chair Jerry Grant.

ROLL CALL

PRESENT

Commissioner Jerry Grant

Commissioner Beverly Stone

Commissioner Mwita Binagi

Commissioner Marissa Aranda

Police Chief Daniel Meyer

Police Administrative Captain Adam Vander Steeg

Assistant Fire Chief Ryan Dion

EMS Chief Jason Dean

Support Services Manager Sabrina Ojibway

ABSENT

Commissioner Tom Miller

APPROVAL OF AGENDA

A commission member can choose to remove an item from the agenda or rearrange its order; however, introducing new items to the agenda is not allowed. Any proposed changes require a motion, a second, and approval from the Commission to be implemented. The agenda shall be approved at each meeting even if no changes are being made at that meeting.

Motion made by Commissioner Binagi, seconded by Commissioner Aranda to approve agenda.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda.
Motion passed.

CONSENT AGENDA

Items on the Consent Agenda will be approved together unless any commission member requests that an item be removed for individual consideration.

1. Approval of Minutes from December 2, 2024

Motion made by Commissioner Stone, seconded by Commissioner Binagi to approve the consent agenda.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda.
Motion passed.

HEARING OF CITIZEN COMMENTS

No formal Commission action will be taken during this meeting although issues raised may become a part of a future agenda. Participants are allotted a three minute speaking period. Specific items listed on the agenda may not be discussed at this time; however, citizens are invited to speak to those specific issues at the time the Commission discusses that particular item.

To make a comment during this period, or during any agenda item: On a computer or handheld device, locate the controls on your computer to raise your hand. You may need to move your mouse to see these controls. On a traditional telephone, dial *6 to unmute your phone and dial *9 to raise your hand.

There were no citizen comments.

REPORTS

2. Police Chief's Report

a. Whitewater Professional Police Association and Whitewater Professional Police Supervisor Association Residency Update

Police Chief Meyer provided the Commission with an update that the Whitewater Professional Police Association (WPPA) and the Whitewater Professional Police Supervisor Association (WPPSA) unions have both completed side letter agreements that alter their collective bargaining agreements to update the residency requirement from

living within 20 miles of the city limits to living within 30 miles of the city limits. Reasoning for the change is to allow the police department to be a more competitive employer by allowing them the opportunity to draw from a greater applicant pool.

b. Public Safety Referendum Update

Commission members were provided with a pamphlet that contained information about the upcoming Police and Fire referendum. A Google search of "Whitewater 2025 Referendum" will bring up a webpage dedicated to the referendum. The public can also email ww2025referendum@whitewater-wi.gov with any questions they may have. Public information sessions will also be held prior to the April 1st, 2025 election.

EXECUTIVE SESSION

Adjourn to Closed Session, TO RECONVENE, pursuant to Wisconsin Statutes 19.85(1)(c) "Considering employment, promotion, compensation or performance evaluation data of any public employee over which the governmental body has jurisdiction or exercises responsibility". Items to be discussed:

3. Interview of FTE EMT/Firefighter Candidates

Interview of Patrol Lieutenant Candidate

Motion made by Commissioner Aranda, Seconded by Commissioner Binagi to go into closed session.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda. Motion passed.

The Police & Fire Commission went into closed session at 6:08 PM.

RECONVENE INTO OPEN SESSION

Motion made by Commissioner Binagi, Seconded by Commissioner Aranda to go into open session.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda. Motion passed.

The Police & Fire Commission went into open session at 7:14 PM

4. Announcement of Recommendation Concerning Whitewater Fire Department Hiring Process

Motion made by Commissioner Binagi, Seconded by Commissioner Stone to approve the candidate, Timothy Girard, for placement on the eligibility list for a Firefighter/EMT position, effective 02/17/2025. The position is subject to staffing needs of the department, a medical screening, a psychological evaluation and a 12-month probationary period. This eligibility list will remain in effect for 12 months.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda. Motion passed.

Motion made by Commissioner Aranda, Seconded by Commissioner Stone to approve the candidate, Daria Deibele, for placement on the eligibility list for a Firefighter/Paramedic position, effective 02/17/2025. The position is subject to staffing needs of the department, a medical screening, a psychological evaluation and a 12-month probationary period. This eligibility list will remain in effect for 12 months.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda.
Motion passed.

Motion made by Commissioner Aranda, Seconded by Commissioner Stone to approve the candidate, Nicholas Soto, for placement on the eligibility list for a Firefighter/EMT position, effective 02/17/2025. The position is subject to staffing needs of the department, a medical screening, a psychological evaluation and a 12-month probationary period. This eligibility list will remain in effect for 12 months.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda.
Motion passed.

**Announcement of Recommendation Concerning Whitewater Police Department
Promotional Process**

Motion made by Commissioner Binagi, Seconded by Commissioner Aranda to endorse and recommend the promotion of Ryan Aldrich to the position of Patrol Lieutenant for the Whitewater Police Department.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda.
Motion passed.

FUTURE AGENDA ITEMS

It is anticipated that there will be an upcoming quarterly report in the near future along with a police detective hiring process that will be conducted. With Commission elections typically occurring in May, Commission Chair Grant indicated his intent to step down as Chair when his yearly term expires.

ADJOURNMENT

Motion made by Commissioner Binagi, Seconded by Commissioner Aranda to adjourn.

Voting Yes: Commissioner Grant, Commissioner Stone, Commissioner Binagi and Commissioner Aranda.
Motion passed.

Meeting adjourned at 7:20 PM.

A quorum of the Common Council may be present. This notice is given to inform the public that no formal action will be taken at this meeting.

**Anyone requiring special arrangements is asked to call the Office of the
City Manager / City Clerk (262-473-0102) at least 72 hours prior to the meeting.**

Finance Committee Meeting

Cravath Lakefront room 2nd floor 312 West
Whitewater Str, Whitewater, WI, 53190 *In Person
and Virtual

Citizen participation is welcome during topic discussion periods.

AGENDA

CALL TO ORDER

The meeting was called to order at 4:00 p.m. by Lisa Dawsey-Smith.

ROLL CALL

Present: Lisa Dawsey-Smith, Patrick Singer, and Brian Schanen.

Absent: None.

Additional Attendees: Rachelle Blich, Director of Finance.

CONSENT AGENDA

Items on the Consent Agenda will be approved together unless any committee member requests that an item be removed for individual consideration.

1. January 28, 2025 Finance Committee Meeting Minutes

Motion made to approve the consent agenda by Brian Schanen, Seconded by Patrick Singer.

Voting Yes: Lisa Dawsey-Smith, Patrick Singer and Brian Schanen. Voting No: None.

HEARING OF CITIZEN COMMENTS

No formal Committee action will be taken during this meeting although issues raised may become a part of a future agenda. Participants are allotted a three minute speaking period. Specific items listed on the agenda may not be discussed at this time; however, citizens are invited to speak to those specific issues at the time the Committee discusses that particular item.

To make a comment during this period, or during any agenda item: On a computer or handheld device, locate the controls on your computer to raise your hand. You may need to move your mouse to see these controls. On a traditional telephone, dial *6 to unmute your phone and dial *9 to raise your hand.

CONSIDERATIONS / DISCUSSIONS / REPORTS

2. Election Worker Salary Discussion
3. Replacement Procedural Document for Sewer Backup Policy

Motion made to recommend the repeal of the No-Fault Sanitary Sewer Backup Damage Reimbursement Policy Resolution and recommendation to Common Council to approve the Procedure for Processing a Liability Claim made by Lisa Dawsey-Smith, Seconded by Brian Schanen.

Voting Yes: Lisa Dawsey-Smith, Patrick Singer and Brian Schanen. Voting No: None.

4. Potential Parking Permit Fee Increase

Motion made to recommend an increase to the parking permit fees made by Patrick Singer, Seconded by Lisa Dawsey-Smith.

Voting Yes: Lisa Dawsey-Smith, Patrick Singer and Brian Schanen. Voting No: None.

5. Update on Recovery of Outstanding CDA Loans

6. Update on Tax Increment District Calculations

FUTURE AGENDA ITEMS

7. Committee Approval Discussion

8. Compensation Policy

ADJOURNMENT

Motion to adjourn made by Patrick Singer, Seconded by Brian Schanen.

Voting Yes: Lisa Dawsey-Smith, Patrick Singer and Brian Schanen. Voting No: None.

The meeting adjourned at 4:28 p.m.

A quorum of the Common Council may be present. This notice is given to inform the public that no formal action will be taken at this meeting.

Anyone requiring special arrangements is asked to call the Office of the City Manager / City Clerk (262-473-0102) at least 72 hours prior to the meeting.

Common Council Agenda Item

| | |
|-------------------------------------|---|
| Meeting Date: | March 19, 2025 |
| Agenda Item: | Discussion and possible action to recommend award of contract to Lepak Wall and Ceiling for construction of 2 offices at the Whitewater Municipal Building for \$12,900 |
| Staff Contact (name, email, phone): | Kevin Boehm, kboehm@whitewater-wi.gov , 262-473-0122 |

BACKGROUND

(Enter the who, what when, where, why)

I am requesting the construction of two enclosed office spaces within the Community Development Authority area of the Whitewater Municipal Building to replace the current open cubicle setup. The existing area consists of two cubicles that are fully open to the common space, which does not provide the necessary privacy or functionality for the employees who will be utilizing the offices.

The new office spaces will accommodate the recently hired Community Development Authority Administrative Assistant and the Parks and Recreation Athletic Coordinator. The need for office space within the Whitewater Municipal Building has increased due to changes in office assignments. With the open City Attorney position, that employee will take over the former Parks and Recreation Director's office attached to the Administration wing. Additionally, the former Athletic Coordinator's office was too small and only accessible by passing through one of two other offices. As a result, that space will be repurposed for legal document storage for the City.

To complete this project, I reached out to nine local contractors using a list provided by Home Lumber and other contacts. However, I received only two quotes:

- **Lepak Wall and Ceiling:** \$12,900
- **Gilbank Construction:** \$29,674

Because the bid from Lepak Wall and Ceiling is below \$25,000, this project does not meet the state guidelines requiring a public construction project to go through a formal public bidding process.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

Approved by Park and Recreation Board on March 19, 2025

Approved by Finance Committee on March 25, 2025

FINANCIAL IMPACT

(If none, state N/A)

\$12,900 from contingencies account 100-51110-910

STAFF RECOMMENDATION

Given the importance of providing adequate workspace for these employees and the limited availability of office space within the municipal building, I recommend moving forward with this construction to ensure both efficiency and privacy in daily operations.

Established 1965

To: City of Whitewater
Att: Dan Buckingham
Re: 2nd Floor Municipal Offices
Date: 01/27/2025

Dan,

Thank you for allowing us the opportunity to submit a proposal for the following work at 312 West Whitewater Street. Following is a complete quote and scope of work.

Note:

- Normal working hours assumed.
- No abatement or contaminated materials removal/disposal included.
- I have only included work clarified in the scope below and the drawings attached
- Unforeseen conditions not listed below would be handled as approved change orders to the scope below.
- Final schedule to be determined after receipt of order.
- Permit by owner

Division 01 00 00 General Conditions

- Site Coordination
- Inspections through final occupancy
- Temporary restroom facilities
- Dumpsters and disposal
- Construction cleaning and final cleaning

Division 02 00 00 Demolition

- Removal of door from adjacent office

Division 07 00 00 Building Envelope

- Batt insulation for sound reduction in walls

Division 08 00 00 Openings

- (1) new man door
- (1) door re-used from adjacent office space

Division 09 00 00 Finishes

- Steel stud framing of (2) new office spaces per plans
- Gypsum patchwork in existing office following removal of 3070 door
- Gypsum in new offices

- Paint will be by owner
- Drop ceiling adjustments in new office spaces to accommodate wall construction

Division 23 00 00 Mechanical

- Furnish and install (1) GRD
- Relocate (1) GRD
- No plan approval fees included if necessary

Division 26 00 00 Electrical

- Demo existing electrical for new wall
- Relocate existing light fixtures
- Provide and install (2) light switches
- Provide and install (4) duplex receptacles fed from local circuit
- Provide and install (2) data rough-ins
- No plan approval fees included if necessary

Total estimated cost... \$29,674.00

Owner acceptance

Signature: _____ Date: _____

Proposal valid for 15 days

Sincerely,

Russ Tabaka

GENERAL PLAN NOTES

- ALL INTERIOR PARTITION TYPES ARE TYPE \diamond UNLESS OTHERWISE NOTED.
- DO NOT SCALE DRAWINGS - USE GIVEN DIMENSIONS. NOTIFY ARCHITECT IF ADDITIONAL INFORMATION IS REQUIRED. ALL DIMENSIONS ARE GIVEN TO FACE OF WALL (+) OR CENTERLINE (-). ALL WALL THICKNESS DIMENSIONS ARE NOMINAL - SEE WALL SECTIONS AND PARTITION TYPE SECTIONS FOR EXACT CONSTRUCTION.
- SEE DRAWING 5.05 FOR PARTITION TYPES INDICATED ON THIS DRAWING.
- ALL PITCHED FLOOR AREAS SHOWN WITH PITCH LINES SHALL SLOPE AT 1/4" PER FOOT UNLESS OTHERWISE NOTED. PROVIDE A SLAB DEPRESSION AT ALL FLOOR DRAINS WHERE PITCH LINES ARE NOT SHOWN ON PLANS.
- ALL CMU WALLS SHALL BE RUNNING BOND EXCEPT WHERE OTHERWISE NOTED.
- DOOR FRAMES IN MASONRY CONSTRUCTION SHALL BE LOCATED ON THE SIDE OF THE WALL TOWARD THE ROOM WHICH THE DOOR SWINGS INTO UNLESS NOTED OTHERWISE.
- SITE ELEVATION 8710 = BUILDING ELEVATION 100'-0".
- SEE DRAWING 1.02 FOR REFERENCE PLAN INDICATING FIRE RATED PARTITIONS AND SPACES. ALL MECHANICAL, ELECTRICAL AND PLUMBING PENETRATIONS THROUGH FIRE RATED CONSTRUCTION SHALL BE SLEEVED AND FIRESTOPPED AND/OR HAVE FIRE DAMPERS EQUIVALENT TO THE HOURLY FIRE RATINGS OF THE CONSTRUCTION.
- SEE DRAWINGS 5.20 AND 5.21 FOR CASEWORK ELEVATIONS.
- SEE DRAWINGS 6.01 THROUGH 6.03 FOR REFLECTED CEILING PLANS.
- SEE DRAWING 5.21 FOR INTERIOR ELEVATIONS AT CONFERENCE ROOMS 2201 AND 2300.

SPECIFIC PLAN NOTES

- FIRE EXTINGUISHER CABINET
- COAT ROD & SHELF. SEE DETAIL 10/5.23.
- FUR OUT AROUND COLUMNS WITH 1 5/8" METAL STUDS AND 5/8" GIBS TYPICAL.
- ALIGN WITH DOOR 216A
- LADDER TO ROOF HATCH. SEE DETAIL 3/5.15.
- ALIGN PARTITION ON COLUMN CENTERLINE.
- LINE OF CANOPY BELOW
- AREA OF RESCUE ASSISTANCE.
- FUR OUT AROUND ROOF DRAIN PIPE WITH PARTITION TYPE \diamond 1 HOUR RATED.
- TRENCH DRAIN. SEE PLUMBING DRAWINGS.

910 WEST WINGRA DRIVE
MADISON, WISCONSIN 53715
(608) 251-4843

1. ALL CLOCKS TO BE PROVIDED WITH 120V POWER AND A LOW VOLT. SH. PR. CONTROL WIRE FROM CCP ROOM B18.
2. MECHANICAL CONTRACTOR TO PROVIDE TRANSFORMER FOR AUTOMATIC FAUCET. ELECTRICAL CONTRACTOR TO PROVIDE WIRE AND CONNECT TRANSFORMER, SOLENOID VALVE, AND SENSOR AS REQUIRED BY DIVISION 15. TRANSFORMER FOR FAUCET SHALL BE POWERED FROM BATHROOM OUTLET BRANCH CIRCUIT.
3. CONTRACTOR TO PROVIDE AN OUTLET FOR EACH ROOFTOP UNIT FROM PANEL LP-2A. OUTLET SHALL BE SURFACE MOUNTED ON THE ROOFTOP UNIT AS SHOWN ON ROOF PLAN DRAWING 5.04.

1. OUTLETS IN THIS AREA TO BE GFI TYPE.
2. REUSE EXISTING CONDUIT AND BOXES.
PUT NEW WIRE AND RECONNECT AS SPECIFIED.
3. APPARATUS ROOM POWER TO BE FED FROM PANEL LP-1A' (FIRST FLOOR).
4. REUSE EXISTING CONDUIT. WIRE FROM EMERGENCY PANEL EMP-1.
5. JUNCTION BOX FROM EMERGENCY POWER PANEL EMP-1. EACH JUNCTION BOX TO FEED EXISTING OVERHEAD GARAGE DOOR OPENERS AND OUTLETS.
6. PROVIDE JUNCTION BOX AND WALL MOUNTED SWITCHES SHOWN TO POWER STAIRWELL CEILING FAN.
7. SYSTEMS FURNITURE TO BE PROVIDED. SYMBOLS AND CIRCUITING SHOWN AS REFERENCE.

- (AF) - AUTOMATIC FAUCET FOR BATHROOM SINKS.
- (A) - FAX MACHINE - ADDITIONAL PHONE LINE REQUIRED
- (RA) - PHONE LINE FOR MUNICIPAL RADIO
- (C) - CABLE TV
- (W) - WEATHER CH. COMM.

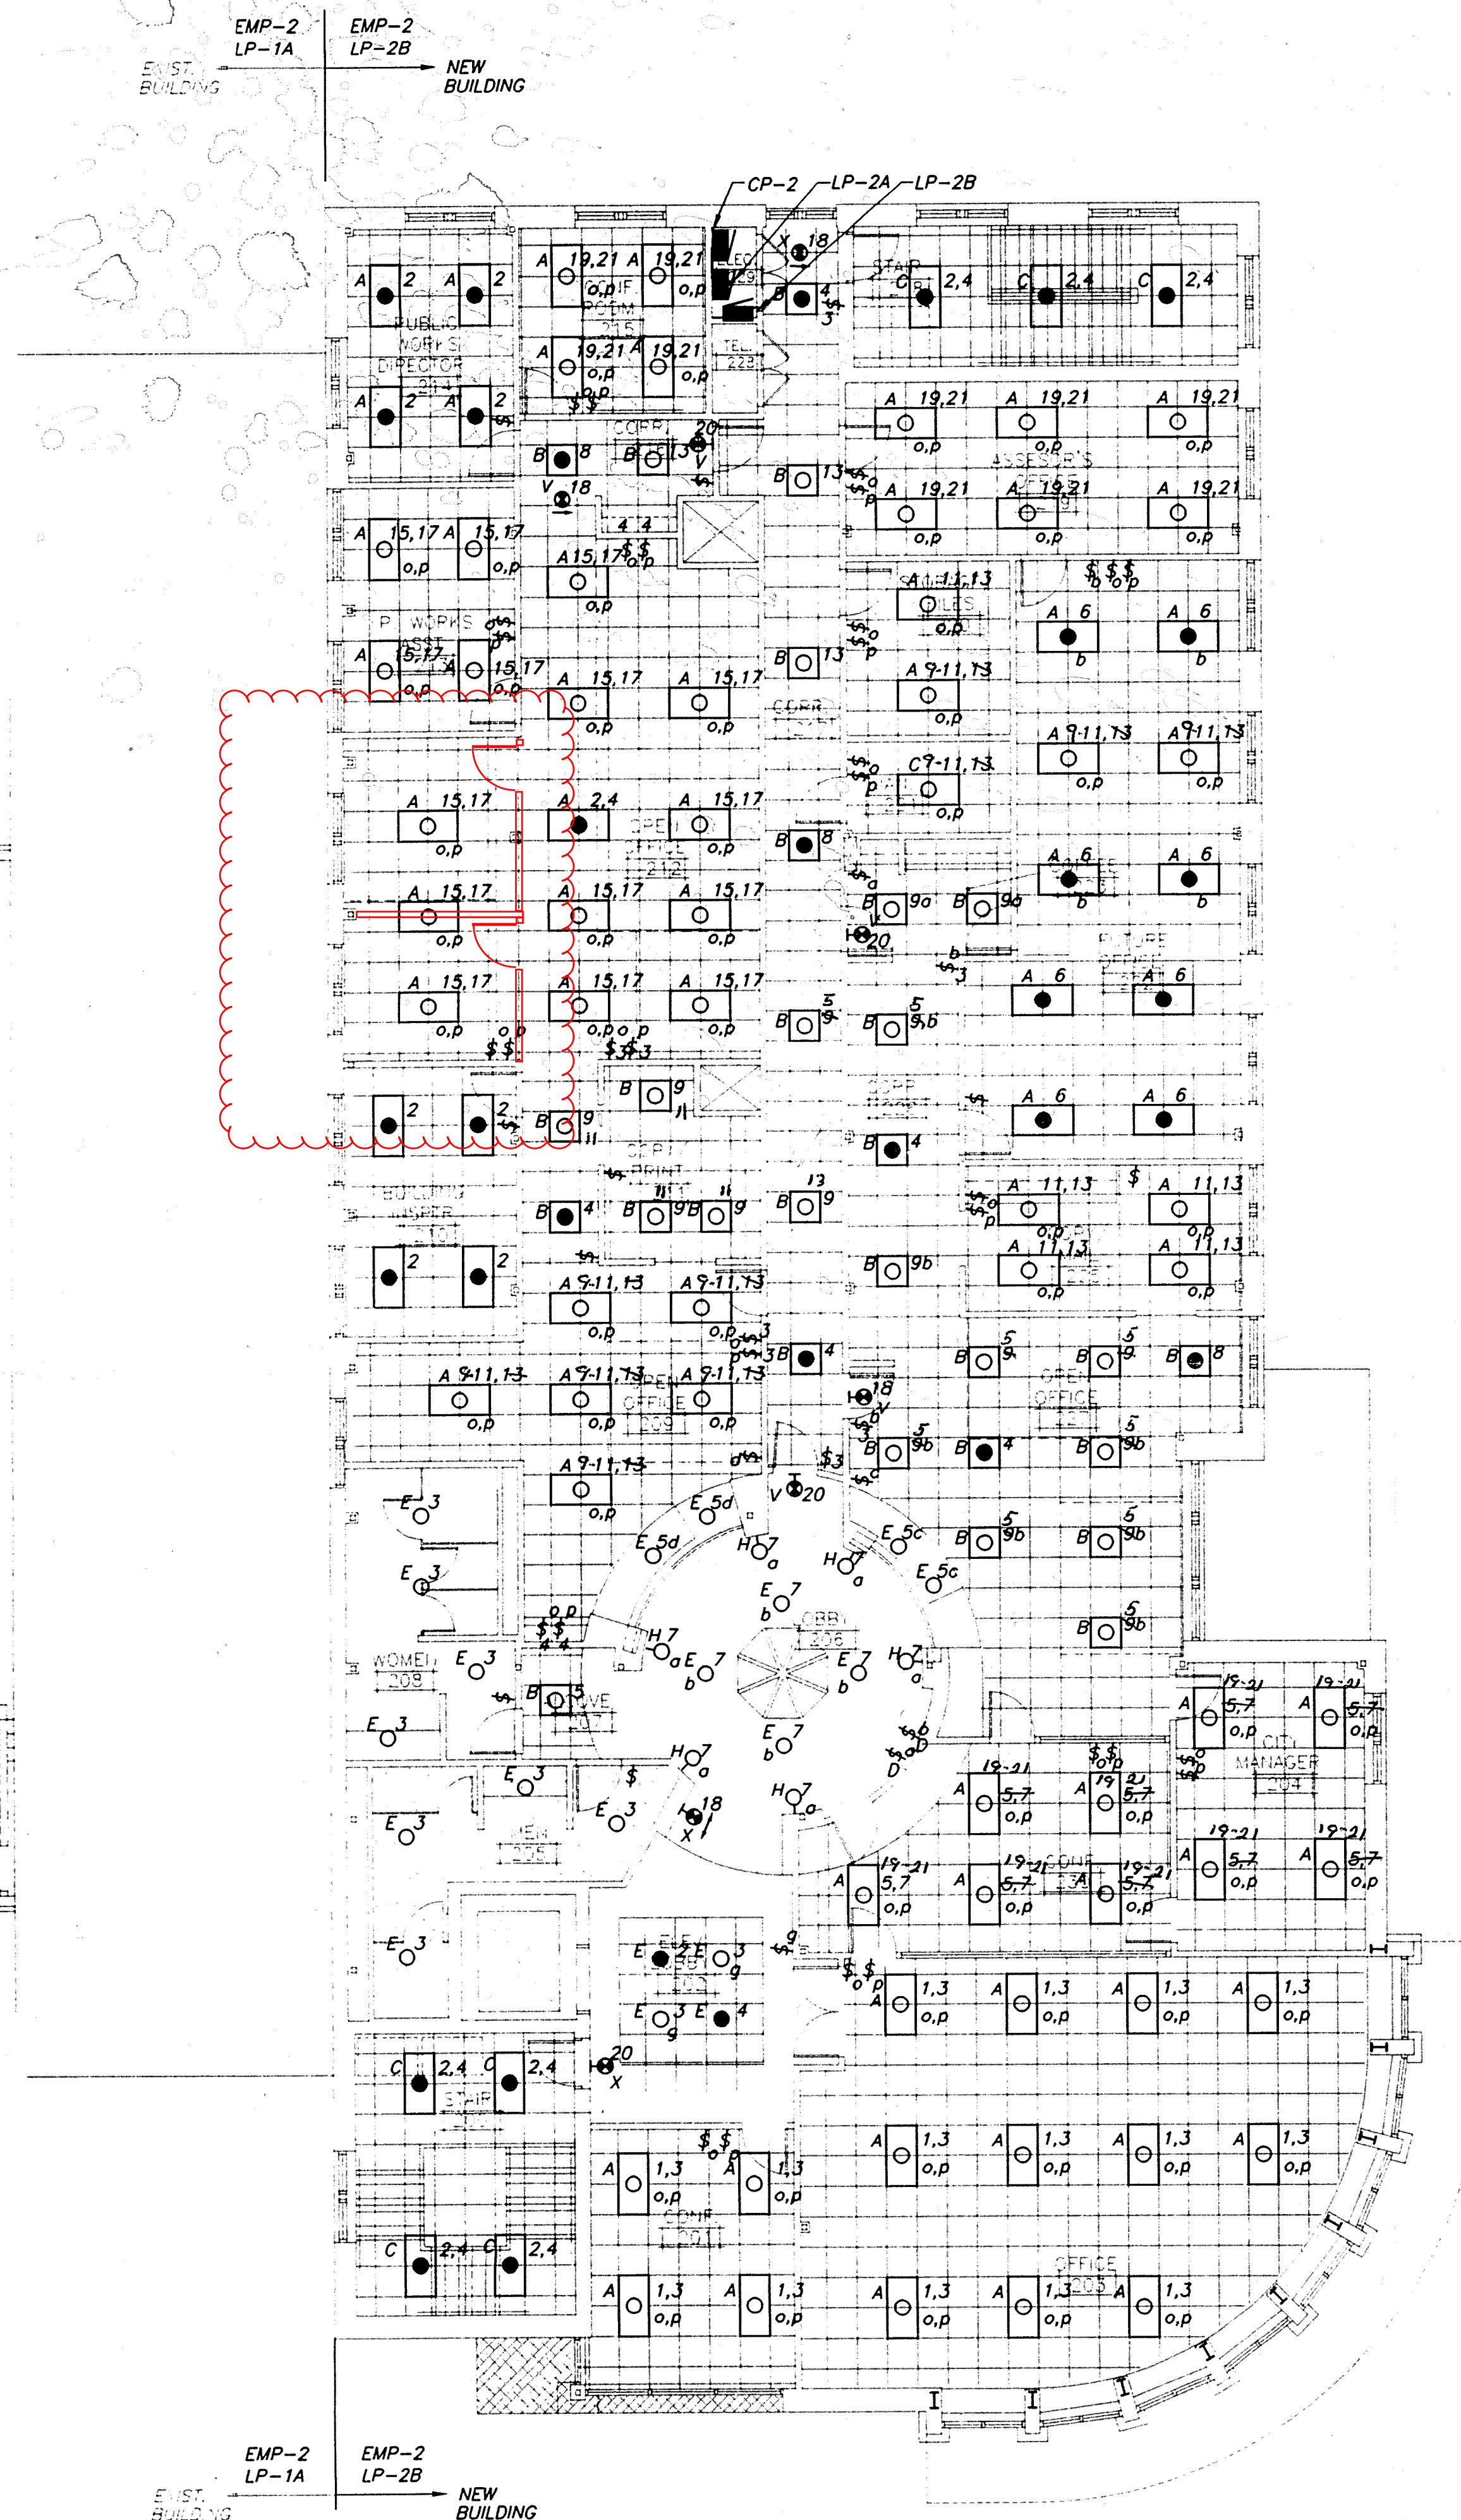

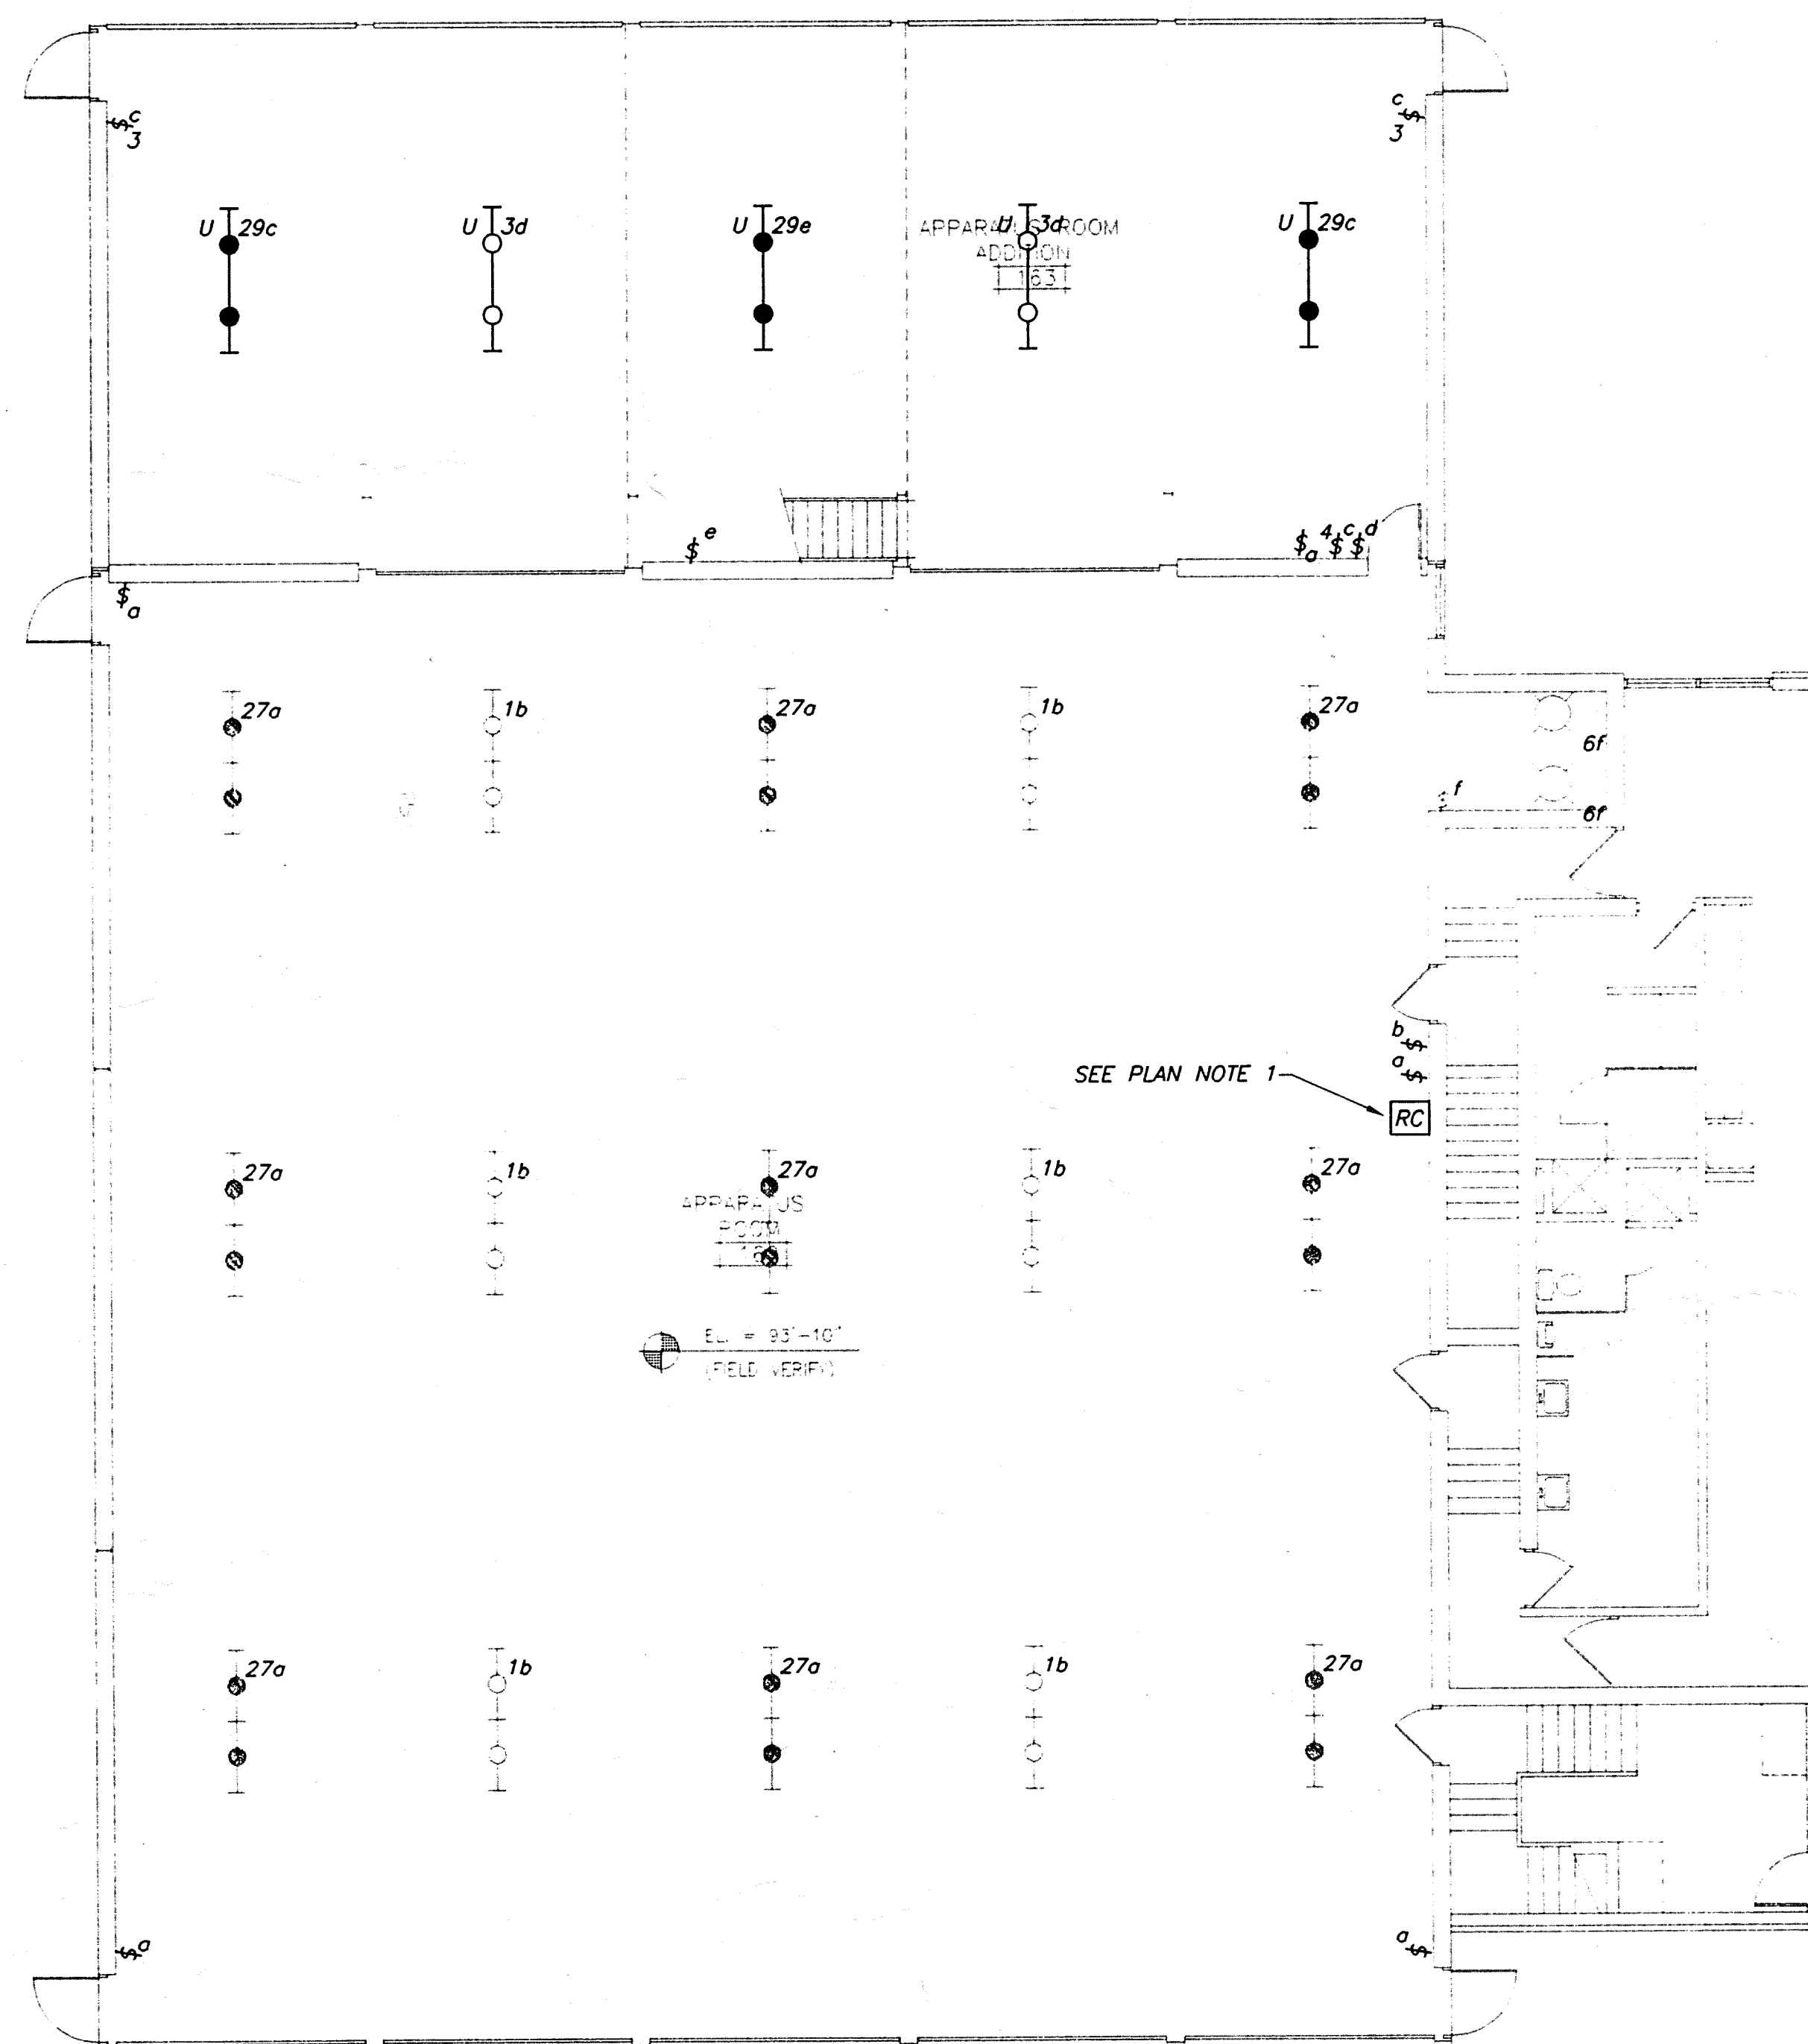

_X Red Outlets generator power thru EMP-1
_{1CX}
_{1CX} Orange Outlets Surge protected No generator power

SECOND FLOOR LIGHTING PLAN
1/8" = 1'-0"

Potter Lawson
Architects Engineers Interiors

Consultant:

GENERAL NOTES:

1. SWITCHING INDICATION o TO SWITCH OUTSIDE LIGHTS AND p TO SWITCH INSIDE LIGHT.
2. EXIT LIGHTING TO BE FED FROM PANEL EMP-2.

PLAN NOTES:

1. PROVIDE A NEW RELAY CONTROL SYSTEM TO SWITCH GARAGE LIGHTING CIRCUIT o. INSTALL RELAY CONTROL PANEL AS SHOWN.

SYMBOLS:

- RECESSED FIXTURE
- A 2 b FIXTURE SYMBOL, TYPICAL

WE HEREBY SUBMIT SPECIFICATIONS AND ESTIMATES FOR:

**** Provide labor & materials for office buildout including:**

Steel stud framing

Sound Insulation

Drywall including sand texture finish

Hollow metal door frames

Solid core flush doors

\$12,900.00

**** NOT INCLUDED:**

Finish painting of walls or door frames

Stain, seal & finish of doors

Vinyl base

Proposed cost for afformentioned work

TOTAL

\$12,900.00

Council Agenda Item

Meeting Date: April 3, 2025

Agenda Item: Economic Development Stipend

Staff Contact (name, email, phone): Rachelle Blitch, rblitch@whitewater-wi.gov , 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The current Economic Development Director has submitted her resignation. Efforts are underway to recruit a replacement, and the position will also be posted online.

If a replacement is not secured before her departure, the City Manager will assume the associated responsibilities until the position is filled. In this interim period, a monthly stipend of \$1,000 will require approval to compensate for the additional duties.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

3/25/2025 – Finance Committee recommended Common Council approval

FINANCIAL IMPACT

(If none, state N/A)

The proposed stipend amounts to \$1,000 per month for the applicable period, yet to be determined. This stipend would be financed through the Economic Development operational budget. The financial impact is at a cost savings since the city is not paying a full salary during that time.

STAFF RECOMMENDATION

Staff recommends approving a stipend payment to the City Manager for any period during which the Economic Development Director position remains vacant. This proposal reflects the organization's commitment to fairness, equity, and recognizing the contributions of our team members.

ATTACHMENT(S) INCLUDED

Council Agenda Item

Meeting Date: April 3, 2025

Agenda Item: EMS Employee Benefit Policy

Staff Contact (name, email, phone): Rachelle Blitch, rblitch@whitewater-wi.gov, 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

It has been standard practice to waive charges for former firefighters and EMS personnel, as well as their immediate family members residing in the same household, when they receive services. We see this as an opportunity to extend the same benefit to current city staff and their immediate family members within the same household.

Previously, the full cost of services was waived. Moving forward, insurance will be billed for eligible services, and any out-of-pocket expenses will be waived for those who qualify under this benefit.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

3/25/2025 – Finance Committee recommended to Common Council for approval

FINANCIAL IMPACT

(If none, state N/A)

Estimates from the past two years indicate that approximately \$4,000 in services were waived. However, with the implementation of insurance billing moving forward, the financial impact is expected to be reduced.

STAFF RECOMMENDATION

Staff recommends that this policy be submitted to the Common Council for approval and incorporated into the employee handbook.

ATTACHMENT(S) INCLUDED

(If none, state N/A)

1. EMS Employee Benefit Policy

| Whitewater Fire and EMS Department | | |
|---|----------------|-------------------------|
| Order Topic: Employee and Retiree Billing | | |
| Issue Date: 03/17/2025 | Last Revision: | Review Date: 01/01/2026 |
| Special Instructions: | | |

Purpose

The purpose of this policy is to outline the provision of Emergency Medical Services (EMS) care to employees and retirees of the Whitewater Fire & EMS Department and current employees of the City of Whitewater. This benefit is offered as a recognition of their dedication and service to the community and to ensure their health and well-being are prioritized.

Statement

Employees, retirees and their immediate family (spouse and minor children living in the same household) of the Whitewater Fire & EMS Department and current employees and their immediate family (spouse and minor children living in the same household) of the City of Whitewater are entitled to receive EMS care provided by the Fire Department's EMS division with no out of pocket expense to the covered person. This benefit covers emergency medical evaluations, treatment, and transport (when necessary) within the scope of services provided by the Fire Department's EMS team.

Eligibility

Covered Individuals:

- Current full-time and part-time employees of the Whitewater Fire & EMS Department.
 - Spouse & minor children.
- Retirees of the Whitewater Fire & EMS Department & all previous names the organization has held. These names are maintained by the Fire & EMS Chief.
 - Spouse & minor children.
- Current full-time and part-time employees of the City of Whitewater.
 - Spouse & minor children.

Exclusions:

- This policy does not extend to other family members or dependents unless otherwise specified in writing.

Limitations

Transport Beyond City Limits:

- This benefit is limited to services provided within the WFD response area. Chief Officer approval must be acquired to transport outside of this area if possible.

Employee and Retiree Billing

Third-Party Charges:

- Any costs incurred from third-party providers (e.g., hospital services, medications, advanced diagnostics, or external department care) are the responsibility of the retiree/employee.

Insurance Billing:

- The Fire Department reserves the right to bill the retiree/employee's insurance for services rendered. Any remaining balance after insurance payments will be waived for eligible employees.
- Employees who do not have insurance will not be personally billed for EMS services provided under this policy.

Procedure

Identification:

- Covered individuals must identify themselves as an employee or retiree of the Fire Department or employee of the City of Whitewater during the EMS call. A valid City or Fire Department ID may be requested by EMS personnel if feasible.

Documentation:

- EMS personnel will document the service provided via patient care report in WARDS as required by the State of Wisconsin.
- The crew rendering care will place the report in "Requires QA Review" status in WARDS.
- The EMS Officer performing the QA will place the report in "DO NOT BILL – Completed" status.

Billing Adjustment:

- If a report was sent for billing for a covered individual, the EMS Chief will change the report status to "DO NOT BILL – Completed" in WARDS and then email the billing company to request the charges be changed to \$0.

Enclosures

- Enclosure 1 – WFD Retiree List

For the week of March 17

- Street crews had a busy brush collection day due to the storms that rolled through the city over the weekend. Crews worked on cleaning out catch basins, preparing decorative street lights for installation and swept streets. Miscellaneous work included banner installation, fixing areas damaged by snow plows and patching potholes.
- Water staff had to shut water off to a few more houses due to non-payment. They also used their new Kerf cutter to fix broken valve box top sections. Approximately 80 meters have been replaced so far with many more scheduled. Working to get the East Tower cleaned and inspected in early April, before the Well 7 project begins.
- At the Wastewater Department, staff is replacing oil at the lift station pumps and cleaning out the wet wells. The 2024 MDV Watershed Report was completed and submitted along with the February eDMR. The contractor for the Vanderlip Pumping Station has started back up with construction on Fraternity Lane.
- In GIS, new maps and posters were printed for the Police Department. Internal interactive maps were updated for the Street Department. Address list was updated and verified with Johns Disposal for toters. And worked with Water staff looking into new equipment and how compatible the new technology

would be with GIS.

- Captain Vander Steeg and Captain Taft continued our recruiting efforts by attending the Gateway Technical College career fair.(pictured above)
- PD command staff met with staff of the BJA NTTAC (National Training and Technical Assistance Center) to plan federally funded human trafficking training that will be provided to staff at WPD.
- On Saturday, March 15th, A number of officers attended PIT (pursuit intervention technique) training at Gateway Technical College. All sworn staff will be trained in PIT by the end of 2025.
- Saturday, March 15th Captain Vander Steeg assisted our patrol staff with heavy call volume over the weekend related to St. Patrick's Day holiday celebrations.
- Personnel Update: Employment offers were accepted by Brooklyn Vavrina (Vuh-VREE-nuh) and Brooklyn Knurr (nur) to be our next Community Service Officers. Both of them will begin on April 4th. The police department has a patrol officer vacancy and is hiring! Please pass this information along to anyone who may be interested.

The week of March 6th-12th - Staff responded to 37 calls for service, making the daily average just over 5 calls for service each day.
6 calls for service required POC response. Average POC response for All Calls was .83 per call. Mutual Aid was not requested from Whitewater during this time.
For the week of March 13th- March 19th- Staff responded to 38 calls for service, making the daily average just over 5 calls for service each day.
9 calls for service required POC response. Average POC response for All Calls was 1.6 per call. Mutual Aid was not requested from Whitewater during this time.

- Friday, March 14th Whitewater Fire/EMS responded to a brush fire in Cold Spring township. MABAS Box 12-4 was pulled to the alarm level bringing resources from 12 additional departments.
- Monday, March 17th Whitewater Fire/EMS responded to a garage fire in the 200 blk of W. North St. Auto aid was received from Lagrange Fire with an Engine and Chief.
- Wednesday, March 19th Mercy Health was onsite to provide the monthly EMS training. Training focused on difficult airway management and femur/pelvic trauma and stabilization.

IRVIN L YOUNG LIBRARY

- The brick work has been completed and the windows installed on the new addition to the library. Windows were installed on March 19th even though it was a very rainy and windy day. It's a good thing the installers are used to working in muddy, wet conditions. Dry wall has also begun to be hung on the interior of the building now that the roof has been completed.
- Come on in and play Citizen Science Bingo during the month of April and help complete One Million Acts of Science! Pick up a Bingo sheet at the library, complete at least 5 of the citizen science prompts during the month of April, then return the Bingo sheet to the library for your reward! One Bingo sheet/reward per person. For all ages. Anyone can be a citizen scientist! To learn more and find projects, visit www.scistarter.org

PARKS & RECREATION

- As of today (Thursday, March 20th), The Polar Plunge in Whitewater has online donations are \$19,750 plus an additional \$2,000 in checks that still need to be applied to the campaign. Whitewater will be coming in at roughly \$22,000 in donations.
- Boat Races were a hit. 4 Boats 1. Silver Shark (Awarded: Man You were Fast) 2. Diggy (Awarded: Saw the bottom first) 3. SS SoS (Awarded Most Energetic) 4. SS Snap
- The City Guides have arrived! They are available in both English and Spanish online, and hard copies can be found in the lobby of the Municipal Building.
- Seniors in the park's Dementia Friendly Community Initiative joined with the Alzheimer's Association to offer an informational program for the community. Randy Cruse facilitated the presentation. We had 27 in attendance.

- The Economic Development office has been training Betsy, the new ED Administrative Assistant. Staff recently met with Walworth County Habitat for Humanity to discuss housing options in Whitewater. They also continue to work with the CDA's legal team to address ongoing issues related to unpaid loans.
- The PARC will meet again on April 14 to discuss zoning strategies that support increased child care availability and potential extraterritorial considerations. The Public Art Committee (PAC) is still seeking artists to submit designs for the traffic box project (pictured above)—applications are available on our website.
- The Neighborhood Services office is proud to announce the issuance of its first Level 2 commercial building permit for Solstice Health. Thanks to the education and certification level of our current building inspectors—something the City has not had in the past—we were able to complete the review in-house. Without this expertise, the review process at the state level would have taken 6–8 weeks. We're grateful for our staff and their ability to serve businesses more efficiently.

- Thank you to Jonathan McDonell for your service and steadfast dedication to the City of Whitewater.
- The City of Whitewater is pleased to welcome Russell Law Office as our new City Attorney group. We extend a warm welcome to Senior Associate Attorney Timothy Brovold (Broh-vohld) , who brings extensive expertise in real estate, zoning, business and construction law, landlord-tenant matters, collections, and civil litigation. Tim holds degrees from Luther College, UW-La Crosse, and the University of St. Thomas School of Law. Before practicing law, he had a distinguished career in collegiate athletics as a coach. We look forward to working with Russell Law Office and benefiting from their legal expertise.

- **Emily McFarland has been appointed Interim Economic Development Director, beginning her role the week following the conclusion of her term as Mayor of Watertown. With a strong track record of municipal leadership, Emily brings direct experience in housing development, organizational management, and fostering economic growth. As Mayor of a city of 24,000, she oversaw day-to-day operations, managed multi-million-dollar budgets, and led housing initiatives that align closely with current priorities. Her professional background, combined with board service in community and economic development, reflects her ability to build partnerships and deliver impactful results. Emily holds a master's degree in public administration from UW Oshkosh.**

THANK YOU!

- We sincerely thank our Common Council members for their years of dedicated service and unwavering commitment to our community. Brienne Brown has been on the Common Council since 2019. And Lisa Dawsey-Smith has been on the council since 2021.

- The City of Whitewater's public safety referendum was approved by voters with 1,880 "Yes" votes and 1,599 "No" votes, as confirmed directly from the City Clerk. We are incredibly grateful to everyone who took the time to vote, attend public information sessions, visit our website, and follow along with our social media updates throughout the referendum process.

MEMORANDUM

To: Common Council

From: John Weidl, City Manager

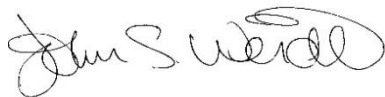

Date: 3/14/2025

Re: Arbor Day Proclamation

In honor of Arbor Day, Friday, April 25th, 2025 I am pleased to announce our organization's commitment to celebrating and supporting this important occasion.

Arbor Day serves as a reminder of the invaluable role trees play in our environment, providing us with oxygen and beautifying our surroundings.

Warmest Regards,

John S. Weidl, City Manager

PROCLAMATION

ARBOR DAY

Whereas, in 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and

Whereas, this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and

Whereas, Arbor Day is now observed throughout the nation and the world, and

Whereas, trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife, and

Whereas, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and

Whereas, trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and

Whereas, trees, wherever they are planted, are a source of joy and spiritual renewal.

Now, Therefore, I, John, S Weidl, City Manager of the City of Whitewater, do hereby proclaim and urge all citizens to celebrate Arbor Day on Friday, April 25, 2025 and to support efforts to protect our trees and woodlands, and

Further, I urge all citizens to plant trees to gladden the heart and promote the well-being of this and future generations.

Dated this 3rd day of April, 2025.

John S. Weidl, City Manager

Council Agenda Item

Meeting Date: April 3, 2025

Agenda Item: April 15, 2025 CC Meeting at UW Whitewater

Staff Contact (name, email, phone): Heather Boehm hboehm@whitewater-wi.gov 262-473-0102

BACKGROUND

(Enter the who, what, when, where, why)

At the August 6, 2024 Common Council meeting, Council decided to have a meeting twice a year on UW Whitewater Campus, the second meeting in February and the second meeting in September. Staff could not get a reservation for the second meeting in February, but were able to get one for April 15, 2025.

To: Common Council
From: John S. Weidl, City Manager
Date: 3/26/2025

Subject: Legal Clarification on Council Member Appointments to Committees under Ordinance § 2.12.011

Executive Summary

Following questions raised regarding the process for appointing Common Council members to committees, the City obtained a formal legal opinion (attached) to ensure our practices comply with the municipal code. Legal counsel has confirmed that Whitewater Municipal Code § 2.12.011 governs all appointments to boards, commissions, and committees—including those involving elected officials. Under this ordinance, the City Manager and the Common Council President jointly recommend all nominees, including council committee assignments, to the Common Council, which then formally appoints them. This interpretation corrects and clarifies past practice. While previous informal methods were often applied in good faith, they were not aligned with the ordinance that has long governed this process. This clarification ensures our continued compliance moving forward.

Background and Legal Review

Following conversations with Council members about the absence of a formal policy for committee appointments, I asked the City's Human Resources department to examine our code, policies, and recent past practice. Past methods, including preference rankings and informal processes were inconsistently applied and lacked alignment with municipal code. To clarify the governing framework, HR requested a formal opinion from legal counsel at von Briesen & Roper, s.c. That opinion, issued March 26, 2025, affirms that Whitewater Municipal Code § 2.12.011 governs all appointments, including those of elected Council members to internal City committees.

The ordinance

§ 2.12.011 – Appointment of board, commission and committee members.

- (a) The city manager and the common council president shall review all board, commission and committee applicants and recommend nominees to the common council.
- (b) After considering the candidates nominated to the various boards, commissions, and committees, the common council shall appoint the members of said boards, commissions, or committees.

The plain language of the ordinance makes no distinction between citizen and councilmember appointments. The language in subsection (c)—“this subsection shall not apply to the city council”—applies only to term limits and acknowledges that councilmembers serve by election. It does not exempt them from the appointment process defined in subsections (a) and (b).

Application and Moving Forward

Past practices, such as the use of spreadsheets and internal votes, while well-meaning, were not compliant with § 2.12.011. Moving forward, we will adhere to the ordinance as outlined by our legal counsel. Council members will continue to submit committee preferences via spreadsheet. While the

nominating authority rests with the City Manager and the Council President, those preferences will be seriously considered to ensure alignment of interests, experience, and organizational needs.

To avoid operational conflicts, I recommend Councilmembers not serve concurrently on committees with overlapping responsibilities (e.g., CDA and PARC, or PARC and BZA). I will work directly with the Council President to implement this guidance during the nomination process. This is not a change in governance, nor a shift in authority—it is a return to the procedures already established by ordinance. We will continue to value collaboration while adhering to a transparent, consistent, and legally sound process.

Conclusion

The City Manager's Office will coordinate with the Clerk's Office to distribute committee preference forms in advance of the organizational meeting (see attached example). The Council will then consider formal nominations prepared by the City Manager and Council President, under § 2.12.011.

No action is required by the Council at this time.

Best, - JSW

Subject: Opinion regarding Ordinance 2.12.011- Appointment of Board, Commission and Committee Members

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Sara,

You had sent a request to Kyle to provide an opinion regarding whether the appointments contemplated in ordinance 2.12.011 apply to council committee appointments. Kyle and I took a look at the ordinance and have concluded that yes, 2.12.011 does apply to council committee appointments. The more formal analysis is below:

Request: Whether Whitewater Municipal Code § 2.12.011 authorizes the City Manager and the Common Council President to recommend nominees to the common council for council committees, in addition to any other boards, commissions, or committees?

Answer: Yes, Whitewater Municipal Code § 2.12.011 grants the authority to the City Manager and the Common Council President to review all applicants for a board, commission or committee and then recommend candidates from that applicant pool to fill the open position on said board, commission or committee. The authority in § 2.12.011 extends to and includes nomination of councilmembers to various standing or sub-committees created by the city. The common council is then granted the authority to consider the candidates nominated by the city manager and common council president, and then the Council "shall appoint" the members of the board, commission, or committee.

Authority and Rationale:

Whitewater Municipal Code § 2.12.011 grants general authority for the City Manager and Common Council President to nominate applicants for boards, commissions, and committees, including appointment of councilmembers to various sub-committees or standing committees, and then to provide those nominations to the Common Council for final appointments. State law provides municipalities with discretion to regulate appointment to boards, commissions, and committees created by the municipality unless such process is enumerated in statute, such as the process in Wis. Stat. 62.13. As such, the Whitewater municipal code is the controlling source of information for this request.

The plain language of § 2.12.011 does not limit which boards, commissions, or committees fall under this appointment process. As such § 2.12.011 dictates the nomination and appointment process for all boards, commissions, or committees unless a separate mechanism is identified, whether in code or statute. For example, § 5.20.025 dictates the membership make-up of the Alcohol license review committee, but does not dictate how members are appointed. The process then falls to § 2.12.011. Alternatively, the Police and Fire Commission is created via § 2.28 and Wis. Stat. 62.13. Those sections

do have specific language dictating appointment and therefore those sections would apply *instead* of § 2.12.011. Because the City of Whitewater has no other general appointment provision specific to appointment of councilmembers to specific subcommittees, §2.12.011 applies to those appointments.

Moreover, within § 2.12.011(c), the city's legislative body has identified that the councilmember appointments would fall within this process. Subsection (c) identifies certain term limits for committee, board, or commission appointments, unless otherwise specified by law. Importantly, this term limit subsection states that it "shall not apply to the city council," which is because the voters, rather than an individual, would hold the authority to determine who serves as a councilmember and how long they remain on the city council. All other sub-committees or standing committees of the city council would retain those term limitations identified in § 2.12.011(c), including any committees that councilmembers would apply and be nominated for by the city manager and common council president, and who would then subsequently be appointed by the common council.

Please feel free to reach out if you have any additional questions or follow up.

|  | Common Council Agenda Item |
| Meeting Date: | March 27, 2025 |
| Agenda Item: | Staff Report: Denial of Special Event Application for DJ's at the Polls event |
| Staff Contact (name, email, phone): | Kevin Boehm, kboehm@whitewater-wi.gov , 262-473-0122 |

BACKGROUND
(Enter the who, what when, where, why)

The Parks and Recreation Department has recommended to the City Manager the rejection of the Special Events Application submitted for the event titled "DJ's at the Polls." The application was received on March 21, 2025, for a proposed event date of April 1, 2025.

According to the City's Special Events Policy, Section II.A.1., all Special Event Permit Applications must be submitted to the Recreation and Community Events Programmer a minimum of 45 days prior to the event. The policy also notes that if an application is submitted less than 45 days before the event, the City cannot guarantee there will be sufficient time for proper review and approval. This application does not meet that requirement.

Additionally, this event would involve the use of amplified sound equipment, which requires a variance under the City of Whitewater Code of Ordinances, Title 19 (Zoning), Chapter 19.58 – Noise Restrictions, specifically Section 19.58.050: *General noise disturbance prohibited*. Due to the limited timeframe between the application submission and the event date, there was not sufficient time to convene the Board of Zoning Appeals to consider a variance request.

City staff have communicated this information to the event organizer and have expressed a willingness to support the event in the future, provided that the application is submitted in accordance with established timelines to allow for thorough review and compliance with City ordinances.

|--|---|
| CITY OF WHITEWATER POLICY | TITLE: SPECIAL EVENT PERMIT POLICY |
| POLICY SOURCE: Police Dept./City Clerk/DPW/Parks & Recreation | Common Council Approval Date: 10/4/2016 |

I. DEFINITIONS

Special Event: Any planned occurrence on the public right-of-way or public premises including, but not limited to, parades, concerts, festivals and athletic events which is not within the normal and ordinary use of that public premises or place or which, by nature of the event, may have a greater impact on City services or resources than would have occurred had the event not taken place. Whether the event is considered within the normal, ordinary or intended use of public facilities or property shall be determined by the City Manager or his/her designee.

City Co-Sponsored Event: Public event open to anyone, and is designated in the annual City budget or formally supported by the city through labor or materials.

II. REQUIREMENTS, FEES, INSURANCE, and OTHER PROVISIONS

A. Permit Requirements

1. A Special Event Permit Application must be filed with the Recreation and Community Events Programmer a minimum of 45 days prior to the event. If an application is filed with the city less than 45 days prior to the event, the city cannot guarantee there will be sufficient time to review and approve the application.
2. Sponsors of Special Events must comply with all applicable city ordinances, traffic rules, park rules, state health laws, fire codes, and liquor licensing regulations.
3. Special Event permit requirements shall be waived in those cases where the United States Secret Service notifies the City of a proposed event in which it will be assisting with security details. Each event shall have a designated head of security that can be contacted at any time by the Police and Fire Departments. Each event shall be required to have city provided and/or city approved security personnel at the rate of one security person for every 300 persons estimated to be present if alcohol is available or for every 600 persons present if alcohol is not available. The police department shall have the right to modify the levels and/or to require the replacement of security personnel with sworn law enforcement personnel. The modification, barring extenuating circumstances, will be made at the time the application is approved.

If law enforcement services are needed, which may include, but are not limited to crowd control, traffic control or due to a concern for heightened security risk, the hosting organization will be responsible for reimbursing the actual cost to the city. Barring extenuating circumstances, the identified costs will be provided at the time the application is approved.

Any exception from security requirements or a request for reduction of the outlined levels must be submitted in writing to the Recreation and Community Events

Programmer or designee prior to the approval of the application. The Special Events Committee will review the exception request and make a recommendation to the City Manager.

B. Special Event Permit Fees

1. The amount of services provided will be determined by the city staff by reviewing the previous year's event cost analysis. If this is a first time event, a comparison of like events will be done to set the fee schedule. Fees are set forth on Exhibit A to the Special Events Policy.
2. Charges for park facilities, food sales permits, statutorily required alcohol permits, etc. shall be paid **IN ADDITION** to applicable Special Event Permit fees.
3. Submittal of a Special Event Permit Application does **NOT** reserve a park or include application for any other permits as may be required.

C. Special Event Permit Fee Waivers

1. The City of Whitewater recognizes the value of partnering with other agencies and organizations in providing services that benefit the community and its residents. In an effort to provide support for organizations providing valuable community services that the City would otherwise provide or is unable to provide, and to provide uniform and consistent guidelines for a Fee Waiver Request within the City the following guidelines have been established for determining when permit and facility fees may be waived.

Special event fees may be waived for Parking Lot/Street Closure Barricades and Notification Mailings by the City Manager or his/her designee, if the applicant requests a fee waiver under one of the following categories and the appropriate criteria are met.

- a. Intergovernmental Cooperation - Fees may be waived for events or uses when the applicant is another government agency and is a benefit to residents of Whitewater.
- b. City co-sponsored events - Even though they may meet the definition of a special event, shall not be required to pay parking lot or street closure barricade rental, or notification mailing fees. The City Manager shall determine whether an event is city co-sponsored.
- c. Nonprofit sponsored events – Fees may be waived for events that will benefit the community and Whitewater residents and all of the following criteria are met:
 - i. Appropriate recognition as Sponsor or co-Sponsor of the event or program is provided for the City of Whitewater on all promotional materials and at the event or program; and
 - ii. All resources provided by the City in sponsorship of the event (fee waiver or in-kind service) must be provided for within the City's current budget allocations without a reduction of services or an increase in cost.

Any city co-sponsored event which is anticipated to exceed expenditures to the City of \$2,500 will require Common Council approval. The waiver of fees does not eliminate insurance or security requirements.

All waiver decisions of the City Manager may be appealed to the City Council for review. If the Council finds that the City Manager's interpretation of the fee waiver policies for an appealed request are not consistent with the intent of these guidelines or

are not in the best interest of the community, the City Council may overturn the decision of the City Manager.

D. Insurance Requirements

1. There are three (3) classes of events, Class A, Class B and Class C. Each class shall be determined by its characteristics. An event does not have to have all the characteristics listed to be in the classification. The City reserves the right to make final determination of an event's classification and the related requirements that will be imposed upon the event organizer.
 - a. **Class A:** Large exposure events including but not limited to, parades, concerts, bike races, auto shows, circuses, or activities that have the potential to draw over 7,000 people or events with amusement devices, pony rides, bleachers used to seat more than 500 people, or fireworks displays.
 - b. **Class B:** Medium exposure events including, but not limited to, parades, concerts, dances, animal shows or any activity that is likely to draw between 750 and 7,000 people. Any event that serves alcohol and is likely to draw more than 300 people will be considered a Class B event.
 - c. **Class C:** Small exposure events including, but not limited to, block parties, small concerts, plays, private gatherings in parks or similar events that are likely to draw less than 750 people. Event organizers in this class are encouraged to obtain insurance even though it is not required.
2. Each applicant for a Class A or Class B event shall furnish the City a certificate of insurance showing insurance written by a company licensed in the State of Wisconsin and covering any and all liability. (See Exhibit B).

E. Other Requirements

1. Mapped Routes

Routes for special events must be submitted with the permit application, regardless of historical precedent. Proposed routes may be altered at the discretion of the Police Department and the Department of Public Works. In the event that the organizer or sponsor of any special event deviates from the route submitted without the approval of the city, the Police Department will have discretion to shut down the event route and the organizer or sponsor of such special event may be denied a permit for future special events.

2. Event Cancellation

The City Manager, or designee, may cancel an event without prior notice for any condition affecting the public health or safety of the city, or any condition that would place facilities, grounds, or other natural resources at risk of damage or destruction if the event were permitted to take place.

3. Block Party Neighboring Consent Form

For neighborhood block parties that require a street closure, a Neighboring Consent Form (Exhibit C) must be completed, which requires the signature from an adult resident/occupant of at least 75% of all residential and/or non-residential units on the street(s) for which closure is requested.

4. Street and/or Parking Lot Closure Notification Requirement

If a street and/or parking lot will be closed, not related to a neighborhood block party, the applicant is required to notify affected property owners. If requested, city will

provide a list of affected addresses and complete the notification mailing. The applicant is responsible to pay the actual cost of the notification mailing, which includes costs for envelopes, paper, and postage.

F. City Review Process

1. Every city department (Police, Parks and Recreation, Public Works, City Clerk, and City Manager's Office) receiving a copy of a Special Event Permit Application shall recommend either approving or denying the application and listing any reasons for denial. Each department shall review an application based upon the following criteria:
 - a. Use of department resources
 - b. Costs to the department
 - c. Benefit to the community
 - d. Any perceived public health or safety problems
 - e. Use of city property

For each Special Event Permit Application submitted which requests city services, the Recreation and Community Events Programmer may schedule a meeting if deemed necessary or requested by the event sponsors and/or the affected city departments. The purpose of the meeting shall be to discuss the specific nature of the services requested. It shall be held no later than thirty (30) days before the event.

All Special Event Permit Applications will be reviewed by city staff, with the Recreation and Community Events Programmer issuing the special event permit upon staff approval. If any recommendation for denial is received from one or more departments, the Special Events Committee will meet with the applicant to attempt to resolve concerns. If the final staff recommendation is denial, the application shall be submitted to the Common Council for review and a determination whether to grant the permit.

EXHIBIT B TO SPECIAL EVENTS POLICY
City of Whitewater Liability Insurance Requirements

It is hereby agreed and understood that the insurance required by the City of Whitewater is **primary coverage** and that any insurance maintained by the City of Whitewater, its officers, council members, agents, employees or authorized volunteers will not contribute to a loss. All insurance shall be in full force prior to commencing the event and remain in force throughout the entire event, including the cleanup period after the event.

Class A events – Large Exposure – over 7,000 people

The City of Whitewater requires each special event group to provide the City with a copy of their Certificate of Insurance, provided by an Insurance Company licensed to do business in the State of Wisconsin. Said Certificate of Insurance shall:

- 1) Provide a minimum of \$1,000,000 liability coverage
- 2) Provide Umbrella Coverage of \$2,000,000 each occurrence/\$2,000,000 aggregate; and
- 3) Name the City as an Additional Named Insured.

Class B events – Large Exposure – 750 to 7,000 people

The City of Whitewater requires each special event group to provide the City with a copy of their Certificate of Insurance, provided by an Insurance Company licensed to do business in the State of Wisconsin. Any event that serves alcohol and is likely to draw more than 300 people will considered a Class B event. Said Certificate of Insurance shall:

- 1) Provide a minimum of \$1,000,000 liability coverage; and
- 2) Name the City as an Additional Named Insured.

Class C events – under 750 people

Small exposure events including, but not limited to, block parties, small concerts, plays, private gatherings in parks or similar events that are likely to draw less than 750 people. Event organizers in this class are encouraged to obtain insurance even though it is not required.

Liquor Liability

If a group is selling alcoholic beverages Liquor Liability insurance with the following minimum limit and coverage must be carried:

- 1) Limits - \$500,000 each occurrence/\$500,000 aggregate.

Whoever is serving alcohol must have a temporary liquor license.

A Certificate of Insurance shall be provided to the City Clerk, at least 14 days prior to commencement of the special event.

Special Event Permit Application

Purpose: Thank you for choosing the City of Whitewater as the location for your event. The purpose of the application is for the applicant and city staff to discuss the proposed event request and the information that is necessary for city staff to process an application that complies with all rules, regulations and best practices for a safe event.

Submittal: You may submit your application in person at 312 W. Whitewater Street. Please note that there is a \$25.00 nonrefundable submittal fee for the application. All checks shall be payable to "City of Whitewater;" cash and credit cards are also accepted. Please complete all items, attach additional pages as necessary. If you feel a section is not applicable to the event please put N/A.

The amount of services required will be determined by the city staff by reviewing the previous year's event cost analysis. If this is a first time event, a comparison of like events will be done to set the fee schedule. Charges for park facilities, food sales permits, statutorily required alcohol permits, etc. shall be paid IN ADDITION to the Application fee. Submittal of a Permit Application does NOT reserve a park or include application for any other permits as may be required.

Scheduling: After this packet has been accepted, a staff member will review and contact the applicant to schedule a meeting with the City within five (5) to fifteen (15) working days from the date of the submittal.

Public Information: Please note the information you provide becomes public information.

| <p>Site Plan: A detailed site plan is required—applications will not be processed without it. Attach separate document(s). Site plans should clearly show the location of the event, areas used for parking, fencing, entry/exit points, tents/canopies (include dimensions), stages (include dimensions), generators, bars, tables/chairs, portable restrooms, signs, etc. A route map is required for distance events such as walks, runs, rides, and parades.</p> <p>I have attached a photo of the exterior of the building with the location of our DJ marked. It is one 6ft table. That's all.</p> | | | | | | |

CONTACT INFORMATION

Applicant is responsible for ensuring adequate parking for attendees and for minimizing any negative impacts to adjacent areas. Applicant is responsible for obtaining authorized approval for any private parking areas; a copy of the approval must be included with this application. For events using volunteers for traffic control (e.g., course marshals), event volunteers cannot direct traffic in the street. They may provide guidance from the sidewalk, other pedestrian area, or on a closed street.

The event will include the following (check all that apply):

- ☐ Existing public parking (city parking lot, on-street parking)
- ☐ On-site parking (may require property owner and/or landlord approval)
- ☐ Off-site parking (approval from property manager/owner required)
- ☐ Shuttle service from off-site parking areas (attach shuttle plan)

STREET CLOSURE/PARADE

Does your event require the closing of a street and/or parking lot, or involve a parade? ☐ Yes or ☒ No.

If yes, provide details of event (For extended details, use the back of this form and include drawings of proposed event or route):

What: _____

When: _____ Start Time and Duration: _____

Where: _____

Security Measures Being Used: _____

If Parade, Assembly Area: _____

Notification of the street and/or parking lot closure has been given to affected property owners?

☐ Yes or ☐ No

Does your event require fencing to be installed by the City? ☐ Yes or ☒ No

TENTS and CANOPIES

The Fire Department requires review and approval of Tents 400 square feet or larger (20 feet x 20 feet or larger). Tents shall be shown on the Special Event site plan and have usage labeled.

☐ There will be tents 400 square feet or larger.

Supplier: _____

Contact person: _____

Phone number: _____

GENERATORS

Location of the generator shall be shown on the Special Event site plan and have usage labeled.

☐ There will be a generator 20kw or larger.

Licensed contractor:

Contact person:

Phone number:

PUBLIC SAFETY

Applicant is responsible for providing a safe and secure event. This includes the event venue, event parking areas, and adjacent areas affected by the event. Applicant must ensure adequate personnel are present to provide general security, maintain order, contain liquor to licensed premises, protect money, provide medical assistance, etc. Depending on the nature of the event, private security personnel and/or off-duty police officers may be required. The Whitewater Fire Department recommends an emergency medical standby when daily attendance exceeds 2,000 people. The Fire Department will determine costs associated with medical standby. Occupancy loads must adhere to that which is set by the Fire Department. The event will include the following (check all that apply):

Security Personnel

☐ In-house staff and/or volunteers

☐ Hired security personnel

Company name:

Contact person:

Phone number:

☐ Hired off-duty police officers. Estimated number:

Other agency name:

Contact person:

Phone number:

Medical Standby

☐ Standby emergency medical staff (paramedics/EMTs)

Company Name:

Contact person:

Phone number:

N/A

SIGNS AND BANNERS

Signs and banners are regulated by the Zoning Ordinance and will require a second application. The application can be reviewed as part of this application request. Sign permit applications can be found at http://www.whitewater-wi.gov/images/stories/neighborhood_services/other/Sign_Permit_Application_Checklists_2016-0311.pdf

The event will include the following (check all that apply):

☐ Directional signs (show locations on Special Event site plan and/or area map)

☐ Signs or banners visible from outside the venue (show locations on Special Event site plan)

| VENDORS | | | |
|--|--|--|--|
| <p>If vendors (food, retail sales, display/information, games, etc.) will be present at your event, please supply the City with a list of vendors and contact information with this application.</p> <p>The event will include the following categories of vendors (circle all that apply):</p> <div style="display: flex; justify-content: space-around; margin-top: 10px;"> Food Retail Display/Info Games Other: </div> | | | |

| LIQUOR |
|---|
| <p>If liquor is present at your event, state law requires liquor to be contained within the event venue. A liquor license is required if the event is open to the public, or if there is a fee for admission, food or drink. Anyone serving liquor must be familiar with state liquor laws. Additionally the event needs to provide adequate fencing and security personnel to prevent alcohol from being removed from your liquor licensed premises.</p> |
| <p>Check only one:</p> |
| <p><input checked="" type="checkbox"/> Liquor will not be present at the event.</p> |
| <p><input type="checkbox"/> Liquor will be present at the event</p> |
| <p>If liquor will be present, the event organizer must contact the City Clerk to discuss requirements.</p> |
| <p>Organization name serving liquor:</p> |

| ENTERTAINMENT |
|--|
| <p>Applicant is required to have an event staff member responsible for monitoring sound levels when sound/music/noise may be audible beyond the event venue. Noise complaints can result in calls for service from the Police Department. A police officer or code enforcement inspector may require the volume to be reduced or ceased based on complaints or unreasonable sound levels.</p> <p>The event will include the following (check all that apply):</p> <div style="margin-top: 20px;"> <p><input checked="" type="checkbox"/> Live Band and/or DJ Name of bands/performers: <u>DJ FLY TY</u></p> <p><input type="checkbox"/> Pre-recorded Music</p> </div> |

☒ Sound/music/noise may be audible beyond the event venue; therefore, an event staff member will be assigned to monitor the sound level during the event to ensure sound does not unreasonably disturb the surrounding area.

What type of electrical supply will you be using for your event? We use an electric(battery operated) generator

Contact person: NANCY FRIEDMAN

Phone number: 917 309 9343

EVENT NOTIFICATION

Notification is required to inform nearby or affected businesses, and property owners within 300 feet at least two weeks prior to the event. Notification is required for events with off-site parking, outdoor amplified sound, street closures, fireworks, or other notable impact to adjacent areas. Notification letters must include a detailed description of the event including setup and teardown times, starting and ending times for outdoor music, estimated attendance, and the event organizer's name and mobile phone number for contact before, during and after the event for all street closures.

If applicable, event notification will be made by (circle all that apply):

Mail Email Door hangers Fliers In person Other

Please note that approval/sign off may be required if your event includes a street closure, sound amplification or other impacts to the surrounding neighbors or businesses.

SANITATION

Applicant is responsible for (a) having a sufficient number of containers to handle all trash generated by the event; (b) removing trash during and after the event; (c) completely cleaning the site and adjacent/affected areas after the event; and (d) providing a sufficient number of restroom facilities (including ADA accessible facilities). All cleanup efforts must be completed the same day as the event. If any portion of the event takes place on city property and city personnel need to perform additional cleaning due to your event, you will be billed by the City of Whitewater for this service.

The event will include the following (check all that apply):

☐ Garbage dumpsters (show on Special Event site plan)

Sanitation Company: _____

LIABILITY INSURANCE REQUIREMENTS

It is hereby agreed and understood that the insurance required by the City of Whitewater is primary coverage and that any insurance maintained by the City of Whitewater, its officers, council members, agents, employees or authorized volunteers will not contribute to a loss. All insurance shall be in full force prior to commencing the event and remain in force throughout the entire event, including the cleanup period after the event.

Class A events – Large Exposure – over 7,000 people

The City of Whitewater requires each special event group to provide the City with a copy of their Certificate of Insurance, provided by an Insurance Company licensed to do business in the State of Wisconsin. Said Certificate of Insurance shall:

- 1) Provide a minimum of \$1,000,000 liability coverage
- 2) Provide Umbrella Coverage of \$2,000,000 each occurrence/\$2,000,000 aggregate; and
- 3) Name the City as an Additional Named Insured.

Class B events – Large Exposure – 750 to 7,000 people

The City of Whitewater requires each special event group to provide the City with a copy of their Certificate of Insurance, provided by an Insurance Company licensed to do business in the State of Wisconsin. Any event that serves alcohol and is likely to draw more than 300 people will be considered a Class B event. Said Certificate of Insurance shall:

- 1) Provide a minimum of \$1,000,000 liability coverage; and
- 2) Name the City as an Additional Named Insured.

Class C events – under 750 people

Small exposure events including, but not limited to, block parties, small concerts, plays, private gatherings in parks or similar events that are likely to draw less than 750 people. Event organizers in this class are encouraged to obtain insurance even though it is not required.

Liquor Liability

If a group is selling alcoholic beverages then Liquor Liability with the following minimum limit and coverage must be carried:

- 1) Limits - \$500,000 each occurrence/\$500,000 aggregate.

Whoever is serving alcohol must have a temporary liquor license.

A Certificate of Insurance shall be provided to the City Clerk, 14 days prior to commencement of the special event.

OTHER INFORMATION

Does your event require any additional city services not listed above? ☐ Yes or ☒ No

If yes, please explain:

NOTE: The City does not provide tables or equipment for rental

APPLICANT AUTHORIZATION

WARRANTY: Applicant warrants that the information provided in this application is true and accurate to the best of Applicant's knowledge and belief.

INDEMNIFICATION: To the fullest extent allowed by law, the Applicant agrees to defend, indemnify and hold harmless the City, its officers, officials, representatives, agents, employees and volunteers from and against all allegations, demands, proceedings, suits, actions, claims, damages, losses, expenses, including but not limited to, attorney fees, court costs, the cost of appellate proceedings, and all claim adjusting and handling expenses, arising from or related to any acts or omissions of the permit holder or its agents, contractors and subcontractors related to the Special Event.

SPECIAL EVENT PERMIT CONDITIONS: Other conditions may be imposed.

- State law requires that liquor must be contained within the area permitted by your liquor license.
- City law prohibits discharges of anything but storm water into the City's rights-of-way, storm drain system and natural washes.
- Street closures, barricades and event layout shall be as shown on the approved site and barricade plan.
- If the City performs any cleanup due to your event, you will be billed and required to pay for the cleaning.
- If there is damage to City property due to your event, you will be billed and required to pay for its repair.
- You are required to provide a safe and secure environment at your event.
- A city police officer or code enforcement inspector may require the music volume to be reduced or ceased.
- You must comply with the maximum occupancy load set by the Fire Department.
- You must allow for immediate fire lane and other security access at your event.

The Applicant's signature below authorizes a City representative to inspect a special event on City or private property at any time, including setup.

****All Applicants Must Read and Sign the Following Statement****

I do solemnly swear (or affirm) that all answers given and statements made on this application are full and true to the best of my knowledge and beliefs. I have read the terms and conditions outlined in this document and agree to abide by them.

☒ I have read and understand the above statement

19.58.090 Sound equipment and sound-amplifying equipment.

- A. No person shall so operate, play or permit the operation or playing of any sound equipment so as:
 - 1. To create a noise disturbance across a residential real property boundary or outdoors within a noise sensitive area;
 - 2. To create a noise disturbance fifty feet from the device, when operated in or on a motor vehicle on a public right-of-way or public space, or in a boat on public waters.
- B. Sound Equipment.
 - 1. No person shall use, operate or cause to be used or operated any sound equipment, upon the public streets or in any building or upon any premises, public or private, if the sound therefrom is plainly audible from any public street or public place within the city.
 - 2. Sound equipment shall not include:
 - a. Equipment used for public health and safety purposes;
 - b. Church or clock carillons, bells or chimes;
 - c. Automobile radios, tape decks or CD players, or other standard automobile equipment used and intended for the use and enjoyment of the occupants, provided the sound emitting therefrom is not audible for more than fifty feet from the vehicle;
 - d. Recorded music used in a nonresidential district in conjunction with a civil or religious celebration;
 - e. Live music provided, sponsored or funded, in whole or in part, by a governmental entity.

(Ord. No. 1914A, 2-18-2016)

City of Whitewater Questions for Deb Reinbold, President of Thrive Economic Development

1. LLDF Fund would that only be eligible for Jefferson Co properties within our city?
 - A. The Live Local Development Fund (LLDF) was created to support housing development projects in “Greater Jefferson County”, Thrive Economic Development’s service area. Greater Jefferson County includes Jefferson County and the communities that straddle multiple counties, including the entirety of Whitewater, Watertown and Cambridge. That said, each of the investors in the Live Local Development Fund, except for Ixonia Bank, have geographic restrictions on where we’re able to deploy funds. Ixonia Bank has also expressed that they don’t want to be the sole lender in any project and we are actively looking for additional investors in the fund that would allow us to support a housing project on the Walworth County side of Whitewater.
2. Other counties are doing things, what is Walworth and Jefferson counties doing? And if they’re not, why?
 - A. Walworth County:

Derek D’Auria and Pam Carper are better suited to answering the question regarding what Walworth County is doing to support housing development. I was able to find the following on their website: <https://www.walworthbusiness.com/housing>.

Derek, Pam and I have met multiple times to discuss housing within Walworth County and they are aware of the LLDF and have made suggestions for potential investors in the fund. I have also presented an overview of the fund to the Walworth County Housing Committee.
 - Jefferson County:

In Jefferson County, we started with the “Heartland Housing Initiative”. Jefferson County, Dodge County, the Greater Watertown Community Health Foundation and WEDC (through a Capacity Building grant) all invested into a fund with \$125,000 available to support our community’s housing needs. We contracted with Cedar Corporation, an engineering firm, to support the community’s requests, and solicited applications identifying each community’s request. Whitewater requested a Residential Market Analysis which was completed by Tracy Cross & Associates on June 30, 2023.

The former County Administrator, the President and CFO of the Greater Watertown Community Health Foundation and myself worked with Hope Community Capital for over a year to understand what others have done to support housing development and determine how we could best attract and support housing development within the county. This resulted in a half day Housing Summit, which we held on May 18, 2023, where we brought in housing experts to explain the need for housing development. The event was well attended with over 150 attendees and ended with the announcement of the creation of the LLDF with an initial \$3 million investment. We have since built the fund to \$9.5 million and decided that our initial focus would be on multi-family housing development.

Jefferson County also became a certified U.S. Housing and Urban Development (HUD) counseling agency in January, 2024. We currently have one housing counselor on staff and

are interviewing to add another counselor and manager for our Financial Empowerment Center (FEC) to our team. HUD Counseling includes the following:

- 1) Opportunities for home buyers to apply for up to \$20,000 in grants if they make less than 80% of the County Median Income
- 2) 0% interest loans for specific improvements to their home with no payment until time of transfer of the property if they make less than 80% of the County Median Income
- 3) Financial management / budget counseling
- 4) Home improvement and rehabilitation counseling
- 5) Delinquency and default resolution counseling
- 6) Pre-purchase counseling
- 7) Rental housing counseling
- 8) Services for homeless counseling
- 9) Fair housing pre-purchase education workshops
- 10) Financial, budgeting and credit workshops
- 11) Non-delinquency post purchase workshops
- 12) Predatory lending education workshops
- 13) Pre-purchase homebuyer education workshops
- 14) Rental housing workshops
- 15) Resolving/preventing mortgage delinquency workshops

3. What is Fort Atkinson and Jefferson doing in terms of their use of tax increment financing within relation to residential, whether that be multifamily or single family.

A. Both Fort Atkinson and Jefferson have supported housing projects using TIF. I have sent emails to their City Manager and Administrator and will forward their responses once I receive them.

4. Clarification on the number, non-student rental vacancy rates. How do we separate out what a student rental is, versus what a non-student rental is? Because the landlords can't discriminate against student vs non-student. SO how is that number being inferred?

A. From Erik Doersching, President & CEO of Tracy Cross & Associates: When we conducted our updated multifamily housing study for the City of Whitewater (published April 12, 2024), part of our competitive evaluation was to assess vacancies among relatively new/newer market-rate, non-student oriented rental housing communities *of scale, i.e., those containing at least 25 total units constructed since 2000 in the defined Whitewater Market Area, which includes the city of Whitewater. These developments are outlined in a table on the bottom of Page 8 of the report (Page 10 of the PDF). See attached. In each instance, we confirmed with property management that the actual tenant base was market rate, i.e., non-student. In fact, among the group, only Springbrook mentioned that they might get one or two students a year, but that the majority of their tenant base was non-student.....as footnoted in the table. Each other community reported full non-student tenant bases..*

5. Breaking down what services and what parts of our quality of life or life safety services are non-levy supported?

A. I refer this question to City of Whitewater staff as each community chooses to support different initiatives through support of their tax levy.

6. 7-10th of the .7 vacancy rate, like to see more data on where that's coming from?
- A. From Erik Doerschling, President & CEO of Tracy Cross & Associates: Again, please review the table on the bottom of Page 8 of the attached report (Page 10 of the PDF), to see the specific vacancies of each non-student development at the time of our survey. Collectively, this group was reporting an overall 0.7 percent vacancy. More importantly, five of the six developments surveyed reported 100 percent occupancies (zero vacancies) with waiting lists.
- I also encourage you (and others) to look at the table on the Bottom of Pag 9 (Page 11 of the PDF) to review the overall vacancy rate among new/newer non-student apartment communities of scale in areas just outside the defined Whitewater Market Area. Here, too, vacancies were extremely tight at just 1.1 percent, which also reflected several developments with 100 percent occupancies and waiting lists.
7. Surrounding areas have people opening businesses there because they said the school district is growing, can we have more data in terms of the surrounding area in terms of how we can get something like that to happen and how that works with housing?
- A. The growth of the school district doesn't directly affect the opening of businesses. That said, a growing school district is an indication of an increase in population. The unemployment rate in Jefferson County in December, 2024 was 2.6% and 2.5% in Walworth County. All employers take workforce availability into account when deciding to locate their business in a community. It is important for the City to determine the type of business growth they're interested in – are they focused on employers that offer family sustaining wages or retail and service industries that support a higher quality of life? I would suggest that there is a balance between the two but that attracting employers which offer higher wages will result in more disposable income, attracting retailers and service businesses. If this question is specifically about attracting retail, there is a saying "retail follows rooftops". Primary drivers for retailers include location and accessibility, demographics and target audience, competition and market saturation, proximity to suppliers and logistics and cost analysis.
8. Are there any other Wisconsin college communities that are doing anything to keep students past student life? And if they are, what are they doing to do that and can we mimic any of that?
- A. Here is an article in Forbes that describes why Milwaukee is one of the "Best Cities for College Students and Graduates 2025": <https://www.forbes.com/advisor/education/online-colleges/best-cities-college-students-graduates/>. The article highlights that the best cities for college students and graduates feature high-quality education and housing opportunities, diverse food and entertainment options, and favorable employment conditions. I also found the following article which offers some additional suggestions: <https://www.architecturaldigest.com/story/best-and-worst-us-cities-for-recent-college-graduates?utm>.
9. What is the median age without the college students?
- A. The U.S. Census doesn't break out the population by students / nonstudents.

10. If 50% of household have a median income of less than \$50,000, do you know what that household income would be without the students?
- A. [The U.S. Census doesn't break out the population or median income by students / nonstudents.](#)

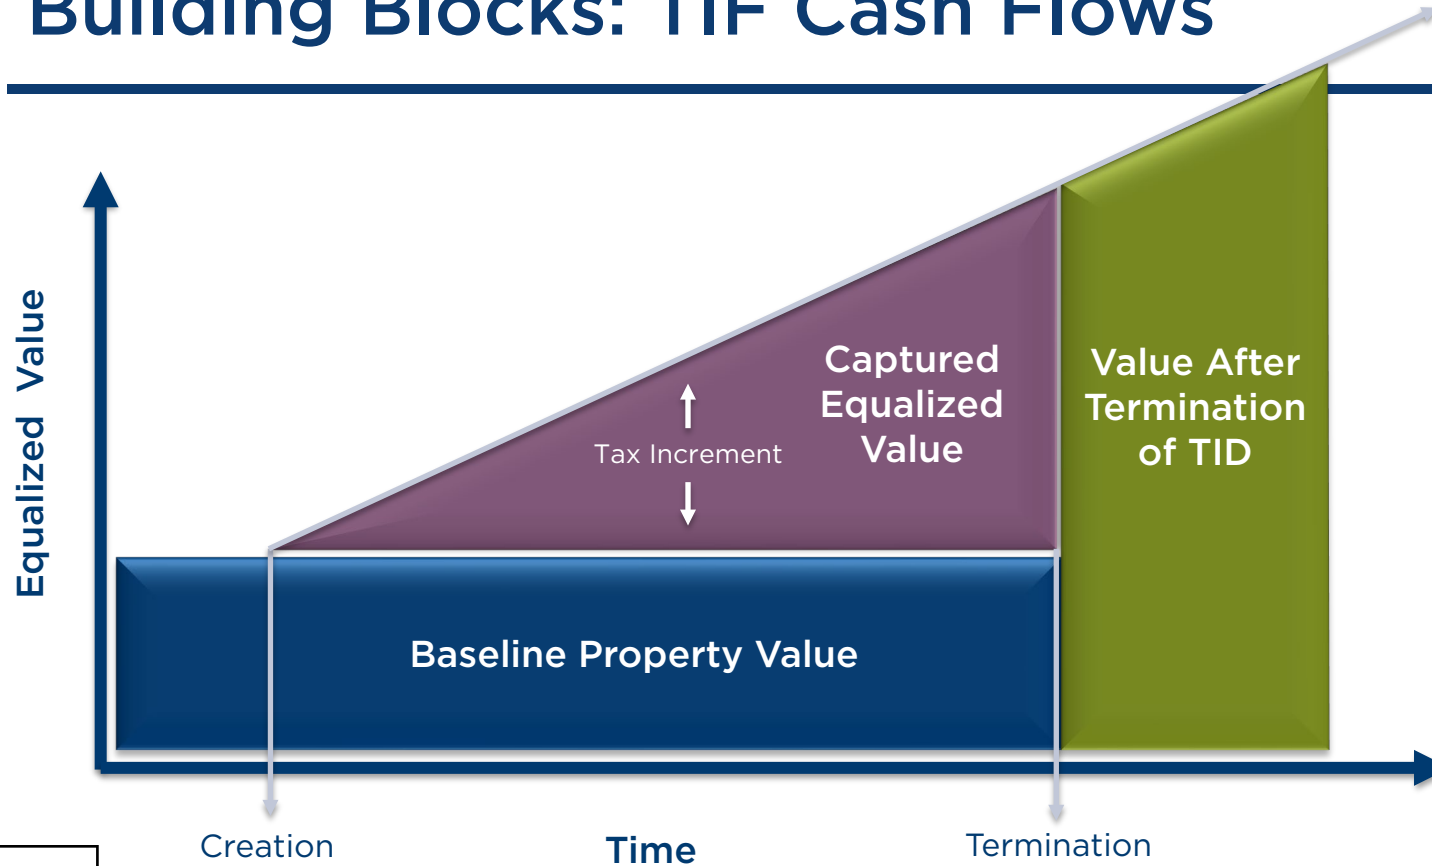

Myth Busters!

Tax Increment Financing Demystified

What is Tax Increment Financing?

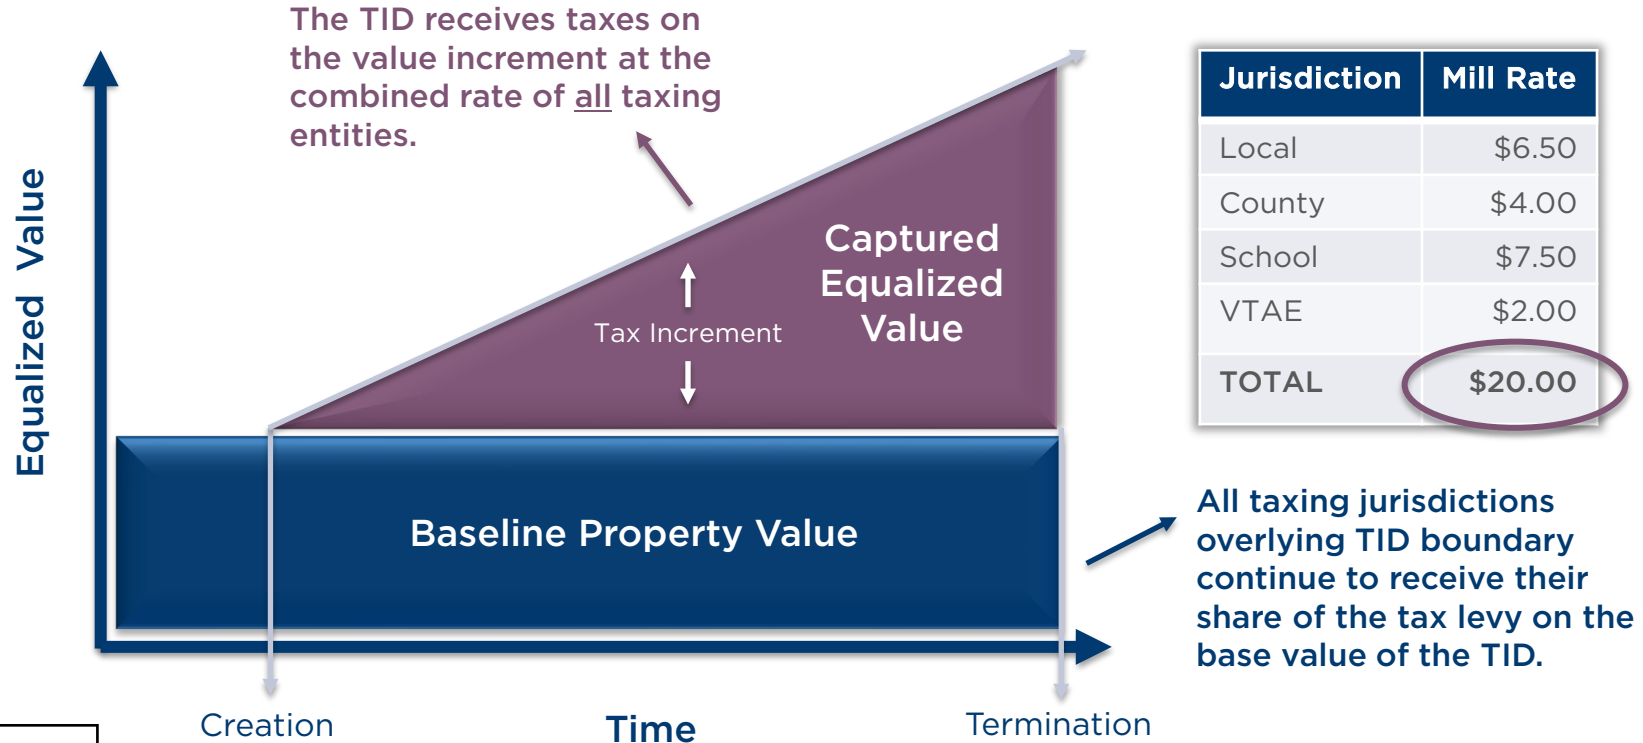

- Key acronyms:
 - ✓ TIF = Tax Increment Financing (*the tool*)
 - ✓ TID = Tax Increment District (*where the tool is used - boundary*)
- Powerful economic development tool
- Allows municipalities to capture **incremental property tax revenue** from tax base ***growth*** in defined area & use it to **benefit** that area

Building Blocks: TIF Cash Flows

Item 17.

Building Blocks: TID & Tax Levies

Item 17.

The “But-For” Test

What is it? Why is it important?

What is proposed would not occur “but for” creation of TIF district & use of tax increment financing

TIF district is economically feasible: district projected to produce sufficient revenue to recover all costs

Economic benefits justify investment: housing, employment, needed infrastructure, other benefits in addition to increased tax base

The “But-For” Test, Continued...

Joint Review Board

- Includes member from each primary taxing entity along with a public member
- Makes “a positive assertion, in its judgement” that required statutory findings have been met

Important for municipalities to use TIF judiciously & ensure compliance with statute

- Some misperceptions we will discuss may be true where tax increment financing is abused or misapplied

Myth...

The but-for test requires municipalities to prove nothing would ever develop in the proposed TIF area.

Reality...

- Wis. Stat. 66.1105(4m)(c)1.a.: Whether *the development expected* in the tax incremental district would occur without the use of tax incremental financing
- The local jurisdiction & the JRB do not need to find that no development will occur absent TIF, only that *the development expected* will not occur (*i.e., what is specifically being proposed at the time of TID creation & amendment*)
- TIF can be used to incentivize development the community desires to see, even if a lesser quality development might occur on a site without TIF

Myth...

The but for test is a required statutory finding for every TIF-eligible project.

Reality...

- The but-for test is only applied at the time of TID creation & amendment
- Need not be applied to individual projects
- Is reasonable & appropriate to consider as a policy matter when reviewing requests for public assistance

Myth...

TIF is only intended for blighted areas.

Item 17.

Reality...

There are
five
permitted
TID types
under
state
statute

- Blighted area
- In need of rehabilitation or conservation
- Industrial development
- Mixed use
- Environmental remediation

The background of the slide is a dense, overlapping collage of various US dollar bills, including \$1, \$2, \$5, and \$100 denominations. The bills are oriented in different directions, creating a textured, financial-themed backdrop.

Myth...

TIF is just a windfall for developers.

Reality...

Municipalities
may need to
invest in
public
infrastructure
to provide
services
required for
supporting
development

- If not paid from TIF, taxpayers/ratepayers bear the burden of this cost to make site ready for development

Reality...

The type of development municipalities encourage is often not economically feasible for a developer to pursue without public participation

- Purchase prices or rents the market can support not aligned with costs to construct & deliver desired product
- Land costs, site conditions, demolition, fill, structured parking, desired amenities & other costs of development can create a gap that can't be filled via private lending
- Developers & investors cannot be expected to proceed unless they receive a fair risk adjusted return on their investment

Reality...

Important
that
assistance be
provided only
to the level
needed to
generate a
fair return

- Review of project sources and uses, construction costs, projected rents, vacancy assumptions, terms of financing, developer fees, cash flow projections, etc.
- Municipality should seek external assistance where needed to undertake appropriate due diligence when considering public financial participation via TIF

Myth...

TIF increases property taxes.

Reality

- Municipality & all other taxing jurisdictions levy generally applicable property tax
- Total levy amount divided by total TID out assessed value generations a real property tax rate expressed in \$/\$1,000 of value (mill rate)
- Tax rate is applied to value captured in TIDs & total amount of tax increment is collected by the municipality
- Total tax increment apportioned to individual TIDs pro-rated by respective value increment

Reality

- All taxpayers pay the same rate regardless whether the property is in or out of a TID
- It's where the tax revenue goes & what it can be used for...

Supports GF Expenditures
Municipal Levy Only

TIF-Eligible Expenditures
All Jurisdiction's Levies

More Reality...

- It is **TRUE** that new construction within TIDs provides for a permanent increase in a municipality's unadjusted, allowable levy
 - ✓ Assuming a municipality is levying to its permitted maximum amount, it is true properties outside of TIDs bear cost of operating budget
 - ✓ Principal argument of the MacIver Institute in their 2019 piece "Analysis: Tax Incremental Financing in Wisconsin"
- If successful, TIDs subsequent closure can result in reduction of local tax rate, as larger levy amount is spread across a tax base that increases by a greater percentage

Real(ity)-Life Example

City of Verona, Wisconsin: TID No. 7 (Epic)

| | 2016 Budget (Actual) | 2017 Budget (12.05% Increase) | Percentage Change |
|-------------------------------|-------------------------|----------------------------------|----------------------|
| City Tax Levy | \$10,713,828 | \$12,0047,844 | 12.05% |
| TID Out Equalized Value | \$1,630,844,600 | \$2,023,979,500 | 24.11% |
| Equalized Tax Rate/\$1,000 | \$6.57 | \$5.93 | -9.71% |

Myth...

TIF diverts needed property tax revenue.

Item 17.

Reality...

- If development within TIF district would not have occurred, those tax revenues would not have been realized
- All taxing jurisdictions receive their full operating levy amount
 - ✓ if the property value within TIDs was available to spread the levy across, it would lower the tax rate as opposed to generating additional revenue

Myth...

TIF takes money away from schools.

Item 17.

Reality...

- TIF detractors often cite reduced revenues for schools as reason to oppose
- Based on school funding formulas, TIF is generally revenue neutral for most districts

More Reality...

**School districts
operate under
revenue limits, with
revenue coming
from a combination
of property taxes &
state aid**

- Whether or not there are TIDs within a school district does not impact total revenue, just the origin
- Where TIDs are present, Districts receive more in aid payments, less in property tax
- When a TID closes, state aid payments decrease & revenue from property taxes increases, leaving same amount of total revenue
- Schools can also benefit from distribution of excess increment upon termination of a TID

Final Thoughts

- Follow best practices when creating a TID can help debunk TIF myths
 - ✓ Use TIF judiciously to achieve community development goals
 - ✓ TIF is not an entitlement, even if need is demonstrated
- Ensure character of TID meets the statutory framework & be sure to document
- Substantiate reasons why expected development will not occur without TIF
 - ✓ Taking developer's word is not good enough!
 - ✓ Undertake due diligence to determine the appropriate form & amount of TIF assistance

Important Disclosures

Ehlers is the joint marketing name of the following affiliated businesses (collectively, the “Affiliates”): Ehlers & Associates, Inc. (“EA”), a municipal advisor registered with the Municipal Securities Rulemaking Board (“MSRB”) and the Securities and Exchange Commission (“SEC”); Ehlers Investment Partners, LLC (“EIP”), an SEC registered investment adviser; and Bond Trust Services Corporation (“BTS”), a holder of a limited banking charter issued by the State of Minnesota.

Where an activity requires registration as a municipal advisor pursuant to Section 15B of the Exchange Act of 1934 (Financial Management Planning and Debt Issuance & Management), such activity is or will be performed by EA; where an activity requires registration as an investment adviser pursuant to the Investment Advisers Act of 1940 (Investments and Treasury Management), such activity is or will be performed by EIP; and where an activity requires licensing as a bank pursuant to applicable state law (paying agent services shown under Debt Issuance & Management), such activity is or will be performed by BTS. Activities not requiring registration may be performed by any Affiliate.

This communication does not constitute an offer or solicitation for the purchase or sale of any investment (including without limitation, any municipal financial product, municipal security, or other security) or agreement with respect to any investment strategy or program. This communication is offered without charge to clients, friends, and prospective clients of the Affiliates as a source of general information about the services Ehlers provides. This communication is neither advice nor a recommendation by any Affiliate to any person with respect to any municipal financial product, municipal security, or other security, as such terms are defined pursuant to Section 15B of the Exchange Act of 1934 and rules of the MSRB. This communication does not constitute investment advice by any Affiliate that purports to meet the objectives or needs of any person pursuant to the Investment Advisers Act of 1940 or applicable state law.

1. Would like more info about Nostalgia Housing. Any thought on being more flexible with the TIF/TID?

Part A - If what is meant by nostalgia housing is either targeting older housing with rehabilitation incentives and resources, WHEDA has some resources for that. See WHEDA links below. If what is meant by that is for communities to consider neighborhoods with more density and smaller building sizes like in the 50s and 60s, that's one of the concepts we are working through with Tracy Group in Genoa City with a 62-single family home development.

Part B – with respect to flexibility with TID/TIF for housing, we are seeing more communities use this tool for various types of housing. But, I think it's important to have financial consultants like Ehlers or Baird provide more of the guidelines of what is possible or not or what they are seeing in various areas. Phil Cosson from Ehlers was one of the panelists at WCEDA's housing summit in September 2023. He had some good examples of what he has been seeing in the eastern part of the state, including Sheboygan and Washington Counties. It might be useful to reach out to him with specific questions. PCosson@ehlers-inc.com

2. Would like more info on the Youth Build program.

There are other YouthBuild programs around the country, but Elkhorn's Career and College Academy (CCA) established a program three years ago with the help of a sizable grant and built its first home in Whitewater. Chris Trottier has been a driving force for this program and has partnered with Habitat for Humanity. He has also been working to get more of the high schools around Walworth County involved and would like to continue to grow the program. For more details and contact information, go to this link:

<https://cca.elkhornschoools.org/o/cca/page/youthbuild>

3. Would like more info on what Sheboygan and Washington Counties are doing with their housing crisis.

On a regular basis, more and more counties are looking into what they can do to foster more affordable housing. The three leaders have been Washington County, Sheboygan County, and Jefferson County. Part A - Washington County developed an initiative they call Next Generation Housing. There were three initial goals: 1. Providing 1,000 new owner-occupied housing units in Next Generation Housing developments with 40% being sold for under \$340,000, 80% under \$360,000, and 100% under \$420,000, including home and lot/site, by 2032. 2. Overcoming barriers to home ownership for our next generation. 3. Satisfying the basic need of obtaining

quality homes within 30% of household income. For more details, see attachments and go to this link:

https://www.washcowisco.gov/departments/community_development/next_generation_housing For more information, contact Debra Sielski, deb.sielski@washcowisco.gov

Part B – Sheboygan County housing movement started with the partnership with four family-owned businesses who contributed \$2,500,000 each to the housing movement. These businesses recognized the housing gap affecting the workforce they needed and could not attract. They contributed to this project as a step to increase employment in the county. The following link is to a news story that talks about this initiative. Also, you can find more information at this link: <https://www.someplacebetter.org/homes/> Or, you can contact Brian Doudna, doudna@sheboygancountyedc.com

4. Likes the idea of rehabbing older homes, how can the city support people who need to rehab. What is Walworth County doing to attract more employers for more jobs to fill the housing we are building?

Part A - In terms of resources for home rehabilitation, there are a few federal and state programs that may be useful; however, sometimes the guidelines and restrictions can be discouraging or undesirable. WHEDA has a few programs, and one of their new ones is a home repair program for owner-occupied homes. This is called the More Like Home Repair and Renew program. The home must be at least 40 years old. There are income restrictions, a \$50,000 limit and work must be completed by a licensed contractor. These loans are made through local banks, credit unions and mortgage brokers that partner with WHEDA. Visit this link for more information: <https://www.wheda.com/homeownership-and-renters/homeowners/homeowner-programs> This webpage also links to WHEDA's Home Improvement Loan Program (HILP) which is similar. WHEDA also has home renovation funds as part of an owner-occupied mortgage, which is the WHEDA Advantage Conventional Homestyle Renovation Loan. Information can be found here: <https://www.wheda.com/homeownership-and-renters/home-buyers/available-programs> The WI Department of Administration offers some programs that utilize CDBGF funding: <https://energyandhousing.wi.gov/Pages/Home.aspx> The USDA also has some homeowner repair loans/grants: <https://www.rd.usda.gov/programs-services/single-family-housing-programs/single-family-housing-repair-loans-grants/wi> Take Root Wisconsin is another resource that serves Walworth County. Details can be found at following link: <https://www.co.columbia.wi.us/columbiacounty/accounting/Accounting-Home/Housing/Southern-Housing-Region-Program> **Part B** – most site selectors and companies looking to locate somewhere else look at workforce availability and preparedness and geographical proximity to customer base. Increasingly, the Midwest is becoming more desirable because of the lack of environmental catastrophes. Due to the county's limited economic

development resources, we have invested time into strengthening partnerships with economic development partners at the local, state, and regional levels. These partnerships include all the chambers and visitors bureaus in the county. We have also invested time into keeping our website and communications up to date and relevant. We do business education events across the county to keep ourselves in front of businesses and remind them that we are here to help them grow and expand. We also proactively reach out to larger employers to see what their plans are for the future and if we can help them in any way. Throughout the year we get steady leads from Wisconsin Economic Development Corporation, Milwaukee 7, Chambers and Visitors Bureau, events, company visits, and our website. We are excited to be able to roll out a recruitment portal sometime in the next few months, which we will pay to drive traffic to the site to help connect job seekers with local career opportunities. The campaign will also encourage workers and business owners to relocate to Walworth County. We will also be adding a Deputy Director sometime this year that will help us meet with more local businesses and conduct some targeted businesses south of the Wisconsin border.

5. Would like to know why the city is offering 85-90% TIF funding to developers.?

City of Whitewater staff needs to answer this question

6. How many and what cities have 60-70% rentals in their communities?

In our general region, the City of Whitewater, the Village of West Milwaukee, and the City of Platteville have renter-occupied housing rates above 60%. Here are rates for some other cities, Beloit (41%), Janesville (33.5%), Madison (53.4%), Oshkosh (45.6%), River Falls(41.3%). I've attached a spreadsheet with all the villages and towns in the state by county of renter housing percentages.

7. Why the apartment plans were not know to the Whitewater citizens?

City of Whitewater staff needs to answer this question

“I’m extremely excited that Washington County is moving forward on the Next Generation Housing Initiative. I believe it will help many achieve homeownership while still living within their means. We just want a small, new home with a small yard to call our own. We’d finally have our own space. Everyone deserves a chance to feel proud of owning their own home. I hope someday we’ll be able to feel that sense of accomplishment! Thank you for creating this initiative as it could help pave the way for a new housing revolution that’s been sorely needed in Wisconsin.”

- City of Hartford resident

Definitions

| | |
|---|---|
| Builder | An entity that constructs homes within Next Generation Housing developments or projects. |
| Infill Development | A Next Generation Housing project that consists of owner-occupied homes/units and are constructed within the requirements of the NGH Initiative that is not a NGH Pilot Development. This could consist of a small subdivision or a part of a larger development. |
| Developer | An entity that will be developing a site within the Next Generation Housing parameters. |
| Development Agreement | A voluntary contract between a local jurisdiction and a private entity that details the obligations of both parties and specifies the standards and conditions that will govern development of the property. |
| Infrastructure | The construction, installation, or development of public utilities or energy distribution in a NGH development. This can include but is not limited to roads, sewer, water, sidewalks, grading, WE Energies. |
| Memorandum of Agreement (MOA) | A signed voluntary agreement between the County and participating entity that outlines the Next Generation Housing |
| Multi-Family | An owner-occupied housing unit comprised of three units or more that follows state code. This could be owner-occupied rowhouse, town house, condominium or manufactured building. |
| Next Generation Housing (NGH) | A Washington County initiative that aims at creating more attainably priced housing. |
| Next Generation Housing Committee/Coalition (NGHC) | A Washington County advisory committee of local government representatives, Washington County Board Supervisors, economic development entities, Chambers of Commerce, and the Department of Workforce Development that will guide the Next Generation Housing Initiative and provide advisory recommendations to the Washington County Executive Committee. |

Owner-Occupied Housing

A dwelling where the occupant owns the home in which they live and holds the title. This can be a single-family house, townhouse or condominium and is their primary residence.

Partnership

Participating local governments that have an executed Memorandum of Agreement in place with Washington County.

Pilot Developments

A development within Washington County that will construct owner-occupied housing through the Next Generation Housing Initiative. This development can be in partnership between a local government and a private developer/builder or the development can be lead by the local government.

Project Management Team (PMT)

A group of individuals that have a role in the success of a NGH development or project. Entities involved include Washington County Community Development staff, local government representatives, and other professionals required to implement a development.

Start-Up Funds

Funding designated to Next Generation Housing projects that prepare a site for development.

Tax Increment Financing District (TID)

A financing option that allows a municipality to fund infrastructure and other improvements, through property tax revenue on newly developed property. Tax Increment Financing Districts (TIDs) describe the specific boundaries of the area.

Washington County Executive Committee

A standing committee of the Washington County Board of Supervisors made up of County Board leadership. The committee reviews and considers funding requests from the Next Generation Housing Committee. The Washington County Executive Committee has final authority to make all funding decisions on behalf of the program. All decisions are final.

Introduction to NGH 2.0

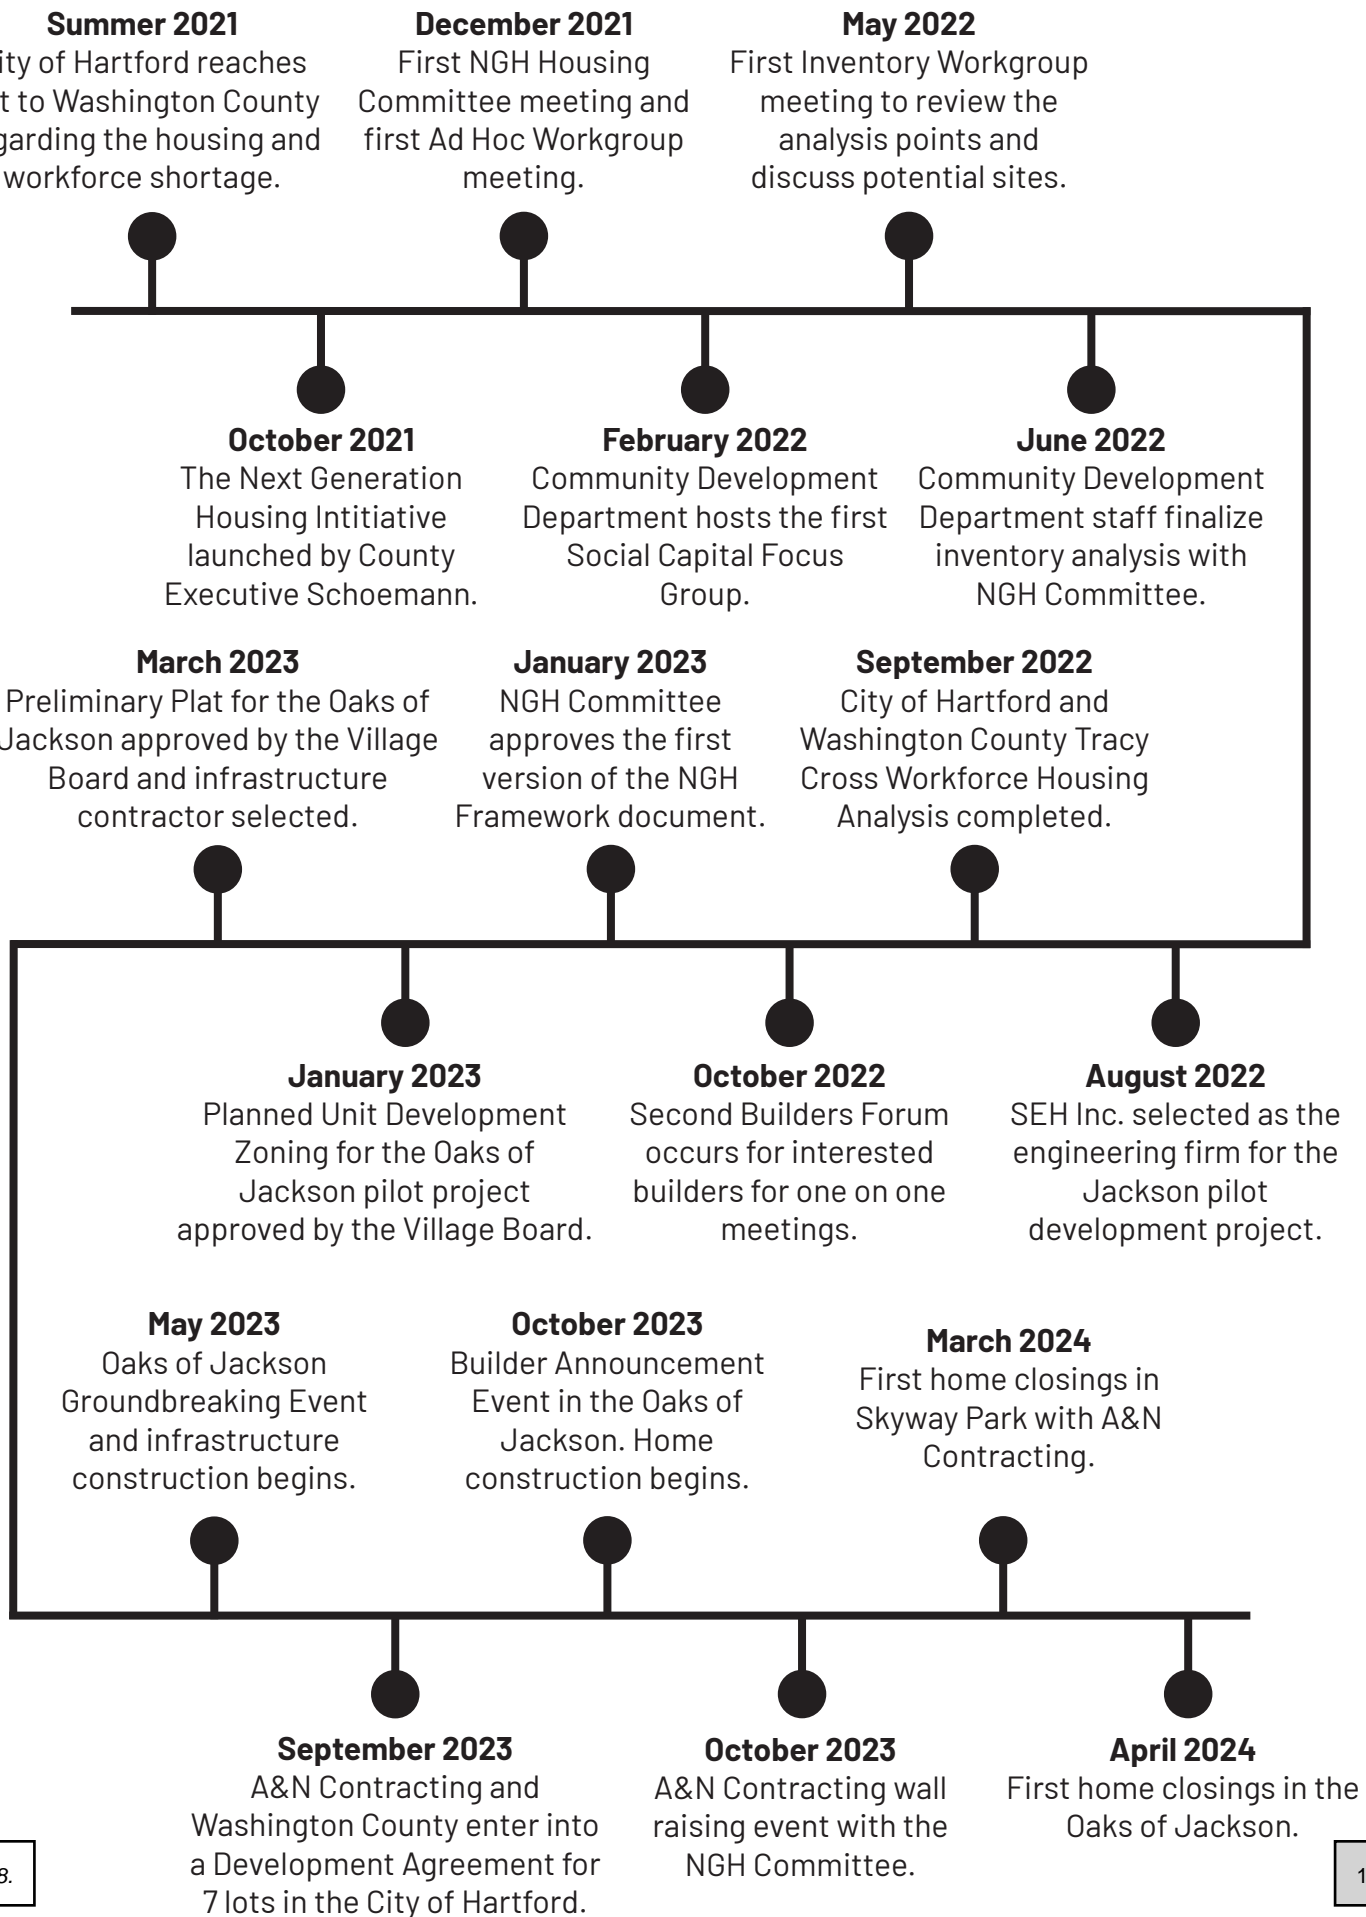

The Next Generation Housing (NGH) Initiative was launched on October 7, 2021 as part of the Washington County Our Great Community Campaign. The Washington County Executive, Josh Schoemann, recognized the need for high quality attainable housing and established this Initiative to create more owner-occupied housing in Washington County.

In January 2023, the Next Generation Housing Framework was approved by the County Executive Committee which guided the development of over 100 new owner-occupied housing units in the Oaks of Jackson, Village of Jackson and Skyway Park, City of Hartford. The original NGH price points required that 75% of owner-occupied housing units sell for under \$320,000 and 100% sell under \$420,000, including home and lot/site. For multi-family NGH developments, builders could opt to have all owner-occupied units sell for under \$345,000. Since these price points were established in 2021, the increasing costs of land acquisition, home construction, and other market factors have made it difficult for builders to reach the \$320,000 price point.

In January 2024, a Price Point Analysis was completed by the Community Development Department which evaluated interest rates and incomes, housing studies, deed restrictions, land costs and property values, builder cost increases, and nationwide housing data. This Next Generation Housing 2.0 Framework evolved out of the need to adjust to market trends and provide new funding mechanisms to reach our goal. Next Generation Housing 2.0 provides updated price points and additional funding mechanisms for local governments, developers and builders to achieve our goal of creating 1000 new owner-occupied housing units with 40% sold under \$340,000, 80% sold under \$360,000, and 100% sold under \$420,000, including home and lot/site, by 2032. For multi-family only NGH developments, builders can opt to set all owner-occupied dwelling unit sale prices at under \$350,000.

What started as an idea has gained momentum throughout the County, with support by local governments, businesses, chambers of commerce, lenders, realtors, builders, non-profit organizations, and residents interested in obtaining reasonably priced homes in the communities in which they work. The Community Development Department has been working diligently with the Next Generation Housing Committee, the County Executive Team, builders, municipalities, and other important stakeholders (including bankers, realtors, developers, and attorneys) to design the foundational structure of Next Generation Housing and establish the Framework for implementation. The Framework details how Washington County and partnering local governments will achieve the goal of providing housing opportunities for working individuals and families to grow their roots in the County and build equity through home ownership. From establishing the potential development sites through the inventory analysis, reaching the first home sales in 2024, and creating a sustainable funding source for the Initiative, this Framework is a major steppingstone in achieving Next Generation Housing.

Next Generation Housing Timeline

Public Purpose

Community leaders, employers, and employees have long expressed concerns over the perceived housing inventory and affordability in Washington County. The workforce shortage, compounded with the high cost of living within Washington County, is stretching the workforce thin. With rising home and construction costs, the workforce is struggling to save money and purchase homes.

A 2022 study by Tracy Cross & Associates, based on income, found that there is a disconnect between the housing demand and new residential construction for sale: ([View the full Tracy Cross Study](#))

- The study identified the demand for new construction housing in Washington County is largely concentrated at price points below \$350,000, which corresponds with the mainstream / workforce of the market. However, the majority of new construction offerings in the market are concentrated at prices above \$350,000.
- This large disparity between new construction price points and income reflects the reality that a different approach must be taken for the introduction of new for sale housing in Washington County. This new approach requires all stakeholders working collaboratively to develop creative and innovative solutions.

A CURRENT DISCONNECT IN WASHINGTON COUNTY'S FOR SALE SECTOR

| Price Range | For Sale Housing Demand (Based Upon Current Incomes) | | Qualitative Distribution of New Construction Residential Closings ⁽¹⁾ | |
|-------------------|---|--------------|---|--------------|
| | Number | Percent | Number | Percent |
| Under \$200,000 | 38 | 9.0 | --- | --- |
| 200,000 - 249,999 | 80 | 19.0 | 8 | 3.5 |
| 250,000 - 299,999 | 71 | 16.9 | 26 | 11.5 |
| 300,000 - 349,999 | 46 | 11.0 | 31 | 13.7 |
| 350,000 - 399,999 | 39 | 9.3 | 51 | 22.5 |
| 400,000 - 449,999 | 30 | 7.1 | 50 | 22.0 |
| 450,000 - 499,999 | 25 | 6.0 | 29 | 12.8 |
| 500,000 - 549,999 | 19 | 4.5 | 10 | 4.4 |
| 550,000 - 599,999 | 16 | 3.8 | 6 | 2.6 |
| 600,000 & Above | 56 | 13.3 | 16 | 7.0 |
| Total | 420 | 100.0 | 227 | 100.0 |
| Median | ----- \$323,181 ----- | | ----- \$397,332 ----- | |

Figure 1 Image of the Current Disconnect in Washington County's for Sale Sector.

Other research has identified the need for increased supply of mainstream housing:

- Neighborhoods with owner presence, having a variety of owner-occupied housing types thrive and allow entry level homeowners to build wealth which assists in upward mobility.¹
- The total number of jobs within Washington County is expected to increase by about 37% by the year 2050, as stated in the Multi-Jurisdictional Comprehensive Plan for Washington County: 2050. To account for the anticipated growth of jobs in the community, housing affordability concerns are a top priority.

Housing Affordability

Next Generation Housing 2.0 strives to increase the housing supply in the missing middle housing market with a goal of providing quality homes within 30% of the median household income. The 2022 median household income in Washington County was \$91,915.³ Working with a local lender, the following was determined based on a conventional 30-year fixed rate mortgage at 6.500% with a 5% down payment, the housing ratio of 30% of gross monthly income, a minimum credit score of 740 and includes private mortgage insurance.

- Purchase price of \$250,000 – requires a household income of \$80,040/year
- Purchase price of \$275,000 – requires a household income of \$87,251/year
- Purchase price of \$300,000 – requires a household income of \$96,055/year
- Purchase price of \$325,000 – requires a household income of \$103,460/year
- Purchase price of \$340,000 – requires a household income of \$107,663/year
- Purchase price of \$350,000 – requires a household income of \$111,065/year
- Purchase price of \$375,000 – requires a household income of \$118,669/year

The following was determined based on a conventional 30-year fixed rate mortgage at 6.500% with a 5% down payment, the housing ratio of 36% of gross monthly income, a minimum credit score of 740 and includes private mortgage insurance.

- Purchase price of \$250,000 – requires a household income of \$66,600/year
- Purchase price of \$275,000 – requires a household income of \$72,720/year
- Purchase price of \$300,000 – requires a household income of \$80,400/year
- Purchase price of \$325,000 – requires a household income of \$86,208/year
- Purchase price of \$340,000 – requires a household income of \$89,712/year
- Purchase price of \$350,000 – requires a household income of \$92,544/year
- Purchase price of \$375,000 – requires a household income of \$98,892/year

As of January 2024, the dual income household making \$25 per hour will make a gross annual income of \$104,000. At 30% of household income, they could afford a home just under \$340,000 (between \$325,000 and \$340,000).

The Next Generation Housing Committee will complete a bi-annual review of the price points and may recommend to the Washington County Executive Committee an adjustment to the price limits based on current market trends.

NGH Goals

On October 7, 2021, the Washington County Executive announced the Our Great Community Campaign and the creation of the Next Generation Housing Initiative and Coalition. The Our Great Community Campaign is aimed at preserving and promoting Washington County values and the authentic quality of life within the community. The vision for the Our Great Community Campaign is a place where businesses and individuals are connected to one another through trusting networks and common values in service to each other.

Next Generation Housing Initiative

Navigating housing opportunities, providing attainable housing options and building a diverse housing population.

Goals

- Providing 1,000 new owner-occupied dwelling units in Next Generation Housing developments with 40% being sold for under \$340,000, 80% under \$360,000, and 100% under \$420,000, including home and lot/site, by 2032.
- Overcoming barriers to home ownership for our next generation.
- Satisfying the basic need of obtaining quality homes within 30% of household income.

The Next Generation Housing Initiative continues to change lives and make a positive impact in Washington County with a wide range of benefits related to *Economic Growth & Vitality* and *Safe and Secure Community Goals* by creating and establishing housing developments that allow the workforce to grow roots and establish strong relationships within the community. The Next Generation Housing Initiative seeks to overcome barriers to home ownership through the deployment of County funds and resources.

Key Components

Next Generation Housing Price Points have been adjusted based on increasing costs of land acquisition, home construction, and other market factors. Next Generation Housing 2.0 Framework evolved out of the need to adjust to market trends and provide new funding mechanisms to reach our goal. The following outlines key components of NGH 2.0:

Prohibited Use of Eminent Domain:

No land shall be utilized for Next Generation Housing that has been obtained through eminent domain by a local government, Washington County or State of Wisconsin.

Price Point Requirement:

- All NGH developments shall provide owner-occupied dwelling units with 40% sold under \$340,000, 80% under \$360,000, and 100% under \$420,000, including home and lot/site.

- For Next Generation Housing developments comprised of only multi-family owner-occupied units, it may be difficult to provide variations of amenities and floor plans. Therefore, multi-family only Next Generation Housing developments may opt to set 100% of owner-occupied dwelling unit sale prices at under \$350,000. Builders constructing multi-family only developments have the option to utilize the original tiered Next Generation Housing price points. This provides two pricing strategies for multi-family only developments.
- These price points apply to all development scenarios outlined below.
- At the discretion of the Washington County Executive Committee with review from the Next Generation Housing Committee, there may be consideration for minor exceptions to the Next Generation Housing price points. This will allow for a discussion of minor variations in the allocation of price points within the Next Generation Housing Initiative on a project-by-project basis. A written explanation shall be provided by the requesting entity describing the unusual circumstances, unique conditions of the property, and unnecessary hardship in the infrastructure development or home construction that would warrant the consideration of price point exceptions. The County Community Development Department will review the request and make the initial determination to move the request forward for committee review and consideration.

\$20,000 NGH Fund Incentive with Lien:

- Washington County is providing \$7.65 million for Next Generation Housing developments through the Next Generation Housing Fund. Funds will be allocated based on a maximum of \$20,000/owner-occupied dwelling unit. This Incentive to the local government, developer or builder acts as a 0% loan for land acquisition, engineering studies, infrastructure construction and other eligible expenses. See Project Eligibility Section below.
- A \$20,000 lien will be recorded on each owner-occupied dwelling unit at the time the land is transferred to the builder/developer. The lien will be satisfied, and funds returned to the County as part of the home closing. Funds returned to the County will fund future Next Generation Housing developments. Exhibit C details the process for the property lien.
- Sale price of homes shall include the \$20,000 NGH Fund Incentive. For example, builders must construct a home/lot package for \$20,000 less than the sale price:
 - Home/Lot Package <\$320,000 + Co. NGH \$20,000 = <\$340,000 Sale Price
 - Home/Lot Package <\$340,000 + Co. NGH \$20,000 = <\$360,000 Sale Price
 - Home/Lot Package <\$400,000 + Co. NGH \$20,000 = <\$420,000 Sale Price

Owner Occupancy Requirement:

- All Next Generation Housing dwelling units shall be owner-occupied
- All Next Generation Housing developments shall have a recorded Declaration of Protective Covenants that identifies that all homes remain owner-occupied in perpetuity.
- A model Next Generation Housing Declaration of Protective Covenants will be available for reference.
- An accessory dwelling unit located in a primary owner-occupied property is allowed.

Deed Restriction to Prevent Flip for Profit:

- In an effort to provide homes within the price point limits, it is anticipated that the sale prices may be under the fair market value based on discounts provided by the County, developers, builders, or local governments.
- It is reasonable to establish and require a mechanism to prevent “flip for profit” for a period of time after first owner occupancy. Each Next Generation Housing owner-occupied dwelling unit sold for under fair market value shall have a five-year deed restriction placed on the property at time of sale to the first homeowner after occupancy.
- As long as the original homeowner owns title to the property for a minimum of five years, there would be no restrictions. However, if the title changes hands in the first five years, the original or new owner of the home would be required to repay Washington County a portion of the profit of the sale or transfer. This amount is known as the Repayment Obligation.
- The Repayment Obligation is a percentage of the difference between the “Purchase Price” of the property and the “Fair Market Value” of the property. The Purchase Price of the property is recorded in the original purchase agreement between the homeowner and developer/builder. The Fair Market Value of the property is determined by a certified real estate appraisal at the time of purchase.
- The repayment percentages used to determine the Repayment Obligation are as follows:
 - Year 1 = 100%
 - Year 2 = 80%
 - Year 3 = 60%
 - Year 4 = 40%
 - Year 5 = 20%
- If a property is transferred in the first five years due to foreclosure or similar action, the Deed Restriction will terminate and will not apply to the purchaser of the property.
- Any Repayment Obligation returned to the County shall be returned to the developer, builder, local government or Next Generation Housing Fund as outlined in the deed restriction or repayment agreement.
- The deed restriction and repayment structure will be defined for each Next Generation Housing development by Washington County in partnership with the local government, developer or builder who provided the discounts. Washington County shall receive a minimum of 10% of the deed restriction amount to be paid back to the Next Generation Housing Fund.

100% Core Construction Permit Fee Incentive:

- Local governments, Developers or builders constructing Next Generation Housing owner-occupied units outside of a tax increment financing district (TID) or within a TID but not utilizing increment to reimburse the NGH Fund Incentive of up to \$20,000 per owner-occupied dwelling unit may be eligible for an Incentive that provides for 100% (up to \$6,000 per owner – occupied unit) of local government permit and inspection fees required for the safe and material construction of residential dwelling units. See Program Eligibility section for list of fees that apply.
- Washington County is providing \$600,000 through the Next Generation Housing Fund.

- This will be piloted on no more than three projects to track success before launching as a permanent program.
- Funds provided for the 100% of Core Construction Permit Fee Incentive will be part of a deed restriction placed on the home and earned over 5 years by the first homebuyer. If the home is sold within the first 5 years, a portion of the deed restriction is paid back to the County and funds are returned to the Next Generation Housing Fund. This deed restriction will have the same payback structure as currently outlined above.

Utilizing TID Increment:

- Washington County may negotiate with a local government and developer to utilize Tax Increment Financing District (TID) increment for the development of Next Generation Housing.
- A portion of the TID increment will reimburse the County Next Generation Housing Fund Incentive of \$20,000 per owner-occupied dwelling unit.
- For providing funds ahead of available increment, the TID shall provide annual payments of principal and interest according to the schedule and terms detailed within the negotiated Development and Intergovernmental Agreements.
- No NGH lien as described above would be placed on the dwelling units.
- The site would not be eligible to participate in the 100% payment of Core Construction Permit Fees.

Development Scenarios

Below are three different Next Generation Housing development scenarios that outline how the above Key Components can be utilized.

Scenario 1 – Local Government or Private Developer / Builder Not Utilizing TID Increment

- This scenario involves a Next Generation Housing development not utilizing TID Increment to reimburse the NGH Fund Incentive of up to \$20,000 per owner-occupied dwelling unit:
 - NGH Price Points apply
 - Owner-Occupancy Requirements apply
 - Eligible for \$20,000 NGH Fund Incentive – NGH Lien applies
 - Eligible for 100% Core Construction Permit Fee Incentive – NGH Deed Restriction applies for each unit
 - Eligible for NGH Deed Restriction based on local government, developer, or builder substantiated discounts to homebuyers
 - No lands shall be utilized for Next Generation Housing that have been obtained through eminent domain by a local government, Washington County or State of Wisconsin.

Scenario 2 – NGH \$20,000 Incentive Paid Back by TID Increment

- This scenario involves a Next Generation Housing development located within a TID and utilizing TID increment to reimburse the NGH Fund Incentive of up to \$20,000 per owner-occupied dwelling unit:
 - NGH Price Points apply
 - Owner-Occupancy Requirements apply
 - A portion of the TID increment will reimburse the County Next Generation Housing Fund Incentive of \$20,000 per owner-occupied dwelling unit.
 - For providing funds ahead of available increment, the TID shall provide annual payments of principal and interest according to the schedule and terms detailed within the negotiated Development and Intergovernmental Agreements.
 - Not eligible for 100% Core Construction Permit Fee Incentive
 - Deed Restriction can be utilized if County, local government, developer or builder substantiates direct price reduction discounts provided to homeowner
 - No NGH Lien necessary
 - No lands shall be utilized for Next Generation Housing that have been obtained through eminent domain by a local government, Washington County or State of Wisconsin.

Scenario 3 – County Owned Land

- This scenario involves a Next Generation Housing development located on County owned land. Washington County may purchase land with County Board approval to contribute to Next Generation Housing:
 - NGH Price Points apply
 - Owner-Occupancy Requirements apply
 - The value of the discounted land will be part of a Deed Restriction and earned over five years by the first homebuyer. The Deed Restriction will have the same structure as outlined above. If the home is sold within the first five years, a portion of the Deed Restriction is paid back to the County and funds returned to the Next Generation Housing Fund.
 - The development agreement between the County and the builders/developers will have provisions that the discounted land savings be passed on to the homebuyer. Appraisals will be completed by the County after land is subdivided to determine discount/deed restriction amount.
 - Not eligible for 100% Core Construction Permit Fee Incentive
 - Not eligible for \$20,000 NGH Fund Incentive
 - No NGH Lien necessary
 - No lands shall be utilized for Next Generation Housing that have been obtained through eminent domain by a local government, Washington County or State of Wisconsin.

Funding Background

Washington County is providing \$8.25 million for Next Generation Housing developments through the Next Generation Housing Fund. The following summarizes the Next Generation Housing Fund creation and background:

- The Washington County Board of Supervisors adopted 2022 Resolution 22 (Attachment A), which approved a \$7.5 million transfer from the General Fund for the Next Generation Housing Initiative.
- The United States Government passed the American Rescue Plan Act (ARPA) on March 11, 2021, establishing the Coronavirus Local Fiscal Recovery Plan, which is intended to assist local governments, including Washington County, in responding to the impact COVID-19 has had on the local community.
- Under the provisions of ARPA Washington County received \$26 million in recovery funds for economic and community recovery from the COVID-19 pandemic. ARPA guidance allows Washington County to use funds for the provision of government services to the extent of the reduction in revenues due to the COVID-19 public health emergency. These funds will be used to address the current and future issues pertaining to the declining workforce in Washington County and the declining population across the United States.
- On September 9, 2021, the Washington County Board of Supervisors adopted 2021 Resolution 43 (Attachment B), which accepted the \$26 million ARPA funds and resolved that the funds shall be administered consistent with the County's Grant Policy. Expenditures of the ARPA funds will be managed and reported through the County's financial system.
- In October 2023, a March 1, 2024 deadline was placed on the use of the NGH Startup Funds and Pilot Funds. No local governments provided evidence of substantive efforts toward the development of NGH developments. The NGH Funds that were allocated to Pilots, Initial Startup and Additional Startup have combined and are now available for any future funding requests by a local government, developer or builder.
- The Washington County Board of Supervisors approved an additional Next Generation Housing funding allocation of \$750,000 on November 8, 2023. A portion of these funds had been allocated to a project that has since declined the use of the funds. These funds are now available for any future funding requests by a local government, developer or builder.

Budget

There are two main components to the Next Generation Housing Fund available to local governments, developers and builders:

Next Generation Housing Developments - \$20,000/OODU (\$7.65 million)

- Proposed Next Generation Housing developments are eligible for funding at a maximum of \$20,000 per owner-occupied dwelling unit. Developers, builders or local governments within Washington County can request these funds.
- Funds will be allocated on a first come, first served basis with the condition that the development align with the Next Generation Housing Vision and Goals and meets the requirements outlined in this Framework.
- Eligible uses of funds include engineering services, planning services, surveying, environmental due diligence, land acquisition, infrastructure development, stormwater management, street trees, signs, lighting, municipal fees, permits and direct developer incentives.
- Each funding request will be considered through a separate approval process. Funding priorities will be determined based on development readiness as described in the Screening Checklist.
- The County and developer or builder will establish a development agreement outlining NGH requirements. If the developer is a local government, the NGH requirements will be outlined in a Memorandum of Agreement. If a local government, developer or builder is not able to satisfy the terms of the agreement, additional funding requests made by those entities may be denied at the discretion of the Washington County Executive Committee.
- ***Housing Related Planning Incentive – (At discretion of the County Executive Committee)***
 - Funding requests may be made for housing studies, adding Next Generation Housing components to local zoning ordinance updates, etc. These soft cost funding requests may be funded at the discretion of the County Executive Committee if deemed in the best interest of furthering the goals of Next Generation Housing.
 - These funds if approved, are a grant to the local government.

100% Core Construction Permit Fee Incentive (\$600,000)

- Proposed Next Generation Housing developments are eligible for funding 100% of Core Construction Permit Fees, up to \$6,000 per unit, that are required for the safe and material construction of residential units. Developers, builders or local governments within Washington County can request these funds.
- Funds will be allocated on a first come, first served basis with the condition that the development align with the Next Generation Housing Vision and Goals and meets the requirements outlined in this Framework.
- See Project Eligibility section for determining fees that apply.
- Each funding request will be considered through a separate approval process. Funding priorities will be determined based on development readiness as described in the Screening Checklist.
- The County and developer or builder will establish a development agreement outlining NGH requirements. If the developer is a local government, the NGH requirements will be outlined in a Memorandum of Agreement. If a local government, developer or builder is not able to

satisfy the terms of the development agreement, additional funding requests made by those entities may be denied at the discretion of the Washington County Executive Committee.

With the goal of providing 1,000 new owner-occupied dwelling units by 2032, and the innovative mechanisms utilized in Next Generation Housing, nearly all of the \$8.25 million County Incentive will be returned to the County. These funds will be reallocated back to fund future Next Generation Housing developments. Once the goal of 1,000 new dwelling units has been achieved, the remaining funds will be made available to the Heart & Homestead Incentive.

Washington County Next Generation Housing 2.0 Fund Budget

| Fund | Amount | Notes |
|---|------------------------|--|
| NGH Fund for Developments | \$ 7,650,000.00 | Development aligns with NGH Vision/Goals. Each request for funding is a separate approval process Funds available based on max. \$20,000/ODU -1st come/1st served* |
| 100% Core Construction Permit Fee Incentive | \$ 600,000.00 | Development aligns with NGH Vision/Goals. Each request for funding is a separate approval process. Pilot 3 NGH Developments for 100 units capped at \$6,000/NGH OODU - 1 st come/1st served |
| Total NGH Funds | \$ 8,250,000.00 | |

* These funds may be utilized for a Housing Related Planning Incentive at the discretion of the County Executive Committee

Project Eligibility

Eligible Expenses for NGH Developments– Next Generation Housing eligible expenses are limited to land, services, infrastructure and materials utilized for the creation of a Next Generation Housing development which include, but are not limited to:

- Engineering Services
- Planning Services
- Surveying
- Environmental Due Diligence
- Land Acquisition
- Infrastructure development (roads, sewer, water, sidewalks, grading, etc.)
- Direct Developer Incentives
- Stormwater management
- Street trees, signs, lighting
- Municipal fees and permits

Eligible Expenses for 100% Core Construction Permit Fee Incentive– Eligible expenses for the 100% Core Construction Permit Fee Incentive are limited to local government permit and inspection fees required for the safe and material construction of residential dwelling units as part of a Next Generation Housing development which include, but are not limited to:

- Plan review fee
- Building inspection fee
- Occupancy permit
- Electric, HVAC, Plumbing fee
- Erosion control permit
- Fire service impact fee
- Police service impact fee
- Sewer service connection fee
- Water service connection fee
- Other local government fees material to the safe construction of a residential dwelling unit

Local government fees not eligible for this Incentive include those impact and permit fees extraneous to the safe and material construction of a residential dwelling unit which include, but are not limited to:

- Park impact fee
- Deck permit fee
- Sidewalk fee
- Driveway apron/approach fee
- Mailbox fee
- Curb tree fee

Identification of the fees to be included in the 100% Core Construction Permit Fee Incentive will be determined by the County Community Development Dept. in consultation with the builder/developer and the local government. The fees to be included shall be identified in the

Screening Checklist provided to the Next Generation Housing Committee and County Executive Committee for review and approval.

Determining Initial Eligibility - All local governments, developers and builders requesting Next Generation Housing Funds are required to provide the following to the County Community Development Department to determine initial eligibility:

- Screening Checklist
- Allocation Request for Next Generation Housing Committee
- Relevant Proposals and Cost Estimates
- As applicable: land acquisition costs, site plans, house plans and concepts that confirm proposal meets Next Generation Housing Minimum Quality Standards and price points
- The County Community Development Department will determine initial eligibility on requested projects and finalize materials for Next Generation Housing Committee review.
- The Screening Checklist (See Attachment D) will be used to determine if the proposed Next Generation Housing project aligns with the vision and goals of the Next Generation Housing Initiative and therefore appropriate for Incentive by the Next Generation Housing Committee and Washington County. Eligibility will be based on the following:
 - Type of funding request
 - Potential to move a Next Generation Housing development forward
 - Alignment with definition of Next Generation Housing developments (new owner-occupied dwelling units sold in Next Generation Housing developments with 40% under \$340,000, 80% under \$360,000 and 100% under \$420,000, including home and lot/site, by 2032) or (owner-occupied multi-family only developments with units with 100% sold under \$350,000)
 - Local government, developer and/or builder has tools, time, and resources in place to make the site a priority
 - Development has existing infrastructure and is shovel ready for home building
 - Site owner readiness to housing development
 - Applicable local zoning or preliminary approvals/development agreement in principle established
 - Proposed development site substantially complies with the goals and Framework for NGH and is consistent in the development type
 - Consistency with local government future land use
 - Developer or builder current on obligations with all federal, state, and local government entities and be in good standing with the Wisconsin Department of Financial Institutions
 - Sewer and utility access
 - Consideration of complete financing
 - Other financial incentives available
 - Consideration of Site Complexity
 - Consideration of Environmental Conditions
 - Developer and/or Builder Engagement
 - Local Government, developer and/or builder contributions and support
 - If rentals are on site, willingness to subdivide property from site
 - That no land was obtained through eminent domain by a local government, Washington County or State of Wisconsin.

- If requesting 100% Core Construction Permit Fee Incentive, the identification of local government permit and inspection fees required for the safe and material construction of residential dwelling units
- For infrastructure development funding requests, all applicable preliminary plat and zoning approvals (local, County, State) and a development agreement in principle must be secured prior to requesting funding allocation and submitted to County Community Development Department. The County will request a Return on Investment (ROI) Impact Analysis to be completed by Economic Development Washington County (EDWC) prior to requesting funding allocation. This report will be shared with the Next Generation Housing Committee and County Executive Committee.

Project Approval Process

The review and approval process for Next Generation Housing funding proposals is as follows:

- Washington County Community Development Department will determine initial eligibility on requested funding proposals and finalize materials for Next Generation Housing Committee review.
- Each funding request will be considered through a separate approval process. Funding priorities will be determined based on development readiness as described in the Screening Checklist.
- The Next Generation Housing Committee will confirm project eligibility and provide advisory review of requested funding proposals with an advisory recommendation to the Washington County Executive Committee.
- The Washington County Executive Committee will review and consider all Next Generation Housing funding proposals. The Washington County Executive Committee has final authority to make all funding decisions on behalf of the program. All decisions are final.
- The County Executive Committee will review substantial changes to the Next Generation Housing Framework and Screening Checklist as needed.
- Due to the nature of housing development, there may be unusual circumstances where a funding request is required with a short turnaround time. In the event that the Washington County Community Development Department is not able to convene a quorum for a Next Generation Housing Committee meeting prior to a project deadline, the Community Development Department will notify the Next Generation Housing Committee that the Washington County Executive Committee will meet to review and consider the project proposal. Next Generation Housing Committee members will be invited to attend the Executive Committee meeting. The Community Development Department will provide an update to the Next Generation Housing Committee at their next meeting. The County Community Development Department will ensure that funds are available for the project requested and that the project is eligible for funding based on the Screening Checklist.
- The County will enter into a Memorandum of Agreement with local governments that act as developers for the Next Generation Housing development. The MOA will document roles and responsibilities for funded projects. The Memorandum of Agreement will be project specific and will require a formal approval by the local government board or council by motion or resolution.

- The County will enter into a Development Agreement with each developer and/or builder that will outline Next Generation Housing obligations.
- Development agreements may allow for homes in later phases of a development to align with adjusted NGH price points identified by the Washington County Executive Committee. The County Community Development Department will work directly with local governments, developers, or builders to complete the appropriate contractual amendments for future homes that utilize adjusted NGH price points.

Project Approval Process for Next Generation Housing Fund Proposals

| Task | County Community Development Department | Next Gen. Housing Committee (NGHC) | Economic Develop. Washington County (EDWC) | Local Government/ Developer/ Builder | County Executive Committee |
|--|---|------------------------------------|--|--------------------------------------|----------------------------|
| Submit Screening Checklist and Request Report | | | | X | |
| Determine Initial Project Eligibility and Finalize Request to NGHC | X | | | | |
| Development of NGHC Agenda | X | | | | |
| Notification of NGHC Agenda | | X | X | X | X |
| Confirm Project Eligibility and provide advisory recommendation to Co. Executive Committee | | X | | | |
| Approval of Project Proposal | | | | | X |
| Development and Execution of Memorandum of Agreement (if Local Government is Developer) | X | | | X | |
| Execution of Development Agreement between County & Developer/Builder | X | | | X | |

Home Price Point Parameters

Given the Next Generation Housing price point requirements, it is reasonable to require a minimum standard of quality that must be achieved within the price points. The following outlines price point parameters that home builders shall meet.

NGH Homes Not Utilizing TID Increment:

- Next Generation Housing requires 40% of homes selling for under \$340,000, 80% under \$360,000, and 100% under \$420,000. The sale price of the units shall include the \$20,000 Next Generation Housing Incentive. To accomplish this, home builders shall complete 40% of home/lot packages at a cost of under \$320,000, 80% of home/lot packages at a cost under \$340,000, and 100% under \$400,000. For example:
 - Home/Lot Package \$320,000 + Co. NGH Incentive: \$20,000 = \$340,000 Sale Price

- Home/Lot Package \$340,000 + Co. NGH Incentive: \$20,000 = \$360,000 Sale Price
- Home/Lot Package \$400,000 + Co. NGH Incentive: \$20,000 = \$420,000 Sale Price
- Multi-family only developments may opt to set 100% of owner-occupied housing unit sale prices at under \$350,000. The sale price of the units shall include the \$20,000 Next Generation Housing Incentive. To accomplish this, home builders shall complete home/lot packages at a cost of under \$330,000.

NGH Homes Utilizing TID Increment:

- Next Generation Housing developments utilizing TID Increment to reimburse the NGH Fund Incentive are able to create home/lot packages at the required price points without including the NGH \$20,000/ODU Incentive as the increment pays back the NGH Incentive.

Home Minimum Quality Standards

Given the Next Generation Housing price point requirements, it is reasonable to require a minimum standard of quality that must be achieved within the price points. The County's objective is to reduce costs without sacrificing quality. The following provides minimum quality home standards for detached single family homes and twin home/duplex style homes participating in the Next Generation Housing initiative. Given that the home/lot packages must be under the Next Generation Housing price points there will be pressure on builders and developers to cut costs. The County seeks to prevent abuse of the system and ensure a baseline level of quality expectation for all Next Generation Housing homes.

Next Generation Housing homes should maintain or appreciate in value over time, and that appreciation should be comparable to that of existing homes in the community. These minimum standards are established by the County to ensure that the resulting homes meet the requirements for Next Generation Housing, particularly as related to quality materials, quality design, and long-term durability. Local governments may also choose to add additional quality standards to Next Generation Housing homes on a project-by-project basis.

The Next Generation Housing Minimum Quality Standards⁴ do not include all the requirements and necessary items for a "completed" home and are in addition to state building code requirements and other local building and zoning requirements:

1. Minimum two-bedroom home. If constructing a two-bedroom home, the basement shall include an egress window for potential addition of a bedroom in the basement.
2. Eight (8) foot basement foundation walls. Basement shall include rough-in drains for an additional full bathroom to be installed at a later date. Alternatives for split level homes

⁴ The following companies provided their expertise in determining Next Generation Housing Minimum Quality Standards: A&N Contracting, Harbor Homes, Hillcrest Builders, McHugh Construction, NuGen Homes, Stortz Construction, U Build It and Valido Homes.

and twin homes will be considered. Alternatives due to high water tables, high depth to bedrock, or other limiting factors will be considered.

3. Minimum 1 finished full bathroom and 1 finished half bathroom.
4. Minimum two car garage.
5. Contractor will provide at least a 1-year home warranty on all work.
6. Laminate, glue-down sheet vinyl flooring or luxury vinyl plank (LVP) for kitchen, dining, bath, and entry areas. LVP or carpet flooring for living room, hallway, bedrooms, and stairs with 8lb pad.
7. Washer and dryer location will be designed with proper drainage, hookup, and venting.
8. Passive sub-basement floor radon system.
9. 30-year or equivalent architectural asphalt shingle roof.
10. Aluminum Soffits, Facia, Gutters & Downspouts.
11. High duty/quality vinyl siding .042 inches.
12. Windows to have minimum energy star performance values for either vinyl or fiberglass high efficiency windows.
13. 2x6 exterior walls 16 inch on center with R19 and plywood/OSB sheathing.
14. R50 blown insulation in ceilings and attic.
15. Electrical panel with 200-amp capacity.
16. Ducted, gas, forced air central heating system with an energy efficiency rating of 92% or higher for heating.

Materials, quality or standards may be substituted with approval by the NGH Minimum Standards Review Team. Members of the Review Team will vary based on the development and request. A builder who makes the request to the Review Team shall provide adequate information for the variation and justification for an equivalent building standard. The Review Team's decision shall consider the opinion of a contracted Structural Engineer and other entities as needed. The Review Team will present the final decision on the standards variation by a majority vote.

- Voting members on the Review Team include:
 - NGH Committee Chairperson
 - Washington County Community Development Director or their designee
 - Local government Administrator or their designee
 - Local government Building Inspector or their designee
- Other supporting non-voting members:
 - Washington County Housing Specialist/Analyst
 - SEH Structural Engineer as needed
 - County Outside Counsel as needed
 - Other professionals or entities as needed

Home Builder Additional Requirements - Not Utilizing TID Increment

For Next Generation Housing developments not utilizing TID Increment to reimburse the NGH Fund Incentive, additional requirements include the following:

- Builders or developers participating in Next Generation Housing must be current on all obligations with all federal, state, and local governmental entities, including and utility and/or tax obligations of the county and local municipalities and be in good standing with the Wisconsin Department of Financial Institutions.
- All builders shall have a General Contractor's License.
- Builders shall provide County documentation confirming final sale price of home after close.
- Items that shall be included in the builder home/lot package not to exceed the \$320,000, \$340,000, and \$400,000 (or \$330,000 for multi-family) Next Generation Housing limits include:
 - These are not custom homes. Any requested home upgrades beyond these limits can be provided after final home closing.
 - Meet all Next Generation Housing Minimum Quality Standards
 - Fee of 2% for broker with procuring cause
 - Listing broker fee not to exceed 2%
 - Builder/developer profit
 - Permit and inspection fees
 - Impact fees and parkland dedication fees
 - Utility connection fees
 - Survey
 - Seller closing costs
 - Owner title policy
- Items that shall not be included in the builder home/lot package not to exceed the \$320,000, \$340,000, and \$400,000 (or \$330,000 for multi-family) Next Generation Housing limits include:
 - Lender Title
 - Appraisals attorney fees
 - Mortgage origination fees
 - Prepaid items & other lender fees
 - Escrow or settlement fees
 - Prorated property taxes
 - Recording fees
 - Appraisal
- Items local governments, developers or builders may consider adding to the not to exceed \$320,000, \$340,000, and \$400,000 (or \$330,000 for multi-family) Next Generation Housing limits include:
 - Landscaping
 - Driveway
 - Walkway

- Homeowners Association Costs and Dues
- Developers or builders participating in the NGH Initiative must substantiate costs and provide any information related to discounts on home construction, pricing, or work completed that they may request to be included in the deed restriction.
- Washington County Repayment Agreement with a Builder/Developer will include an appraisal of the property to determine the fair market value of the home prior to close. If the deed restriction is recorded with the Builder/Developer and Washington County, the County shall receive at least 10% of the deed restriction amount if the homeowner sells within five years.
- Multi-family home builders, if they opt into averaging the Next Generation Housing sale price, will construct complete home packages with 100% costs under \$330,000. The Next Generation Housing Fund Incentive of \$20,000 per owner-occupied dwelling unit will be an additional cost to the home buyer and the lien will be satisfied at time of close with a total sale price of under \$350,000.

Home Builder Additional Requirements - Utilizing TID Increment

For Next Generation Housing developments utilizing TID Increment, additional requirements include the following:

- Builders or developers participating in Next Generation Housing must be current on all obligations with all federal, state, and local governmental entities, including and utility and/or tax obligations of the county and local municipalities and be in good standing with the Wisconsin Department of Financial Institutions.
- All builders shall have a General Contractor's License.
- Builders shall provide County documentation confirming final sale price of home after close.
- Items that shall be included in the builder home/lot package sale price not to exceed the \$340,000, \$360,000, and \$420,000 (or \$350,000 for multi-family) Next Generation Housing limits include:
 - These are not custom homes. Any requested home upgrades beyond these limits can be provided after final home closing.
 - Meet all Next Generation Housing Minimum Quality Standards
 - Fee of 2% for broker with procuring cause
 - Listing broker fee not to exceed 2%
 - Builder/developer profit
 - Permit and inspection fees
 - Impact fees and parkland dedication fees
 - Utility connection fees
 - Survey
 - Seller closing costs
 - Owner title policy

- Items that shall not be included in the builder home/lot package sale price not to exceed the \$340,000, \$360,000, and \$420,000 (or \$350,000 for multi-family) Next Generation Housing limits include:
 - Lender Title
 - Appraisals attorney fees
 - Mortgage origination fees
 - Prepaid items & other lender fees
 - Escrow or settlement fees
 - Prorated property taxes
 - Recording fees
 - Appraisal
- Items local governments, developers or builders may consider adding to the not to exceed the \$340,000, \$360,000, and \$420,000 (or \$350,000 for multi-family) Next Generation Housing limits include:
 - Landscaping
 - Driveway
 - Walkway
 - Homeowners Association Costs and Dues

Marketing and Sales - Not Utilizing TID Increment

For Next Generation Housing developments not utilizing TID Increment to reimburse the NGH Fund Incentive, requirements in the marketing and sale of dwelling units include the following:

- For any one Next Generation Housing development, builders are restricted to 40% of dwelling units having a sale price under \$340,000, 80% under \$360,000, and 100% under \$420,000. These sale prices shall include the Next Generation Housing \$20,000 Incentive. If sale prices exceed these price points, the builder may be subject to penalties outlined in the development agreement, including forfeiting to the County any sale proceeds exceeding the price points and termination of agreement.
- For Next Generation Housing developments only comprised of all multi-family dwelling units, builders may opt to set 100% of owner-occupied unit sale price at under \$350,000. These sale prices shall include the Next Generation Housing \$20,000 Incentive. If sale prices exceed \$350,000, the builder may be subject to penalties outlined in the development agreement, including forfeiting to the County any sale proceeds exceeding the price points and termination of agreement.
- Builders shall agree to have a home listing agent to list home on Multiple Listing Service (MLS). MLS shall be the first and primary means of notifying the public of the availability of Next Generation Housing dwelling units for purchase.
- Offer Instructions will be prepared by the Community Development Department for builders to provide with the MLS listing when the home is for sale. These documents outline the various mechanisms in place that make Next Generation Housing successful. Key components of the Offer Instructions include the Next Generation Housing Occupancy

Agreement, the Deed Restriction Disclosure, the Mortgage and Declaration of Restrictions Disclosure, and the recorded Deed Restriction on the property. The home buyer will sign these documents when the builder accepts their offer and will be signed by the municipality or county and then provided back to the builder.

- The real estate brokerage fees shall be calculated based on the sale price less the NGH Incentive lien amount of \$20,000 (\$320,000, \$340,000, and \$400,000 or \$330,000 for multi-family home/lot package) and those fees shall be included within those amounts. The listing broker fee shall not exceed 2% and a fee of 2% shall also be paid to the broker with procuring cause; "procuring cause" meaning the uninterrupted series of causal events which results in the successful transaction. These fees shall not exceed 4% of the home sale price less the County Incentive and lien amount. Fees shall be listed on builder's or listing agents website. This section is subject to modification from time-to-time to comply with any change in applicable law or regulation and any provision that violates any law or regulation is not applicable.
- Builders shall receive and review all offers. As a participant in the NGH program, the Builder shall acknowledge and agree that the NGH program is intended to be accessible to any person with a desire to participate. As such, the Builder agrees to accept and review any and all offers that are presented by any potential buyer, provided the offers comply with NGH offer instructions. For any offer that the Builder rejects, the Builder agrees to deliver a rejection notice to the buyer or buyer's agent. Except if an offer fails to comply with the NGH offer instructions, the Builder will not refuse to accept, or review offers or place conditions in advance on what must be included in an offer. The Builder remains free to reject and negotiate offers in its discretion; provided it has allowed all interested persons an opportunity to submit an offer.
- Builders shall negotiate earnest money based on potential losses. Subject to the terms of the NGH Framework, the Builder is free to negotiate earnest money requirements in the offer to purchase. However, as a condition to participating in the NGH program, the Builder agrees that it will only retain earnest money related to a cancelled or terminated offer to the extent of the Builder's actual, documented out-of-pocket losses related to that offer. The Builder agrees to provide the County with an accounting of said losses if earnest money is retained by the Builder for a transaction that does not close. The Builder acknowledges and agrees that it would violate the intent of the NGH program if the Builder were allowed to keep earnest money, whether indicated as refundable or non-refundable in an offer, if the Builder did not have an actual loss resulting from that offer.
- Builders shall provide County documentation confirming final sale price of home after close.

Marketing and Sales - Utilizing TID Increment

For Next Generation Housing developments utilizing TID Increment to reimburse the NGH Fund Incentive, requirements in the marketing and sale of dwelling units include the following:

- For any one Next Generation Housing development, builders are restricted to 40% of dwelling units having a sale price under \$340,000, 80% under \$360,000, and 100% under \$420,000. If sale prices exceed these price points, the builder may be subject to penalties outlined in the development agreement, including forfeiting to the County any sale proceeds exceeding the price points and termination of agreement.
- For Next Generation Housing developments comprised of only multi-family dwelling units, builders may opt to set 100% of owner-occupied dwelling unit sale price at under \$350,000. If sale prices exceed \$350,000, the builder may be subject to penalties outlined in the development agreement, including forfeiting to the County any sale proceeds exceeding the price points and termination of agreement.
- Builders shall agree to have a home listing agent to list home on Multiple Listing Service (MLS). MLS shall be the first and primary means of notifying the public of the availability of Next Generation Housing dwelling units for purchase.
- Offer Instructions will be prepared by the Community Development Department for builders to provide with the MLS listing when the home is for sale. These documents outline the various mechanisms in place that make Next Generation Housing successful. Key components of the Offer Instructions include the Next Generation Housing Occupancy Agreement, the Deed Restriction Disclosure, the Mortgage and Declaration of Restrictions Disclosure, and the recorded Deed Restriction on the property. The home buyer will sign these documents when the builder accepts their offer and will be signed by the municipality or county and then provided back to the builder.
- The real estate brokerage fees shall be calculated based on the sale price and those fees shall be included within those amounts. The listing broker fee shall not exceed 2% and a fee of 2% shall also be paid to the broker with procuring cause; "procuring cause" meaning the uninterrupted series of causal events which results in the successful transaction. These fees shall not exceed 4% of the home sale price. Fees shall be listed on builder's or listing agents website. This section is subject to modification from time-to-time to comply with any change in applicable law or regulation and any provision that violates any law or regulation is not applicable.
- Builders shall receive and review all offers. As a participant in the NGH program, the Builder shall acknowledge and agree that the NGH program is intended to be accessible to any person with a desire to participate. As such, the Builder agrees to accept and review any and all offers that are presented by any potential buyer, provided the offers comply with NGH offer instructions. For any offer that the Builder rejects, the Builder agrees to deliver a rejection notice to the buyer or buyer's agent. Except if an offer fails to comply with the NGH offer instructions, the Builder will not refuse to accept, or review offers or place conditions in advance on what must be included in an offer. The Builder remains free to reject and negotiate offers in its discretion; provided it has allowed all interested persons an opportunity to submit an offer.

- Builders shall negotiate earnest money based on potential losses. Subject to the terms of the NGH Framework, the Builder is free to negotiate earnest money requirements in the offer to purchase. However, as a condition to participating in the NGH program, the Builder agrees that it will only retain earnest money related to a cancelled or terminated offer to the extent of the Builder's actual, documented out-of-pocket losses related to that offer. The Builder agrees to provide the County with an accounting of said losses if earnest money is retained by the Builder for a transaction that does not close. The Builder acknowledges and agrees that it would violate the intent of the NGH program if the Builder were allowed to keep earnest money, whether indicated as refundable or non-refundable in an offer, if the Builder did not have an actual loss resulting from that offer.
- Builders shall provide County documentation confirming final sale price of home after close.

Authority and Responsibility

As part of the Next Generation Housing program, the following outlines the authority and responsibilities of the main partnering entities:

- To ensure continuity and efficiency of the Next Generation Housing Program, the County will establish a Project Management Team for each Next Generation Housing development to move projects through the process. The Project Management Team will consist at a minimum of the Washington County Community Development Department and representatives from the development /builder team. The EDWC will serve on the Project Management Teams as needed based on project and financial structure complexity.
- For local governments acting as developers, guidelines for Next Generation Housing Procurement, Contracts and Reporting requirements apply in utilizing Next Generation Housing Funds (See Attachment E). County Procurement, Contracts and Reporting requirements may change over time and local governments should request any updates to Attachment E prior to initiating projects.
- Below outlines the general authority, roles and responsibilities for projects utilizing the Next Generation Housing Fund:
 - **County Community Development Department:**
 - Determine initial eligibility on requested projects based on the proposal documents and Screening Checklist.
 - Draft Memorandums of Agreement as needed and work with municipalities to execute Memorandum of Agreements.
 - Serve on the Project Management Team.
 - Pay professional services providers directly after invoice approval for all vendor contracts held by Washington County.
 - Track the Next Generation Housing projects and progress, including budget items and invoices.
 - Distribute Next Generation Housing Funds to local governments, developers and builders as outlined in development agreements and Memorandums of Agreement.
 - Create, negotiate, execute and record Development Agreements that outline Next Generation Housing obligations.

- Review development plans and home plans for compliance with the Next Generation Housing Framework.
- Draft Next Generation Housing Offer Instructions for builders to list on MLS.
- Organize and manage signed Offer Instructions.
- Work with outside council on development and recording of liens, subordinate mortgages, and deed restrictions as necessary for each Next Generation Housing development.
- Record NGH property lien and NGH Deed Restrictions or other documents as necessary.
- Complete the Payoff Letter for homes closing in NGH developments for the property lien mortgage satisfaction.
- Manage the property lien status and record mortgage satisfaction after home closing.
- Review declaration of covenants to ensure compliance with Next Generation Housing Framework owner- occupancy requirements.
- Work with local governments and Economic Development Washington County on creation of Tax Increment Financing Districts for Next Generation Housing developments as appropriate.
- Track homes sales and home closings.
- Update Next Generation Housing online dashboard.
- Provide necessary reporting to County Finance Department and County Executive Committee.
- Marketing Next Generation Housing Program as appropriate.
- For Infrastructure funding requests, request a Return-on-Investment Impact Analysis to be completed by Economic Development Washington County prior to requesting funding allocation.
- Establish public-private partnerships for the Next Generation Housing Initiative.
- Organize Next Generation Housing Committee meetings and prepare reports.
- Organize Wonderful Life Welcome Events for new homeowners in NGH developments.
- Review concept plans for homes in NGH developments to complete checklist for NGH Minimum Quality Standards.
- Organize Ad Hoc Workgroup meetings to discuss Next Generation Housing.
- Respond to public inquires related to Next Generation Housing.
- Work with municipalities to complete Request for Proposals or Request for Qualifications for projects.
- ***For Local Government Acting as Developer:***
 - Determine proposed use of funds.
 - Provide the Screening Checklist and related proposals to the Washington County Community Development Department to determine initial eligibility.
 - Enter into Memorandum of Agreement with Washington County with approval by board or council through motion or resolution.
 - Participate in the Project Management Team as needed to move projects through the process.

- Review, approve and pay professional service provider invoices for all vendor contracts held by local government.
- Return all unused Next Generation Housing Funds to Washington County within 90 days following project completion.
- Local government inspector confirms proposed homes meet minimum quality standards (Next Generation Housing min. and local government min.), confirm home/lot package price points are met and provides documentation to County. County can assist with this as requested by village/city.
- Consider waiving or reducing fees for Next Generation Housing developments.
- Consider streamlining ordinance and comprehensive plan amendments and processes.
- Comply with required Guidelines for Next Generation Housing Procurement, Contracts and Reporting (See Attachment E). County Procurement, Contracts and Reporting requirements may change over time and local governments should request any updates to Attachment E prior to initiating projects.
- ***For Developer / Builder Not Utilizing TID Increment***
 - Determine proposed use of funds.
 - Provide the Screening Checklist and related proposals to the Washington County Community Development Department to determine initial eligibility.
 - Work with County on creation of development agreement.
 - Comply with Development Agreement and all requirements of Next Generation Housing.
 - Provide a representative to attend Project Management Team Meetings through project implementation.
 - Return all unused Next Generation Housing Funds to Washington County within 90 days following project completion.
 - Substantiate costs and provide any information related to discounts on home construction, pricing, or work completed that will be part of a project.
- ***For Developer / Builder Utilizing TID Increment***
 - Determine proposed use of funds.
 - Provide the Screening Checklist and related proposals to the Washington County Community Development Department to determine initial eligibility.
 - Work with County on creation of development agreement.
 - Comply with Development Agreement and all requirements of Next Generation Housing.
 - Provide a representative to attend Project Management Team Meetings through project implementation.
- ***Economic Development Washington County (EDWC)***
 - Participate in Project Management Team as needed based on project and financial structure complexity.
 - Complete Return on Investment Impact Analysis for all Next Generation Housing development projects initiating infrastructure development at a specified cost per Impact Analysis.
 - If requested, EDWC will provide input on Next Generation Housing meeting agendas and public engagement events, as necessary.

Next Generation Housing Committee

The Next Generation Housing Committee (NGHC) was formed in November of 2021 with the first meeting in December 2021. The following provides an overview of the organization and authority of the Committee.

- The Next Generation Housing Committee acts in an advisory manner to the Washington County Executive Committee to advance Next Generation Housing developments, community outreach and involvement through the Next Generation Housing Fund and Program.
- The NGHC provides advisory review and recommendations related to funding proposals, budget, inventory and public engagement of the Next Generation Housing Program.
- The NGHC includes representatives from the City of West Bend, villages of Slinger, Richfield, Jackson, Germantown, Kewaskum, and Newburg, a town representative, Washington County Board of Supervisors, Economic Development Washington County, Hartford Area Development Corporation, West Bend Chamber of Commerce, Hartford Area chamber of Commerce, Germantown Area Chamber of Commerce, and the Wisconsin Department of Workforce Development.
- The NGHC will convene as needed, with the public meetings widely promoted encouraging participation by our partnering organizations and public.
- At the March 14, 2022, NGHC meeting, the Committee approved the creation of a temporary Inventory Workgroup for the prioritization of the Next Generation Housing developments. The County Community Development Department met individually with each municipality to select their inventory sites for potential development. The Inventory Workgroup convened to establish the ranking criteria and review the analysis. The inventory ranking process can be reviewed as requested by the Next Generation Housing Committee. A full description of the analysis process can be found in Attachment F.

Next Generation Housing Ad Hoc Workgroup

The Next Generation Housing Ad Hoc Workgroup was established in December 2021. The following provides an overview of the Ad Hoc Workgroup.

- The Next Generation Housing Ad Hoc Workgroup gathers a select group of professionals who are directly involved in the housing market and the development process. These individuals, with their expertise on housing, bring a unique background to help brainstorm solutions to housing barriers and develop tools and strategies for implementation.
- Membership of the Ad Hoc Workgroup is comprised of a variety of stakeholders (lenders, educators, builders, developers, planners, businesses, civic organizations, non-profit organizations, and realtors).
- The first meeting of the Ad Hoc Workgroup was on December 16, 2021. This two-hour workshop was not only an introduction to the Next Generation Housing Initiative, but also a breakout group brainstorming session on the potential barriers to housing and potential solutions to those barriers. The breakout facilitation groups focused on:

- High Development Costs and Zoning & Land Division Regulations
 - Housing Down Payments and Workforce Education & Connection
 - Public Outreach
- The goal of this workgroup is to be a resource for determining real solutions to barriers and for implementing solutions.
- A second Ad Hoc Workgroup meeting was hosted in August 2022 specifically engaging builders at the Builders Forum. The goal of the forum was to understand builders' processes and timelines for construction and discuss ways to reduce costs.
- A third Ad Hoc Workgroup meeting in October 2022 also focused on engaging builders, real estate agents, banking and financing professionals, engineering firms, and municipal representatives. The builders that are interested in the program met individually with the County and municipalities to further discuss the Next Generation Housing Initiative.
- The Community Development Department also hosted a Real Estate Forum in September 2023. This event brought together lenders, real estate agents, and other stakeholders to discuss the mechanisms utilized in Next Generation Housing developments including the property lien, deed restriction, and the status of the Oaks of Jackson.

Public Engagement

The Next Generation Housing Program is focused on providing ample public engagement opportunities. The following provides an overview of planned and completed public engagement.

- To maximize the extent to which community residents and other stakeholders can provide meaningful input into the Next Generation Housing Program, the County will develop a community education and outreach program with elements that include Next Generation Housing Committee public meetings, County-wide and community specific public meetings and forums, print and web-based communication tools including the development and distribution of marketing and informational materials.
- Joint outreach and education efforts with local governments may be completed as part of Next Generation Housing Pilot development implementation strategies.
- Develop a marketing plan for the Next Generation Housing Initiative to connect, educate, and engage businesses & residents on Next Generation Housing opportunities and the positive impact these developments will have on the future success of their community.
- The Community Development Department will provide periodic updates to the Next Generation Housing Ad Hoc Workgroup and other interested parties.
- The Community Development Department will develop a Success Stories ArcGIS StoryMap detailing successful Next Generation Housing developments.
- The Community Development Department will update our Next Generation Housing webpage on the Washington County website periodically to ensure all information is up to date on the latest projects. Videos explaining the mechanisms for Next Generation Housing and success stories will be posted on the Washington County website.
- The Oaks of Jackson project has led to multiple public meetings discussing Next Generation Housing and the development as a whole. After the Builder Announcement event in October

2023, the Village of Jackson and County hosted a public open house to allow residents and interested buyers speak to Hillcrest Builders and Harbor Homes about what would become available on MLS and what their products look like.

Measures of Success

The Next Generation Housing Initiative has identified the following measures of success that will be tracked and documented to be provided to the Next Generation Housing Committee, County Executive Committee, and other stakeholders.

- Number of total value of Next Generation Housing owner-occupied units constructed and sold based on established priced points.
- Number of acres of Next Generation Housing developments throughout Washington County.
- Amount of new property tax revenue realized by Next Generation Housing developments.
- Creation of a Model Zoning Guidelines document for Next Generation Housing developments.
- Creation of a Model Declaration of Covenants document for Next Generation Housing developments.
- Number of Comprehensive Plans updated by cities and villages integrating Next Generation Housing language.

WASHINGTON COUNTY, WISCONSIN

Date of enactment: 7-13-2022
Date of publication: 7-19-2022

2022 RESOLUTION 22

Transfer from the General Fund for Next Generation Housing Development

WHEREAS, Section 15-6I of the Washington County Code states that Transfers and appropriations authorized under § 65.90(5)(a), Wis. Stats., requiring County Board approval shall be made upon the recommendation of the appropriate standing committee and by resolution adopted by a vote of 2/3 of the members-elect; and

WHEREAS, the United States Government passed the American Rescue Plan Act (ARPA) on March 11, 2021, which established a Coronavirus Local Fiscal Recovery Plan which is intended to assist local governments, including Washington County, in responding to the impact COVID-19 has had on the local community; and

WHEREAS, on September 8, 2021 the Washington County Board of Supervisors adopted 2021 Resolution 43 accepting more than \$26 million dollars in ARPA Funds to assist in relief efforts; and

WHEREAS, on October 7, 2021 Washington County announced a \$10 million Next Generation Housing (NGH) Fund, utilizing ARPA Funds, to provide obtainable quality housing opportunities throughout the County for our next generation; and

WHEREAS, on May 18, 2022, the Washington County Executive Committee approved by consensus, the Next Generation Housing Fund Framework and Budget identifying \$7,500,000 for NGH Pilot Developments and start up tasks for future NGH developments; and

WHEREAS, in an effort to streamline mandatory ARPA reporting, the \$7.5 million identified for NGH Developments has been allocated to another project and is no longer available for the NGH project;

NOW, THEREFORE, BE IT RESOLVED by the Washington County Board of Supervisors that an amount of \$7,500,000 is hereby transferred from the General Fund to the Next Generation Fund for Next Generation Housing Pilot Developments and start up tasks for future NGH developments.

VOTE REQUIREMENT FOR PASSAGE: 2/3 of the members elect

RESOLUTION SUMMARY: Authorization to transfer \$7,500,000 from the General Fund to the Next Generation Fund for Next Generation Housing Pilot Developments and start up tasks for future NGH developments.

1 Approved as to form:

Introduced by members of the EXECUTIVE
COMMITTEE as filed with the County Clerk.

2 Eileen T. Evans
3 Eileen T. Evans, Deputy County Attorney

4 Dated 7-14-22

J. D. Schleif
Jeffrey D. Schleif, Chairperson

6 Approved:

12
13 (The initial General Fund transfer will be recouped during the 2022 year-end close and will not
14 impact the County's current financial standing. It will temporarily impact our compliance with
15 the fund balance policies. This resolution also approves budget adjustments for use of the ARPA
16 funds and the General Fund Transfer.)

Attachment B – Washington County Board of Supervisors 2021 Resolution 43

WASHINGTON COUNTY, WISCONSIN

Date of enactment: 9-8-2021
Date of publication: 9-16-2021

2021 RESOLUTION 43

Resolution Accepting American Rescue Plan Act (ARPA) Funding

WHEREAS, since the first case of Coronavirus (COVID-19) was discovered in the United States in January 2020, the disease has infected over 32 million Americans including over 16,000 Washington County residents; and

WHEREAS, in addition to adversely affecting the health of millions of people, the worldwide response to the pandemic has had a devastating impact on the economy resulting in high rates of unemployment and business closings, and has impacted nearly every other aspect of daily life; and

WHEREAS, the United States Government passed the American Rescue Plan Act (ARPA) on March 11, 2021, which established a Coronavirus Local Fiscal Recovery Plan which is intended to assist local governments, including Washington County, in responding to the impact COVID-19 has had on the local community; and

WHEREAS, under the provisions of ARPA, Washington County is to receive more than \$26 million dollars to assist in relief efforts; and

WHEREAS, ARPA dollars are essentially a grant from the Federal Government and Washington County is able to accept grant funding pursuant to s. 59.52(19) of the Wisconsin Statutes; and

WHEREAS, pursuant to Washington County Policy FINP-11-Grant Policy, the County has delegated administration of grant dollars and programs to the departments, offices, and agencies that have direct oversight or responsibility for the programs that the grant dollars will support;

NOW, THEREFORE, BE IT RESOLVED by the Washington County Board of Supervisors that this Board accepts ARPA funding.

BE IT FURTHER RESOLVED that ARPA funds shall be administered consistent with the County's Grant Policy.

VOTE REQUIREMENT FOR PASSAGE: Majority

RESOLUTION SUMMARY: Resolution accepting ARPA funding.

Attachment C – Flowchart for Next Generation Housing Fund Process

Washington County Next Generation Housing Fund Pilot Flowchart – NGH Property Lien

7/17/2024

The Next Generation Housing (NGH) Fund Investment acts as a 0% loan to assist with cash flow and financing for new owner-occupied dwelling units in Washington County that is paid back at the time of close and is included within the total sale price of each NGH home.
This applies to NGH developments not utilizing TID Increment to reimburse the NGH Fund Incentive.

Next Generation Housing Development Screening Checklist

Revised 7/22/2024

Washington County Next Generation Housing Initiative

The Next Generation Housing (NGH) Initiative is a coalition of Washington County communities that coordinate efforts and resources to provide obtainable quality housing options with a goal of providing 1,000 new owner-occupied housing units in NGH Developments with 40% under \$340,000, 80% under \$360,000, and 100% under 420,000, including home and lot/site, by 2032 (or 100% under \$350,000 for multi-family only developments). Builders constructing multi-family only developments have the option to utilize the original tiered Next Generation Housing price points. This provides two pricing strategies for multi-family only developments.

The NGH Initiative is able to provide funding to assist with certain activities related to the research, design, engineering, surveying, environmental due diligence, land acquisition, infrastructure development, and direct developer incentives of NGH housing developments throughout Washington County. This checklist should be used to determine if a proposed NGH housing development project aligns with the vision/goals of the NGH Initiative and therefore appropriate for investment by the NGH Committee and Washington County.

Owner/Representative Name & Title: _____

Owner/Representative Phone Number: _____

Address/Location of NGH Development: _____

Brief Description of Funding Request: _____

Please Identify the Type of Funding Request:

- Municipal-County Partnership Outside of a TID or within a TID but not utilizing TID increment
- Private Developer/Builder-County Partnership Outside of a TID
- Municipal-County Partnership within a TID – Utilizing Increment to Reimburse \$20,000 NGH Fund Investment
- County-owned Site in Partnership with Private Developer/Builder
- 100% Core Construction Permit Fee Incentive

Screening for all funding proposals:

1. Does the proposal move a NGH Development forward in fulfilling the goal of 1,000 NGH owner-occupied housing?
 - Yes – Forwarding the goal of 1,000 NGH owner-occupied homes is essential for the success of the NGH Initiative.
 - No – Review project further to align with Next Generation Housing and project goals.

Community Development Department

Debora Sielski, Community Development Director

Public Agency Center
333 E. Washington Street, Suite 2300
P.O. Box 2003
West Bend, WI 53095-2003
(262) 335-4445
Fax: (262) 335-6868
www.washcowisconsin.gov

2. Does the proposal align with the definition of Next Generation Housing? (New owner-occupied housing units in NGH Developments with 40% under \$340,000, 80% under \$360,000, and 100% under \$420,000, including home and lot/site, or 100% under \$350,000 for multi-family only developments.)
 - Yes – The proposal consists of new owner-occupied housing units in Washington County per definition.
 - No – Review project further to align with Next Generation Housing and project goals.
3. Was any portion of the site obtained through eminent domain by a local government, Washington County, or the State of Wisconsin?
 - Yes – The site is not eligible for Next Generation Housing.
 - No – The site was not obtained utilizing eminent domain.
4. Does the Coalition Partner, developer or builder have the tools, time, and resources in place to make the proposal a priority? Implementing this initiative will require intergovernmental cooperation.
 - Yes – Resources are in place to make the proposal a priority.
 - No – Review project further to align with Next Generation Housing and project goals.
5. For builder funding requests, does the site have existing infrastructure and is shovel ready for home building?
 - Yes – Site has existing infrastructure.
 - No – Builder needs to engage developer prior to requesting funds.
 - Other – please explain.
6. Is the site owner ready/agreeable to housing development?
 - Yes – The property owner is interested and ready for development.
 - No – Review project further to align with Next Generation Housing and project goals.
7. For infrastructure development funding requests, have all applicable preliminary plat and zoning approvals (local, county, state) and a development agreement in principle been established?
 - Yes – The funding request can move forward.
 - No – Review project further to align with Next Generation Housing and project goals.
 - In Progress
8. Does the proposed development site substantially comply with the goals and Framework for Next Generation Housing? Is the site consistent with the development type?
 - Yes – The site is consistent with the goals and Framework for Next Generation Housing.
 - No – Review project further to align with Next Generation Housing and project goals.
9. Is this project within a TID and is the TID funding reimbursing the NGH Fund Incentive?
 - Yes – Please provide the TID plan or structure showing increment reimbursement of NGH Incentive.
 - No – TID plan not required.

Debora Sielski, Community Development Director

Public Agency Center
333 E. Washington Street, Suite 2300
P.O. Box 2003
West Bend, WI 53095-2003
(262) 335-4445
Fax: (262) 335-6868
www.washcowisco.gov

10. For private developers and builders, are you current on all obligations with all federal, state, and local governmental entities, including any utility and/or tax obligations of the county and local municipalities?
- ☐ Yes – We are current on all obligations.
 - ☐ No – Review project further to align with Next Generation Housing and project goals.

11. Is the site proposal consistent with the local government's future land use of that site?
- ☐ Yes – The site is consistent with the local government's future land use of that site.
 - ☐ No – The site is not consistent and may require a Comprehensive Plan Amendment.

Please describe:

12. Is this site within the Sewer Service Area?
- ☐ Yes – The site is within the Sewer Service Area.
 - ☐ No – Please describe if planning a shared septic or other mechanism.

13. Are sewer and water utilities located to the site?
- ☐ Yes – Sewer and water utilities are located to the site and will help keep costs down.
 - ☐ No – Sewer and water utilities are not located to the site. Please describe below how close the utilities are to the site.

14. Is gravity sewer available to the frontage?
- ☐ Yes – Gravity sewer is available to the frontage.
 - ☐ No – Gravity sewer is not available to the frontage.

15. Is there a developer/engineer at the table? Please describe their involvement:

16. Is there community/government support for the proposal? Please describe:

Community Development Department

Debora Sielski, Community Development Director

Public Agency Center
333 E. Washington Street, Suite 2300
P.O. Box 2003
West Bend, WI 53095-2003
(262) 335-4445
Fax: (262) 335-6868
www.washcowisco.gov

17. Are there incentives (such as TIF districts) already in place or proposed for the site? Please describe:

18. For developer or builder funding requests, please describe in detail the need for NGH funds for the success of this project. How will the NGH Funds affect the projected profits for the builder or developer?

19. For developer or builder funding requests, is the financing in place for this project? Please describe.

20. The developer/builder has been in contact with the local government regarding the NGH development to discuss all local regulations and requirements.

21. Is the site relatively simple and free of costly complications? Please identify any hurdles or obstacles for developing the potential site.

Community Development Department

Debora Sielski, Community Development Director

Public Agency Center
333 E. Washington Street, Suite 2300
P.O. Box 2003
West Bend, WI 53095-2003
(262) 335-4445
Fax: (262) 335-6868
www.washcowisconsin.gov

22. Are there environmental concerns with the site? If there are significant environmentally sensitive areas on the site, it may not be a good candidate for NGH funding. If the site is on the Brownfields Inventory, additional funding may be available through the County Brownfields Redevelopment Program. Sites with more environmental concerns may extend the project completion date and add complexity to the project. Please describe:

23. Is there intention for the site to be within a high-density zoning district? This could include small lot size or high density per acre. Please describe.

24. If there are rentals proposed on a portion of the site, please describe when the rental lot is anticipated to be subdivided from the site.

25. Please describe what type of contributions or support the local government is providing for this project. This may include but is not limited to: financial, internal work, reduction or waiving of fees, amendments to zoning and/or local comprehensive plan or engagement from the Board/Council.

26. For infrastructure construction requests, has an EDWC ROI Impact Analysis been completed for the proposal? Please attach the summary report to this checklist for review by the Next Generation Housing Committee.

Community Development Department

Debora Sielski, Community Development Director

Public Agency Center
333 E. Washington Street, Suite 2300
P.O. Box 2003
West Bend, WI 53095-2003
(262) 335-4445
Fax: (262) 335-6868
www.washcowisco.gov

27. For projects requesting the 100% Core Construction Permit Fees Incentive paid by the County, please provide all permit types, permit amount, and other essential information for each lot/development. Please see the list of eligible permits in the NGH Framework for eligibility requirements. Permitting documentation will be required prior to approval and disbursement of funds.

28. If there is a portion of the site that is non-owner occupied, the municipality will complete the following analysis to determine what percentage of the total cost of the project will be removed from the Next Generation Housing Fund request.

| Category | Total Acreage | Percentage of Total Site |
|--|--------------------------------|--------------------------|
| Total acreage of development site | | |
| Total acreage of owner-occupied housing | | |
| Total acreage of rental housing | | |
| Total acreage of open space | | |
| Total acreage of stormwater management | | |
| Total acreage of roadways on the site | | |
| Category | Number of Owner-Occupied Units | Number of Rental Units |
| Breakdown of owner-occupied units and rental units | | |

Submit this checklist along with any proposal attachments to the Community Development Department at cddinfo@washcowisco.gov. This checklist, along with all project proposal materials will be provided to the Next Generation Housing Committee and County Executive Committee as part of their review and consideration of the funding request.

Attachment F

Guidelines for Next Generation Housing Procurement, Contracts and Reporting

The Washington County Next Generation Housing (NGH) Fund consists of \$10,000,000 allocated to address the ongoing workforce housing issues in the County. Of the \$10 million, \$7.5 million is dedicated to pilot developments and start-up funds for municipalities. On July 13, 2022 the Washington County Board of Supervisors adopted 2022 Resolution 22, which approved \$7.5 million transfer from the General Fund for the Next Generation Housing (NGH) Initiative.

Procurement

Procurement and Reporting requirements apply in utilizing Next Generation Housing funds. Local governments entering into a Memorandum of Agreement with Washington County are required to follow all applicable *Wisconsin Statutes* for procurement of services including, but not limited to, Section 59.52(29) Wis.Stats. If local governments request assistance from the Washington County Purchasing Office for procurement of services, the County will follow the most restrictive statutory requirements. Local governments that do not have a written procurement policy are encouraged to develop procedures based on applicable *Wisconsin Statutes*. It is recommended local governments report to the Community Development Department on all procurement and progress of projects.

When utilizing County Purchasing Office for Requests for Proposals (RFPs), Requests for Qualifications (RFQs), or Requests for Bids (RFBs), the review team shall include representatives from local governments and County Community Development Department to review proposals. If local governments send RFPs, RFQs, RFBs out for Next Generation Housing related procurement but do not utilize the County Purchasing Office, the requests shall be reviewed by County prior to advertising and the review team shall include representative(s) from the County to review proposals.

Contracts

Local governments utilizing Next Generation Housing Funds shall enter into a contract with each vendor. Local governments will provide the NGH Project Manager with a copy of the signed contract. Once the signed contract is received, Washington County will grant funds to the local government for the full contracted amount. Local governments are responsible for reviewing invoices and paying vendors.

For local governments utilizing the Next Generation Housing Fund for pilot developments or additional start-up projects:

- If additional funds are required above the contracted amount but within the approved amount by the Next Generation Housing Committee, the local government will request those funds through the NGH Project Manager.
- If additional funds are needed above the Next Generation Housing Committee approved funding amount, a separate funding request will need to be submitted for consideration by the Next Generation Housing Committee.

For local governments utilizing the Next Generation Housing Fund for initial start-up projects, additional funding for the projects shall be requested through the Next Generation Housing

Project Manager as outlined in the Project Eligibility and Approval Process Section of the Framework for the Washington County Next Generation Housing Fund.

Reporting

Local governments utilizing Next Generation Housing Funds shall provide the following reporting:

- Once a project is completed and all invoices have been paid, local governments shall provide copies of all paid invoices and proof of payment to the vendors to the County NGH Project Manager.
- Local governments are responsible for all required tax reporting for vendors including Form 1099.

Unused Funds

Following completion of each approved project where a local government was granted Next Generation Housing Funds, the local government shall return all unused funds within 90 days after project completion to Washington County.

FINP-10-PROCUREMENT POLICY

| | | | |
|-----------|----------|---------|--|
| EFFECTIVE | 08/15/19 | REVISED | |
|-----------|----------|---------|--|

1. Purpose

This policy is intended to provide a set of guiding values and principles for public procurement practices in Washington County. Our goal is a fair and impartial, accountable, and transparent public procurement system in compliance with federal and state laws and other County policies while maximizing purchasing efficiency and the use of public funds.

2. Scope

This policy applies to all County departments for the purchase (including leasing or renting) of public work, materials, supplies, equipment, goods, and services.

3. Definitions

- **Cooperative Purchasing** is a purchase conducted on behalf of two or more public agencies for the common purchase of goods or services. This method is used to maximize the volume of common goods or services being purchased in order to obtain the best pricing for the agencies.
- **Direct Purchases** are procurements of goods or services that do not require a competitive solicitation process. Direct purchasing includes professional services, sole source and other exempt purchases as described in Section 8 of this policy. Previous direct purchases do not guarantee future direct purchases as circumstances may change.
- **Piggyback Purchasing** allows for purchases from another public entity's bid or contract at the established pricing as allowed by state statute. Contracts include those bid or negotiated by the state and local or national purchasing cooperatives (including, but not limited to the VALUE group or US Communities).
- **Professional Services** are any services requiring certain specialized education, technical ability and/or experience (including, but not limited to: nursing and other health services provided for the benefit and welfare of County residents, architectural and engineering services, auditing services).
- **Public Work** includes any contract for the construction, repair, remodeling or improvement of any public work or building as referred to in Section 59.52(29), Wis.

Stats. Public work does not include purchases of machinery or equipment, such as an automobile.

- **Responsible, Responsive Bidder** is a bidder who has the capability and/or qualifications to perform all aspects of the project requirements and who submits a complete bid per all the requirements of the bid documents.
- **Sole Source** includes purchases of any value that are available from only one responsible source. These purchases require documentation of specific reasons for sole source (e.g. compatibility with existing equipment) and a determination review by Purchasing. Utility purchases are considered a sole source but do not require a determination review by Purchasing.

4. Procurement Objectives

Cost: The County shall consider the long-term value of a purchase and consider ongoing maintenance, operating costs, and other indirect costs in purchasing decisions. The full lifecycle costs of a good or service may be considered when developing bid specifications and when evaluating vendor price proposals.

Quality: County purchase decisions should be based on best value, not lowest cost when possible. The goal is to secure goods and services at the lowest cost possible that is commensurate with quality requirements.

Timeliness: The County recognizes the importance of flexibility to use procurement strategies that best suit the situation in order to achieve timely delivery of goods and services for user departments.

Risk Management: While little to no risk exposure is ideal, excessive risk aversion can prevent the County from realizing the best value in purchases. Purchasing decisions will be evaluated to reduce risk to the lowest possible levels while maximizing value.

Maximizing Competition: Competition is essential to getting the best value. The County will strive for full and open competition in procurements.

Maintaining Integrity and Transparency. Recognizing that taxpayer dollars are being spent, it is essential that procurements are conducted fairly and processes and results are open to the public.

5. Purchasing Authority

Departments have the authority to make direct purchases of any budgeted item with an estimated value of less than \$10,000. Departments are encouraged to use a competitive solicitation process when feasible and advantageous to the County. Additionally, the use of purchase orders for purchases in excess of \$1,000 is also encouraged as a budget management mechanism.

When estimated costs exceed \$10,000, departments shall work with Purchasing staff to select a sensible method of purchase that promotes fair and open competition and to obtain the lowest practicable price. Such methods include, but are not limited to, Request for Quotes (RFQ), Request for Bids (RFB), Request for Proposals (RFP), and cooperative purchases.

When estimated costs exceed \$25,000, a competitive solicitation process shall be used. Purchases shall not be split in to multiple smaller purchases to avoid using a competitive solicitation process. In the absence of an adequate bid list, the County may publish a public notice in the County's official newspaper.

When developing bid specifications, quality requirements should be considered and specifications written to obtain the best value for the procurement. Award will generally be made to the lowest responsible, responsive bidder who complies with the bid specifications and can meet the requirements of the solicitation.

Although not required, it is strongly recommended that professional services be bid through an RFP process where possible. The RFP process shall include separately sealed pricing proposals.

Departments are responsible for ensuring that adequate budget funds are available for all purchases. Documentation of available budget funds shall be provided to purchasing staff upon request.

6. Special Purchasing Authority

The following are exceptions to the procurement thresholds noted in section 5 of this policy:

- The Circuit Judges may authorize the fees of court appointed attorneys and guardians ad litem.
- The Clerk of Courts may authorize the fees of interpreters, expert witnesses, witnesses, court reporters and such other services directly required by the court.
- The Sheriff may authorize covert operations purchases to the extent budgeted funds are available. Such covert expenditures shall be reported to the County Administrator when requested; however, records of covert expenditures shall remain confidential.

7. Public Work Purchases

The County must follow Wis. Stat. 59.52(29) and Chapter 66 of the Wisconsin Statutes relating to Public Works and Projects for procurement of public works. When the estimated cost exceeds \$25,000 competitive bidding applies except when the board, by resolution, has determined there is an emergency and waives bidding requirements. Purchasing staff will ensure the County is meeting these requirements for all applicable public work procurements including those within the Capital Improvement Plan (CIP).

Any public work with an estimated cost below \$25,000 shall follow the methods of purchase noted section 5 of this policy. Additionally, if the estimated cost is between \$5,000 and \$25,000, a class 1 notice shall be given before contracting for work.

8. Exemptions to Competitive Bidding

The competitive process may be waived in the following circumstances. Departments must provide written request to Purchasing staff for an exemption.

- a. emergency purchases
- b. sole source purchases
- c. purchase of professional services
- d. to provide for uniformity or to maintain conformance with organization standards
- e. when unique or opportune market conditions are present
- f. when competitive bidding would be impractical or cost prohibitive (including rebidding after an unsuccessful competitive bid process)
- g. where the purchase is of a technical or experimental nature, or where creative talent, scientific knowledge or special skills or training are required.
- h. purchases made through an existing cooperative or piggyback contract

9. Emergency Purchases

Emergency purchases are those made when a circumstance, physical condition or one or more practices, methods or operations which would, unless immediate action is taken, present an imminent risk of death or great bodily harm, loss of property, environmental harm, or which would interrupt or create a substantial risk of interruption of essential government services. All emergency purchases shall be reported to the department's standing committee as soon as reasonably possible.

If such a purchase exceeds \$5,000 or where sufficient budget funds are not available, the requesting department head shall consult the County Administrator prior to making the purchase. If sufficient funds are not available within the department budget, the department head shall follow the Administrative Policy for budget transfers.

10. Grant Funded Purchases

All purchases made with grant funds, in whole or part, shall comply with the terms and conditions of the grant agreement and with this policy. If grant requirements conflict with this policy, the County Administrator may suspend the conflicting provisions of this policy provided that such suspension is not a legal mandate and only for the specific grant and for the duration of that grant. The department head is responsible for complying with the terms of the grant and for the management of items purchased with grant funds.

11. Monitoring and Annual Review of Policy

This policy will be updated as circumstances change and changes reported to the appropriate standing committee.

Attachment F – Next Generation Housing Inventory Ranking Analysis

Community Development Department

Next Generation Housing Inventory Ranking Analysis

Gathering Inventory Sites

The Community Development Department met individually with each municipality to select their inventory sites. Sites were selected based on the representative's knowledge of available potential development sites. After these meetings, the sites were integrated into a Geographic Information Systems (GIS) layer that outlined:

- The number of parcels within the site
- The Tax IDs
- Ownership type (Public or Private)
- Municipal Priority
- Development Type
- Acres
- Brownfield Inventory Site

Establishing the Inventory Workgroup

At the March 14, 2022 Next Generation Housing Committee (NGHC) meeting, the Committee approved the creation of the temporary workgroup for the prioritization of the Next Generation Housing Developments. This Workgroup was comprised of the local government representatives on the Committee. After the sites were established, the Workgroup worked to finalize the criteria used to rank and analyze the inventory sites. The representatives of the Inventory Workgroup are listed below.

| | |
|---------------------------------------|--|
| City of Hartford | Justin Drew |
| City of West Bend | Mark Piotrowicz |
| Village of Richfield | Katherine Gehl |
| Village of Germantown | Steve Kreklow (Jeff Retzlaff - alternate) |
| Village of Jackson | Jen Keller |
| Village of Kewaskum | Adam Gitter |
| Village of Newburg | Dave DeLuka (Deanna Alexander – alternate) |
| Village of Slinger | Margaret Wilber (Jim Haggerty – alternate) |
| Hartford Area Development Corporation | Tom Hostad |

The Next Generation Housing Inventory Workgroup convened three times to confirm and analyze the ranking process. Brief descriptions of the meetings and the general timeline of finalizing the ranking analysis are listed.

NGHC March 14, 2022: The Next Generation Housing Committee had an opportunity to provide initial thoughts and ideas of criteria that should be included in the prioritization of the site inventory.

Workgroup May 19, 2022: The Inventory Workgroup reviewed the initial ranking criteria that was created by County staff based on the brainstorming session at the Next Generation Housing Committee meeting. The municipal representatives had the opportunity to provide feedback for revision and gave suggestions to improve the analysis process. Based on discussions, the Workgroup recommended two ranking structures – the initial ranking criteria and secondary sub-ranking criteria for the top 20 sites to simplify the process.

Workgroup June 6, 2022: The Workgroup reviewed the revised initial and sub-ranking criteria. The Workgroup assigned the specific weight of each criterion for the ranking process, specifying what questions should be scored higher than others. The revisions were approved by the Workgroup and the ranking criteria was finalized for the Next Generation Housing Inventory sites.

June 6, 2022: Staff sent out the final ranking criteria to the local government representatives to complete their sections.

June 17, 2022: Staff received analysis back from the local government representative and collected the responses.

June 18, 2022: Staff completed the developable area analysis for the inventory sites using ArcGIS Pro.

Workgroup June 22, 2022: Staff presented the preliminary ranking results of the inventory ranking analysis. After brief discussions and minor revisions from the Workgroup, consideration was given, and the inventory ranking was approved by the Workgroup. The top inventory site in the Village of Slinger was selected as the third pilot development.

Local Government Site Readiness Analysis

The initial ranking criteria analysis consisted of a variety of questions related to conceptual design, plan/code compliance, owner type, and utilities. The Workgroup also established sub-ranking criteria for the top 20 sites related to preliminary work on the site. Scores were weighted based on the importance of each factor as decided by the Workgroup. After the criteria were finalized on the June 6th meeting, the Workgroup representative received an excel sheet with the site readiness analysis to fill out for each of the sites in their municipality. The local government representatives were asked to complete this excel sheet and send it back to the Community Development Department to compile and enter the data into the final criteria sheet. Below are the questions that each of the municipal representatives answered for each site.

Initial Ranking Criteria Questions

- Are rental properties proposed for this site? If yes, what percentage of the site will be rentals? (No points)
- Rank all your inventory sites on priority. Your top priority site will receive a score of 5 in the criteria ranking.
- Has the concept plan been reviewed internally by staff? (1 point)
- Has the concept plan gone through municipal approval? (2 points)
- Is there intention for the inventory site to be within a zoning district that has a lot size of 8,000 sq ft or smaller? (2 points)
- Is the housing development consistent with your Comprehensive Plan? (1 point)
- Is the site within the Sewer Service Area? Within the Village of Germantown, is it within the Planned Sewer Service Area? (3 points)
- Are Utilities located to the site? (5 points)
- Is gravity sewer available to frontage? (1 point)
- Is City/Village willing to arrange for installment of utilities? (3 points)
- Is the site owned by the Public, a Housing Developer Under Contract, or a Non-Developer?
 - Public or Housing Developer Under Contract (2 points)
 - Non-Developer (0 points)

Sub-Ranking Criteria Questions

- Has an ALTA survey been completed on the site? (1 point)
- Have soil tests been completed on the site and soils are suitable for development? (1 point)
- Has a wetland delineation or floodplain analysis completed on the site within the last 5 years? (1 point)
- Have there been discussions on Sewer and Water Connection with Public Works or equivalent? (1 point)
- Has a stormwater management plan for the site been drafted? (1 point)

Developable Area Analysis

County Staff completed the developable area analysis for each site using important environmental factors that were incorporated into the initial ranking criteria. Using ArcGIS Pro, staff collected environmental information that included:

- DNR Wetlands layer
- Floodplain
- Slopes over 20%
- Primary Environmental Corridors and Isolated Natural Resource Areas
- SSURGO Soils layer (reviewing the Hydric Attribute only)

Using the Pairwise Erase Tool, the Site Inventory Target Sites layer was entered into the tool as well as the environmental factors selected for the developable area analysis. The successful output of this analysis is the Inventory Sites Layer with the environmental factor excluded from the area, creating “holes” in the sites. Below is an example of a successful analysis erasing steep slope.

Before Erase Tool:

After Erase Tool:

The Inventory Site layer with the “holes” from the successful analysis would then be entered into the Pairwise Tool with another environmental factor to be run, causing the area to be extracted from the site. This was completed on all the environmental factors selected by the Workgroup. The process for erasing each of the features is listed step by step.

1. Original Target Sites layer – Erase -- 20% slope or more data layer
2. Target Site 20% slope or more analysis layer – Erase -- PEC/INRA data layer
3. Target Site PEC/INRA analysis layer – Erase -- SSURGO Soils data layer (Hydric Attribute)
4. Target Site SSURGO Soils analysis layer (Hydric Attribute) – Erase -- 100-year flood data layer
5. Target Site 100-year flood analysis layer – Erase -- DNR Wetlands data layer (digitized by staff over the original layer)

Final Target Sites layer showing the developable area with the environmental factors removed from the layer

After the developable area analysis was completed, a field was created within the Final Target Sites layer to calculate the acres remaining. Once that was complete, staff compared the acres remaining to the Original Target Sites layer to calculate the percentage of the developable area for each of the sites. Scores were given on a range of 0-4 depending on the percentage of developable area.

| Developable Area Analysis Scores: | |
|--|---------------------------------------|
| 100%-76% Developable | 4 |
| 75%-51% Developable | 3 |
| 50%-26% Developable | 2 |
| 25%-1% Developable | 1 |
| 0% Developable | 0 (review the site for compatibility) |

Final Ranking

The ranking analysis with both the responses from the municipal representatives and the developable area analysis was compiled in a Microsoft Excel sheet. The answers from the municipalities were entered into the sheet with the specified formulas for questions and scores for the initial and sub-ranking criteria. The highest score that could be received from the initial ranking was 29 points. With the sub-ranking criteria applied, the highest possible score was 34 points. The top 5 sites are shown below based on the criteria analysis.

| NGH Inventory Sites with Sub-Ranking Criteria | | | | | | |
|--|-------------------------------|--------------|--|----------------------------|-----------------------|-------------------------|
| Rank | Score with Sub-Ranking | Label | Tax ID | Parcels within Site | Municipality | Development Type |
| 1 | 31 | 46 | V5_0679, V5_067500X | 2 | Village of Slinger | Single/Multi Family |
| 2 | 26 | 21 | GTNV_224965 | 1 | Village of Germantown | Multi Family |
| 3 | 24 | 1a | 291_11193620003, 291_11193620001 | 2 | City of West Bend | Single Family |
| 4 | 23 | 15 | 36_0903001001, 36_0903001002, 36_0903001003, 36_0903001004 | 4 | City of Hartford | Single Family |
| 5 | 23 | 36 | V4_0347, V4_0348, V4_0349, V4_0350, V4_0353, V4_0352 | 6 | Village of Kewaskum | Multi Family |

The Village of Slinger site had the highest score with 31 points. As stated throughout the process, the third pilot site will be selected through the inventory ranking analysis.

Next Steps

The third pilot site has been selected as a result of the inventory analysis that was completed. The three pilot sites are:

- ❖ Village of Jackson Site
- ❖ City of Hartford/HADC Site
- ❖ Village of Slinger Site

The Next Generation Housing Inventory should be reviewed annually or as requested by the Next Generation Housing Committee. If additional funding becomes available for pilot development sites, the inventory ranking process should be repeated with the same ranking criteria by the Next Generation Housing Inventory Workgroup with updated site information.

Washington County

Debra Sielski
Community Development Director
Washington County Next Generation Housing
262-335-4445
deb.sielski@washcowisco.gov

Jen Keller
Jackson Village Administrator
262-677-9001
jen.keller@villageofjacksonwi.gov

The Oaks of Jackson utilized funds from a 2019 borrow of \$1.2M to install roadway, utilities, and sidewalks up to many parcels, including the 20 acres of future residential development. They took on the position of developer when doing this to have “build ready” land. This became the Phase 1 “incentive” for development. Phase II is still being planned. They do not have a signed deal with a builder yet, but have the plans for one which includes land for \$1 and no other TID incentive from the Village. The builder is asking for the ability to sell some units higher than \$320K, to make up their “gap”.

They partnered with the Washington County at some point and the county contributed \$2M to RFP for an engineering firm to design the subdivision and bid the work for sewer, water, road, and sidewalk.

Date: March 27, 2025

To: Common Council

John Weidl, City Manager

From: Rachelle Blitch, Director of Financial and Administrative Services

Re: TIF Cost Allocation Analysis

Executive Summary

The presence of the five active Tax Increment Districts (TIDs) results in an estimated annual tax impact of \$32.50 (city only Walworth County) on a \$250,000 home—approximately \$2.70 per month. This modest cost helps fund the Economic Development Director and supporting staff, Community Development Authority (CDA) initiatives and investments, and critical infrastructure projects, including the 2022 water tower, half of which was financed through TID dollars.

In return, the city strategically utilizes Tax Increment Financing (TIF) to revitalize the downtown area, expand the industrial park, support the Whitewater University Innovation Center, attract key retailers such as ALDI, and facilitate the development of new housing across multiple neighborhoods. These efforts contribute to a stronger tax base, job creation, increased housing availability, and long-term financial stability—all for less than the cost of a cup of coffee each month.

Without TIF increment, many of these expenses—such as infrastructure investments and staff support for economic development—would need to be covered directly by taxpayers and utility users. Additionally, some initiatives, such as CDA funding, would likely be eliminated entirely without TIF support.

Analysis of the Cost Burden of Residential TID Developments

The objective of this report is to clarify misconceptions surrounding the cost burden of residential developments within a Tax Increment District (TID). Specifically, this report will address common misunderstandings about tax rates, revenue allocation, and the long-term financial impact of new development within a TID. Additionally, it will evaluate the projected demand for municipal services associated with 200 new single-family homes and 200 multifamily units over the next 10 years, which is estimated to increase the city's population by approximately 900 residents.

Understanding Tax Rates and Revenue Allocation in a TID

No Difference in Tax Rates Between TID and Non-TID Properties

A common misconception is that properties within a TID pay a different tax rate than those outside of it. This is not the case—all properties within the municipality pay the same tax rate (each county will have

a different rate). The key distinction lies not in the amount paid, but in where the tax revenue is allocated.

How Tax Revenue is Distributed

General Fund & Debt Service: The entire operating and debt service levy is allocated to the general fund, which funds essential city services such as public safety, general government operations, and debt repayment.

TID Increment Revenue: The incremental tax revenue generated by the increased property values within the TID is not added to the general fund while the TID is active. Instead, these funds are used exclusively for TID-eligible expenditures such as infrastructure improvements, site development, and financial incentives necessary to facilitate projects.

The Role of Property Tax in City Revenue

Property taxes are a significant funding source for the city. The property tax levy accounts for approximately 47% of the city's total revenue within the general fund. This underscores the importance of maximizing the tax base over time, ensuring that when a TID closes, the newly developed properties contribute fully to the general fund, helping sustain city services.

The fundamental principle of development within a Tax Increment District (TID) is that, without the use of Tax Increment Financing (TIF) funds to cover expenses such as infrastructure or other extraordinary costs, the development may not occur within the same timeframe, may be of a different quality or scale, or may struggle to attract sufficient investment capital to proceed independently.

Evaluating the Municipal Service Impact of Residential Development in a TID

A structured approach is necessary to ensure that new development within a TID does not create an undue financial strain on municipal services. This assessment identifies key areas affected by the projected growth, estimates service demands, and outlines strategies for funding required infrastructure improvements.

Scope of Development

The proposed development within the TID includes:

- 200 single-family homes
- 200 multifamily units
- Projected population increase of 900 residents over 10 years

This growth will impact multiple municipal services, including public works, infrastructure, public safety, and other community services. The following sections outline the projected costs and funding strategies for these areas.

Public Works & Infrastructure Considerations

Water, Wastewater, and Stormwater Systems

- **Funded by User Fees:** Unlike other city services, water and wastewater systems are funded through user fees, not the property tax levy. This means new developments must pay their fair share for utility usage.
- **Capacity for Growth:** Existing water, sewer, and stormwater systems have sufficient capacity to support the proposed development. However, any necessary system upgrades will be evaluated as part of the city's long-term planning.
- **Connection Fees:** All new developments are subject to connection fees, which help offset costs for expanding or upgrading water and wastewater systems.
- The additional revenue generated from the developments is anticipated to be approximately \$202,560 from single family homes and \$132,000 from multifamily units.

Roads & Infrastructure for Single-Family Developments

- **Higher Costs for New Roads:** Single-family home developments require significantly higher infrastructure investment, as roads, sidewalks, and utilities do not currently exist in the proposed development areas.
- **Funding Options:** The city has two primary methods for funding these necessary improvements:
 - **Municipal Bonding:** The city could issue bonds to finance infrastructure construction, with debt repayment spread over time.
 - **Developer-Funded Infrastructure (Reimbursed Through TIF Incentives):** Developers can fund infrastructure construction upfront, with costs reimbursed through TIF incentives. This approach ensures that infrastructure is built without requiring an immediate increase in the property tax levy for existing residents. This is the approach the city uses when working with developers.

Long-Term Infrastructure Costs

- **Expected Lifespan:** The infrastructure constructed as part of the development has an estimated 50-year lifespan, with major maintenance occurring at the midpoint (approximately 25 years).
- **TID Closure & Revenue Impact:** By the time significant maintenance or replacement is required, the TID will have closed, and the incremental tax value from the development will be fully integrated into the general fund, helping cover long-term infrastructure costs without burdening taxpayers.

Funding for Park Development & Acquisition

All new developments are subject to a parkland development impact fee, which is charged per unit to support the expansion and enhancement of public green spaces. Additionally, any land that has not been previously platted is subject to a parkland acquisition fee to ensure that public recreation areas grow alongside residential development.

Projected Revenue & Funding for Recreation Planning

- The parkland development fund is specifically used for expanding and maintaining park facilities.
- The City anticipates approximately \$58,000 in parkland development fees from these new developments in 2025 alone.
- A Comprehensive Outdoor Recreation Plan (CORP) is required every five years to maintain eligibility for Wisconsin DNR grant funding. However, it is unknown when Whitewater's last CORP was updated.
- The estimated cost of updating the CORP is \$35,000, which will be fully funded by parkland development fees collected from these developments rather than the general fund.

The additional development will enhance recreational opportunities while ensuring that necessary funding is secured through impact fees and grant eligibility, eliminating any financial burden on existing taxpayers.

Solid Waste & Recycling Services

Impact of Residential Growth on Waste Management

- Multifamily housing is classified as commercial property and is responsible for privately contracting solid waste and recycling services.
- Only single-family homes impact the city's municipal solid waste and recycling services, which are funded entirely through property taxes (general fund).

Projected Cost Increases

- The 2025 solid waste and recycling rate is \$16.05/month per household.
- With 200 additional single-family homes, the total annual cost increase will be \$38,520.

This increase will be phased in over 10 years, making the year-over-year impact minimal. While solid waste and recycling costs will increase with new single-family homes, the gradual nature of the development ensures that the financial impact is spread out over a decade, reducing any immediate strain on the general fund.

Transit & Transportation Services

Funding Sources for Shared-Ride Taxi Service

- Whitewater's shared-ride taxi service is funded through federal, state, and local contributions, which consist of fares and property taxes.
- The operating costs are determined by the number of service hours, not by the number of rides or population growth.

Potential for Increased Revenue

- If more residents use the service, the additional ride fares will help offset city costs.

- The anticipated increase in ridership due to population growth is expected to positively impact the program's financial sustainability.

New residential development does not add direct costs to the transit system, but it has the potential to increase ridership and generate additional revenue to help offset city expenses.

Public Safety

Current Public Safety Funding & Staffing

- Public safety services (police) are entirely funded by the general fund, with some additional support from grants and state aid.
- The Municipal Services Payment (MSP) helps cover costs for services provided to state-owned facilities like UW-Whitewater.

Projected Impact on Law Enforcement

- The national standard for police staffing is 2.2 officers per 1,000 residents.
- Whitewater PD currently has 1.58 officers per 1,000 residents, which will increase to 1.9 with an approved referendum.
- To maintain the 1.9 ratio once the 900 new residents move in, Whitewater would need two additional officers when the developments are complete. Current all-in costs to add an officer is approximately \$120,000.

Maintaining public safety service levels will require additional staffing over time, but careful planning and phased development will allow the city to strategically manage growth without placing an immediate burden on taxpayers.

Fire/EMS

Funding Sources for Emergency Services

- Fire and EMS services are supported by a combination of:
 - General fund contributions
 - Intergovernmental agreements with neighboring townships
 - EMS billing revenue (insurance reimbursements, patient billing)
- The general fund supports approximately 50% of total funding.

Projected Demand Increase

- Staffing Shortfall: Industry standards suggest 25 full-time firefighters for Whitewater's population, but the city currently has 15 and relies on Paid-on-Call personnel, which is becoming less reliable.
- Response Time & Coverage:
 - National standards recommend 15-17 firefighters on scene within 15 minutes, but Whitewater, even with auto-aid, only reaches 10-11.

- If crews are handling an EMS call, fire suppression efforts may be delayed due to staffing limitations.
 - As new developments are built further from the station, response times will naturally increase due to longer travel distances.
- Service Demand is More Than Just New Homes: More people in town means more daily activity, businesses, and traffic incidents, all of which increase Fire/EMS calls.
- Infrastructure & Equipment: The city won't immediately need a new fire engine, but station infrastructure issues remain a concern.

Predicting the exact impact of 900 new residents on Fire/EMS services is complex, as many factors influence service demand beyond just population growth. It is impossible to add 900 residents without increasing service demand, but many variables affect when and how much staffing growth will be needed. The city must monitor population growth, call trends, and response times to determine the best course of action.

Administration

Impact on Government Operations

- Administrative departments such as Neighborhood Services, the Clerk's Office, the City Manager's Office, the City Attorney, Finance, and Human Resources are not directly impacted by the proposed developments.
- The expected growth will not require additional administrative staff or resources.

No additional administrative costs are anticipated as a result of the residential development within the TIDs.

Library Services

Library Funding & Service Area

- The public library is primarily funded through general fund transfers.
- Act 420 provides reimbursement for services provided to non-resident users from surrounding counties, including Walworth, Jefferson, Rock, Dane, and Waukesha.

Projected Service Impact

- While new residents may increase demand for library services, the current level of staffing and resources is expected to remain sufficient.

The proposed residential developments are not expected to significantly impact library operations or require additional staffing.

So, What Does TIF Cover?

Offsetting Costs Through Tax Increment Financing

While new developments generate incremental costs, Tax Increment Districts (TIDs) provide offsetting benefits that reduce financial strain on the general fund.

Examples of TID-Funded Expenses

- Salaries & Benefits – The Economic Development Director and support staff are funded by annual TID transfers. Without a successful TID, these costs would fall on the general fund.
- Infrastructure Development – TIDs cover the cost of developer negotiations, market studies, and large infrastructure projects that would otherwise require municipal bonding.
- Major Infrastructure Projects – A recent example is the 2022 water tower, where TID funding is estimated to cover 50% of the total cost, significantly reducing the burden on utility ratepayers.

Well-managed TIDs stimulate economic growth, expand the tax base, and fund critical infrastructure projects—all while limiting the immediate tax impact on residents. However, their success relies on careful planning, oversight, and alignment with long-term community development goals.

Summary

While residential development within a TID creates service demands, it also generates dedicated revenue streams and long-term economic benefits that offset costs:

- Parks & Recreation improvements are funded through impact fees
- Solid waste costs increase gradually over 10 years
- Transit services benefit from the proposed increase in population without additional costs
- Public safety needs will be met through phased staffing growth
- TIDs fund major infrastructure projects, reducing taxpayer burden

With proper financial planning and phased development, Whitewater can support new growth while maintaining fiscal sustainability and service quality for all residents.

Impact on Property Taxes When a Community Does Not Grow

When a community experiences little or no growth, property taxes are often affected in several ways. Without new development, the tax base remains stagnant as does the operational levy, making it more challenging for municipalities to fund services without increasing the tax burden on existing property owners.

Limited Tax Base Growth Leads to Higher Tax Burdens

- Property taxes fund essential services such as police, fire, EMS, infrastructure, and schools.
- If new developments (residential, commercial, or industrial) do not expand the tax base, the same amount of tax revenue must be collected from existing properties.

Rising Costs Without Revenue Growth

- Over time, the cost of providing municipal services increases due to factors like inflation, salary adjustments, and infrastructure maintenance.
- Without new construction or economic growth, municipalities struggle to generate additional revenue and must either cut services, increase fees, or raise taxes.

Increased Financial Burden on Residents & Businesses

- Without growth, existing taxpayers bear the full cost of funding government operations.
- Higher property taxes can lead to:
 - Financial strain on homeowners, particularly those on fixed incomes.
 - Reduced affordability, potentially discouraging new residents and businesses.
 - Less economic activity, as higher taxes may make the community less attractive to businesses and developers.

Infrastructure & Public Services Struggle

- Aging infrastructure (roads, water systems, public buildings) needs ongoing maintenance and replacement.
- If the tax base does not grow, funding major projects becomes more difficult, often requiring:
 - Higher borrowing (debt issuance), leading to increased long-term costs.
 - Service reductions (e.g., fewer public safety personnel, delayed road repairs).

Without growth, a community's financial sustainability is at risk. Expanding the tax base through responsible development helps distribute costs more equitably, preventing sharp increases in property taxes for existing residents while ensuring that essential services are maintained.

Shouldn't We Focus on Attracting Businesses Instead?

This is a valid question but let's consider the factors that drive retail and commercial businesses decisions since their success heavily depends on their surrounding environment.

Market Demand & Population

- Businesses assess the local population size, growth trends, income levels, and consumer preferences to ensure sufficient demand for their products or services.
- Retailers, restaurants, and service providers rely heavily on population density and foot traffic to drive sales.

Workforce Availability

- Companies seek areas with a skilled and available workforce that aligns with their industry needs.
- Educational institutions and workforce training programs also influence location decisions.

Housing Availability & Affordability

- The cost and availability of housing affect the ability to attract and retain employees.
- High housing costs can deter potential workers, making it difficult for businesses to staff their operations.

Infrastructure & Accessibility

- Proximity to highways, public transportation, and airports is essential for logistics and employee commutes.
- High-speed internet, utilities, and reliable services are also critical factors.

Business Costs & Incentives

- Companies consider tax rates, real estate costs, and local incentives such as tax credits, grants, and development zones.
- Some municipalities offer economic incentives to attract businesses, including reduced permitting fees or TIF incentives to make the project feasible.

Competition & Industry Clusters

- Businesses evaluate the presence of competitors and complementary industries.
- Being near suppliers or within established industry hubs can provide strategic advantages.

Quality of Life & Community Appeal

- Safe neighborhoods, strong school systems, healthcare facilities, and cultural amenities make a location more appealing for employees and their families.
- A high quality of life can help businesses attract top talent.

Local Regulations & Business Climate

- Zoning laws, licensing requirements, labor laws, and government policies influence whether a business can operate efficiently.

Population size and housing availability are both important considerations for businesses, particularly those relying on a steady customer base and workforce. A strong local economy, coupled with an affordable and well-developed housing market, enhances a location's attractiveness for business expansion; it starts with housing.

Final Summary

Tax Increment Districts (TIDs) may lead to a temporary increase in the mill rate; however, the long-term benefits significantly outweigh the short-term costs. By fostering economic development, TIDs attract new businesses, create jobs, and enhance property values. These improvements ultimately expand the tax base, reducing the burden on individual taxpayers over time. Additionally, the infrastructure and

community enhancements funded by TIDs contribute to sustained growth and a more prosperous local economy, making the initial increase in the mill rate a worthwhile investment.

At the request of a Common Council and community member, Greg Johnson of Ehlers, a municipal advisory firm, delivered a presentation at the March 18th Common Council meeting and subsequently at the Finance Committee meeting on March 25th. During these sessions, he addressed questions from both the community and the Common Council.

A recording of his presentation is available on the city's website and provides valuable insights into the impact of Tax Increment Districts (TIDs) on property taxes. As part of his analysis, Greg conducted a scenario to determine the potential tax rate if community growth occurred without tax increment financing. The resulting mill rate calculation for Walworth County was \$6.45, compared to Whitewater's current mill rate of \$6.57—a difference of \$0.12. This analysis demonstrates that while there may be a slight increase in mill rates, the long-term benefits of new development—such as economic growth, job creation, and an expanded tax base—far outweigh the costs.

For further reference, his worksheets are attached to this memo for the community's review.

Council Agenda Item

Meeting Date: April 3, 2025

Agenda Item: Public Comment Ordinance

Staff Contact (name, email, phone): Rachelle Blitch, rblitch@whitewater-wi.gov , 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The Public Comment Ordinance was referred to the Finance Committee last fall for review and necessary revisions. At its September 24, 2024, meeting, the committee requested that all boards and commissions review the proposed policy and provide feedback, which would be presented to the Finance Committee before the end of the year.

The collected feedback was reviewed at the November Finance Committee meeting, after which the ordinance was recommended to the Common Council for consideration.

On December 3, 2024, the updated policy was presented to the Common Council, where minor edits were requested before the ordinance was brought back for final approval.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

ORDINANCE No. _____
 AN ORDINANCE CREATING SECTION 2.62.060 PUBLIC COMMENT DURING
 COMMON COUNCIL AND COMMITTEE MEETINGS

The Common Council of the City of Whitewater, Walworth and Jefferson Counties, Wisconsin, do ordain as follows:

SECTION 1. PURPOSE

The purpose of this ordinance is to establish formal procedures governing public comment, public hearings, and participation in agenda items during meetings of the Common Council and its Committees to ensure orderly, efficient, and respectful discourse.

SECTION 2. PUBLIC APPEARANCE CARD

- (a) Members of the public who wish to speak during public comment, a public hearing, or on a specific agenda item must complete a Public Meeting Appearance Card (PMAC). *Commenters wishing to ask questions shall fill out the PMAC to be reached with answers.*
- (b) The PMAC may also be used by individuals who do not wish to speak *MAY* but wish to register their support or opposition to an agenda item.
- (c) Prior to taking action on any agenda item, the presiding officer shall request the City Clerk/Secretary to identify individuals who have signed up to speak.
- (d) The Clerk/Secretary shall call the names of speakers in an alternating order between those in support and those in opposition.
- (e) Upon conclusion of verbal testimony, the Clerk/Secretary shall read the names and stated positions of those who submitted written comments, which shall be entered into the meeting minutes. **SECTION**
- (f) *After all registered speakers have been heard, the presiding officer shall ask for any remaining public comment.*

3. TIME LIMITS FOR PUBLIC COMMENT

- (a) Public Comment Period:
 - (1) Each speaker shall be limited to three (3) minutes.
 - (2) The total time allotted for public comment shall not exceed thirty (30) minutes.
- (b) Public Hearing:
 - (1) Each speaker shall be limited to five (5) minutes.
 - (2) The total time allotted shall not exceed thirty (30) minutes for both supporting and opposing speakers.
 - (3) *An extension of total time may be granted upon approval of the Common Council/Committee.*
- (c) Agenda Items:
 - (1) Each speaker shall be limited to three (3) minutes.

- (2) An extension of time may be granted upon approval of the Common Council/Committee.
- (d) In instances where multiple individuals wish to address the same subject, a designated spokesperson may be identified to present on behalf of the group.
- (e) The presiding officer, with concurrence from the Common Council/Committee, may modify the time allocations based on the complexity of the item and the number of speakers.
- (f) The Common Council/Committee may, by majority vote, allow additional comment periods if new information is presented.

(g) Individuals may not cede their time to other individuals
SECTION 4. MEETING CONDUCT

(a) Expectations of Speakers:

- (1) Speakers shall conduct themselves in a professional and respectful manner.
- (2) All remarks shall be directed to the Common Council/Committee as a body, not to individual members, City staff, or members of the public.
- (3) Speakers shall refrain from defamation, intimidation, personal affronts, threats of violence, or the use of profanity.
- (4) Speakers who have not filled out a PMAC card shall state their name and address prior to speaking

(b) Expectations of the Public:

- (1) Audience members shall not engage in shouting, clapping, or other disruptive behavior.
- (2) Defamation, intimidation, personal affronts, threats of violence, or profanity shall not be permitted.
- (3) Any behavior that disrupts the orderly conduct of the meeting is prohibited.

(4) Public members who have not filled out a PMAC card shall state their name and address prior to speaking

(c) Expectations of Council/Committee Members:

- (1) Members shall preserve order and decorum at all times.
- (2) Members shall not delay or interrupt proceedings through conversation or other means.
- (3) Members shall not disturb a speaker or refuse to obey the directives of the presiding officer.

(4) Members shall hold all questions until the end of the speakers comments. Speakers may be allowed to briefly answer members.

SECTION 5. ENFORCEMENT AND PENALTIES

- (a) The presiding officer shall have the authority to enforce the provisions of this ordinance and may take necessary actions to maintain order, including warnings or removal of disruptive individuals.
- (b) Repeated violations may result in additional penalties as determined by the Common Council/Committee.

Direct Staff to create a 36"x48" posterboard to be displayed under the screen, or in front of the podium. The board should include the rules for speaking:

- 1. Please fill out a PMAC if you wish to be contacted with any answers to questions.
- 2. You must clearly state your name and address prior to speaking
- 3. Please speak loudly into the microphone

From: Rachelle Blitch, Director of Finance

Re: Public Comment Policy

At the September 24, 2024, meeting, the Finance Committee reviewed the Public Comment Policy. During this meeting, a motion was passed to standardize the policy's language across Council and committee meetings, set a three-minute limit for individual public comments, and establish a 30-minute time limit per side for public hearings. The updated policy was subsequently distributed to all committees for review and feedback, with a directive to return the input to the Finance Committee for further evaluation and a recommendation to the Common Council before the end of 2024. Below is a summary of the feedback received from the committees:

Public Works

In short, they really had no comments to make. They like the format, the consistency and the last paragraph on the first page, "The presiding officer, with the.....wishing to speak on the item."

PARC

Asked about the language in public hearing "Per speaker time is the same. " Language needs clarification

Allowing someone to speak twice there are times that someone needs to make another comment. Change the card section use may be used instead of shall be use.

Under the expectation of public keep the unruly behavior and speaking out when not recognized, but remove clapping.

Cable TV Commission

During public comment sessions, particularly when addressing a highly debated or sensitive issue, the council could consider taking a vote to extend the public comment period to 45 minutes instead of the standard 30 minutes. Additionally, it was suggested that guidelines be established to ensure appropriate language is used during meetings, especially considering that minors may have access to these discussions.

Community Development Authority (CDA)

Board member Kachel questioned the 3-minute length of time for an individual to speak. Board member Hicks stated the 3-minute rule is hard and fast; the new rule being considered allows for flexibility. Board member Kromholz stated that a time limit ensures that speakers get to the point in a reasonable amount of time. Chairman Marjzak would prefer the allowance for flexibility. Board member Kromholz would like to see comments limited to those individuals

who live in or own property in Whitewater. Board member Hicks objected to requiring an individual to fill out a speaker card in order to speak. Board member Knight was in favor of encouraging more participation from the public.

Police and Fire Commission

- Due to PFC having relatively few public comments, there was a sentiment that filling out comment cards was “overkill.”
- Overall, the sentiment was that the process makes sense for Common Council, but the PFC desired to have the flexibility not to use that system.

Library Board

The board wanted more clarification about time under the Time Limits section where it mentions “3 minutes with a limit of 30 minutes total” and “5 minutes with a limit of 30 minutes”. They weren’t clear what the 30 minutes meant in correlation to the 3 or 5 minutes. Also, how would a person attending the meeting online monitor their time limit when speaking?

Several of the committees/commissions have not met either due to need or lack of quorum including Parks & Recreation, Landmarks, Ethics, and the EOC. The Urban Forestry didn’t have an opinion as they do not have anyone from the public attend their meetings. The Alcohol Licensing Review consists of three council members so it was not discussed during their meeting.

ORDINANCE No. _____
AN ORDINANCE CREATING SECTION 2.62.060 PUBLIC COMMENT DURING
COMMON COUNCIL AND COMMITTEE MEETINGS

The Common Council of the City of Whitewater, Walworth and Jefferson Counties, Wisconsin, do ordain as follows:

MEMORANDUM

To: City of Whitewater Plan and Architectural Review Commission

From: Allison Schwark, Zoning Administrator

Date: April 3, 2025

Re: Rezone Request

| Summary of Request | |
|---|---|
| Requested Approvals: | Rezone |
| Location: | 500 Tratt Street (292-0515-3233-008) & /WUP 00359 |
| Current Land Use: | Vacant |
| Proposed Land Use: | Multi-Family |
| Current Zoning: | AT, Agricultural Transition District |
| Proposed Zoning: | R-, Multi-Family Residential |
| Future Land Use, Comprehensive Plan: | Future Neighborhood |

Rezone Review

The applicant, Arch Development, LLC seeks to rezone a portion of parcel 292-0515-3233-008 located off Tratt Street, in the City of Whitewater from the Agricultural Transition District, to the R-3, Multi-Family Residential District. The parcel is currently located in Jefferson County. A small portion of the parcel will remain in the AT District; however a majority of the property would be rezoned to R-3 for continued development of multi-family apartment complexes. They also seek to rezone /WUP 00359 from Agricultural Transition District, to the R-3, Multi-Family Residential District. Recently the applicant was approved to construct multi-family housing on the adjacent parcel in Walworth County, and all approvals were obtained. The applicant is proposing to continue phasing the development by constructing two additional buildings within

the area that they are proposing to rezone. The applicant is not seeking approval for a CSM, or site plan review at this time.

Per Chapter 19.21 regarding the R-3 Zoning District, the existing parcel meets all requirements of the district. Additionally, The comprehensive plan describes future neighborhood as a carefully planned mix of primarily single-family residential development, including some two-family, higher density residential, and neighborhood compatible business and institutional uses that are consistent with the residential character of the area.

Planner's Recommendations

- 1) Staff recommend that Plan Commission recommend **APPROVAL** of the Rezone to the City of Whitewater Common Council for a portion of the parcel located at 500 Tratt Street (292-0515-3233-008 & /WUP 000359), as it meets all requirements of the zoning district and is consistent with the comprehensive plan and future land use plan.
- 2) The following conditions are recommended with approval:
 - a. The area that is proposed to stay in the AT district should be parceled off via CSM to separate the zoning districts by lot and zoning designation.
 - b. Exact acreage or square footage of the proposed rezone area should be provided.
 - c. Exact acreage or square footage of the AT district should be provided.
 - d. The applicant will return for a full site plan review at a later date.

ORDINANCE NO. 2025-O-12
AN ORDINANCE AMENDING THE ZONING MAP AND THE ZONING
CLASSIFICATION IN REGARDING TO CERTAIN PROPERTY IN THE CITY OF
WHITEWATER

The Common Council of the City of Whitewater, Walworth and Jefferson Counties, Wisconsin, do pursuant to Municipal Code Chapter 19.69, hereby amend the zoning classification of the below properties:

Section 1: Pursuant to Whitewater Municipal Code 19.69, the below described property (previously annexed in with temporary R-3) zoning is hereby zoned to R-3 (Multi-Family Residence District) and AT (Agricultural Transition District):

| Tax ID's # | Zoning | Square Feet | Property Owner: |
|-------------------|---------------|--------------------|------------------------|
| /WUP 00359 | R-3 | | Arch Development LLC |
| 292-0515-3233-008 | R-3 | 286,729 Sq. Ft. | Arch Development LLC |
| 292-0515-3233-008 | AT | 90,500 Sq. Ft. | Arch Development LLC |

Section 2: The official zoning map of the City of Whitewater is hereby amended to show the above action.

Section 3: This ordinance shall take effect upon passage and publication as provided by law.

Ordinance introduced by Council Member _____, who moved its adoption.

BACKGROUND

(Enter the who, what when, where, why)

The Memorandum of Understanding with Bird had an Extension Amendment approved which stated the Agreement shall continue through April 30, 2023 and shall automatically renew for successive six-month terms thereafter unless terminated by either party. Thus, the automatic renewal is coming up on May 1, 2025.

As a reminder, the scooters are generally out from April 1 thru October 31, unless permission is granted by the Public Works Director for an earlier release or a later removal. This year permission was granted to deploy the scooters the weekend of March 15. They were temporarily removed March 19 with the potential of snowfall and then redeployed. Typically, the scooters have had permission to stay out later than October 31, with an eye on the weather for removal.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The Public Works Committee discussed Bird Scooters at their October 8, 2024 meeting. In general, the Committee thought they provided a good service with minimal complaints (a few riders acting irresponsibly and issues with how they are left after use). The consensus was to keep monitoring their use.

FINANCIAL IMPACT

(If none, state N/A)

N/A

STAFF RECOMMENDATION

This item is being brought to Council in case there are concerns to be addressed. Otherwise, no action is required as the Agreement will automatically renew. Staff has had no issues with communication or responsiveness when reaching out to Bird representatives.

1. PWC October 8, 2024 Minutes

4. Discussion and Possible Action regarding Bird Scooters.

Marquardt stated at a recent Common Council meeting the use of Bird Scooters, particularly on sidewalks, was asked to be on an upcoming agenda for discussion.

Hicks stated he has seen scooters on sidewalks with residents acting stupid. He doesn't know how they can regulate or curb that behavior. Hicks think we should just continue to monitor it. He also hasn't heard of any other complaints.

Majkrzak said he agreed and hasn't heard any complaints either. He does like the service they offer. However, he is disappointed with the way they are stored at times. In general, he feels like management has done a better job with that issue than years past. He thinks we should continue to keep an eye on it. It could be added to the open session as a part of an agenda item or a staff report at a Council meeting.

Hicks thought it should be brought back to Council as a staff report just for additional questions.

Marquardt stated he will bring it back to Council as an agenda item or staff report.

5. Discussion and Possible Action regarding pedestrians not crossing W. Main Street at designated crosswalks near the University.

Marquardt stated at a recent Common Council meeting this item was asked to be on an upcoming agenda for discussion. The area in question is mainly adjacent to the University between Prince Street and Prairie Street. Students will sometimes cross mid-block, not using the traffic signals at Prince Street, Whiton Street, Prairie Street, or the pedestrian crossing at Cottage Street.

To deter students from crossing mid-block, some sort of deterrent would need to be installed, such as a fence. In Main Street's current lane configuration, the fence would need to be placed immediately behind the curb to have any deterrent; otherwise, students could still cut across and walk on the terrace instead of the sidewalk. And the fence would need to be placed on the north side of the street because of driveways on the south side. The location of immediately behind the curb would impede snow plowing operations.

Marquardt stated he travels Main Street quite often. He doesn't see many people crossing the street mid-block. However, the few he has seen cross seem to be paying attention because they are crossing mid-block and looking for cars, unlike the ones who cross in a crosswalk and think they are protected by two white lines. Those pedestrians think they can just cross and don't look for cars. He doesn't feel there is an issue or a need to do anything at this time.

Hicks agrees with Marquardt. Hicks stated he liked the idea of a fence but doesn't think we could do it with the property we have. Hicks recommended doing nothing right now. If it becomes more of an issue, and Starin Road is closed, it could be addressed at that time.

Majkrzak said, in general, a fence would look horrendous. If they end up doing something someday, it should be something more in the terrace. Majkrzak did agree with Marquardt that some people just don't look. He feels it something that should be monitored.

6. Discussion and Possible Action regarding traffic concerns near Walmart and Aldi.

Marquardt stated at a recent Common Council meeting this item was asked to be on an upcoming agenda for discussion. Marquardt said after the agenda was published he received a call from an elderly couple who live on the west side. They would like a crosswalk by Casey because they were almost hit while trying to cross the street to get to Aldi. They cut through the sidewalk behind Casey's and then crossed Main

BACKGROUND

(Enter the who, what when, where, why)

In November 2024, the Public Works Committee (PWC) listened to a proposal to improve Parking Lot C (corner of Center Street and Whitewater Street) to bring more awareness to the mural on the side of the building at 119 W. Center Street. The Committee was open to the concept but wanted a revised layout for the area keeping some parking and possible dimensions of the enhanced area. The revision (attached) was brought back to the PWC in March 2025. The revised layout keeps the four 10-hour parking stalls on the east side of the lot. The four parking stalls on the west side would be replaced with a raised sitting wall and a 20' x 25' paver patio area.

Also attached is a map showing approximate dimensions of the existing parking lot. For typical parking lots, standard stall lengths should be 18', and with perpendicular parking the aisle width should be 24'. If the sitting wall and paver patio area were located in the existing west parking stalls, the remaining parking lot would for the most part, meet these dimensions.

The paver patio area does eliminate four 10-hour parking stalls. However, there are multiple lots throughout the downtown that also have 10-hr parking stalls available.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

The Public Works Committee discussed this at their November 2024 meeting and asked for additional information. At their March 12, 2025 meeting, the committee approved the concept and asked for it to be brought to the full council for discussion and the implementation of a Memorandum of Understanding (MOU) for the installation and maintenance of the improved area.

FINANCIAL IMPACT

(If none, state N/A)

The quote associated with the design is \$35,391. The quote does not include the concrete parking lot as shown on the rendering.

STAFF RECOMMENDATION

Staff is open to the concept, and would recommend a motion to have staff work with the City Attorney to develop a MOU to bring back to the Council for final approval. Staff is open to what should be included in the MOU, but would like to see the following at a minimum:

1. All improvements made to Lot C are the financial responsibility of *Entity To Be Determined (ETBD)*
2. Maintenance and repair of the paver patio area, sitting walls and all landscaping within Lot C is the responsibility of *(ETBD)*
3. As a contingency, landscaping maintenance will be provided by *(ETBD)*
4. The City will maintain the parking stalls and drive aisle after improvements are made.
5. For winter maintenance, the City will be responsible for the parking stalls and drive aisle areas; the paver patio area and sitting walls would be the responsibility of *(ETBD)*
6. If the area falls into disrepair, the City has the exclusive right to terminate this Agreement and return the area back into parking stalls.
