Staff Contact (name, email, phone):	Rachelle Blitch, rblitch@whitewater-wi.gov, 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The Finance Department received a Notice of Claim on October 15, 2025, submitted by Don Wargowsky. The claim relates to parcel /WUP 00265A, which the city purchased from Mr. Wargowsky in May 2016 (as shown on the following page). A memo from Brad Marquardt, Director of DPW is included for additional context and history.

CVMIC was consulted regarding this matter, and their email response is included for reference. Based on their review, they recommend denial of the claim for the following reasons:

Under Wisconsin State Statute § 893.80, individuals must file a written notice of claim with the municipality within 120 days of the event giving rise to the claim. This statutory requirement is intended to provide the municipality with timely notice, allow for investigation, and offer an opportunity to resolve the matter before litigation proceeds.

RE: Ann Street Claim

In May 2016, the City bought property from the Wargowsky's for the future construction of a detention pond. The pond was built in 2018. Sometime after I started in October 2017, I remember then Street Superintendent, Chuck Nass, mentioning that the street department needed to remove items still remaining on the purchased site so the detention pond could be built. I am unaware of what items were removed or where they were located.

Subject: Wargowsky v City of Whitewater

Hi Rachelle,

I am in receipt of the claim that has been filed by Don Wargowsky against the City of Whitewater in the amount of \$16,700, for items Mr. Wargowsky alleges were stolen by city workers in 2016. As you are aware, the City of Whitewater is self-insured for claims up to \$25,000, and should the City decide to settle this matter, the settlement would come from City funds.

This claim does not meet the requirements of WI state statute 893.80, which states that a notice of circumstances must be given within **120 days** after the happening of the event giving rise to the claim. This required timeline ensures that municipalities can fully investigate the claim close to the time when the actual event occurred. This incident occurred on October 1, 2016. The claim was received by the City on October 28, 2025, which is 3,314 days after the incident.

Therefore, it is my opinion this claim should be denied.

Should you have any questions, please feel free to contact me.

Thank you,

City of

Meeting Date:	November 25, 2025
Agenda Item:	Update on Insurance Claim filed and paid for E. Smith
Staff Contact (name, email, phone):	Rachelle Blitch, rblitch@whitewater-wi.gov, 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The Finance Committee customarily reviews insurance claims submitted to the City and determines whether payment is warranted. Occasionally, this process is bypassed when it is evident that the City is at fault. In such cases, payment is processed directly, and the Committee is provided with an update at the next meeting.

On October 4, 2025, the inflatable pumpkin that was on the roof of the municipal building blew off and landed on a resident's vehicle. The incident resulted in monetary damages totaling \$36.93. The claim was submitted to the City's insurance carrier for review, which confirmed that the City was liable for the damages. Accordingly, the Finance Department processed payment to the resident.

NARRATIVE

On Saturday, October 4, 2025, at approximately 11:29am, I, Lt. Aldrich, was working a special event at the Cravath Lakefront Park, when I was notified of the inflatable pumpkin from the roof of the municipal building falling, and landing on a vehicle near the intersection of W Whitewater St. and S Fremont St. in the City of Whitewater, Walworth County, WI. My Axon body camera was activated for this incident.

When I got to the intersection, I noted that the inflatable had landed on a vehicle bearing Wisconsin registration AGH4290. The inflatable had fallen off of the roof due to high winds, which had lifted the inflatable and weights meant to keep it held down. When the inflatable fell to the ground, it brought rocks and other debris from the roof, which landed on the car parked on the East side of the municipal building in the parallel parking spots on S Fremont St. There were several rocks still on the hood and windshield of the car. I noted there were several chips in the paint on the hood, and one dent on the hood, all of which looked to be fresh damage as a result of rocks striking the vehicle. The inflatable was removed from the area, and later picked up by staff of the City.

Incident Report Number 25-013259

W Whitewater St/S Fremont St, Whitewater, WI 53190

Contact was made with the owner of the vehicle, Elizabeth M. T. Smith (F/W, DOB 09/08/1957). Smith met us at her vehicle, and Smith confirmed the damage was not there previously. Smith was provided the case number for this incident and informed she could contact the City after reporting it to insurance if she

wished for her vehicle to be fixed. I then cleared from the scene.

I have no further information for this incident.

Subject: Re: Smith claim

Hi Rachelle,

I am in receipt of the claim that has been filed by Elizabeth Smith against the City of Whitewater in the amount of \$36.93, for damages related to an incident where a city-owned inflatable pumpkin became loose and blew off a roof, striking Ms. Smith's parked and unoccupied vehicle below. As you are aware, the City of Whitewater is self-insured for this loss, and should the city decide to settle this matter, the settlement would come from city funds.

I have confirmed with city staff that the pumpkin was weighed down in a manner that the city believed would secure and adequately hold the pumpkin in place. However, due to high winds, the inflatable pumpkin became detached, blew off the roof, and struck the parked vehicle below. Therefore, it is my opinion that the city is liable for the damage to Ms. Smith's vehicle, and that the claim be paid in the amount of \$36.93.

Please feel free to contact me if you have any questions or would like to discuss further.

Thank you!

On October 3, staff placed an inflatable pumpkin decoration on the roof of the City of Whitewater Municipal Building. The roof is a flat roof, and to secure the inflatable, approximately 120 pounds of weight were placed inside the pumpkin. An additional 90 pounds of weight were attached to the ropes

designed to secure the inflatable when positioned on the ground. Based on the combined weight an nature of the roof, we believed this would adequately hold the inflatable in place.

The following day, I was notified that the inflatable pumpkin had fallen from the roof. I was further informed by the responding officer that the inflatable struck a vehicle parked below.

Subject: Turnout Gear Budget Consideration for End of 2025 and Q1 2026

This memo is to provide you with a budget update and recommendation regarding turnout gear purchases for the Fire Department.

At this time, there is a remaining fund balance of \$10,700 in the 2025 Fire Department budget designated for the purchase of turnout gear. Currently, **five** staff members require new gear. Following the start of the new year, when our referendum staffing is onboarded, we will need to purchase an additional **three** sets of turnout gear.

Our turnout gear manufacturer offers a discounted unit price when **six or more** sets are purchased in a single order. To capitalize on this cost savings, I recommend that the remaining 2025 funds be carried forward and that we place a consolidated order in **Quarter 1 of 2026**, once the new hires have joined the department.

This approach will allow us to maximize available budget resources while ensuring all personnel receive the required protective equipment in a timely manner.

Please let me know if further details or cost estimates are needed.
