(Diane Jaroch, Director) Diane led us through a picture tour of the library in its current state.

7. Discussion and possible action concerning renaming of the library

Citizen comment. Spoke to the memory of Fern and Irvin L. Young, in favor of changing the name to Whitewater Public Library.

Citizen comment that name connects campus and community together. Heartened by size of interior signage for the Irvin L. Young Memorial Wing. The citizen shared a quote she remembers Fern Young said: "This community deserves good things."

Citizen comment: The name "Whitewater Public Library" fits who we are, what we are. He likes the signage for the memorial wing.

Citizen comment: "The word public is important, especially with the trend toward privatizing."

- **Kathy Retzke moved to rename "Irvin L. Young Public Library" to "Whitewater Public Library" and the "Irvin L. Young Memorial Wing." Tara McKenzie-Peotter seconded, motion passed unanimously.**

We have received a donation for costs associated with rebranding (letterhead, plaques, bank account names, professional logo design, etc.).

Steven Sahyun shared a possible revision to the current mission statement: "The Whitewater Public Library: more than just a place to read. We have the space and stuff to do the things that you want."

5. The Lakes are active with wild life. Streets department cleared out the shoreline from the beach to the boat launch.
6. Flag Foot Ball registration is open. Along with a youth bags league.
7. We have had two movies so far and have been well received. The first movie had roughly 100 people in attendance and the second had about 60.
8. 5&6th grade girls' softball were Quad County Champs this past season.

5. Considerations/Discussions/Reports

- a. Discussion and possible action on request to install Born Learning Trail.
 - i. Jannalee Johnson, from the UWW Child Learning Center presented on the topic. The Born Learning trail focuses on engaging children birth to 5 years of age in being active and learning while they do it, this is great for all ages though. There are 10 signs with different activities on each sign. Jannalee said she has obtained funding for all items and would need help from the city putting in the signs and to sponsor the welcome sign. Jannalee proposed three different parks to use, Starin Park, Cravath Park, or Ray Trost Nature Preserve.
 1. **Neal Hicks:** Can we use the ground design templates at other parks, without the signs?
 2. **Johnson:** Yes we can.
 3. **Neal Hicks:** Starin Park seems to make the most sense.
 4. **Kathleen Flemming:** Stain Park would be a nice location for the community to use as well as the UWW Child Learning Center.
- b. Stephanie Hicks made a motion to have the Bron Learning Trail at Starin Park. Neil Hicks Second. Ayes: Kathleen Flemming, Dan Fuller, Neil Hicks, Stephanie Hicks, Mike Kilar, Steve Ryan, Deb Weberpal Absent: Justin Crandal
- c. Discussion and possible action on potential donation property for new dog park.
 - i. Boehm was approached by Teronomy, who wanted to donate land near Minieska Park, for a dog park. These locations are already used by those who live in the apartments nearby. Teronomy will pay for the park and then hand ownership over to the City for maintenance.
 1. **Ryan:** Would we keep the old dog park as well? What if we didn't?
 2. **Kilar:** Would there be an issue if we moved the dog park?
 3. **Boehm:** I don't think so. We don't know much more at this point.
 4. **Boehm:** We may be able to have Teronomy put up sun shades or something to add more shade.
 5. **Neil Hicks:** Could we offer to make the current one smaller and supply the fencing to make it cheaper for them so they would put up shaded area?

Boehm Will get more information about what they are looking at doing and bring it back next month. No action was taken.

- d. Discussion and possible action on disbanding the Urban Forestry Commission
 - i. Boehm: There was a meeting held with Kevin Boehm, Brad Marquardt, Andy Beckman and Emily (new economic development/ zoning) on Thursday afternoon about the role of the Urban Forestry Commission (UFC). Emily had asked a question about a city of whitewater planting guide due to verbiage. Having issues giving information to developers. Emily wants to mainstream zoning and economic development plan with needed department directors. Any projects, at this time, that have a landscape plan goes to UFC who makes recommendations. If dissolved the park board would have to take care of what UFC is taking care of.
 - 1. **Ryan:** I think this is a terrible idea. They are more than developers, sounds more like a guide book problem.
 - 2. **Stanek:** Landscape guidelines are typical for most communities. UFC emphasis has been to diversify the urban forestry. In the past it used to go to park boards and would be approved contingent on the UFC approval to keep invasive species out of the area. Landscape is the last thing that goes for approval so this board is not holding back development since they can still build and reside in that location. The landscape may take a little longer. Not sure if this is Emily's concern that it will hold development back.
 - 3. **Boehm:** I spoke to Llana, in the zoning department. Her message was, to reduce the redundancy of having so many boards do the same thing. Would it be beneficial to take the landscape planning and give that to Emily and continue doing what UFC is already focusing on?
 - 4. **Ryan:** I see that it is possible for a developer to come in and want to rush things through, plant what they want and think that whitewater doesn't know any different. However, we are able to say we do have a group that knows the difference. It has worked so well, why screw it up?
 - 5. **Neil Hicks:** In the note you have had a hard time getting quorum. Does that happen often? Is it 5 or 7?
 - 6. **Stanek:** We have a total of 7 so we need 4 of us to be there
 - 7. **Neil Hicks:** Would it be easier to take it down to 5 people?
 - 8. **Stanek:** Our chair travels with his employment and that may be the issue.
 - 9. **Ryan:** If it came to park board who do we have to refer to if they are not there?
 - 10. **Flemming:** That is not our specialty
- e. Steve Ryan made a motion to continue the Urban Forestry Commission as a subcommittee of the Park and Recreation Board. Neil Hicks Second. Ayes: Kathleen

Flemming, Dan Fuller, Neil Hicks, Stephanie Hicks, Mike Kilar, Steve Ryan, Deb Weberpal
Absent: Justin Crandal

- f. Discuss/ Input from community survey for Park and Open Space Plan
 - i. **Boehm:** I included in the packet the survey results. Sent out June 1st and was closed at the end of June. We had 426 responses, we would like to get 5% of the population but we have never had this much. a lot of great feedback, very little negative. Some comments are no parks in neighborhood and no parks in our immediate neighborhood. 66.2% said they can access the park by walking. Majority of the individuals live outside of city limits. We will work on how we are presenting our parks and their amenities. Starin park was the most visited. 39% of individuals uses Trippe Lake Park. 50+ said they would like to see a splash pad. Not aware of offerings is a large portion of why individuals don't participate. Cost, poor planning, and communication is a large reason.
6. Items not on the agenda that was discussed- Splash Pad
- a. **Boehm:** Several options of places to put a splash pad. I like the idea of starin Park but everything is going on at that park. My suggestion is to place it behind the Cravath building where the gazebo is, we would move the gazebo and create a nice area. We would need to raise about \$400,000 to build a splash pad.
 - b. **Kilar:** I would like to see it more in the open not so tucked back. Maybe have it out by the Amphitheater instead of tucked back.
 - c. **Flemming:** I like the idea not having it at Starin
 - d. **Neil Hicks:** what about Big Brick Park?
 - e. **Flemming:** we would have to build everything. There is no seating or shade.
 - f. **Boehm:** I have until the end of the month to have the UW- Madison architecture design something for us. We can still use our own vendors they are just designing it. Would you like me to have them do it? All we pay for is their travel time and the printing of the landscape.
 - g. **Ryan:** I know everyone would love to have one. We have a large repair bill at the Aquatic Center. Splash pads are very dangerous due to it being unsupervised. It will be used 3 months maximum. It will be great for the really hot days but other days it may not be used so much. The money could be better used to go toward the WAFC for repairs.
 - h. **Boehm:** What about the families that cannot afford the WAFC?
 - i. **Neil Hicks:** Every splash pad we pass is very full.
 - j. **Kilar:** if it was at Starin it would be used the majority of the time.
 - k. **Stephanie Hicks:** Splash pads bring in a lot of people due to the fact that it is a free day to go, daycares will also use the splash pad. Some pads use a button to turn it on whenever you want. Look at the way the water is used and if it is not recycled through it would be very cold.

- I. **Ryan:** If we had one I would say Starin Park

7. Future Agenda Items

TREASURER'S REPORT

1. Treasurer's Report.

Sherry provided a back ground that prior to the current board Urban Forestry received a donation of \$800.00 from Peter Underwood and his wife to be put towards educational programs on bees, trees and birds.

At that time Chuck Nass who was the arborist at that time recommended that the Urban Forestry Commission get a regular checking account and provided the City Tax ID to open the account so we were not paying fees.

Recently, Karen Dieter who is the comptroller of the city recently inform Kevin Boehm, Park and Recs Direction that since the checking account has a City Tax ID number that it needs to be available to be audited and viewed by the City.

We viewed this as petty cash which is not ok with the City.

We have two choses. We can either closed the current checking account with the City Tax ID and turn the money over to the City for Deposit into Fund 245 which is were Urban Forestry and Parks money is kept. This would allow the City to front us money for the tree sale and other projects.

Or we closed the current account and open a new account not associated with the City's Tax ID. The City will issue us a check for that they hold in for us in the 245 Account which is currently \$1,311.76. They would no longer front us funds for trees for the tree sale or other projects. We would be on our own.

We have never been a separate entity or a 501 3c. We don't have money coming in. We are an advisory committee to the city.

Kapner asked what Alt is most worried about with the money.

2. Discussion and possible action on segregated funds between the City and Urban Forestry Commission.

Matter was discussed in the Treasurer's Report.

Tabled to next meeting.

STAFF REPORT

Beckman stated that the structure pruning of the smaller trees is continuing.

CONSIDERATIONS / DISCUSSIONS / REPORTS

3. Discussion and possible action related to the Territorial Oak.

Beckman stated that entire tree wood is at shop. We have two slabs available. The tree was actually two trees.

Stanek stated one of the cookies is to go to the Historical Society. The other is for the arboretum.

Beckman stated that they still need to be treated.

Walworth County Historically wanted a slab

Blackmer asked about the stump.

Beckman stated that he is waiting for direction.

Stanek stated that she would like stump to stay. The center of the tree had a lot of rot.

Blackmer stated that it is not entirely Urban Forestry choice. Landmarks also has to weigh in on what will happen.

Chandler asked about whether the sign was easily stolen.

Beckman explained that is about 3 to 4 foot high monument that is permanent it was just removed during removal of the tree so it would not be damaged.

Beckman would like to look at lowering it.

Chandler made a motion that the marker be place back next to the Territorial Oak Stump. where it was previously located.

Motion made by Board Member Chandler, Seconded by Board Member McCormick.

Voting Yea: Board Member Stanek, Chairperson Alt, Board Member Kapfer, Board Member Katovich, Board Member McCormick, Board Member Chandler.

Blackmer asked about the stump.

Stanek made a motion that the stump remain until Urban Forestry and Landmarks can have further discussion. Second was made by Kapfer.

Motion made by Board Member Stanek, Seconded by Board Member Kapfer.

Voting Yea: Board Member Stanek, Chairperson Alt, Board Member Kapfer, Board Member Katovich, Board Member McCormick, Board Member Chandler

4. Discussion and possible action on making alternate a permanent member of commission.
No action taken.

5. Discussion and possible approval of Landscape plan for Martin Bower located at 411 N Newcomb Street.

Beckman stated that the only the only thing change with this site is the southeast corner, they are adding a dumpster enclosure with 6 arborvitaes. The piece to the north east is already an impervious surface. They are making loading docks so no change to impervious surface.

Motion by Stanek to approve the dumpster pad and the six arborvitaes.

Motion made by Board Member Stanek, Seconded by Board Member McCormick.
Voting Yea: Board Member Stanek, Chairperson Alt, Board Member Kapfer, Board Member Katovich, Board Member McCormick, Board Member Chandler.

Alt suggested 3 Shoei mountain ash 3 black tupelo 3 yellowwood.

Beckman stated that he created a more diversified list.

Motion made by Board Member Stanek, Seconded by Board Member McCormick.
Voting Yea: Board Member Stanek, Chairperson Alt, Board Member Kapfer, Board Member Katovich, Board Member McCormick, Board Member Chandler

7. Discussion and possible action regarding landscaping guidelines.

McCormick explained that this came from Plan Commission with questions regarding updating and the point system. Due to having no information it was recommended it come back to this commission.

Beckman stated that he had the deer in the headlights look at the last meeting since no where in the landscaping guidelines policy does it explain the points system. At some point it was getting revised, however that person left and it never got passed on for completion. We are one of the few communities that actually has our landscape guidelines on our website. Beckman stated there is not much wrong with our landscape guidelines once you put the point system in it.

Alt stated that the old plants and species listed no longer works, however we can add points to the new plant species.

Motion by Chandler to have Beckman, arborist update the new plant list and add the points to each plant and add to the policy with a new revised date.

Motion made by Board Member Chandler, Seconded by Board Member Stanek.

MEMO

To: Common Council

From: John Weidl, City Manager

Date: 8/22/2025

Re: Survey update

Councilmembers,

The project has been budgeted for the upcoming year and will be approached comprehensively. We are currently in the process of preparing the Request for Proposals (RFP).

Once the RFP is finalized, the Council will be given an opportunity to review it. In addition, we will ensure that Council members have input into the survey design to help shape its effectiveness and relevance.

We will continue to provide updates as the process moves forward.

Meeting Date:	September 2, 2025
Agenda Item:	Lake District

BACKGROUND (Enter the who, what, when, where, why)
--

A request has been made by the Lake Advisory Committee for creation of a Lake District to generate revenue for and complete the rehabilitation and maintenance of the City’s lakes. Council Members have requested a method by which to obtain additional information regarding the publics support for the creation of a lake district as well as additional information regarding binding referendum and other options for creating a lake district.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS (Dates, committees, action taken)
--

A memo was provided to the Common Council on August 19, 2025 noting that an advisory referendum on the creation of the Lake District would not be permissible under Wisconsin Statutes. A request at the meeting was made for additional information on a binding referendum and other alternatives that may exist for creating the lake district.

ADDITIONAL INFORMATION

It should be noted that there are two options for creation of a lake district under Wis. Stat. Ch. 33. A lake district may be made by petition to the County for any lake within the state of Wisconsin. Alternatively, a municipality may opt to create a Lake District by resolution. While the end result of both options is a lake district with limited taxing authority, control of the Lake District is substantially different under these two options. If created by a municipality the Common Council acts as the board of commissioners and oversees the district. However, if petition is made to the County a board of five commissioners is created consisting of the following individuals:

1. A person appointed by the County Board who is a member of land conservation committee or nominated by that committee and approved by the County Board.
2. A person appointed by the governing body of the municipality with the largest valuation of land within the district.
3. Three electors or property owners within the district elected by secret ballot by electors and property owners within the district for staggered 3-year terms. At least one must be a resident of the district. The three electors are chosen by secret ballot at the first annual meeting of the Lake

District and then one individual is chosen at each of the subsequent annual meetings of the Lake District. At an annual meeting the number of electors can be increased from 3 to 5.

To create a Lake District under the County's structure 51% of the land owners or land owners of 51% of the land within the district must sign a petition for the creation of the Lake District. There is no requirement for a municipality to create the Lake District other than the Common Council passing a resolution to create the district. Once the Common Council has created the district however, a petition signed by at least 20% of property owners within the district can force the Lake District to change to the County's structure at its next annual meeting.

Another option for creation of the lake district would be by direct legislation. Direct Legislation is authorized under Wis. Stat. Sec. 9.20 and requires a petition signed by at least 15% of the votes cast for governor in the last election. That would require 639 elector's signatures for the City to adopt a proposed resolution, which would need to mirror the option to create the lake district by City Resolution. Once the petition is filed the Common Council has an option of adopting the resolution without modification or placing it on the next general election as a binding referendum. If adopted after the petition the resolution cannot be modified within two years of its adoption, except by submitting the modification to the general election. There would still be the potential for 20% of property owners within the district submitting a new petition for adoption of the County's structure for the district.

The secret ballot electing board members and voting at the annual meeting would be conducted only by those individual present for the meeting as no absentee ballot or proxies are permitted. In addition, each property owner or elector present is entitled to only one vote during the process. During the annual meeting, the members present are able to create a tax not to exceed 2.5 mills of equalized valuation upon all taxable property within the district by a majority vote of all elector's and property owners present for the meeting only if proper notice of the topic was placed on the agenda and provided to all members of the district. The Board of Commissioners has very limited authority to create a tax without the approval of the majority of members present for the annual meeting.

FINANCIAL IMPACT

(If none, state N/A)

No or minimal direct financial impact is anticipated on the City. However, if a district is created it would create a new taxing jurisdiction on City Residents increasing their taxes overall. It may also reduce any financial costs the City would otherwise spend should it decide to rehabilitate or maintain the lakes using general funds.

STAFF RECOMMENDATION

There are three options for Council to take:

-
1. Approve the proposed resolution, and if the Lake Advisory Committee meets the requirements of the resolution consider the creation of the District.
 2. Take no action, rely on public to petition the county using the process provided by Wis. Stat. 33.25.
 3. Pass a resolution scheduling a binding referendum or wait for a petition under Direct Legislation to do the same. This would require placing the resolution on spring or fall general election and if passed goes into effect.

MEMORANDUM

TO: City Clerk
FROM: Daniel A. Meyer, Chief of Police
SUBJECT: Disapproval of Beverage Operator's License Application for **Maxwell Aaron Sztuk**
DATE: April 25, 2025

On April 11, 2025, Maxwell Aaron Sztuk, 280 N Tratt St., Whitewater, WI 53190, applied for a beverage operator's license to work, without supervision, at Mad Boar Pub, 123 W Center St., Whitewater, WI 53190. At that time the usual background investigation was conducted.

Effective April 25, 2025, the following information is being supplied on an official basis concerning the beverage operator's license application of Maxwell Aaron Sztuk. Pertinent records of the local and state agencies have been searched as of this date with the following results: (Only that information which would bear upon this application is recorded. Traffic violations are excluded.)

WHITEWATER POLICE DEPARTMENT

04/07/2024: UNDERAGE ALCOHOL JUVE/ADULT-LICENSE PERMIT (1ST)

An operator at an alcohol establishment has an obligation to reasonably deal with various rules and regulations regarding alcohol. These arrests show that Maxwell Aaron Sztuk has displayed an inability to abide by these laws. We therefore do not believe that he has the appropriate ability to handle the responsibility that the license requires.

Qualifications for license in accordance with Wisconsin State Statute 125.04(5)(a) as affected by Chapter 79 and 391, Laws of '81 effective 1/1/82 which states in part: "Natural persons. Licenses and permits related to alcohol beverages, issued to natural persons under this chapter, may be issued only to persons who: 1. Do not have an arrest or conviction record, subject to s. 111.321, 111.322, and 111.335: . . ." Dear [Licensing Authority/Board Members],

I am writing to formally appeal the recent denial of my bartending license application. I respectfully request that my case be reconsidered so that I may be granted the opportunity to work legally and responsibly within the hospitality industry.

I understand that the decision was made based on a past violation. However, I would like to provide additional context and demonstrate my commitment to upholding the standards and responsibilities required of a licensed bartender. Since the incident, I have taken steps to improve myself and ensure that I am fully prepared to carry out the duties of this profession responsibly. I am deeply committed to following all state and local laws regarding alcohol service and maintaining the safety and well-being of customers. Being granted a license will allow me to support myself through lawful employment and contribute positively to the community.

I sincerely ask for a second chance to prove my responsibility and dedication. Thank you for your time and consideration in reviewing my appeal.
Respectfully,

Maxwell Sztuk

Agenda Item: Parking MOU with UWW

Staff Contact (name, email, phone): Rachelle Blitch, rblitch@whitewater-wi.gov, 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The City of Whitewater and the University of Wisconsin–Whitewater previously entered into a Memorandum of Understanding (MOU) to lease Prairie and Prince Streets for use as parking. That agreement expired on August 31, 2025.

To ensure continuity of parking access while both parties work toward updating the terms of the agreement, the City is formally requesting an extension of up to 90 days. This extension will provide adequate time for the City and the University to review the prior MOU, evaluate current and future parking needs, and negotiate mutually beneficial terms that reflect both operational considerations and fiscal responsibility.

Maintaining this arrangement in the interim will prevent disruption to students and staff who rely on this parking, while also allowing the City to uphold its commitment to responsible planning and partnership with the University.

Council Agenda Item

Meeting Date: September 2, 2025

Agenda Item: Storm Water Rate Study

Staff Contact (name, email, phone): Rachelle Blitch, rblitch@whitewater-wi.gov , 262-473-1380

BACKGROUND

(Enter the who, what when, where, why)

The City established the Stormwater Utility on October 1, 2007, as outlined in Municipal Code [Chapter 16.10](#). According to Section 16.10.070, Rates and Charges, the value of one ERU (Equivalent Runoff Unit) is to be determined annually based on the applicable year's budget. However, the last rate adjustment occurred in 2015. Nevertheless, it is now evident that a significant rate increase is necessary to prevent future negative cash balances in the utility fund.

PREVIOUS ACTIONS – COMMITTEE RECOMMENDATIONS

(Dates, committees, action taken)

2007 – Stormwater utility created, rates set at \$3.58 per ERU

2011 – Rates increased to \$4.08 per ERU

2013 – Rates increased to \$4.75 per ERU

2014 – Rates increased to \$5.58 per ERU

2015 – Rates increased to \$6.17 per ERU

1/21/2025 – Common Council approved engaging Ehler's to complete a rate analysis

FINANCIAL IMPACT

(If none, state N/A)

STAFF RECOMMENDATION

Staff recommends implementing Ehler's proposed rate increases effective January 1, 2026.
