## White Salmon City Council Meeting A G E N D A

### September 18, 2024 – 6:00 PM 119 NE Church Ave and Zoom Teleconference Meeting ID: 876 1736 1200

**Call In:** 1 253 215 8782 US (Tacoma)

**Zoom Link:** https://us02web.zoom.us/j/87617361200

- I. Call to Order, Land Acknowledgement, and Presentation of the Flag
- II. Roll Call
- III. Changes to the Agenda
- IV. Presentations
  - A. WSDOT Complete Streets Presentation
  - B. Mayor's Updates
- V. Public Comment Any public in attendance at the meeting (either in person or via Zoom) will be provided with an opportunity to make public comment of a general nature in the time allotted. No registration is required. Each person will be allowed three minutes for comment.
- VI. Consent Agenda
  - A. Approval of Change Order No. 3 USDA Mainline Phase I
  - B. Contract Amendment No 3- Mainline Phase I Engineering Anderson Perry
  - C. Approval of Special Council Meeting (Council Retreat) Minutes September 4, 2024
  - D. Approval of Meeting Minutes-September 4, 2024
  - E. Approval of Vouchers
- VII. Business Items
  - A. Utility Adjustment Mt Adam Little League
    - 1. Presentation
    - 2. Discussion
    - 3. Action
- VIII. Reports and Communications
  - A. Department Head Reports
  - B. Council Member/Committee Reports
- IX. Executive Session (if needed)
- X. Adjournment

#### File Attachments for Item:

A. Approval of Change Order No. 3 - USDA Mainline Phase I

#### COUNCIL REPORT

Business Item X Consent Agenda

Needs Legal Review: No, Not Necessary

Meeting Date: 9/18/24

Agenda Item: Chage Order No. 3- Phase 1 Transmission Main

Replacement- NCE

Presented By: Andrew Dirks, Public Works Director

#### **Action Required:**

Approval of Change order No. 3 for the Phase 1 Transmission Main Replacement with NCE In the amount not to exceed \$5,713.63 and 7 contract days.

#### Motion for Business Item / Proposed Motion for Consent Agenda:

Motion to approve Change order No. 3 for the Phase 1 Transmission Main Replacement with NCE In the amount not to exceed \$5,713.63 and 7 contract days.

#### **Background of Issue:**

This is a two-part change order, part one consisting of additional contract time to complete the upper transmission main connection and the fiber connection at the Buck Creek Monitoring Station. The first part is a no cost change order and 3 additional days. Part two includes the placement of drainage rock and fabric behind the installed retaining walls at several air release valve vault (ARV, total 2 sites, STA 38+70, and STA 55+90) and communication vault locations (total 3 sites, STA 58+66, STA 68+00, and STA 91+80) and the adjustment on the number of excess blocks installed for the ARV location at STA 110+89. This includes the \$5,713.63 and 4 additional days.

#### **Council Options:**

City Council has the following options available at this time:

- 1. Accept the Staff Recommendation.
- 2. Revise the Staff Recommendation.
- 3. Other action as desired by council.

#### **Fiscal Analysis:**

This project is funded through loans and grants with USDA and PWB

#### **DEI & Stakeholder Analysis:**

Upgrades to City owned infrastructure impact all those serviced by the CWS water system through rates and water quality.

#### **Policy & Plan Implications:**

Mentioned in the WSP and CFIP

#### Recommendation of Staff/Committee:

Staff recommends approval of Change Order No 3 for the Phase 1 Transmission Main Replacement with NCE in the amount not to exceed \$5,713.63 and 7 contract days.

# ATTACHMENT A CITY OF WHITE SALMON, WASHINGTON TRANSMISSION MAIN REPLACEMENT - PHASE I CHANGE ORDER NO. 3

#### 3.1 ADDITIONAL CONTRACT TIME FOR WATER MAIN AND FIBER CONNECTIONS

**Description of Change:** Additional contract time to complete the upper transmission main connection and the fiber connection at the Buck Creek Monitoring Station.

**Justification:** The needed connection point with the existing transmission main at the upper tie-in connection is approximately 80 linear feet west of the location shown on the Drawings. An additional two days of contract time was requested by the Contractor to install this additional pipe and make the connection.

The fiber connection at the Buck Creek Monitoring Station required installing the new fiber cable in an existing conduit with an active CenturyTel service line. The Contractor requested an additional contract time to determine the connection point and install the necessary conduit fitting for the fiber cable installation.

**Cost/Time:** No change in cost with this change order item as the additional water main to be installed shall be paid under existing unit prices, and the fiber connection at the Buck Creek Monitoring Station covered under the existing unit price. A total of three (3) days of additional contract time is provided with this change order.

CHANGE TO THE CONTRACT PRICE: CHANGE TO THE CONTRACT TIME:

\$0.00 Three (3) Days (Increase)

### 3.2 PLACEMENT OF DRAIN ROCK AND FABRIC AND BLOCK ADJUSTMENTS FOR SELECTED RETAINING WALL SITES

**Description of Change**: The placement of drainage rock and fabric behind the installed retaining walls at several air release valve vault (ARV, total 2 sites, STA 38+70, and STA 55+90) and communication vault locations (total 3 sites, STA 58+66, STA 68+00, and STA 91+80) and the adjustment on the number of excess blocks installed for the ARV location at STA 110+89.

**Justification:** Placement of drainage rock and fabric was warranted to reduce the likelihood of the installed retaining wall block being overturned by saturated silty material behind the block wall. The placement of drainage rock and fabric behind the block walls was not anticipated during design and not included in the original bid documents.

A credit for the number of retaining wall blocks installed at STA 110+89 as full-size blocks were installed on the back edge when half-sized or 1-1/2 sized blocks could have been installed as shown in the retaining wall block detail in the Drawings (Detail 1/C-509). The Contractor installed full-size blocks and backfilled against the blocks before determining half-size blocks were available from the supplier. The credit is for 4 half-sized blocks, which is equal to 2 full-size blocks. A full-size block has dimensions of 2.5 feet by 5 feet by 2.5 feet with a total volume of 31.25 ft<sup>3</sup> or 1.16 cubic yards (cy), rounded. Total credit is equal to 2.31 cy.

**Cost/Time:** Cost for placement of drainage rock and fabric is an agreed upon lump sum cost of \$6,470.00. The credit for the additional excess retaining wall blocks was based on the bid price for retaining wall blocks of \$500 per cy. Total credit is equal to \$1,155.00 (2.31 cy X \$500/cy). Net cost for this change order item is \$5,315.00. With sales tax, the total cost for this change order is

Additional contract time for this change order item (related primarily to the drainage rock and fabric placement) is four calendar days.

CHANGE TO THE CONTRACT PRICE: CHANGE TO THE CONTRACT TIME:

\$5,713.63 (Increase) Four (4) Days (Increase)

B. Contract Amendment No 3- Mainline Phase I Engineering - Anderson Perry

#### COUNCIL REPORT

Business Item X Consent Agenda

Needs Legal Review: NO, Not Necessary

Meeting Date: 9.18.24

Agenda Item: Transmission Main Replacement Phase I - Amendment No.

to Engineering Agreement

Presented By: Andrew Dirks, Public Works Director

#### **Action Required:**

Approval of Transmission Main Replacement Phase I - Amendment No. 3 to Engineering Agreement not to exceed \$75,000.

#### Motion for Business Item / Proposed Motion for Consent Agenda:

Motion to approve Transmission Main Replacement Phase I - Amendment No. 3 to Engineering Agreement not to exceed \$75,000.

#### **Explanation of Issue:**

Due to the Contractor being over 55 days behind schedule, AP has incurred additional construction engineering and Resident Project Representative services, which have been detrimental to our engineering budget. As such, there are not sufficient funds remaining to fulfill our engineering services under the current budget agreement.

To provide the required services for the duration of the project, AP is proposing a \$75,000 budget amendment to the professional services agreement between AP and the City. Of this amount, \$60,000 is for additional construction engineering services, and \$15,000 is for additional Resident Project Representative services. These additional amounts are based on the following:

The Work being Substantially Complete by the end of next week.

The transfer graduation of the critical fractions of the critical frac
The Work being complete and ready for Final Payment in 4 weeks (after Substantial
Completion).
The Resident Project Representative hours being limited to 18 hours per week until the
Work is complete and ready for Final Payment, Additional AP staff are anticipated to

Work is complete and ready for Final Payment. Additional AP staff are anticipated to be on-site for the first two days of construction, with a site visit once every two weeks thereafter.

Attached for the City's review and approval is a copy of Engineering Amendment No. 3. Please note the following: 1) AP's engineering services are on a time and materials basis and are only expended as needed, and 2) this amendment will also need to be reviewed and approved by Rural Development for the amendment to be fully executed.

#### **Council Options:**

City Council has the following options available at this time:

- 1. Accept the Staff Recommendation.
- Revise the Staff Recommendation.
- 3. Other action as desired by council.

#### **Fiscal Analysis:**

This amendment will be funded by the existing PWB Loan.

USDA RD and City Staff will be meeting to discuss Liquidated Damages to help cover the additional costs incurred by the additional time needed by the contractor outside of the original contract agreement.

#### **DEI & Stakeholder Analysis:**

All utility improvements made within White Salmon City Water System impact the City's DEI goals. Other Stakeholders the City of Bingen.

#### Policy & Plan Implications:

This project is represented in the WSP and the CFIP.

#### Recommendation of Staff/Committee:

Staff recommends approval of the Transmission Main Replacement Phase I - Amendment No. 3 to Engineering Agreement not to exceed \$75,000.

RE: Transmission Main Replacement Phase I - Amendment No. 3 to Engineering Agreement

Dear Andrew,

As you know, the Contractor has not achieved Substantial Completion in a timely manner. With the approval of Change Order No. 3, the revised Substantial Completion date will be July 16, 2024. Due to the Contractor being over 55 days behind schedule, AP has incurred additional construction engineering and Resident Project Representative services, which have been detrimental to our engineering budget. As such, there are not sufficient funds remaining to fulfill our engineering services under the current Agreement budget.

To provide the required services for the duration of the project, AP is proposing a \$75,000 budget amendment to the professional services agreement between AP and the City. Of this amount, \$60,000 is for additional construction engineering services, and \$15,000 is for additional Resident Project Representative services. These additional amounts are based on the following:

- The Work being Substantially Complete by the end of next week.
- The Work being complete and ready for Final Payment in 4 weeks (after Substantial Completion).
- The Resident Project Representative hours being limited to 18 hours per week until the Work is complete and ready for Final Payment. Additional AP staff are anticipated to be on-site for the first two days of construction, with a site visit once every two weeks thereafter.

Attached for the City's review and approval is a copy of Engineering Amendment No. 3. Please note the following: 1) AP's engineering services are on a time and materials basis and are only expended as needed, and 2) this amendment will also need to be reviewed and approved by Rural Development for the amendment to be fully executed.

AP appreciates the City's continued support for this challenging project and looks forward to its successful completion. Please contact me if you have any questions regarding this Engineering Amendment request or the project itself.

C. Approval of Special Council Meeting (Council Retreat) Minutes - September 4, 2024

#### City of White Salmon September 04, 2024 City Council Special Meeting – Council Retreat In Person Only

#### **Attendance**

#### **Council Members:**

Ben Giant Patty Fink David Lindley Jason Hartmann Jim Ransier

#### **Staff Present:**

Andrew Dirks, Public Work Director
Chris True, PW Operations Manager
Erika Castro-Guzman, Special Projects
Coordinator
Jenne Patterson, Code Compliance
Lisa Randall, Police Office Manager
Marla Keethler, Mayor
Stephanie Porter, Clerk Treasurer
Shawn Mac Pherson, City Attorney
Troy Rayburn, City Administrator

#### I. Call to Order

Mayor Marla Keethler called the meeting to order at 4:03p.m. There were no members of the public in attendance in person.

#### II. Roll Call

#### III. Workshop Topic

The City Clerk Treasurer, Stephanie Porter, provided a 2025 financial overview including current expense fund potential funding concerns to be aware of for 2026 and after. The WA State Auditor Financial Interest Tool was provided to relay audit caution flags for the current expense (001) and wastewater (402) fund based on 2023 Financial Report.

Mayor Keethler reviewed the City Council 2024 Priorities:

- 1. Implementation of the Housing Action Plan
- 2. Increase Wildfire Preparedness
- 3. Address the gap in youth resources

Council discussed the following topics of potential interest for 2025 priorities:

- 1. Planning Staff
- 2. Wildfire Preparedness
- 3. Youth Center new home
- 4. Grant Writer funding
- 5. Climate Action Plan
  - a. Rebate for drought resistant landscape replacing current grass lawns.
- 6. Rheingarten Playground Equipment Replacement

The City Council agreed that the 2024 priorities would be appropriate for 2025 priorities.

There was council discussion related to adding the Climate Action Plan and providing a more detailed 5 year projection to give staff more specific project expectations for each year with the large scope of the current 2024 priorities.

#### X. Adjournment

The meeting was adjourned at 6:00 p.m.

#### File Attachments for Item:

Needs Legal Review: No, Unnecessary
Meeting Date: September 18, 2024

Agenda Item: Mt. Adams Little League Utility Adjustment and Leak

Adjustment

Presented By: Stephanie Porter, Clerk Treasurer

#### **Action Required:**

Review and make determination on the proposed utility adjustments for Mt. Admas Little League Utility Account 1152.

#### Motion for Business Item / Proposed Motion for Consent Agenda:

Motion to approve Utility Adjustment for utility account 1152 Mt. Adams Little League in the amount not to exceed \$2,848.22 for utility billing corrections.

Motion to approve One-Time Leak Adjustment for utility account 1152 Mt. Adams Little League in the amount not to exceed \$6,439.02.

#### **Background of Issue:**

The City of White Salmon has an existing Interlocal Agreement with the WSVSD to bill utility base fees on irrigation accounts for only the months of April through October. Account 1152 was unintentionally omitted from this agreement. The Utility Correction adjusts the over billing for base fees that were charged to the account in error.

The Mt. Adams Little League had an ongoing leak over multiple summer months that they were unable to locate for 2 years. The utility account was paid in full up to the large leak billing in September of 2022. The auto payment was removed from the account and the payments returned due to the amounts due (\$3,607.61 and \$1,467.05) took the nonprofit account into the negative not allowing payment of any other billings.

This account has received payment of the current utility fees due over the last 3 months.

City staff helped locate the leak at the meter and were able to successfully decrease the leakage by fixing the meter connection on the Little League side.

#### **Explanation of Issue:**

Staff recommends the approval of the utility adjustment for the billing correction of \$2,848.22.

City Council is asked to review the proposed leak forgiveness amount of \$6,439.02. This amount is calculated based on the usage that was registered in summer 2024 after the repair of the leak. This leak forgiveness approval would be an exception to the code in that this account is an irrigation account.

The Mayor and staff reviewed the situation and believe this is a fair adjustment to balance the past due amount (Currently \$19,184.79).

#### **Council Options:**

City Council has the following options available at this time:

- 1. Accept the Staff Recommendation.
- 2. Revise the Staff Recommendation.
- 3. Other action as desired by council.

#### **Fiscal Analysis:**

The proposed revenues for utility billing will not be affected by this reduction is the council chooses to move forward. The Little League has been unable to pay the large balance from the identifies leak months therefore the revenues have not been received.

#### **Diversity Equity Inclusion & Stakeholder Analysis:**

The Mt. Admas Little League is a nonprofit organization that is funded by community fees for services. Assisting the Little League by allowing a leak adjustment that is based in our code for non-irrigation accounts will lessen the financial burden to this community organization.

#### **Follow Up Action:**

The Council will see a Resolution to document the approval of prior Mayor Poucher, to bill the account at the 1" meter rate with a 2" meter present.

### City of White Salmon Adjustment Request Form

Account: 1152

Service Address: NE O'Keefe Avenue

Name: Mt. Adams Little League Irrg.

**Reason:** Adjustment to base fees for winter

### DEPARTMENT REPORT FINANCE / CLERK

Meeting Date: September 18, 2024

Presented By: Stephanie Porter, Clerk Treasurer

#### Daily Operations / What's Happening:

- Public Records Request 4 new request this period
- Daily Reconciliation Current
- Quarterly Taxes Next submission 10.31.2024
- Monthly reporting and taxes Current
- Send Ordinances to Municode for code update.
- Reviewing Utility Adjustments
- Review and approve Utility Billing
- Review and Approve Accounts Payable
- Record Retention
- Grant quarterly reporting Completed Q2
- Working with Anderson Perry regularly for USDA contractor reimbursements- tracking for the Main line Phase 1 Project.
- One-Time Leak Forgiveness Applications 0 new received.
- Payment Plan Applications 0 received.
- Low Income Utility Discount Program Application is available on website, program is active. Number of New Applications this period 0
- Utility Grievance- 0 received
- Clean up and set up of Council Chambers
- Committee/Executive Communication

#### **New Projects Progress:**

- 2025 Lodging Tax Application creation. Planning to provide a list of local STR and hotel owners – 2 committee members need to be replaced. Working to organize the November Lodging Tax Committee Meeting to review Grant Applications.
- WKRFA review of policies to go before Planning Committee.
- Completed the Civic Academy Online Application and added page to City Website. Sending completed applications to WAGAP for communication with applicants.
- Worked with Code Compliance to create revenue line items for enforcement revenues.
- Let's Talk: Pre-Approved Plans Organization for online viewing.
- Submission of Utility Lien recommendations to legal for review and process.
- COLA adjustments for 2024 percentage rate correction.
- Initial research of Tax Increment Financing- anticipate committee conversation starting in January 2025.
- Initial research for potential Transportation Impact Fee.

#### **Existing Projects Progress:**

- Annual USDA Report- past due with extension; working with USDA to complete.
- Working with Police Department to create a Scope of Work for a Janitorial Contract for City Hall and the Police Department- Scope of work created – implementing MRSC procurement review recommendation.
- ARPA Surplus Process- no update as of 08.30.2024

- Regional Fire Authority Sub Committee HR/Finance RFA Sub Committee-Finance committee meets monthly.
- Reporting and managing of the CDBG Grant with Columbia Cascade Housing Corporation –program is active.
- NW Natural Franchise Agreement Renewal CityLab review has been completed.
   Moved to City Attorney and City Administration to negotiate and finalize the Ordinance Agreement. Followed up with Legal 09.13.2024

- FIRST WKRFA Governing Board Meeting September 30, 2024 at 6:30pm
- White Salmon 2022-2023 Financial Audit Begins October 1, 2024

September 18, 2024

**RE:** City Administrator's Informational Brief

Hello Council Members –

Below is a snapshot of projects and topics that are underway at the city. They are informational highlights. The list is not all inclusive of everything going on at the city or what the administration is involved in or working on. ... Please excuse typos.

Bluff Connector Trail <u>Study</u> – First open house was September 12. 34 residents attended the first informational meeting. HHPR Engineering & Planning sent informational letters to adjacent property owners within 500 feet of the project site notifying them of the meeting. A number of them attended. Most comments received related to worries re: wildfire and protecting adjacent properties from potential trespassers. A number of project components were presented by HHPR and Fire Chief Hunsaker, including how the stairs could come in handy for firefighters re: access to the bluff and provide water to the bluff by connections under the stairs (wildfire mitigation). See below (Pg. 4) one public information board that was displayed. The next opportunity to hear from the public is Thursday, Oct. 10.

**Youth Center** – The Washington Gorge Action Programs (WAGAP) is appreciative of the city and school district's work re: floor plan use within the Parks Center Building. WAGAP Executive Director Jennifer Pauletto is working to schedule a meeting to assess next steps. WAGAP's meeting participants will include the city, school district, and WAGAP.

Washington Department of Transportation's (WSDOT) Complete Streets – WSDOT will make a presentation to Council at its Sept. 18 meeting. WSDOT continues to engage a wide cross-section of the community, including city administration, public works, police department, fire, the Downtown Business Alliance, Mt. Adams Chamber of Commerce, Community Partners, and residents' regarding ideas specific to its complete streets project for State Hwy 141 / Jewett Blvd.

**Rheingarten Park Amenities** – The new splash is a hit with the kiddos and their parents. We will now move onto the new playground structure regarding 2025 funding and hopefully a spring installation.

Rheingarten Park Amenities Continued – RCO Grant / Pickle Ball & Tennis Courts – If we are awarded the RCO grant, this court resurface project will be one more win for the park & community. If awarded, we will be busy with grant reporting requirements, construction, and coordinating & working with both the school district & pickle ball / tennis club, etc.

**2025 City Budget** - Department heads met to begin the process. Stephanie, as city treasurer, coached us on our data input points / line items per department. We are working to provide Stephanie with our initial numbers by September 18. For context, all of this work was

historically done by one person. Department heads are now taking responsibility for their individual departments.

Department heads will also begin shortly drafting their 2025 department narrative for the published budget that is posted on city website and distributed to the public

I understand that members of the Downtown Business Alliance are interested in learning if the city can budget for downtown streetscape enhancements in 2025. <u>Examples only</u>: white lights across Jewett & associated electrical support, larger flower baskets, irrigation, wayfinding, and improving the planter beds on the North side of Jewett.

They don't expect the city to fund all of the streetscape enhancement projects previously listed, but they are interested in learning what can be planned for and budgeted. The treasurer recommended that they make a presentation to the Finance Committee. It is my understanding that members of the Downtown Business Alliance have also reached out to a couple of council members regarding planning ahead for streetscape improvement projects on Jewett.

**Dept. of Natural Resources (DNR) Wildfire Fuel Break** - With lower temperatures and moisture anticipated, DNR is hoping that the authorities who make fire danger rating decisions will agree to the work beginning sooner than October 1, but no promises.

**Wildfire Mitigation** – The city received notification that it has been invited to submit a full grant application for West Klickitat Wildfire Mitigation. The grant will assist with our efforts re: heightened planning efforts around aligning partner agency plans to streamline common work goals related to identified projects such as watershed protection, landowner outreach, and general wildfire preparedness. *FEMA grants are typically very labor intensive. The full application is due on Friday, October 25.* 

**Housing** – The administration hosted a September 9<sup>th</sup> Let's Talk regarding pre-approved housing plans. Our housing / code consultant walked online guests through examples of pre-approved housing plans and spoke to the process involved, cost & time savings, and answered a number of good questions from meeting participants.

Land Use Permits – The administration has pulled in our housing consultant to assess, and trouble shoot topics specific to a few individual development applications. A code-coach so to speak ... Staff is currently processing close to 10 applications. There is a mix of application types. The applications range from preliminary plans to short plats and conditional use permits.

**Energy Efficiency Audit** – We continue to research and assess best opportunity for an energy audit. We are now in communication with the Association of Washington Cities (AWC) regarding its energy audit grant. This is due to what was learned from previous research re: cost. Working to learn if the city's buildings meet square footage requirements.

Environmental Protection Agency (EPA) – I attended EPA's informational webinar re: Recreational Economy for Rural Communities to assess feasibility. It is not an actual grant. There is no funding stream coming in that allows us to manage a project or program ourselves. Its access to a group of Federal EPA employees to assist a city appointed work group with developing and implementing a plan. Due to what is involved and the EPA's required commitments from city staff and the appointed work group, I recommend we consider doing in 2026 when we have a city planner to assist in coordinating such a project.

**Four Oaks Subdivision** – The 31 lot subdivision is in the final steps of the planning process. The city is in regular communication with the developer and her consultants, and we hope to see the final plat map revisions within the coming weeks. The developer is addressing the required public utility easement, updating their drainage report, adding to the green space requirements, and realigning the sewer extension to be constructed in the roadway.

**Cherry Hill Subdivision** – The 36 lot subdivision is moving forward. The Planning Commission will review on October 9.

**Customer / Resident Service** – Impromptu visitors (and there is a lot of them) requesting my time, my emails and voicemail messages from residents, regional & state partners, and building permit applicants continue to be met with prompt courtesy and relevant follow up information.

**For more information** on the various issues and projects registered in the city's project management software program, please access Click Up via the provided link below:

https://app.clickup.com/9009050558/v/l/8cfpcxy-691

See Bluff Connector Trail Study information board on the following page:

### Wildfire Mitigation

- Use non-combustible materials
- Provide fire and emergency personnel access to the bluff and Dock Grade Road
- Provide fire Department water connections every 200 feet for fire fighting
- Provide buffer/fire break on either side of stairs and pathway

Another key role of the Bluff Connector Trail is to provide emergency access for wildfire mitigation along the bluff. This emergency access allows for vital transportation of water for emergency responders to any future wildfires. Given the steep terrain and the presence of dense vegetation, wildfire mitigation is a critical consideration for this project. The project site is located on a hillside covered with wild grasses and shrubs that pose a significant fire risk during the dry season. The following strategies will be considered: Vegetation management, building breaks, fire-resistant materials, emergency access, public awareness and signage, and collaboration with fire authorities.
