

CITY OF WILLARD

WATER ADVISORY BOARD MEETING

June 17, 2026 at 5:30 PM

Willard City Hall, 224 W. Jackson St., Willard, MO

AGENDA

Update Posted on June,15 2026, at 4:00 p.m.

The tentative agenda of this meeting includes:

CALL THE MEETING TO ORDER

1. ROLL CALL
2. AGENDA AMENDMENTS/APPROVAL OF AGENDA
3. APPROVAL OF MINUTES
 - A. MINUTES FROM MAY 20, 2026
4. UPDATE MEADOWS/VILLA SUBDIVISION
 - A. PRELIMINARY FINDINGS REGARDING MEADOWS/VILLA PARK SUBDIVISION (RAY LYNCH)
5. CITIZEN INPUT
6. FINANCIAL STATEMENTS
 - A. DETAILED WATER & SEWER FINANCIAL REPORTS
7. DIRECTOR'S REPORT
 - A. DIRECTOR'S UPDATE REPORT
8. DISCUSSION
 - A. REVIEW OF EXPECTATIONS ORDINANCE 241112 (AN ORDINANCE OF THE CITY OF WILLARD ESTABLISHING A WATER ADVISORY BOARD)
9. UNFINISHED BUSINESS
10. ADJOURN MEETING

If you have special needs which require accommodation, please notify personnel at the City Hall. Representatives of the news media may obtain copies of this notice by contacting the City Clerk at 417-742-5302.

Courtney Myers, City Clerk

City of Willard
WATER ADVISORY BOARD

May 20, 2026

MINUTES

Members Present: Kelly Davis, Kem Reed, Angie Wilson

Members Absent: Bryan Chapman, Scott Long

Also Present:

City of Willard: Mike Ruesch, Sam _____, Trevor Hoffman, Tammy Swisher

Public: Richard McMillian (Allgeier Martin), Marilyn Ulrey, Ray Lynch, Courtney Hunter, Lisa McCormack, Ann Eimer, Kathy Hunter, Sandra Wallace, Mayor Troy Smith

Upon motion by Kelly Davis, seconded by Angie Wilson, the committee voted unanimously to approve the meeting agenda.

Upon motion by Davis, seconded by Wilson, the committee voted unanimously to approve minutes from the March 25, 2026, meeting.

Citizen Input: None.

Financial Statements: The committee acknowledged receipt of financial statements.

Director's Report

A. Proposed AB/EE Utilities Connection

Richard McMillian with Allgeier Martin introduced himself as the City of Willard's contracted engineering firm for sewer projects. Kem Reed explained to audience participants that the role of the Water Advisory Board is advisory only.

McMillian explained Allgeier Martin prepared the wastewater long range plan for the City of Willard in 2021 to 2022 long range plan.

McMillian explained a project is underway called the Meadows Regionalization Trunk Sewer, which will eliminate the lagoon and land application system in the Meadows. This 15-inch trunk sewer will tie into the existing trunk sewer that was installed when the new airport terminal was built. That trunk sewer has an average daily design flow capacity of 620,500 gallons per day and peak flow capacity of 1,959,000 gallons per day, which he stated is substantial capacity for existing developments.

McMillian explained the issues of inflow and infiltration in the Meadows area, as indicated by higher peak wet weather flows (stormwater infiltrating the sewer lines). He said Willard is addressing I&I issues in Willard and in the Meadows area.

Ray Lynch, Public Works, confirmed they are identifying and addressing I&I issues. To address planned development and density, McMillian stated Allgeier Martin looks at projected use and has determined the requested zoning for AB & EE development could be supported. Allgeier Martin recommends that development be limited to 113,400 gallons per day wastewater design flow.

Reed asked if I&I reduction could change that recommendation. McMillian stated I&I is separate from this recommendation. Reed stated based on what McMillian is reporting, there is adequate wastewater capacity for future proposed development.

An audience participant asked a clarifying question about zoning designations because “urban residential” was not mentioned by McMillian. Mike Ruesch stated Greene County’s “urban residential” zoning and Willard’s “mixed use” zoning classifications are similar. McMillian stated Planned Development “PD” would be a recommended limit of 1,350 gallons per acre per day.

Residents in attendance asked clarifying questions about the Meadows trunk sewer regionalization project.

Mayor Troy Smith (audience) addressed questions regarding the proposed Greene County AB/EE development. He explained that Missouri Representative Bill Owen’s comment at the 6/1/2026 Greene County Planning Committee hearing was incorrect, and that the City of Willard has plenty of remaining capacity in its contract with the City of Springfield for sewer. The City of Springfield will accept 1.32 million gallons of wastewater per day, and Willard is only sending 600,000. He offered to remain after the meeting to address additional questions.

Trevor Hoffman stated the City of Willard will use Allgeier Martin’s recommendation regarding sewer and Cochran Engineering’s recommendation regarding water, and they will not allow the proposed AB & EE development to use all of Willard’s water or sewer capacity.

Reed explained his understanding that the City of Willard will respect their contracted engineers’ recommendations, and Greene County addresses the zoning separately. He invited residents to attend the Water Advisory Board meetings and also call the city to address questions.

In response to Angie Wilson’s question about water capacity, Trevor Hoffman stated Cochran Engineering is working on a water system study, and that the developer would be required to make necessary upgrades. He further stated the City of Willard has tentatively approved the AB/EE development for Phase 1 and 2 (approx 77 lots), which the city has determined is within Willard’s water and sewer capacity. Ruesch stated the developer for AB/EE property will be

required to show future buildout, and the developer will be responsible for additional infrastructure costs.

An audience participant asked about the developer's future plans. Ruesch stated the developer has been in contact with the City of Willard, and the City of Willard has a future use plan that shows Mixed Use in the AB & EE area.

Reed explained another well has been in Willard's long range plan for a number of years and is unrelated to this or other proposed developments.

Inflow and Infiltration (I & I)

Ray Lynch explained what I & I is and how it impacts the overall cost of sewer treatment.

Director's Report:

Trevor Hoffman reported Public Works has focused on repairing and upgrading fire hydrants and has one more to repair in Meadows. He reported they repaired a manhole on Ridgeview Drive.

Ray Lynch reported they repaired a leak at Barwick and King and installed a valve on Ridgeview Drive.

New Business: None

Unfinished Business: None

Upon motion to adjourn by Wilson, seconded by Davis, the board voted unanimously to adjourn at 6:35 pm.

**Minutes Submitted by Angie Wilson, Secretary
Water Advisory Board**

**REVIEW OF EXPECTATIONS ORDINANCE 241112 (AN
ORDINANCE OF THE CITY OF WILLARD ESTABLISHING A
WATER ADVISORY BOARD**

First Reading: 11/12/2024
Bill No.: 24-58

Second Reading: 11/25/2024
Ordinance No.: 241112

An Ordinance of the City of Willard Establishing a Water Advisory Board

WHEREAS, the City of Willard is committed to providing reliable and transparent water services to all customers within its service area, including both incorporated and non-incorporated areas; and

WHEREAS, community engagement and public input are essential to ensuring that water services meet the needs of all residents and customers served by the City of Willard; and

WHEREAS, establishing a Water Advisory Board will provide a formal mechanism for residents to share concerns, offer recommendations, and promote continuous improvement in the delivery of water services; and

WHEREAS, it is in the public interest to include representation for non-incorporated customers to ensure that all segments of the City's service area are fairly represented;

NOW, THEREFORE, be it ordained by the Board of Aldermen of the City of Willard:

Section 1: Creation and Purpose

A Water Advisory Board is hereby established to advise the Board of Alders of the City of Willard on matters related to the management and operation of the city's sewer and water system. The Board shall provide a forum for customers to voice concerns, recommend improvements, and support the efficient and sound operation of Willard's sewer and water services.

Section 2: Membership

The Board shall consist of five members appointed by the Board of Aldermen. At least one member shall be an at-large member, representing non-incorporated customers of the City of Willard's water system. All members of the board shall be customers of the Willard water system, with at least one member, and no more than 2 members, being at-large members of the City of Willard sewer and/or water system.

Section 3: Qualifications and Terms

Members of the Board must be qualified customers or residents of the Willard sewer and/or water system and must demonstrate an interest in the effective management of the sewer and water system. Each member shall serve a term of four (4) years, with terms staggered so that approximately one member's term expires each year. Initial appointments shall vary in length to create this staggering.

Section 4: Powers and Duties

The Water Advisory Board shall:

1. Review and advise on policies, practices, and issues concerning the operation of the City’s sewer and water system.
2. Gather and report customer feedback regarding sewer and water services and provide recommendations for improvements.
3. Serve as a liaison between the public and the City to ensure transparent and efficient sewer and water services.
4. Submit an annual report to the Board of Aldermen summarizing its activities, findings, and recommendations.

Section 5: Meetings

The Water Advisory Board shall meet at least quarterly and shall conduct its meetings in accordance with applicable open meeting laws. Meetings shall provide an opportunity for public comment, and all residents and customers of the Willard sewer and/or water system shall be encouraged to attend.

Section 6: Compensation and Reimbursement

Board members shall serve without compensation but may be reimbursed for actual expenses incurred in the performance of their duties, subject to approval by the Board of Aldermen.

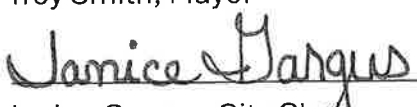

Section 7: Effective Date

This ordinance shall become effective immediately upon adoption.

Read two times and passed at a meeting of the Board of Aldermen of the City of Willard, Missouri, on the **25th day of November 2024**.

Approved as to Form: 
Nate Dally, City Attorney

Approved By: 
Troy Smith, Mayor

Attested By: 
Janice Gargus, City Clerk
