Approval of Minutes

October 11th, 2021 meeting minutes were approved. Motion by Mr. Hren, second by Mr. Houry Vote: All ayes. Motion carried.

Development & Plan Review Committee - Mr. Rising

Mr. Rising had nothing to report tonight.

Rules Committee - Mr. Rising

Mr. Rising had no report tonight. He stated that when he initially took a position with the Rules Committee there was nothing in way of written information available. A notebook was put together that provided a basis of the rules however it was never finished in completion. The current committee wanted to make sure that some information was included on a "just in case" basis, such as individuals stepping down and/or other issues. This way when new members coming to the board would be able to transition onto the board easily. He would like to have the board go over and include any updates and "freshen it up some". He is looking at doing that in the coming months. Mr. Houry asked if he was referring to the layout and/or removing some of the categories. Mr. Rising stated that when he is talking about the Rules Committee there is a notebook on different rules and how the Planning Commission is conducted. Mr. Kelbach indicated that it may be something good to review for future Planning Commission members so they are provided a handbook or what the rules and responsibilities are. Mr. Rising stated we do have a handbook however we will need to review and update it. Mr. Hren asked about obtaining an electronic copy however Mr. Rising stated that he does not believe there is one available. There was discussion on getting an electronic copy made.

Law Director's Report
