AGENDA ITEMS:

1. **The City Council will hold a worksession discussion regarding the 2026-2027 Fiscal Year Budget** (*City Manager Toni Fisher, Assistant City Manager Michelle Guelker*)

Assistant City Manager Michelle Guelker and CPA Jake Weber were present to give an overview of the preliminary proposed budget for the 2026-2027 Fund Year. These are very preliminary numbers. We will not get the certified Tax Rolls until July 25th. The numbers that are in the preliminary proposed budget will change. The Council agreed to give an overview of the proposed budget then we can discuss it with departments as needed.

CPA Jake Weber informed the Council that the numbers that are in the proposed budget show the amount of the remaining budget for the current year.

The proposed budget does have a 3% COLA raise for all employees.

There are certain items in the budget that we cannot change.

The M&O Budget are a place holder. Sales tax is up to \$2.3 million. Everything else is flat. Revenues were set at a lower amount and if we exceed that it is better than putting too large a number and not coming in at that number. Assistant City Manager stated that the proposed budget has a 5% salary increase. The staff has looked at diversifying the expenditures where they can. Right now we are \$360,000 to the negative, but we still do not have the certified numbers from the County.
