REGULAR AGENDA ITEMS

6. Discussion/Action: Regarding the issuance of debt for street/water/drainage/sewer projects including but not limited to Squaw Creek Road Project. (Councilmember Eric Contreras, Asst City Manager Michelle Guelker)

Councilmember Eric Contreras wanted to see what we would need to do to approve a Tax Note for \$6 million dollars for street repairs. We can do this as we will come under a Debt cliff next year so the tax rate would not necessarily change. We could do a City Roads package that would include Squaw Creek but unfortunately it would not include the water portion of that project. A tax note must be repaid within 7 years. A certificate of obligation takes 20/30 years to repay. We need to ID the roads that are the worst. We will not be able to put the new water lines in Squaw creek unless we are awarded the grant that would allow an additional \$10m for those improvements. The Squaw

creek project would earn points in the application process for the water improvements because the road is shovel ready.

7. **Discussion/Action: consider approval Resolution 2026-30 amending Resolution 2026-26 by adding additional water line replacement projects to the proposed West Oak Subdivision HB 500 TWDB Grant application.** (*Public Works Director Chase McBride, City Engineer Gretchen Vazquez*)

8. **Discussion/Presentation: Comprehensive Plan Survey Results** (*City Manager Toni Fisher*)

City Manager Toni Fisher introduced Robert Hanna of Zactax who gave a presentation of the Comprehensive Plan Survey Results. Resident voices shaping the Willow Park Comprehensive Plan: who we are; what we value; where we see challenges and what we hope this city becomes.

There were 314 responses in a 12 week window from March 13 to June 5th. We reached citizens with mailed postcards with a QR Code to the survey, posters at local businesses, multiple facebook posts and utility billing inserts.

Citizens responding to the survey represent the full fabric of Willow Park. Some were long standing residents mixed with newer families drawn here by the very qualities others have worked to protect.

The survey ultimately reflects a community that is engaged, invested and paying close attention. In closing a clear mandate: grow with care; protect what matters.

9. **Public Hearing: to consider approval of a Specific Use Permit (SUP) pursuant to Sections 14.13.001 - 14.13.004 of the Willow Park Code of Ordinances to allow for a New Multi-tenant Pylon Sign with Electronic, Informative Digital Message for advertising live bands and more at the top to change every 8-10 seconds for The District at Willow Park, an approximately 1.29-acre tract legally described as Lot 8R1 Block B of the Crown Pointe Addition in Willow Park, TX, Parker County.** (*City Planner Chelsea Kirkland, City Manager Toni Fisher*)

- 12. Discussion: to review the City's legal expenditures, including attorney fees, current litigation costs, budget impacts, and any potential measures for cost management and transparency. (Mayor Teresa Palmer)**

Mayor Teresa Palmer stated she asked for this item to be on the Agenda. She stated that she has talked with a number of small cities and most only have one attorney versus

a panel of specialized attorney as we have with Messer Fort. It is very important that we avoid situations causing any future litigation as we have spent thousands of dollars on attorney fees for the current litigation(s) we are currently involved in. City Attorney Andy Messer stated that Boundary lawsuits are very difficult battle but worth fighting for. In most cases the entity that wins such a lawsuit would be refunded back the Attorney's fees that were spent during the litigation as part of the settlement.

Carol Bracken spoke in reference to this item stating that Council should also consider travel fees when looking for/at attorney's requirements. Such as our attorney's travel from Plano.

City Manager Toni Fisher stated that Messer and Fort were exceptional in the service that they provide the City of Willow Park.

There was no discussion or action regarding this item.

18. Discussion/Action: City Council appointment of a Charter Commission and assigned tasks.

Councilmember Eric Contreras asked how many people would want a Data Center in Willow Park. One way that we could stop them would be to add a section in the City Charter that would not allow them at all. They would be prohibited. This would be the #1 way to best protect the City of Willow Park from Data Centers coming into the city at all. This would become a law in the Constituion of the City (The Home Rule Charter) and could only be changed by an election, which cannot be held for a minimum of 2 years.
