LEGAL BUSINESS

14. Ballot Measure 3-609 Explanatory Statement

The City Attorney recalled the City received challenges to the two ballot measures Council referred to voters regarding term limits. Those challenges sought to replace the ballot titles that Council had approved with different language that two party petitioners proposed. A hearing on the challenges was held on March 20, 2024 before the Clackamas County Circuit Court. The challenges were largely rejected by the Court and the City obtained very favorable outcomes including the rejection of the proposed alternate language from the petitioners.

However, the Court did make a change to a word that appears twice in the ballot title in Resolution No. 3125. This resolution refers to the voters to decide whether a two term City Council could serve two consecutive terms as Mayor, providing the opportunity. Both in the caption, and in the summary, there was a place that talks about the mayoral term limits and the Court changed that to Council term limits.

As a result, the explanatory statement to that ballot measure for Resolution No. 3125 was slightly inconsistent with the ballot title language. Council was reminded; the explanatory statement was not part of the ballot title so it was not part of the ballot title challenge. Given the inconsistency, the City Attorney updated the explanatory statement to match the ballot title language that was approved by the Court.

The City Attorney reminded the other ballot measure reviewed by the Court was in Resolution No. 3126, which was not the subject of the explanatory statement before the Council. It had two words that the Court added to the caption, where it said that the ballot measure was amending the charter, the Court added amends the charter term limits. The City Attorney stipulated to that change and believed that it made the language clearer.

Council was asked to ratify the revised explanatory statement, if the Council was so inclined.

The Mayor then requested a motion.

Motion: Moved to ratify the revised Explanatory Statement ballot language for measure 3-609.

Motion made by Councilor Akervall, Seconded by Councilor Dunwell.

Voting Yea: Mayor Fitzgerald, Councilor Akervall, Councilor Linville, Councilor Berry, Councilor Dunwell

Vote: Motion carried 5-0.

15. Consideration Of Scope Of Appeal Proceeding For The Appeal Of Development Review Board Resolution No. 429 To City Council, And The Procedure That City Council Will Follow During This Appeal Proceeding

The City Attorney explained the next item under Legal Business was consideration of the scope of appeal proceeding for the appeal of Development Review Board (DRB) Resolution No. 429 to the City Council, and the procedure Council would follow during the appeal proceeding.

Council was reminded the City received an appeal to a Development Review Board decision provided in DRB Resolution No. 429. The appeal was regarding the description of the current non-conforming use at the location of 29400 SW Town Center Loop West in Wilsonville, which is where the Fry's Electronics store was operating. Pursuant to Wilsonville City Code the City Council adopts an order establishing the date and time when the Council would hear the appeal, the process to be followed when hearing the appeal, and scope of the appeal. City staff had prepared a proposed order to that effect which was provided to Council for consideration.

The City Attorney shared if Council was so inclined, the Council may make a motion approve adopting the order provided by staff.

There were no clarifying questions.

The Mayor then requested a motion.

Motion: Moved to approve the order establishing scope of the appeal proceeding for the appeal of Development Review Board Resolution No. 429 to City Council, and the procedure that City Council will follow during this appeal proceeding.
