Main Street, Winnebago, IL and online at <u>www.villageofwinnebago.com</u> Tel 815.335.2020 | Fax 815.415-8491 /s/ Kellie Symonds, Deputy Clerk The Board of Trustees of the Village of Winnebago met in person April 8, 2024, at 6:00 P.M. with President Franklin J. Eubank, Jr. presiding. The link for the employees and the public to attend remotely was made available through GoToMeeting.

ROLL CALL: ACKERMAN - MCKINNON - O'ROURKE -present; GRAHAM - LEFEVRE - PITNEY -absent

Guests in person: Attorney Mary Gaziano, Village Administrator Joseph Dienberg, Chief Jeff White, Sergeant Nick Haff, Public Works Director Chad Insko, Dana Novinson, and Robert Firch, attending remotely Fehr Graham Engineer Luke Ziegler

MR. MCKINNON made the motion, seconded by MR. ACKERMAN, to allow MR. LEFEVRE to participate and vote remotely from work if he has the opportunity to attend. The motion carried on a voice vote.

A quorum was established.

No conflict of interest was noted.

MRS. O'ROURKE removed item f.6. Finance Monthly Report from the Consent Agenda. MRS. O'ROURKE asked if the difference in the cash balance of the Sinking Fund (\$ 46,664 and \$42,026.57) the difference was the recorded interest. Village Administrator Dienberg stated that he confirmed with Mrs. Windgassen that it was the interest. MRS. O'ROURKE questioned 01-42-512 Maintenance -Vehicle Service which was at 69% of the budget. Public Works Director Insko stated that it was an unanticipated repair. Lastly, she also asked about the line 51-388 Misc. Revenue amount of \$15,600. Village Administrator Dienberg stated that it was recorded as Misc Revenue but may be reclassed by Temporary Treasurer Mark Olson upon his review.

PUBLIC COMMENT

No one requested the opportunity to address the Board.

There were no questions from Trustees or Staff.

- a. PUBLIC WORKS
 - A motion was made by MR. MCKINNON, seconded by MR. ACKERMAN to approve 2024-07R A RESOLUTION APPROVING SIDEWALK MAINTENANCE SPENDING. Motion carried on the roll call vote of those present.
 - ii. A motion was made by MR. MCKINNON, seconded by MRS. O'ROURKE to approve the 2024-08R A RESOLUTION APPROVING ENGINEERING FUNDS ALLOCATION FOR GIS ASSET DATA MAPPING GRANT EFFORT. Motion carried on the roll call vote of those present. Public Works Director Insko stated that the participation with Winnebago County for the completion of the GIS asset data mapping is a 20% local match of the applicable project cost. Winnebago County will prepare a resolution for those participating once they are notified of the grant award.
- b. COMMUNITY & ECONOMIC DEVELOPMENT COMMITTEE/PLANNING & ZONING/4TH OF JULY
 - i. The Electrical Inspector Agreement is currently on hold and will be discussed at the May 13, 2024, Board meeting.
- c. POLICE COMMITTEE
 - i. MRS. O'ROURKE made the motion to approve Ordinance 2024-04 ORDINANCE FOR DECREASING SPEED LIMIT ON MCNAIR ROAD BETWEEN WESTFIELD AND FALCONER ROADS WITHIN CORPORATE LIMITS OF VILLAGE OF WINNEBAGO, ILLINOIS. MR. MCKINNON stated that those in Willingham Subdivision should have the opportunity to give input and feedback. Attorney Gaziano stated it is not required to have a Public Hearing; therefore, it would not need to be published. The Village can hold a Public Hearing if they choose and use social media and other means to notify the community. Chief White explained the traffic study which determines the need for a reduced speed, in the case of the Village an investigation was completed to recommend the change. MR. MCKINNON made the motion, seconded by MR. ACKERMAN to layover the ordinance to the May 13, 2024, Board meeting to give opportunity for the public to respond.
- d. FINANCE COMMITTEE
 - i. A motion was made by MR. ACKERMAN to adopt the 2024-09R RESOLUTION FOR ADOPTION OF VEHICLE REPLACEMENT GUIDELINE EVALUATION FORM, seconded by MRS. O'ROURKE. Motion carried on a voice vote of those present.
- d. ADMINISTRATION TEAM/CLERK
 - i. President Eubank reminded those who are required to submit a Statement of Economic Interest that the deadline to submit them is May 1, 2024.
 - ii. Village Administrator Dienberg explained the overall plan to review the Employee Handbook and then presented the proposals provided in the packet regarding employee compensation and when raises will be applied. MR. MCKINNON suggested that more input is needed with more of the trustees present. Village Administrator Dienberg will gather input from the

trustees to be discussed at the next Committee of the Whole on May 13, 2024, following the Monthly Board meeting.

f. LIQUOR COMMISSION

PRESIDENT

i. The recommendation for the Position of Village Treasurer will be discussed in the Closed Session.

NEW BUSINESS

President Eubank brought to the Board an item that will be discussed at the next Liquor Commission meeting. The item to be discussed is regarding pedal bus and allowing the consumption of alcohol while on a pedal bus. President Eubank introduced Rob Firch. Mr. Firch met with both President Eubank and Chief White regarding his proposal. Mr. Firch explained his plan for the pedal bus in the Village of Winnebago. He summarized the strictness of the rules to ensure a safe and enjoyable experience. A waiver will be required, and the routes within the village will be predetermined. No hard alcohol is permitted or sold, it is a bring-your-own beverage experience and can only be consumed while on the bike. The village does not need to approve the pedal bus, only the idea of having alcohol consumed while on the pedal bus. Village Administrator Dienberg will utilize Champaign, Illinois' ordinance as a template to prepare a document for the Village of Winnebago. Mr. Firch stated the guidelines for the pedal bus operator and will also forward the proposed waiver to Attorney Gaziano and trustees for their review.

- i. President Eubank asked if the trustees could let him know if they are not able to attend the planned meeting for the IML Self-Evaluation on June 17, 2024.
- ii. The Village Administrator explained the Strategic Plan Implementation roll-out. He asked for their input. The process is to get individual opinions and then set up the community survey. This will define the direction the Board would like to pursue. Mr. Dienberg stated this is to help determine the priorities for the Village of Winnebago.

President Eubank received the resignation of Trustee Graham effective April 18, 2024, as he will be deployed. He is interested in returning to the board when he returns in 2025. President Eubank also asked for recommendations for those who may be interested as a trustee.

Isaac Guerrero at NorthCog/Region1 Planning sent an email to President Eubank about the Illinois Bicycle Path Grant. President Eubank has forwarded this to the Village Administrator to get more information and to share this information with the Winnebago Park District as they can also apply.

President Eubank received a response from IEPA grant approving the project plan and the village is on the path to move forward.

Chief White requested that the UTV ordinance clarify the exclusion of golf carts. The current ordinance does not specify by definition or description the exclusion of golf carts. The intention was that golf carts would not be permitted. The Police Committee will address this matter.

President Eubank asked for a motion to go to Executive (Closed) Session to discuss the Village Treasurer. MRS. O'ROURKE made the motion, seconded by MR. MCKINNON. The motion carried on the voice vote

of those present. The meeting moved to Closed Session at 7:35 p.m. Village Administrator, and Deputy Clerk Symonds in place of Village Clerk Huggins, were also permitted to attend.

President Eubank and Trustees: ACKERMAN, MCKINNON, AND O'ROURKE returned from Closed Session at 7:56 p.m. with guests: Attorney Gaziano, Village Administrator Dienberg, and Dana Novinson in attendance with Deputy Clerk Symonds.

President Eubank made the appointment of Dana Novinson as Village Treasurer with a salary of \$65,000 per year and other terms as specified in the offer letter. There were no objections to the appointment. President Eubank signed the offer letter and extended it to her for her review, which is subject to a successful background check as stated in the letter.

A motion was made by MRS. O'ROURKE, seconded by MR. ACKERMAN to adjourn at 7:59 p.m. Motion carried a voice vote.

UNAPPROVED

Kellie Symonds, Deputy Clerk In the absence of Village Clerk Huggins. The Committee of the Whole of the Village of Winnebago met on April 08, 2024, at 8:01 p.m. immediately after following the Board Meeting with President Eubank presiding.

ROLL CALL ACKERMAN – MCKINNON – O'ROURKE –- present; GRAHAM – LEFEVRE – PITNEY- absent

Guests: Attorney Gaziano, Village Administrator Joseph Dienberg, Deputy Clerk Kellie Symonds acting Clerk in the absence of Village Clerk Sally Huggins

A quorum was established.

No one stated a conflict of interest.

The compensation of elected officials was discussed. Village Administrator Dienberg provided a survey conducted by Mrs. Windgassen of other nearby municipalities and the ranges of pay for Presidents/Mayors, Trustees, and Clerks.

MRS. O'ROURKE suggested leaving the pay range of the President at the current level as it has been understated for years, MR. MCKINNON and MR. ACKERMAN also agreed. MRS. O'ROURKE stated that if there was not a Village Administrator it should be greater. Attorney Gaziano stated that even though the Village Administrator is on staff he takes his direction from the Village President who is involved in the matters the Village Administrator oversees and the compensation should not be conditional on the current position of the Village Administrator.

The position of the Clerk was discussed. The Village Clerk is an elected position and to change to an appointment a referendum would be needed. President Eubank is not advising that change. The Village Clerk appoints the Deputy Clerk with the approval of the Board. Payroll is currently a duty assigned to the Clerk and should be reassigned. MR. MCKINNON suggested getting Clerk Huggins' feedback on her position before deciding.

MR. MCKINNON said there should also be an increase for trustees and additional compensation when serving as a committee chair. The Chairperson should not oversee staff, but the Village Administrator and Staff should act when needed.

Village Administrator Dienberg will prepare discussion points for the next meeting.

MRS. O'ROURKE made the motion to adjourn, seconded by MR. MCKINNON. The meeting was adjourned at 8:30 p.m.

Kellie Symonds, Deputy Clerk In the absence of Village Clerk Huggins **SECTION 3:**

May 13, 2024 PRESIDENT'S REPORT

Spent the month of April reviewing and responding to various email messages and reviewing information from Illinois Municipal League (IML), updates from the State of Illinois, Northcog/Region 1 Planning, and any available grant opportunities.

Discussion with trustees/employees various times during the month of April.

April 2, 2024 – Lunch meeting with Scott Olson of Olson Funeral & Cremation Services and Village Administrator, Joey Dienberg, to discuss Olson Funeral & Cremation Services acquisition of Genandt Funeral Home, along with plans for office in Winnebago.

April 4, 2024 – Attended and led interview for open position of Village Treasurer.

April 8, 2024 – Attended and led the village board meeting from approximately 6:00 p.m. to 8:15 p.m.

April 16, 2024 – Attended Winnebago County PSAP (911) board meeting with Village of Winnebago Administrator, Joey Dienberg. Introduced Joey to the village presidents, mayors, village administrators, police chiefs, and 911 director in attendance, along with Sheriff Caruana, and Winnebago County Board Chairman Joseph Chiarelli. Received quarterly updates from those in attendance. Report from Jennifer Fey and also Thad Martin, Director of E911 operations. Vacancies for dispatcher and call taker positions are getting filled and candidates for upcoming positions are being trained. Loves Park Fire Department has now been with the PSAP and things are going very well. Other fire districts are being brought in over time, including Win-Bur-Sew Fired Department. The goal is to bring in all fire districts in the county added to all of the police departments in the county and sheriff's department already in the County PSAP will provide for much better communication and faster response times for fire and police for the same call.

April 17, 2024 – Met with Village Administrator, Joey Dienberg, to discuss my thoughts for the Strategic Plan as he is completing his discussions with Village President and all trustees to get an idea of all of the issues from the board's perspective. Also discussed Admin Team matters and agenda items. Spent additional time before and after meeting talking with various village employees about village matters.

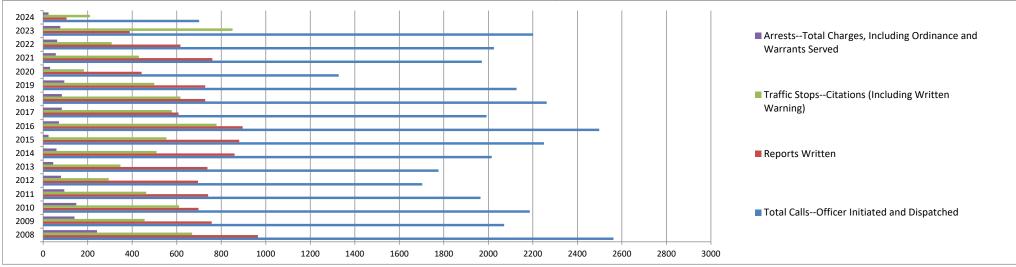

April 17, 2024 – Attended Liquor Commission meeting with newly appointed Liquor Commission Chairman, Adam Lefevre, and Commission members, Jim O'Rourke and Kelli Jeffers. Village Administrator, Joey Dienberg was present with Village Attorney, Mary Gaziano. Discussed changes to the Liquor Code to allow for consumption of alcohol on quadricycles/pedal buses. Looking at model ordinance from Champaign, Illinois. Robb Firch was present and provided additional information as needed from members of the commission. Commission adjourned and will take up further discussion and any action at the May Liquor Commission Meeting. Meeting was from approximately 5:30 p.m. to 6:30 p.m.

Village Engineer Report for Village of Winnebago

Village Board Meeting May 13, 2024

THE FOLLOWING REPORT OF ACTIVITIES IS PROVIDED TO THE VILLAGE BOARD FOR INFORMATIONAL PURPOSES:

Active Projects:

#22-837 S. Church Street and Goodling Street Water Main Looping Project – Easement exhibits sent to the Village for coordination with homeowners. Fehr Graham prepared to make permit submission when confirmation received that easements are acceptable to homeowners. A meeting was held at Fehr Graham's office on March 26, 2024, to discuss progressing easement acquisition by Village. Per Chad Insko's email dated April 19, 2024, both property owners are granting easement access within their properties. Fehr Graham is progressing with compiling legal easement descriptions.

#22-1342 Winnebago IEPA Project Planning – The Project Planning Report has been submitted to IEPA for review. Funding nomination forms for water main replacement and Well No. 5 have been submitted to IEPA for inclusion in the intended funding list. IEPA is requesting an archaeological survey as part of its environmental clearance process. Midwest Archaeological Research Services, Fehr Graham's subcontracted archaeological research team, is progressing with their survey work. Per email correspondence from the Osage Nation dated May 2, 2024, they have approved of the completed archaeological survey and provided a "No Properties" letter. Fehr Graham will coordinate getting these materials to IEPA.

#23-271 Winnebago 2023 MFT Street Design – Final close-out document submittal made to IDOT on December 18, 2023. Will provide approved documents as they become available.

#23-1356 Winnebago Safe Routes to School Grant – Grant submitted and met October 2, 2023, deadline. Will provide updates as they become available.

#23-1378 Winnebago Clayton Court WM Looping Design – A final alignment was decided between the Village and Fehr Graham, and the plan set has been updated. An Application for Construction Permit was submitted to the IEPA on February 5, 2024. Final easement exhibits were prepared and submitted to the Village for coordination with property owners. A meeting between the Village and Fehr Graham regarding easement acquisition for the project was held on March 26, 2024. Letters have been sent to all affected property owners.

#24-125-PH01 Winnebago General – Assisting RH Batterman with Village requirements for potential expansion project.

May 13, 2024 Village Engineer Report Page 2

#24-271 Winnebago 2024 MFT Street Design – Project scope was discussed with the Village to confirm what the base bid and alternate bid will be. Bid opening was held on Monday, April 15, 2024. Four (4) bids were received with Rock Road being the low bid for the project. A letter of recommendation was provided to the Village.

Respectfully Submitted,

Luke Ziegler

WEEKLY UPDATE FROM THE VILLAGE ADMINISTRATOR

2024 VOLUME 9 WEEK OF APRIL 8

During this period, the Police Department documented 44 calls for service, generating 5 Incident Reports and resulting in 1 arrest. 13 Traffic citations and warnings were issued in this time. Chief White met with Chief Deputy Ciganek of the Winnebago County Sheriff's Department to strategize the next steps for the FLOCK Automated License Plate Reader (ALPR) Regional Cooperative. Additionally, the department responded to report requests from external agencies, including the Illinois Department of Children and Family Services (DCFS) and the Illinois Department of Financial and Professional Regulation (IDFPR), providing necessary reports for ongoing investigations. Staff also began researching information on Pedal Busses.

Office tasks included drafting minutes for the Board Meeting, Committee of the Whole, and Closed Session, which were subsequently approved and posted on the website as applicable, along with resolutions. Additionally, an ordinance regarding the reduction of speed on McNair was prepared for posting on the website and LocalPublicNotices.org, inviting public input before the scheduled Public Hearing prior to the May Board Meeting. Staff also coordinated the promotion of the Public Hearing on social media platforms. Other responsibilities included preparing payroll for processing, facilitating the onboarding process for a new Treasurer, setting up computer access and permissions for new employees, participating in the installation of a new server, and reviewing Liquor and Gaming Applications to be reviewed by Attorney Gaziano. The Village Administrator and incoming treasurer attended a meeting with Baird Public Finance, to introduce different borrowing options for any future products. Village Administrator fielded various calls from developers, including one individual interested in the highlands development.

During this period, the Public Works department accomplished various tasks, which included flushing all 71 fire hydrants at the Winnebago County Water District, responding to an emergency call-out for the Village of Winnebago's SCADA system, completing 7 Julie requests, and performing 3 water service turn-ons, including seasonal ones for the School District and Park District, as well as one for a recent home sale. Additionally, the team replaced a pressure washer pump on a HURCO valve and vac trailer, prepared for and addressed a water outage related to a significant water main break at Cunningham and Benton streets, conducted repairs at the site, issued a boil order for affected areas, and replenished commodities depleted during the incident. They also activated water features at ball diamonds, conducted cold patching, initiated the seasonal equipment switch, finalized interviews for a Public Works Laborer position, and installed a portable water meter at Bel-Aire Dr. to facilitate seasonal bulk water sales.

BOARD BRIEF Section 10. Item #q.

2024 VOLUME 10 WEEKLY UPDATE FROM THE VILLAGE ADMINISTRATOR WEEK OF APRIL 15

Public Works initiated the mowing and weed-eating of all facilities and grounds, a threeday commitment requiring the efforts of two staff members. The Responsible Operator in Charge of the Department of Public Works attended a one-day American Water Works Association Water Conference in Peoria to stay updated on industry developments. Additionally, the department completed a water service line inventory and checklist, fulfilling regulatory requirements set by the IEPA. They also conducted regular maintenance, such as drug-lighting diamonds and t-ball fields twice a week, and addressed service orders related to meter toppers and obnoxious weeds. Furthermore, the team completed four Julie work orders and participated in a bid opening for the 2024 street project in the Meadows subdivision. The department also conducted tree cleanups following a Thunderstorm, including chipping and debris removal.

During this period, the Police Department responded to 58 Calls for Service and generated 9 Incident Reports. The department also made 4 arrests, with charges including possession of a controlled substance, reckless driving, possession of ammunition without FOID, fleeing to elude, resisting/obstructing police officer, driving with a suspended/revoked license, illegal transportation of alcohol by a driver, cancelled/suspended registration, and retail theft. Additionally, 26 traffic citations and warnings were issued to enforce road safety. Chief White became a member of Fight Crime: Invest in Kids Council for a Strong America. Sergeant Haff also set up two new telephones in Village Hall.

This week the office staff welcomed the arrival of the new Village Treasurer, Dana Novinson. Treasurer Novinson spent much of the week training and familiarizing herself with the villages funds and operations, including attending a finance committee meeting Wednesday. Following the migration of the server, office staff did have to work through many issues with software, resolving them throughout the week with the assistance of inCode and Rockford IT. Village Administrator Dienberg spoke with developers interested in Hotel Sites, as well as spending time working with Attorney Gaziano researching Pedal Busses. Administrator Dienberg also made progress on the strategic planning rollout, completing 3 more interviews with elected officials regarding their goals for the Village. He also attended a luncheon in freeport with other Northern Illinois Managers/Administrators. Deputy Clerk Symonds processed payroll and assisted the front office and Treasurer in various training procedures.

BOARD BRIEF

WEEKLY UPDATE FROM THE VILLAGE ADMINISTRATOR

2024 VOLUME 11 WEEK OF APR 22

During this period, Public Works completed the comprehensive maintenance of all 235 villageowned fire hydrants, which involved acoustic leak checks, flushing, lubrication of cap threads, and other necessary repairs. Additionally, they responded to a large water main break in Clayton Court, addressing service saddles and a faulty hydrant installation, and conducted boil order protocols for the affected area. The team also managed spoils removal from the main break site, completed water meter reading and re-reads, and installed meter toppers. They addressed infrastructure issues such as unfinished sidewalks and restocked aggregate supplies. Furthermore, they facilitated the removal of temporary fencing from a downtown park and coordinated with Com-ed for the relocation of overhead lines and floodlights. Routine maintenance tasks, including mowing, were also completed, ensuring the upkeep of public spaces.

The Police Department recorded 58 Calls for Service and generated 7 Incident Reports. They made 3 arrests in connection with various offenses. Additionally, 15 Traffic citations and warnings were issued to enforce road safety. The department received and is currently processing 1 FOIA request, ensuring transparency and compliance with legal requirements.

Getting settled into her new role, Treasurer Novinson started working back on reconciliation, making good progress of familiarizing herself with the Village operation. Staff worked together to complete the final ARPA reporting, and will be submitting the report next week. The front office had their busy time of the month of getting billing out, and also worked with public works on all communication required for the water main break on Clayton Court, including the boil order. Also, communication began with Benning Group, the villages auditors, on setting up a date to get set for the audit. The Village Administrator also began the project of reviewing job descriptions to start the process of ensuring all job descriptions accurately describe jobs throughout the village. Deputy Clerk Symonds completed payroll, and began preparing the board packet for the upcoming village board meeting.

BOARD BRIEF

WEEKLY UPDATE FROM THE 2024 VOLUME 12 VILLAGE ADMINISTRATOR WEEK OF APRIL 29

This week, staff prepared the May Board Packet, which will be posted early next week. Despite facing network issues, the front office staff successfully managed billing operations, ensuring everything was completed on schedule. The Deputy Clerk completed Liquor and Gaming Licenses on time and wrapped up payroll processing. Additionally, the front office finalized the annual water quality report for Public Works and made it accessible to residents through the website link on water bills. Tamber Babler, the current FurstStaffing temp, is doing very well learning our processes, thanks, in large part, to the great training of Stephanie King. Treasurer Novinson is becoming more familiar with village financial software and overall activities. Staff noted an increase in permit applications as the weather warmed up, including one for new residential home construction in the Willingham Subdivision. The Village Administrator hosted a budget kickoff meeting with department heads, identifying priorities for the 2025 budget, and set a timeline for all budget deadlines. Staff is looking to present the 2025 budget to the board in August.

The Public Works department completed IEPA-required sampling at both the Village of Winnebago and the Winnebago County Water District. Additionally, seasonal refueling of all emergency generators was completed to ensure preparedness for any unforeseen events. The team addressed 11 Julie tickets and conducted 2 meter topper change-outs. They also submitted required samples of QC fluoride to the IEPA and cleaned up storm debris, including heavy deposits at the Soper and Westfield outfall following Thunderstorms. Routine maintenance tasks, such as conducting full mowing circuits and diamond maintenance, were also accomplished. The team began weed spraying of facilities and rural route areas, initiated gravel restoration on rough drug walking paths disturbed by utility maintenance, and commenced tree trimming and removals to address safety concerns. They also completed regulatory sampling for Villageinstalled water mains after obtaining IEPA permits and actively participated in community events like the WCUSD "touch a truck" event.

During this period, the Police Department remained active, responding to 62 Calls for Service and documenting 8 Incident Reports. They made 1 arrest and issued 25 Traffic citations and warnings to ensure road safety. Additionally, the department received and is currently processing 1 FOIA request. Chief White and Sergeant Haff participated in the Park Hills Church "Safety for Seniors" program. On 05/03/2024, the department engaged with the community by participating in the "Touch a Truck" program at Simon Elementary and Winnebago High School, fostering positive relationships with residents, especially children.

Motion made by McKinnon, Seconded by Pitney. Voting Yea: Chairman Ackerman, McKinnon, Pitney

Motion carried on a voice vote.

7. DISCUSSION

a. Creation of Demolition Permit

The demolition permit was discussed. Village Administrator Dienberg commented that the suggested changes were made by Building Official Manheim. Pages one and two would be completed by applicant, and pages three through ten are items that the Building Official would review for the demolition of the structure or section. Attorney Gaziano asked if the ordinance to adopt the permit as Exhibit A, and the procedure as Exhibit B. Attorney Gaziano stated the importance of the policy, procedure and forms being incorporated in the ordinance. Trustee McKinnon suggested at minimum the ordinance should reference that there is an application for a demolition permit should

there be a time when there may be a hyperlink to a the latest form revision to emmnate the chance of having an old form, although the simple practice would be to have them together. Trustee stated that for long term there be a forms listing, and its corresponding ordinance.

8. NEW BUSINESS

a. Amendment of Unified Development Ordinance - Fire Suppression The Unified Development Ordinance (UDO sprinkler requirements were discussed. Village Administrator Dienberg explained the recommendations made by the Fire District requiring sprinklers as for all new non-residential or multi-family. The recommendation is to amend the requirements of the current form of the International Building Code standard adopted by the Village with the exception of: 903.2.7 Group M (Number 3) stating that the combined fire areas of Group M on all floors, including any mezzanines, exceeds 12,000 square feet, and any multifamily units of more than 3 dwellings. Village Administrator Dienberg will clarify the language of the recommendation and invite the Fire district to the meetings for their input. Trustee Ackerman stated that Village Administrator Dienberg touched base with Grand Stay Hotel, and connected with Mr. Hanis who had conducted the study.

5. DISCUSSION

a. Budget 2024

Trustee O'Rourke questioned how Public Works employees were being paid from an overdrawn line item. Treasurer Novinson responded with various ways this problem can be rectified. Trustee O'Rourke questioned when line-item transfers are required, to which Village Administrator Dienberg and Treasurer Novinson answered her questions. Trustee O'Rourke noted that she is asking additional questions only to

verify that reports are accurate due to the many transitions that are taking place within the Village Hall.

Discussion ensued regarding grant tracking and what is statutorily required to be tracked once the grant funds were received and allocated. Treasurer Novinson stated that there is an upcoming ARPA reporting webinar that she and Assistant Windgassen will be attending in the near future to make sure things are accurately reported. Chairman Graham questioned if the responsibilities that Assistant Windgassen took on have started to be transferred to Treasurer Novinson yet, or if there is a list of things to be taught during training. Assistant Windgassen stated that there is a list of tasks that will be transferred starting next week. Chairman Graham also questioned what the transition will look like from the Temporary Treasurer to new Treasurer Novinson. Village Administrator Dienberg stated that he will speak with Temporary Treasurer Olson to verify the schedule but that he was aware that Mark Olson had previously stated that he is planning to stay through the audit at minimum.

Chairman Graham questioned why the ComEd Utility Tax revenue was significantly lower this past month. He noted that if April's revenue was also significantly lower than normal, some investigation may be warranted. Village Administrator Dienberg voiced that he believed the lower revenue could be due to the unusually warm weather. Chairman Graham noted that the tax rebate for Sullivan's is nearing completion and once completed, he would like those funds that would be going to Sullivan's, to be put into Strategic Reserves every month for future capital projects.

b. Aging/Write-Off Review-IDROP & Water Bill Delinquency

The current delinquent totals were reviewed by the Committee. Chairman Graham noted that the delinquent property discussed in the last meeting now has a lien and has been submitted to IDROP.

c. Software Upgrades

i. Credit Card Fees

Village Administrator Dienberg stated that in a few weeks, there will be a demo for a new software option. Trustee O'Rourke mentioned that a valuable resource for going over potential software options may be Mark Olson.

Chairman Graham noted that while there has been a lot of transitions going on in Village Hall recently, he does not want the credit card fees to fall off the radar. Trustee O'Rourke requested that the Credit Card Fees stays on the Agenda until it has been resolved so that it does not get forgotten about.

d. Bank Reconciliation Review

Chairman Graham reviewed the status of bank reconciliation with Treasurer Novinson and Assistant Windgassen. Treasurer Novinson stated that bank reconciling will be caught up by the end of June due to the annual Treasurer's report needing to be completed by that time. Assistant Windgassen confirmed that notes have been taken in recent months to prepare for a smoother reconciling process.

e. Credit Card Review - March

The Committee reviewed the March purchases, with no anomalies noted.

f. Grant Updates

There were no updates on grants.

g. Errant Water

None. Chairman Graham questioned whether this item needs to continue being on the Agenda since the meters are being swapped out and are able to be closely monitored by the residents. Trustee O'Rourke recommended keeping the item due to a large portion of the Village population not being tech savvy.

6. NEW BUSINESS

None

4. APPROVAL OF MINUTES

a. Minutes from March 27, 2024

Motion to approve the minutes of March 37, 2024 was made by LeFevre, Seconded by Ackerman. Voting Yea: LeFevre, Ackerman, Chairman O'Rourke. Motion carried.

5. DISCUSSION

a. New Police Squad Car

Chief White discussed purchasing a new police vehicle to replace the ageing 113 (2013 Ford Interceptor Sedan). At this time information is being collected and the plan is to order a new vehicle rather than pay the premium for something that is already on the ground at a dealer as we have done in the past. Trustee LeFevre brought up keeping 113 for other village use. This will be for a 2025 purchase. Chief White used the vehicle replacement guideline.

b. Purchase of UTV

Village Administrator Dienberg discussed the purchasing of a UTV in conjunction with Public Works. PW has already passed it in committee, and they will be recommending it to the board. This is a budgeted item with 1/3 is being paid for by the police department, the rest is split within public works. c. Conditional Offer of Employment to New Officer

New officer was given a conditional offer at \$26.00 an hour, pending medical and psych screening. Scheduled for start the pay period of 05/05/2024.

6. SGT. HAFF'S REPORT

Officer Knudtson training update: doing really well and should be released soon. Updates to citations: discussion on changes to parking citations. Recent work on Squads 120, 122 and 222.

7. CHIEF WHITE'S REPORT

Chief Discussed the Less Lethal grant that should be opening from ILEAS (Illinois Law Enforcement Alarm System). Chief White and Sgt. Haff met with the ILEAS field rep and Chief White completed paperwork that was required to get the department in compliance with ILEAS. Grant should be released in early May - the state is just waiting for a signature from the Governor. \$17mil is set aside for this grant.

Chief White discussed an idea to put QR code on businesses for when officers are conducting business checks.

The bulletproof vest program is opening again and WPD will be applying for participation again. This is a 50% reimbursement per vest.

8. NEW BUSINESS

Trustee Ackerman: was asked by a resident about the lighting off of fireworks before and after the 4th of July. Discussion had about how to curb the problem.

EXECUTIVE SUMMARY

Approved in the 2024 O/M Budget 51-44-951, Police Budget is the purchase of a new UTV to enhance Village services. Including, walking path maintenance, general grounds maintenance as well as enable the police department to actively patrol with a UTV during special events as well as walking path patrolling. Attached are 3 quotes from Bobcat, Monroe power sports and also Hammertime. The Kubota quote from Bobcat is not truly considered due to minimal speeds and the quotes from Monroe and Hammertime are for a Polaris ranger unit with the more affordable option coming from Monroe powersports.

At the April 15th PW committee meeting the committee reviewed the competing quotes and recommended the purchase of a 2024 Polaris Ranger XP 1000 NS UTV from Monroe Powersports to be used by Public Works and the Police Department.

VILLAGE OF WINNEBAGO RESOLUTION NO. 2024- R

<u>A RESOLUTION TO APPROVE THE PURCHASE OF A 2024 POLARIS RANGER</u> XP 1000 NS UTV FROM MONROE POWERSPORTS TO BE USED BY PUBLIC WORKS <u>AND THE POLICE DEPARTMENT</u>

WHEREAS, the Village Board acknowledges the need to enhance Village services, including walking path maintenance, general grounds maintenance, and police patrolling during special events and on walking paths; and

WHEREAS, the 2024 O/M Budget 51-44-951 and the Police Budget 01-43-831/Streets 01-42-831 have allocated \$28,000 for the purchase of a new UTV; and

WHEREAS, after reviewing three competitive quotes from Bobcat, Monroe Powersports, and Hammertime, it has been determined that the most suitable option is the 2024 Polaris Ranger XP 1000 NS UTV from Monroe Powersports, considering both functionality and affordability; and

WHEREAS, the Public Works Committee reviewed the competing quotes at the April 15th meeting and recommended the purchase of the aforementioned UTV from Monroe Powersports.

THEREFORE, BE IT RESOLVED BY THE PRESIDENT AND THE BOARD OF TRUSTEES OF THE VILLAGE OF WINNEBAGO, WINNEBAGO COUNTY, ILLINOIS, AS FOLLOWS:

SECTION 1. RECITALS

The foregoing recitals are incorporated in, and made a part of, this Resolution by this reference as findings of the Village Board of Trustees of the Village of Winnebago as if fully set forth in this section.

SECTION 2. APPROVAL

The Director of Public Works, Chad Insko, or his designee, shall be and hereby is authorized to execute the purchase of a 2024 Polaris Ranger XP 1000 NS UTV from Monroe Powersports for the amount not to exceed \$28,000, for use by Public Works and the Police Department. The allocated funds will be split evenly from the following line items: 51-44-951 (O/M), 01-43-831 (Police), and 01-42-831 (Streets) shall be utilized for this purchase.

SECTION 3. EFFECTIVE DATE

This Resolution shall be in full force and effect upon the passage and approval of this Resolution.

PASSED AND ADOPTED this _____ day of May, 2024

Re: Village of Winnebago 2024 Roadway Resurfacing Project Bid Tabulation and Engineer's Recommendation to Award

Dear Village President Eubank:

On April 15, 2024, the Village of Winnebago held a bid opening for the 2024 Roadway Resurfacing Project. Bids were received from the following companies:

Rock Road Companies, Inc. Helm Civil Martin & Company Excavating Curran Contracting, Inc.

Based on these bids, it is our recommendation to award the Alternate Bid Contract for this project to **Rock Road Companies, Inc.** for the bid amount of **\$317,323.20**. The Engineer's estimate for the alternate bid project was \$376,371.15.

Based on this low bid, we recommend that the contract for the 2024 Roadway Resurfacing Project be awarded to Rock Road Companies, Inc. Following the IDOT waiting period, the contract can be awarded on the eighth calendar day following the bid opening on Wednesday, April 24, 2024.

Enclosed please find a copy of the final Tabulation of Bids. If you have any questions, please feel free to contact me.

Respectfully submitted,

Luke Ziegler Staff Engineer

EXECUTIVE SUMMARY						

Approved in the 2024 O/M Budget is the engineering and construction of the Clayton Court water main looping project,

To date Fehr Graham has designed the project as well as the route for the project which will eliminate 3 dead end water mains, replace 2 Fire hydrants, add 2 new fire hydrants, and potentially triple the fire flows as well as maintain IEPA required minimum residual water pressure during fire flows. At this time Fehr Graham has identified that the existing utility easement is only 10' wide and because the McRoberts Street R.O.W was previously vacated we will need to gain a more usable easement. Due to the Easement restriction, and the preference of a 15' utility easement, Fehr Graham has drafted a proposed easement in the old R.O.W. and the Village attorney is drafting an easement request to the appropriate property owners.

EXECUTIVE SUMMARY

Approved in the 2024 O/M Budget is the engineering and construction of the Church Street and Goodling Street Water Main looping project,

To date Fehr Graham has designed the project that will eliminate 2 dead end water mains, replace 2 Fire hydrants, improve water quality, and potentially double the fire flows as well as maintain IEPA required minimum residual water pressure during fire flows. At this time last year Fehr Graham has identified that the existing utility easement is only 10' wide on the Church Street property and only 6' wide on the Goodling Street property and both existing easements are occupied by other conflicting utilities, we will need to gain a more usable easement. Due to the Easement restriction, and the preference of a 20' utility easement, Fehr Graham has drafted a proposed easement in parallel to the existing easements. The Village attorney has requested the legal descriptions from Fehr Graham to draft an easement for each.

EXECUTIVE SUMMARY

Following a speed study, the Police Committee has proposed reducing the speed limit on McNair Road to 35 mph. Following a recent change to Cunningham Road's speed limit without a public hearing outside of the Village's Corporate limits, the Police Committee recommended a similar adjustment for McNair Road at their next meeting. Following the April 8th Village Board Meeting, the Village Board elected to hold a Public Hearing on the matter before the May 13, 2024 Village Board Meeting.

VILLAGE OF WINNEBAGO MEMORANDUM OF RECOMMENDATION

Prepared By:	Joseph Dienberg, Village Administrator
	Sergeant Nicholas Haff
Meeting Name:	Village Board
Meeting Date:	May 13, 2024
Item Name:	McNair Road Speed Limit Change

Background:

The Village of Winnebago recently enacted a UTV Ordinance, regulating the operation of UTVs (Utility Terrian Vehicles) within its jurisdiction. As part of this ordinance, certain speed limits would need to be adjusted to ensure compliance and mitigate potential safety concerns. East McNair Road is identified as a critical route impacted by the UTV Ordinance. Additionally, this speed limit change would bring McNair Road in line with other village roadways and would also make the road safer for pedestrian and bicycle traffic.

After conducting a speed study, the Police Committee recommended lowering the speed limit at McNair Road to 35 miles per hour. At the March 11th Village Board Meeting, the Village Board asked the Police Committee to evaluate the need for a public hearing. After evaluating the situation it was learned that recently, Winnebago County changed the speed limit on Cunningham Road from 55 miles per hour to 50 miles per hour just to east of the corporate limits of the Village of Winnebago. This was done without a public hearing to discuss the changes with community stakeholders.

At their March 26th Police Committee meeting, the committee recommended that at their next scheduled meeting, the village board change the speed limit from 45 to 35 miles per hour.

Following the April 8th Village Board Meeting, the Village Board elected to hold a Public Hearing on the matter before the May 13, 2024 Village Board Meeting.

Motion: I move to approve Ordinance 2024-____ an ordinance that the speed limit on East McNair Road be adjusted from 45 to 35 miles per hour in accordance with the recommendation of the Police Committee.

ORDINANCE NO. 2024-

AN ORDINANCE DECREASING SPEED LIMIT ON MCNAIR ROAD BETWEEN WESTFIELD AND FALCONER ROADS WITHIN CORPORATE LIMITS OF VILLAGE OF WINNEBAGO, ILLINOIS

WIIEREAS, the Village Board of Trustees previously passed Ordinance No. 2023-09 on October 9, 2023, which provided for the use and operation of Utility Terrain Vehicles (UTVs) within the corporate limits of the Village of Winnebago, IL; and

WHEREAS, Ordinance No. 2023-09 provided that operation of Utility Terrain Vehicles (UTVs) shall be allowed on Village Streets, with the exception that no UTV shall be allowed to directly cross Elida Street beyond the service road on the east side of Elida Street just south of Capriola Parkway, and no UTV shall be allowed to cross Elida Street from beyond Landmark Drive on the west side of Elida street, pursuant to the map attached to said Ordinance No. 2023-09 which outlined those areas where UTV operation shall not be allowed (see copy of said map attached also to the instant ordinance); and

WHEREAS, a Village may alter the speed limit on a road within its jurisdiction by following the process outlined in 625 ILCS 5/11-604, with a Village required to conduct an engineering or traffic investigation to determine whether the current speed limit is reasonable and safe, and then determine and declare a reasonable and safe speed limit by ordinance, and erect appropriate signage to notify drivers of the change; and

WHEREAS, the Village has conducted the requisite traffic investigation and has determined for purposes of general vehicle safety and UTV travel accommodation the speed limit on McNair Road between Westfield Road and Falconer Road within the corporate limits of the Village of Winnebago, IL, should be changed to decrease the speed limit from 45 miles per hour to 35 miles per hour, with this adjusted speed limit being not greater than 10 miles per hour from any adjacent speed limit area.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Winnebago, Illinois as follows:

ARTICLE I

The speed limit on McNair Road between Westfield Road and Falconer Road within the corporate limits of the Village of Winnebago, IL, shall be decreased from 45 miles per hour to 35 miles per hour effective immediately upon erection of the appropriation signage indicating the new speed limit of 35 miles per hour.

<u>ARTICLE II</u>

Any violation of such speed limit shall be treated as any other speeding offense under the Illinois Motor Vehicle Code, as previously adopted by the Village of Winnebago, and carry a maximum fine of Seven hundred fifty and 00/100 Dollars (\$750.00) for each offense. The number of repeated violations shall be taken into account when assessing the fine amount.

ARTICLE III

This ordinance shall become effective immediately after its passage, approval, and publication in pamphlet form of three copies of said ordinance at the Village of Winnebago, Illinois, Office and posting of appropriate signage for the new speed limit of 35 miles per hour.

TRAFFIC INVESTIGATION OF MCNAIR ROAD SPEED LIMITFOR POSSIBLE SPEED LIMIT DECREASEBETWEEN WESTFIELD ROAD AND FALCONER ROAD

In accordance with 625 ILCS 5/11-604, the Village of Winnebago, through its police department, conducted a traffic investigation to determine whether the current speed limit on McNair Road between Westfield Road and Falconer Road within the corporate limits of the Village of Winnebago should be changed to decrease the speed limit from 45 miles per hour to 35 miles per hour, with this adjusted speed limit being not greater than 10 miles per hour from any adjacent speed limit area.

The above investigation was to be conducted because the Village of Winnebago had passed an ordinance, namely, Ordinance No. 2023-09 providing for the operation of Utility Terrain Vehicles (UTVs) on Village streets, with restrictions of not being allowed in certain areas, including, but not limited to, McNair Road between Westfield Road and Falconer Road within the corporate limits of the Village of Winnebago. Per 625 ILCS 5/11-1426.1(d), a non-highway vehicle, into which category a UTV is classified, may be operated only on streets where the posted speed limit is 35 miles per hour or less. Due to the distance between that subdivision and the majority of the recreational and retail establishments in the Village, it had been observed that residents of the Willingham subdivision walk or ride bicycles on that stretch of road under speed limit decrease consideration to gain access to these recreational and retail areas in the Village. There are no sidewalks or recreational paths in this area, so pedestrians and bicyclists are forced to traverse in the roadway. The higher the speed the greater the danger to such pedestrians and bicyclists. Decrease of the speed limit on this stretch of road to 35 m.p.h. would also allow anyone living in the Willingham Subdivision or elsewhere who owns a UTV issued a permit by the Village to use this area to gain access to such recreational and retail areas in the Village, as well as general UTV travel.

To determine if it would be reasonable to decrease the speed on McNair Road between Westfield Road and Falconer Road, the Village Police Department conducted a traffic investigation during a two-week time period, gathering data for the time period of February 17, 2024, to February 23, 2024, and February 24, 2024, to February 29, 2024. The investigation was conducted utilizing the Elan Cite solar powered Doppler radar speed detection device which records information 24 hours per day, 7 days per week, with there being a sign displaying digitally the speed of the vehicle. This device also tracks the number of vehicles and the time of day that the vehicles pass the sign. The Doppler device and digital sign were placed on McNair Road facing west at a location approximately 800 meters east of Westfield Road. The device would pick up vehicles, whether traveling eastbound or westbound, when on the west side of the digital sign. The speed limit on McNair Road is 35 m.p.h. until reaching Westfield. By placing the device approximately halfway between Westfield Road and Falconer Road, it is believed to be more likely to secure accurate information as to the speed any given vehicle would likely travel because such vehicle would not normally have cause to be increasing or decreasing speed in that area. The speed limit on McNair Road is 45 mph after Westfield so that is the area where it would be most likely a given vehicle would increase its speed. The device monitored in half hour increments the number and speed of vehicles that traveled on McNair Road between Westfield Road and Falconer Road during the hours of midnight to midnight each day for the two-week time period of February 17, 2024, through February 29, 2024, for traffic traveling both eastbound and westbound. The system will not show any data for any time period when no vehicles are detected on the roadway. Data generated includes the number of vehicles, the average speed, and the maximum speed. It is to be noted that where there is reference to "number of measurements" on the data generated, this means the same thing as the "number of vehicles". If is also to be noted that if there is only one vehicle detected during a given time period, both the average speed and the maximum speed will be the same because the maximum speed cannot be above the average speed when there is only one vehicle detected during the time period being recorded. The Doppler device is used to record travel in both east and west directions, but only west of the device itself. If a vehicle is traveling eastbound, the vehicle is only recorded until it reaches the speed tracking device, but not when the vehicle has passed the sign. Thus, the speed is detected when it is approaching the "face" side of the device.

Data collected revealed, as expected, that the heavier pattern of traffic was observed during the early morning hours when there would be travel to work and school, after school hours, and then for the trip home from work. On the weekends, the times at which there would be the maximum number of vehicles varied, as there were not the set expected travel occasions as there were during the week. In interpreting the date, I, as Police Chief, broke down the days recorded by 6-hour increments and determined an average for those 6-hour increments for the time period of February 24, 2024, through February 29. 2024. For the other week's time period there is a different graph for each day from February 17, 2024, through February 23, 2024, with those graphs being for 6 hour increments as well. The average speed for all 6-hour recordings between February 24, 2024, and February 29, 2024, which included 3,693 vehicle detections, was 43.17 m.p.h. and the average maximum speed for this time period was 66.73 m.p.h. For the time period of the dates of February 17, 2024, through February 23, 2024, the total number of vehicle detections was 3,952. The average speed for all detections during this monitoring period was 43.49 miles per hour, with the average maximum speed of all vehicle detections of 50.87 miles per hour. (See table below for ease of interpretation.) Since I believed it would be easier to illustrate the information in graph form, I compiled graphs based on the raw data provided, and those graphs are the ones contained in this report other than the ones in the section containing information titled Elan Cite which were the graphs generated by the software program. However, since I believed the Elan Cite graphs were hard to interpret, separate graphs were created by downloading Excel data sheets, and those graphs were distributed to the Village Board Members at the March 11, 2024, General Board Meeting and discussed. This investigative report also contains the raw data on which those graphs were based.

Lowering this speed limit would allow for safer pedestrian and bicycle traffic along this stretch of road and would also allow for UTV operation along this stretch of road. Decreasing the speed limit to 35 m.p.h. would also bring the speed limit in line with other current speed limits in the Village which range from 30 m.p.h. to 35 m.p.h. Understanding that it may take a little while for drivers to adjust to the new reduced speed limit, if the Village board decides to decrease the

speed limit in the stated area to 35 m.p.h., it is the intent of the Village Police Department to provide a reasonable grace period while motorists adjust to the new speed limit. During this time period, only warning tickets would be issued to those who would not be otherwise considered as speeding at the prior 45 m.p.h. restriction. Naturally, this grace period would not extend to vehicles traveling in excess of 45 m.p.h. beyond the few excess miles accommodation that is currently afforded to account for margin of error calculation in tracking devices. Flags would also be placed on the new speed limit signs to attract further attention to the change in speed requirements.

EXECUTIVE SUMMARY

The Village Board has asked for a review of employee compensation and when raises will be applied. Staff recommends revising Section 8 of the Employee Handbook concerning compensation. Options include introducing step raises based on tenure or longevity raises or annual merit bonuses based on evaluations, with provisions for addressing unsatisfactory performance and budgetary constraints.

Other recommended changes aim to clarify salary adjustments, standardize evaluation processes, and shift responsibility to the Village Administrator in time sensitive compensation decisions. The proposed revisions seek to maintain competitiveness, recognize employee dedication, and ensure fiscal responsibility while providing administrative flexibility.

At their March 20th meeting, the admin team met and created 3 options that could all work for the village, those options are detailed in the attached memorandum.

The next steps following adoption, staff will recommend salary ranges for each village position, for adoption by the village board. The salary ranges will go up with COLA adjustments annually, allowing the village to remain competitive year after year, while also sustainably keeping a maximum to any given position.

VILLAGE OF WINNEBAGO MEMORANDUM OF RECOMMENDATION

Prepared By:	Joseph Dienberg, Village Administrator
Meeting Name:	Village Board
Meeting Date:	April 8, 2024
Item Name:	Employee Handbook Section 8 Revisions (Compensation)

Background Information:

The Village Board has directed Admin Team to review the current structure of pay raises and increases to remain competitive for future hiring cycles, reward current employees for hard work and dedication to the village, while remaining good stewards of taxpayer dollars. Currently, all village staff receive up to 2.5% COLA (Cost-of-living adjustment) (based on annual Consumer Price Index (CPI)) and up to 2.5% merit increase, based on their evaluation, in perpetuity.

Recommendation:

Admin team has met and outlined three different options, and are seeking input from the village board. The Options would be adopted specifically in a revised version of section 8. The only difference between the three options is Section 8-4 of the employee handbook. All versions of 8-4 include:

- Annual Cost-of-Living Adjustment (COLA): Each option includes an annual COLA based on the Consumer Price Index (CPI), which is applied to all employees' salary/wage schedules.
- Evaluation-based Increases: Employees' merit or step increases are tied to their performance evaluations. If an employee receives an 'Unacceptable' evaluation, their increase may be delayed until they receive a satisfactory evaluation.
- Administrative Authority: The Village Administrator has the authority to suspend or reduce automatic increases or bonuses in response to budgetary constraints or emergency declarations. However, any suspended increases can be reinstated later.

MEMO: Employee Handbook Section 8 Revisions (Compensation) Page 1 of 3

The summary of the differences in the three options are listed below:

Option 1:

- Employees receive a Cost-of-Living Adjustment (COLA) of up to 2.5% annually.
- Additionally, they get a step raise based on years of service with the village.
 - Year 2: 3%, Year 3: 3%, Year 5: 5%, Year 7: 2.5%, Year 10: 2.5%, Year 15: 2.5%,
 Year 20: 1.5%
- If an employee gets an 'Unacceptable' evaluation, their step raise progression is paused until they receive a satisfactory evaluation.

Option 2:

- Employees receive a Cost-of-Living Adjustment (COLA) of up to 2.5% annually.
- Instead of step raises, they receive longevity raises based on years of service.
 - Year 2: 2%, Year 3: 2%, Year 5: 4%, Year 7: 1.5%, Year 10: 1.5%, Year 15: 1.5%,
 Year 20: 1%
- Employees also get a one-time merit bonus based on annual evaluation results.
- If an employee gets an 'Unacceptable' evaluation, they won't receive a merit bonus until they improve.

Option 3 (Status Quo):

- Employees receive a Cost-of-Living Adjustment (COLA) of up to 2.5% annually.
- They are eligible for a merit increase of up to 2.5% based on their evaluation.
- If an employee gets an 'Unacceptable' evaluation, they won't receive a merit increase until they improve.

Other Changes Included Throughout Section 8 on All Options:

Adjustments in Salary/Wage Schedules:

- The updated policy clarifies that adjustments in salary/wage schedules may be made due to inflationary considerations and/or market adjustments. It specifies that these adjustments will be effective at the beginning of the first pay period after January 1 of each year.
- Staff will research and present wage schedules for all positions to be adopted at an upcoming village board meeting.

Employee Evaluations:

 The Village Administrator will collaborate with department heads to modify the village-wide standard evaluation form as needed, with the ability to add an additional section specific to different employee classifications. The intention is not to change the current form at this time, but this change gives staff the flexibility to make changes if needed.

Salary and Wage Adjustments:

- The criteria for salary/wage increases are refined, stating that adjustments can be determined by the department head after a satisfactory evaluation following the probationary period.
- The selected option of Section 8-4

Suspension of Increases and Bonuses:

 The Village Administrator has the authority to suspend or reduce automatic increases or bonuses in response to budgetary constraints or emergency declarations. Upon lifting the suspension, any missed increases may be immediately reinstated.

Re-assignment to Lower Classification (Demotion):

• The authority responsible for determining the cut in pay after a demotion is changed from the "Village Board" to the "Village Administrator."

Working in a Higher Classification:

• The Village Administrator is introduced as the authority determining compensation for working in a higher classification, replacing the Committee Chairperson.

Addition of Section 8-15 (Village Administrator Actions):

 If the Village Administrator or Department Head acts in any of the above circumstances listed, he/she will immediately notify the Village Board of those Actions, and the Village Board reserves the right to reverse any of those actions if deemed necessary at their next meeting.

Motion: I move to approve ordinance 2024-___, incorporating option ___, An Ordinance Amending Section 8 of the Village of Winnebago Employee Handbook.

ORDINANCE NO. 2024-

ORDINANCE AMENDING PERSONNEL POLICY REGARDING EMPLOYEE COMPENSATION

WHEREAS, the Village Board of Trustees, via Ordinance No. 2019-15, adopted a new Personnel Policy on December 9, 2019, to be effective December 29, 2019, which policy has been amended from time to time via ordinance; and

WHEREAS, since that time the Village has created the position of Village Administrator and hired a Village Administrator, and there has been discussion of adjustment of the criteria and formula used for establishment of employee compensation, and the need for creation, and modification as necessary of a Village wide standard employee evaluation form with an additional section that is specific as to different classifications of employees; and

WHEREAS, to reflect the role of the Village Administrator in dealing with employee compensation, and to establish and incorporate the selected criteria and formula for establishing employee compensation, and evaluating employees in reference to the same there need to be changes made to the employee compensation section of the current Village Personnel Policy; and

WHEREAS, the Village Board of Trustees feels it is in the best interest of its citizenry to make such changes, and

WHEREAS, for ease of reference and clarity, the most efficient and expedient way to amend the Personnel Policy to reflect the above changes is to delete section 8 of the Personnel Policy in its entirety, and substitute a new Section 8, with a designation on bottom of each page of the new Section 8 that said section was updated via the instant ordinance, with ordinance number identified.

NOW, THEREFORE, BE IT ORDAINED by the President and the Board of Trustees of the Village of Winnebago, Illinois, as follows:

SECTION 1: AMENDMENT OF SECTION OF 8 OF PERSONNEL POLICY TITLED "EMPLOYEE COMPENSATION"

Section 8 of the Village of Winnebago Personnel Policy adopted by the Board of Trustees on December 9, 2019, is hereby revoked in its entirety and replaced with a new Section 8, with the language for said Section 8 identified on the attached Exhibit "A" which is incorporated herein and made a part hereof.

SECTION 2: <u>CONTINUED EFFECTIVENESS OF OTHER PROVISIONS OF</u> <u>ORDINANCE</u>. All other provisions of Ordinance No. 2019-15, as previously amended, not in conflict with the instant ordinance, shall remain in full force and effect.

SECTION 3: <u>EFFECT OF PARTIAL INVALIDITY</u>. If any section, paragraph, subdivision, clause, sentence, or provision of this ordinance, shall be adjudged by any Court of competent jurisdiction to be invalid, such judgment shall not affect, impair, invalidate, or nullify the remainder thereof, which remainder shall remain and continue in full force and effect.

SECTION 4: <u>CONFLICTING ORDINANCES</u>. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 5: **EFFECTIVE DATE**. This ordinance shall be in full force and effect upon its passage, approval, and publication in pamphlet form (which publication is hereby authorized) as provided by law.

APPROVED:

President of the Board of Trustees of the Village of Winnebago, Illinois

ATTEST:

Village Clerk

SECTION 8 - COMPENSATION

8-1. Classification and Pay Plan

It is the policy of the Village and the purpose of this plan to establish a Pay Plan that will allow the Village to effectively compete for qualified personnel and to ensure that salaries are equitable and commensurate with the duties performed by each employee. Employees of the Village shall receive compensation as determined from time to time by the Village Board through the establishment of a salary/wage schedule by job classification which is adopted by Board motion and vote and made effective at the beginning of the first full pay period after January 1 of a given year. Adjustments in salary/wage schedules will typically be made due to inflationary consideration and/or market adjustments. Any wage adjustments are also dependent on budgetary constraints and job duty adjustments.

8-2. Employee Evaluations

All employees shall be evaluated in writing following their probationary period of employment, and thereafter may be evaluated annually, typically during the months of August and September, or as frequently as is deemed necessary. Mid-year evaluations may be conducted as warranted. Such written evaluations will have reference to the quality and quantity of work performed, the manner in which the work was performed and the conduct of the employee. The Village Administrator along with the department heads will work together to create (and modify as necessary) a village wide standard evaluation form, that has an additional section that is specific for different classifications of employees.

8-3. Salary and Wage Adjustments

Employees who receive satisfactory evaluation following their initial probationary period of employment with the Village may be considered for a salary/wage increase, to be determined by the department head. Thereafter, adjustments in salary/wage may be implemented to employees at the beginning of the fiscal year after recommendation of their immediate Department Head, with Village Administrator approval for the appropriate budget year.

Salary and wage adjustments are not automatic but will be based on evaluations and budgetary considerations.

8-4. Annual Increases

Every year at the beginning of the first full pay period following January 1, all employees (including probationary employees) of the Village will receive a Cost-of-Living Adjustment (COLA), which will be an amount of up to 2.5% based on the annual Consumer Price

Index (CPI). This increase will also be applied automatically to all salary/wage schedules as adopted in Section 8-1.

Employees will also, on their Anniversary date in applicable years, receive a step raise. The rate of the step raise is determined by the schedule below, based on their years with the Village of Winnebago, excluding prior years of service with another organization. Once an employee has reached the maximum end of their salary/wage range, they will no longer be eligible for a step raise, however, they will be eligible to receive a onetime payment (bonus) of up to \$2,000 (determined by the department head), on anniversary years that are a multiple of 5.

Year 2:	3%
Year 3:	3%
Year 5:	5%
Year 7:	2.5%
Year 10:	2.5%
Year 15:	2.5%
Year 20:	1.5%

If an employee receives a poor score on their evaluation (overall score of 'Unacceptable'), they will re-enter a temporary probationary period, effectively "pausing" their step increase progression, and will not be eligible for their next step increase until the employee receives a satisfactory evaluation (overall score of 'meets expectations' or higher), following their temporary probation within 90 days. The department head may impose up to an additional 90 days to re-evaluate the employee if the initial probationary period did not provide sufficient time for an objective evaluation. Employees may appeal their evaluation to the Department Head or Village Administrator if they feel that the evaluation was unfairly applied.

The Village Administrator also will have the ability to suspend or reduce any or all automatic increases or bonuses in this section due to budgetary constraints, or in response to any emergency declaration by any local, state or federal jurisdictions the village falls within. Upon lifting this suspension, the village may immediately reinstate any missed increases by employees.

8-5. Overtime

Only Fair Labor Standards Act (FLSA) non-exempt employees shall be entitled to overtime. Eligible employees (excluding police officers) shall be compensated for overtime at a rate of one and one-half times their regular hourly rate for all hours actually worked over forty (40) in a work week. Paid time off shall not be considered as time worked in the calculation of overtime. For all FLSA non-exempt employees, prior authorization from the employee's Department Head is required before an employee may

work more than their scheduled daily or weekly hours. Additionally, employees shall not conduct any Village business outside of work hours, including but not limited to work on Village issued or personal electronic devices (including but not limited to tablets, computers, smart phones, I-Pads, and like devices) unless they have received prior approval from a Department Head. Failure to obtain prior approval for overtime may result in disciplinary action up to and including dismissal. To the extent possible, an attempt will be made to fairly distribute overtime work among employees competent to perform the required service.

Law Enforcement shall refer to Lexipol Policy 1037.

In accordance with 7(k) of the Fair Labor Standards Act, police officers will be paid overtime for all Hours Actually Worked over 84 hours in a 14-day work cycle.

Hours Actually Worked is calculated based on the time the employee clocks and/or signs in, whichever is applicable. If an employee mistakenly forgets to clock in or out, the employee must notify his supervisor immediately upon discovering the mistake.

In the case of executive, administrative and professional personnel as defined by the Fair Labor Standards Act (FLSA), it is implicit in the nature of their position that time beyond the normal work schedule may be spent on the job. While some recognition of this work may be made by the Village Board, it is recognized that these classifications are overtime exempt.

8-6. Date of Hire/Anniversary Date

Date of hire shall mean the individual's first scheduled date of employment with the Village. Anniversary date shall mean the date the employee was initially hired.

A regular employee returning from a leave of absence without pay will not be given service credit during the unpaid time off. Benefits will not accrue during a period of unpaid leave, unless otherwise required by law.

8-7. Re-assignment to Lower Classification (Demotion)

An employee reassigned to a position in a lower classification or reduction in job duties regardless of the reason (disciplinary, in lieu of layoff, for reasons of disability or incapacity, department reorganization, etc.) will receive a cut in pay commensurate with the nature of the demotion as determined by the Village Administrator in consultation with the Department Head.

Demotions do not change the person's date of hire. No employee shall be demoted to a position for which he or she does not possess the minimum qualifications.

8-8. Promotions and Transfers

The Village attempts to fill vacant positions with Village employees before advertising to the general public following a practice of upward mobility whenever possible. Employees are encouraged to apply for positions in which they believe they are qualified. Generally, employees are expected to serve in their current position for at least two years before being considered for a promotion. Selection of an employee for a promotion is based on several evaluation criteria including past work record, education and knowledge of the job duties.

If the employee accepts a transfer or promotion, it will be the responsibility of the two affected departments along with the employee, to reach agreement on a transfer date or promotion. Transfers may be initiated by the Village in instances where the Village's best interest may be served. Temporary duty assignments may be made by the appropriate Department Head for a specified time or assignment as necessary. Such appointments are made on an "acting" basis and the employee returns to his or her regular position upon completion of the assignment.

Transfers and promotions do not change a person's date of hire. If the position to which an employee transfers carries benefits different from those of the previous position, the benefits of the new position apply. Any exceptions must be stated in writing and be authorized by the Department Head.

8-9. Pay for Working in a Higher Classification

There will be circumstances when an employee will receive compensation for the performance of duties in a higher classification than he/she normally performs. The performance of duties in a higher classification shall not be construed as granting any rights to continued placement in the higher classification.

The guidelines for determining when pay for working in a higher classification applies shall be as follows:

- A. Compensation for working out of classification is provided as monetary recognition to an employee for the assumption and performance of duties normally performed by an employee of higher classification.
- B. The assumption and performance of the duties of the higher classification must encompass a substantial portion of the range of responsibilities of the higher classification as determined by the Village Administrator. This shall not apply to temporary assignments which are made pursuant to a prior mutual agreement between the employee and his or her Department Head for the purpose of providing a training opportunity to the employee, for a mutually agreed upon period of time.
- C. The performance of such duties must be for an extended period of time, wherein a need exists to fulfill the duties and responsibilities of the vacant position. An extended

period of time is generally considered as an assumption of duties and responsibilities that will last in excess of fifteen (15) work days. Performance of such duties for a period of fifteen (15) work days or less shall be considered a normal duty or requirement and shall not be compensated beyond an employee's regular rate of pay.

- D. Working out of classification compensation shall be allowed only after written recommendation of the Committee Chairperson with concurrence by the Department Head or Village Administrator. Recommendation and designation shall be accomplished prior to the assumption of higher classification responsibilities. The Village Administrator shall have the authority to grant working out of classification compensation after the assumption of higher classification responsibilities.
- E. The employee's compensation will be established through mutual agreement at the time of assignment, but will generally not exceed twenty percent of the employee's current salary.
- F. When the temporary assignment is completed, the employee's salary will be readjusted to its previous level or the level it would have attained, including any general salary adjustments and within range increases, as if the out-of-classification pay had not been awarded. The employee's date of hire and anniversary date will remain unchanged throughout the temporary assignment.

8-10.Wage Garnishment

When the Village receives a court-order to take deductions from an employee's paycheck, the employee will be notified. The Village will act in accordance with the Federal Consumer Credit Protection Act, which places restrictions on the total amount that may be garnished from the employee's paycheck. Repeated garnishments may be considered cause for disciplinary action up to and including termination.

8-11. Pay Periods

Village employees are paid every other Wednesday. There are 26 pay periods in the fiscal year. The pay period begins on Sunday and ends on Saturday at 11:59 pm. If a pay day falls on a holiday, the day of pay shall be the last working day preceding the normal pay day. Paychecks will be distributed directly to the employee unless other arrangements have been approved in advance. An employee's paycheck may be released to the employee's spouse, designated family member, or to another person only if authorized in writing by the employee and upon presentation of valid identification.

8-12. Payroll Deductions

- A. The following deductions are required by law from each employee paycheck:
 - 1. Federal and State Income Tax withholding, to the extent applicable

- 2. Social Security
- 3. Retirement contributions
- 4. Other deductions authorized by law
- B. Optional Deductions:
 - 1. Deferred compensation deposits
 - 2. Payment of health insurance premium
 - 3. Life & Accidental Death Insurance Premiums
 - 4. Payment of dental insurance premium
 - 5. Payment of vision insurance premium
 - 6. Payment of supplemental insurance premium

With each paycheck the Village employee receives a statement of deductions and earnings which itemizes the various deductions made, as well as appropriate cumulative totals. A record of paid time off will also appear on the paycheck stub following successful completion of related probationary periods.

It is the employee's responsibility to maintain current payroll deduction information with the Village. Employees wishing to add or change their payroll deductions should contact the Deputy Clerk.

C. Other Permissible Deductions

The Village complies with the salary basis requirements of the Fair Labor Standards Act (FLSA). The Village does not make improper deductions from the salaries of exempt employees employed in bona fide executive, administrative or professional positions. In accordance with the FLSA, the Village may deduct pay from an exempt employee's salary for absences that are one or more days in length for any of the reasons set forth below. The absences must be in full day increments. Deductions may not be made for partial day absences.

- 1. Unpaid disciplinary suspension for violations of safety rules of major significance;
- 2. Unpaid disciplinary suspension for workplace conduct rule infractions;
- 3. Days not scheduled to work during the first or last week of employment;
- 4. Unpaid personal leave;

- 5. Sick or disability leave if such days are not otherwise compensable under Village policies; or
- 6. Family and Medical Leave Act absences if such days are not otherwise compensable under Village policies.

D. Improper Deductions

Exempt employees who believe that an improper deduction has been made should immediately report the error to the Deputy Clerk or Department Head. Reports of improper deductions will be promptly investigated by the Village. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed.

8-13. Direct Deposit

The Village offers and encourages direct deposit of employee payroll checks. Enrollment and/or changes can be made by filling out the Village's Direct Deposit Authorization Form and providing a voided check to the Deputy Clerk. The voided check must contain the bank routing and account numbers for processing.

Cancelling a direct deposit deduction must be done at least ten (10) working days prior to payday. Any compensation requiring a separate check will not be directly deposited.

8-14. Recording Hours/Time Sheets

The Village's time sheets are to be completed by all employees and signed by the employee's Department Head or designee. Time sheets are due Monday by noon following the end of a pay period for the previous two work weeks. Falsification of time records for payroll purposes is reason for discipline, up to and including termination. Employees may direct inquiries concerning payroll matters to the Deputy Clerk.

8-15. Village Administrator Actions

If the Village Administrator or Department Head acts in any of the above circumstances listed, he/she will immediately notify the Village Board of those Actions, and the Village Board reserves the right to reverse any of those actions if deemed necessary at their next meeting.

SECTION 8 - COMPENSATION

8-1. Classification and Pay Plan

It is the policy of the Village and the purpose of this plan to establish a Pay Plan that will allow the Village to effectively compete for qualified personnel and to ensure that salaries are equitable and commensurate with the duties performed by each employee. Employees of the Village shall receive compensation as determined from time to time by the Village Board through the establishment of a salary/wage schedule by job classification which is adopted by Board motion and vote and made effective at the beginning of the first full pay period after January 1 of a given year. Adjustments in salary/wage schedules will typically be made due to inflationary consideration and/or market adjustments. Any wage adjustments are also dependent on budgetary constraints and job duty adjustments.

8-2. Employee Evaluations

All employees shall be evaluated in writing following their probationary period of employment, and thereafter may be evaluated annually, typically during the months of August and September, or as frequently as is deemed necessary. Mid-year evaluations may be conducted as warranted. Such written evaluations will have reference to the quality and quantity of work performed, the manner in which the work was performed and the conduct of the employee. The Village Administrator along with the department heads will work together to create (and modify as necessary) a village wide standard evaluation form, that has an additional section that is specific for different classifications of employees.

8-3. Salary and Wage Adjustments

Employees who receive satisfactory evaluation following their initial probationary period of employment with the Village may be considered for a salary/wage increase, to be determined by the department head. Thereafter, adjustments in salary/wage may be implemented to employees at the beginning of the fiscal year after recommendation of their immediate Department Head, with Village Administrator approval for the appropriate budget year.

Salary and wage adjustments are not automatic but will be based on evaluations and budgetary considerations.

8-4. Annual Increases

Every year at the beginning of the first full pay period following January 1, all employees (including probationary employees) of the Village will receive a Cost-of-Living Adjustment (COLA), which will be an amount of up to 2.5% based on the annual Consumer Price

Index (CPI). This increase will also be applied automatically to all salary/wage schedules as adopted in Section 8-1.

Employees will also, on their Anniversary date in applicable years, receive a longevity raise. The rate of the longevity raise is determined by the schedule below, based on their years with the Village of Winnebago, excluding prior years of service with another organization. Once an employee has reached the maximum end of their salary/wage range, they will no longer be eligible for a longevity raise, however, they will be eligible to receive a onetime payment (bonus) of up to \$2,000 (determined by the department head), on anniversary years that are a multiple of 5.

Longevity Increase Schedule:

Year 2:	2%
Year 3:	2%
Year 5:	4%
Year 7:	1.5%
Year 10:	1.5%
Year 15:	1.5%
Year 20:	1%

Employees will also be eligible every year for a one-time payment (bonus) based on the results of their annual evaluation. This bonus will be up to \$2,000 (See Schedule Below) and will typically be given in the months of November or December. If an employee receives a poor score on their evaluation (overall score of 'Unacceptable'), they will reenter a probationary period, and will not receive a merit bonus, and will not be eligible for their next step increase until the employee receives a satisfactory evaluation (overall score of 'needs improvement' or higher), following their temporary probation within 90 days. The department head may impose up to an additional 90 days to re-evaluate the employee if the initial probationary period did not provide sufficient time for an objective evaluation. Employees may appeal their evaluation to the Department Head or Village Administrator if they feel that the evaluation was unfairly applied.

Merit Bonus Schedule:

Unacceptable:	\$0
Needs Improvement:	\$500
Meets Expectations:	\$1000
Performs Commendably:	\$1500
Exceeds Expectations:	\$2000

The Village Administrator also will have the ability to suspend or reduce any or all automatic increases or bonuses in this section due to budgetary constraints, or in response to any emergency declaration by any local, state or federal jurisdictions the village falls within. Upon lifting this suspension, the village may immediately reinstate any missed increases by employees.

8-5. Overtime

Only Fair Labor Standards Act (FLSA) non-exempt employees shall be entitled to overtime. Eligible employees (excluding police officers) shall be compensated for overtime at a rate of one and one-half times their regular hourly rate for all hours actually worked over forty (40) in a work week. Paid time off shall not be considered as time worked in the calculation of overtime. For all FLSA non-exempt employees, prior authorization from the employee's Department Head is required before an employee may work more than their scheduled daily or weekly hours. Additionally, employees shall not conduct any Village business outside of work hours, including but not limited to work on Village issued or personal electronic devices (including but not limited to tablets, computers, smart phones, I-Pads, and like devices) unless they have received prior approval from a Department Head. Failure to obtain prior approval for overtime may result in disciplinary action up to and including dismissal. To the extent possible, an attempt will be made to fairly distribute overtime work among employees competent to perform the required service.

Law Enforcement shall refer to Lexipol Policy 1037.

In accordance with 7(k) of the Fair Labor Standards Act, police officers will be paid overtime for all Hours Actually Worked over 84 hours in a 14-day work cycle.

Hours Actually Worked is calculated based on the time the employee clocks and/or signs in, whichever is applicable. If an employee mistakenly forgets to clock in or out, the employee must notify his supervisor immediately upon discovering the mistake.

In the case of executive, administrative and professional personnel as defined by the Fair Labor Standards Act (FLSA), it is implicit in the nature of their position that time beyond the normal work schedule may be spent on the job. While some recognition of this work may be made by the Village Board, it is recognized that these classifications are overtime exempt.

8-6. Date of Hire/Anniversary Date

Date of hire shall mean the individual's first scheduled date of employment with the Village. Anniversary date shall mean the date the employee was initially hired.

A regular employee returning from a leave of absence without pay will not be given service credit during the unpaid time off. Benefits will not accrue during a period of unpaid leave, unless otherwise required by law.

8-7. Re-assignment to Lower Classification (Demotion)

An employee reassigned to a position in a lower classification or reduction in job duties regardless of the reason (disciplinary, in lieu of layoff, for reasons of disability or incapacity, department reorganization, etc.) will receive a cut in pay commensurate with the nature of the demotion as determined by the Village Administrator in consultation with the Department Head.

Demotions do not change the person's date of hire. No employee shall be demoted to a position for which he or she does not possess the minimum qualifications.

8-8. **Promotions and Transfers**

The Village attempts to fill vacant positions with Village employees before advertising to the general public following a practice of upward mobility whenever possible. Employees are encouraged to apply for positions in which they believe they are qualified. Generally, employees are expected to serve in their current position for at least two years before being considered for a promotion. Selection of an employee for a promotion is based on several evaluation criteria including past work record, education and knowledge of the job duties.

If the employee accepts a transfer or promotion, it will be the responsibility of the two affected departments along with the employee, to reach agreement on a transfer date or promotion. Transfers may be initiated by the Village in instances where the Village's best interest may be served. Temporary duty assignments may be made by the appropriate Department Head for a specified time or assignment as necessary. Such appointments are made on an "acting" basis and the employee returns to his or her regular position upon completion of the assignment.

Transfers and promotions do not change a person's date of hire. If the position to which an employee transfers carries benefits different from those of the previous position, the benefits of the new position apply. Any exceptions must be stated in writing and be authorized by the Department Head.

8-9. Pay for Working in a Higher Classification

There will be circumstances when an employee will receive compensation for the performance of duties in a higher classification than he/she normally performs. The performance of duties in a higher classification shall not be construed as granting any rights to continued placement in the higher classification.

The guidelines for determining when pay for working in a higher classification applies shall be as follows:

A. Compensation for working out of classification is provided as monetary recognition to an employee for the assumption and performance of duties normally performed by an employee of higher classification.

- B. The assumption and performance of the duties of the higher classification must encompass a substantial portion of the range of responsibilities of the higher classification as determined by the Village Administrator. This shall not apply to temporary assignments which are made pursuant to a prior mutual agreement between the employee and his or her Department Head for the purpose of providing a training opportunity to the employee, for a mutually agreed upon period of time.
- C. The performance of such duties must be for an extended period of time, wherein a need exists to fulfill the duties and responsibilities of the vacant position. An extended period of time is generally considered as an assumption of duties and responsibilities that will last in excess of fifteen (15) work days. Performance of such duties for a period of fifteen (15) work days or less shall be considered a normal duty or requirement and shall not be compensated beyond an employee's regular rate of pay.
- D. Working out of classification compensation shall be allowed only after written recommendation of the Committee Chairperson with concurrence by the Department Head or Village Administrator. Recommendation and designation shall be accomplished prior to the assumption of higher classification responsibilities. The Village Administrator shall have the authority to grant working out of classification compensation after the assumption of higher classification responsibilities.
- E. The employee's compensation will be established through mutual agreement at the time of assignment, but will generally not exceed twenty percent of the employee's current salary.
- F. When the temporary assignment is completed, the employee's salary will be readjusted to its previous level or the level it would have attained, including any general salary adjustments and within range increases, as if the out-of-classification pay had not been awarded. The employee's date of hire and anniversary date will remain unchanged throughout the temporary assignment.

8-10.Wage Garnishment

When the Village receives a court-order to take deductions from an employee's paycheck, the employee will be notified. The Village will act in accordance with the Federal Consumer Credit Protection Act, which places restrictions on the total amount that may be garnished from the employee's paycheck. Repeated garnishments may be considered cause for disciplinary action up to and including termination.

8-11. Pay Periods

Village employees are paid every other Wednesday. There are 26 pay periods in the fiscal year. The pay period begins on Sunday and ends on Saturday at 11:59 pm. If a pay day falls on a holiday, the day of pay shall be the last working day preceding the normal pay day. Paychecks will be distributed directly to the employee unless other arrangements have been approved in advance. An employee's paycheck may be released to the

employee's spouse, designated family member, or to another person only if authorized in writing by the employee and upon presentation of valid identification.

8-12. Payroll Deductions

- A. The following deductions are required by law from each employee paycheck:
 - 1. Federal and State Income Tax withholding, to the extent applicable
 - 2. Social Security
 - 3. Retirement contributions
 - 4. Other deductions authorized by law
- B. Optional Deductions:
 - 1. Deferred compensation deposits
 - 2. Payment of health insurance premium
 - 3. Life & Accidental Death Insurance Premiums
 - 4. Payment of dental insurance premium
 - 5. Payment of vision insurance premium
 - 6. Payment of supplemental insurance premium

With each paycheck the Village employee receives a statement of deductions and earnings which itemizes the various deductions made, as well as appropriate cumulative totals. A record of paid time off will also appear on the paycheck stub following successful completion of related probationary periods.

It is the employee's responsibility to maintain current payroll deduction information with the Village. Employees wishing to add or change their payroll deductions should contact the Deputy Clerk.

C. Other Permissible Deductions

The Village complies with the salary basis requirements of the Fair Labor Standards Act (FLSA). The Village does not make improper deductions from the salaries of exempt employees employed in bona fide executive, administrative or professional positions. In accordance with the FLSA, the Village may deduct pay from an exempt employee's salary for absences that are one or more days in length for any of the reasons set forth below.

The absences must be in full day increments. Deductions may not be made for partial day absences.

- 1. Unpaid disciplinary suspension for violations of safety rules of major significance;
- 2. Unpaid disciplinary suspension for workplace conduct rule infractions;
- 3. Days not scheduled to work during the first or last week of employment;
- 4. Unpaid personal leave;
- 5. Sick or disability leave if such days are not otherwise compensable under Village policies; or
- 6. Family and Medical Leave Act absences if such days are not otherwise compensable under Village policies.

D. Improper Deductions

Exempt employees who believe that an improper deduction has been made should immediately report the error to the Deputy Clerk or Department Head. Reports of improper deductions will be promptly investigated by the Village. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed.

8-13. Direct Deposit

The Village offers and encourages direct deposit of employee payroll checks. Enrollment and/or changes can be made by filling out the Village's Direct Deposit Authorization Form and providing a voided check to the Deputy Clerk. The voided check must contain the bank routing and account numbers for processing.

Cancelling a direct deposit deduction must be done at least ten (10) working days prior to payday. Any compensation requiring a separate check will not be directly deposited.

8-14. Recording Hours/Time Sheets

The Village's time sheets are to be completed by all employees and signed by the employee's Department Head or designee. Time sheets are due Monday by noon following the end of a pay period for the previous two work weeks. Falsification of time records for payroll purposes is reason for discipline, up to and including termination. Employees may direct inquiries concerning payroll matters to the Deputy Clerk.

8-15. Village Administrator Actions

If the Village Administrator or Department Head acts in any of the above circumstances listed, he/she will immediately notify the Village Board of those Actions, and the Village

Board reserves the right to reverse any of those actions if deemed necessary at their next meeting.

SECTION 8 - COMPENSATION

8-1. Classification and Pay Plan

It is the policy of the Village and the purpose of this plan to establish a Pay Plan that will allow the Village to effectively compete for qualified personnel and to ensure that salaries are equitable and commensurate with the duties performed by each employee. Employees of the Village shall receive compensation as determined from time to time by the Village Board through the establishment of a salary/wage schedule by job classification which is adopted by Board motion and vote and made effective at the beginning of the first full pay period after January 1 of a given year. Adjustments in salary/wage schedules will typically be made due to inflationary consideration and/or market adjustments. Any wage adjustments are also dependent on budgetary constraints and job duty adjustments.

8-2. Employee Evaluations

All employees shall be evaluated in writing following their probationary period of employment, and thereafter may be evaluated annually, typically during the months of August and September, or as frequently as is deemed necessary. Mid-year evaluations may be conducted as warranted. Such written evaluations will have reference to the quality and quantity of work performed, the manner in which the work was performed and the conduct of the employee. The Village Administrator along with the department heads will work together to create (and modify as necessary) a village wide standard evaluation form, that has an additional section that is specific for different classifications of employees.

8-3. Salary and Wage Adjustments

Employees who receive satisfactory evaluation following their initial probationary period of employment with the Village may be considered for a salary/wage increase, to be determined by the department head. Thereafter, adjustments in salary/wage may be implemented to employees at the beginning of the fiscal year after recommendation of their immediate Department Head, with Village Administrator approval for the appropriate budget year.

Salary and wage adjustments are not automatic but will be based on evaluations and budgetary considerations.

8-4. Annual Increases

Every year at the beginning of the first full pay period following January 1, all employees (including probationary employees) of the Village will receive a Cost-of-Living Adjustment (COLA), which will be an amount of up to 2.5% based on the annual Consumer Price

Index (CPI). This increase will also be applied automatically to all salary/wage schedules as adopted in Section 8-1.

Employees will be eligible for a merit increase of up to 2.5% at the same time as the COLA adjustment. The merit increase will be based on their annual performance evaluation, following the schedule below:

Merit Bonus Schedule:

Unacceptable:0%Needs Improvement:1%Meets Expectations:1.5%Performs Commendably:2%Exceeds Expectations:2.5%

If an employee receives a poor score on their evaluation (overall score of 'Unacceptable'), they will not be eligible for a merit increase until they receive a satisfactory evaluation (overall score of 'meets expectations' or higher). The department head may impose additional time for re-evaluation, up to 90 days, if deemed necessary. Employees may appeal their evaluation to the Department Head or Village Administrator if they feel it was unfairly applied.

The Village Administrator also will have the ability to suspend or reduce any or all automatic increases or bonuses in this section due to budgetary constraints, or in response to any emergency declaration by any local, state or federal jurisdictions the village falls within. Upon lifting this suspension, the village may immediately reinstate any missed increases by employees.

8-5. Overtime

Only Fair Labor Standards Act (FLSA) non-exempt employees shall be entitled to overtime. Eligible employees (excluding police officers) shall be compensated for overtime at a rate of one and one-half times their regular hourly rate for all hours actually worked over forty (40) in a work week. Paid time off shall not be considered as time worked in the calculation of overtime. For all FLSA non-exempt employees, prior authorization from the employee's Department Head is required before an employee may work more than their scheduled daily or weekly hours. Additionally, employees shall not conduct any Village business outside of work hours, including but not limited to work on Village issued or personal electronic devices (including but not limited to tablets, computers, smart phones, I-Pads, and like devices) unless they have received prior approval from a Department Head. Failure to obtain prior approval for overtime may result in disciplinary action up to and including dismissal. To the extent possible, an attempt will be made to fairly distribute overtime work among employees competent to perform the required service.

Law Enforcement shall refer to Lexipol Policy 1037.

In accordance with 7(k) of the Fair Labor Standards Act, police officers will be paid overtime for all Hours Actually Worked over 84 hours in a 14-day work cycle.

Hours Actually Worked is calculated based on the time the employee clocks and/or signs in, whichever is applicable. If an employee mistakenly forgets to clock in or out, the employee must notify his supervisor immediately upon discovering the mistake.

In the case of executive, administrative and professional personnel as defined by the Fair Labor Standards Act (FLSA), it is implicit in the nature of their position that time beyond the normal work schedule may be spent on the job. While some recognition of this work may be made by the Village Board, it is recognized that these classifications are overtime exempt.

8-6. Date of Hire/Anniversary Date

Date of hire shall mean the individual's first scheduled date of employment with the Village. Anniversary date shall mean the date the employee was initially hired.

A regular employee returning from a leave of absence without pay will not be given service credit during the unpaid time off. Benefits will not accrue during a period of unpaid leave, unless otherwise required by law.

8-7. Re-assignment to Lower Classification (Demotion)

An employee reassigned to a position in a lower classification or reduction in job duties regardless of the reason (disciplinary, in lieu of layoff, for reasons of disability or incapacity, department reorganization, etc.) will receive a cut in pay commensurate with the nature of the demotion as determined by the Village Administrator in consultation with the Department Head.

Demotions do not change the person's date of hire. No employee shall be demoted to a position for which he or she does not possess the minimum qualifications.

8-8. Promotions and Transfers

The Village attempts to fill vacant positions with Village employees before advertising to the general public following a practice of upward mobility whenever possible. Employees are encouraged to apply for positions in which they believe they are qualified. Generally, employees are expected to serve in their current position for at least two years before being considered for a promotion. Selection of an employee for a promotion is based on several evaluation criteria including past work record, education and knowledge of the job duties.

If the employee accepts a transfer or promotion, it will be the responsibility of the two affected departments along with the employee, to reach agreement on a transfer date or promotion. Transfers may be initiated by the Village in instances where the Village's best interest may be served. Temporary duty assignments may be made by the appropriate Department Head for a specified time or assignment as necessary. Such appointments are made on an "acting" basis and the employee returns to his or her regular position upon completion of the assignment.

Transfers and promotions do not change a person's date of hire. If the position to which an employee transfers carries benefits different from those of the previous position, the benefits of the new position apply. Any exceptions must be stated in writing and be authorized by the Department Head.

8-9. Pay for Working in a Higher Classification

There will be circumstances when an employee will receive compensation for the performance of duties in a higher classification than he/she normally performs. The performance of duties in a higher classification shall not be construed as granting any rights to continued placement in the higher classification.

The guidelines for determining when pay for working in a higher classification applies shall be as follows:

WHEREAS, the actions of Officer McNeely exemplify the highest standards of professionalism, compassion, and selflessness in the face of adversity, embodying the principles of public service and community protection;

NOW, THEREFORE, I Franklin J. Eubank Jr, President of the Board of Trustees of the Village of Winnebago, Illinois, do hereby proclaim our profound gratitude and admiration for Officer Robert McNeely Jr., We commend Officer McNeely for his outstanding dedication to preserving life and ensuring the safety and well-being of our residents; We encourage all citizens to follow Officer McNeely's commendable example by learning lifesaving skills such as CPR and remaining vigilant in times of crisis.

Dated this 13th Day of May 2024

Franklin J. Eubank Jr., President of the Board of Trustees of the Village of Winnebago

National Center 7272 Greenville Ave. Dallas, TX 75231

Dear Robert McNeely Jr.,

The American Heart Association would like to say thank you. It is a pleasure to honor you for acting so courageously and swiftly to offer lifesaving aid.

Today, many Americans feel helpless during an emergency because they do not know how to administer CPR, or they are afraid of hurting the victim. We want to recognize heroes that have stepped in to save a life. Thank you for performing the heroic act of CPR; a critical link in our chain of survival. You have not only helped to save a life within your community, but you are also partnering with the American Heart Association to improve the survival rate of citizens who receive bystander CPR.

In an effort to encourage others to learn the lifesaving skill of CPR, we would like you to keep sharing your story. Share pictures of your special award with your social media following and use the hashtag **#CPRSavesLives**. Tell the world that you are a Heartsaver Hero and how important it is to be CPR trained. Visit our website heart.org/heartsaverhero to view more stories like yours.

Thank you,

The American Heart Association

RESOLUTION NO. 2024- R

RESOLUTION AFFIRMING THE VILLAGE PRESIDENT TO SIGN THE BANKING SERVICES AGREEMENT WITH FIRST NATIONAL BANK AND TRUST COMPANY FOR ONE YEAR MAY 1, 2024 THROUGH <u>APRIL 30, 2025.</u>

WHEREAS, The Village of Winnebago has renewed the Banking Services Agreement with First National Bank and Trust Company (FNBT), with a one-year term from May 1, 2024, through April 30, 2025 see attached Exhibit "A".

WHEREAS, The Village will continue to maintain \$250,000 non-interest-bearing threshold in the checking account nicknamed "RRWRD ESCROW". All additional funds will be swept into interest bearing accounts.

WHEREAS, All interest bearing accounts under the Village's tax identification number will be tied to the Weekly Wall Street Federal Funds rate minus 0.6%. As of February 23, 2024, the index has a rate of 5.33%.

WHEREAS, The Village will not pay any maintenance and/or transaction fees, so long as the balance requirements are met as described above. However, this does not include additional fees for NSF's, Return items, Stop Payments and/or Wires. The Village will pay these and will be charged at time of occurrence.

WHEREAS, First National Bank and Trust will continue to collateralize the Village's available balances over the FDIC limits for all the Village's accounts under the Village's tax identification number in compliance with all Federal and applicable State Rules and Regulations. FNBT will do so by utilizing one of the following or a combination of Letters of Credit, through the Federal Home Loan Bank, and/or the Insured Cash Sweep (ICS) product, or something similar. To assist in making sure we have adequate collateral coverage we ask to be notified of any major changes in fund balances.

WHEREAS, FNBT would like the opportunity to bid on all loan requests and additional funds. These rate quotes will be on a case-by-case basis.

NOW THEREFORE, BE IT RESOLVED by the President and the Board of Trustees of the Village of Winnebago, in the County of Winnebago, Illinois, as follows:

Resolution 2024-___-R Page 2 of 2

Dear Mr Eubank:

Thank you for your continued business with First National Bank and Trust Company. We appreciate the opportunity to provide Banking Services to the Village of Winnebago. This Banking Service Agreement is between the Village of Winnebago (The Village) and First National Bank and Trust Company (FNBT) and is for a one-year period ending 04/30/2025.

We are proposing the following:

- The Village will maintain a \$250,000 non-interest-bearing threshold in the checking account nicknamed "RRWRD ESCROW". All additional funds will be swept into interest bearing accounts.
- All interest-bearing accounts under the Village's tax identification number will be tied to the Weekly Wall Street Federal Funds rate minus 0.60%. As of today's date, the index has a rate of 5.33%.
- The Village will not pay any maintenance and/or transaction fees, so long as the balance requirements are met as described above (bullet point one). However, this does not include additional fees for NSFs, Return Items, Stop Payments and/or Wires. The Village will pay these and will be charged at time of occurrence.
- FNBT will continue to collateralize The Village's available balances over the FDIC coverage for all public fund accounts under The Village's tax identification number in compliance with all Federal and applicable State Rules and Regulations. FNBT will do so by utilizing one of the following or a combination of Letters of Credit, through the Federal Home Loan Bank, and/or the ICS (Insured Cash Sweep) product, or something similar. To assist in making sure we have adequate collateral coverage we ask to be notified of any major changes in fund balances.
- FNBT would like the opportunity to bid on all loan requests and additional funds. These rate quotes will be on a case-by-case basis.

Thank you again for the opportunity to continue to provide banking services to the Village of Winnebago. Please contact me with questions or needed assistance at (608) 363-8076 or <u>Jessica.Hernandez@bankatfirstnational.com</u>.

Sincerely,

processes for the passage of all Village ordinances and resolutions, aiming to enhance transparency and public engagement. The proposed process involves the introduction of ordinances to include two readings at different meetings, with the option to waive the second reading under certain conditions. Additionally, it outlines voting requirements for the passage of ordinances and resolutions. Staff is seeking input from the Village Board of Trustees on whether to adopt an ordinance formalizing this process. ATTACHMENTS (PLEASE LIST) Staff Memo

VILLAGE OF WINNEBAGO MEMORANDUM

Prepared By:	Joseph Dienberg
Meeting Name:	Village Board Meeting
Meeting Date:	May 13, 2024
Item Name:	First and Second Reading of Ordinances/Resolutions

Background:

In an effort to remain transparent and allow for public engagement in Village processes, it has been suggested that the village adopt a "First and Second Reading" process for the passage of all Village of Winnebago Ordinances and Resolutions. Currently, the village operates within these parameters in practice, this would formalize and require that practice. An example of this process can be seen below:

Introduction of Ordinance—First Reading

- 1) The "first reading" of an ordinance shall be its introduction, whereupon a Board member shall move to introduce the same into business and another Board member shall second that motion. Following the proper introduction of an ordinance into Board business at either a Village Board Meeting, Committee of the Whole Meeting, or designated Committee meeting, and if agreed by a majority of the members present at the meeting, any member shall, at his or her option, read the entire ordinance or provide a summary description of same. No vote shall be taken on any ordinance at its "first reading", except on motions to amend the ordinance, unless otherwise permitted by Board rules.
- 2) At the "first reading", any Village Committee member may move to recommend the adoption of such ordinance or resolution by the village board. This recommendation must be seconded by a member of the committee and voted on by a majority of its members to be made.

Two Readings Required for Ordinances.

- 1) All ordinances brought before the Village Board for a final vote must have been previously presented for a "first reading" at either a Village Board Meeting, Committee of the Whole Meeting, or designated Committee meeting. This provision may be waived if the Village Board votes unanimously in the affirmative to suspend the rules following the "first reading" and act upon the ordinance at the same meeting in which it is introduced to the Village Board.
- 2) A unanimous vote shall be defined as all of members present voting in the affirmative. Abstentions shall be considered as voting in the negative in this instance.
- 3) The Village President may choose to hold over an ordinance to the next regular or specially held Board meeting, without sending said ordinance to a committee. If an objection to this action is made by a Board member, a majority vote of the membership of the Board is required to overrule the President's action.

Voting Requirements for Passage of Ordinances and Resolutions.

All ordinances and resolutions of the Village Board shall, unless otherwise expressly required by applicable Illinois statute, require a majority vote for passage.

Recommendation: Staff is seeking input from the Village Board of Trustees on if the village should adopt an ordinance requiring the first and second reading of ordinances
