#### **Background**

The Wolfforth EDC is implementing a Business Improvement Grant (BIG) Program to provide assistance to local businesses in improving their properties. The purpose of this program is to promote the expansion and development of new and existing business enterprises within the city of Wolfforth Texas, and to improve the appearance and visual character of the community. The maximum grant is \$10,000 per applicant, and the minimum expenditure to be considered for the program is \$1,000. The application period for this grant will remain open until September 30<sup>th</sup> of the current fiscal year; until funding has been exhausted; or until the EDC determines that its program goals have been satisfied.

- Proof of applicant's ownership of the facility, or proof that the owner of such facility has approved the application for grant funds, shall be required.

- All grants are reimbursement grants, and will only be funded after completion of the project in compliance with specifications approved by the EDC.

## AGENDA ITEM COMMENTARY

MEETING NAME: Economic Development Corporation			
MEETING DATE:	10/1/2024		
ITEM TITLE:	Consider and take appropriate action on strategic plan update		
STAFF INITIATOR:	Danielle Sweat- EDC Director		

#### **BACKGROUND:**

In the summer of 2023, the EDC board adopted a new strategic plan. It's been a year, so I'd like to go over a few things that we still need to focus on.

#### Goal #1: Cultivate relationships

This is something we are strong in. One thing we haven't done is touring businesses. My concern is the reality of that goal. Some of our businesses seem hard to get into. Everyone's schedules seem to be busy, and our EDC meetings are always packed.

The other thing we haven't looked at is an incubator program. My biggest concern is our lack of buildings. With what we do have, do we want to push sales tax creators over an incubator program?

Goal #2: Property Development

This is probably our weakest link. We have closed on two pieces of land on main street, working toward our goal, but we have a long way to go. I think we need to take a look at that whole section as a board.

Goal #3: Business Recruitment

Still not our strongest, but it's something we are working on. The biggest issue we have in our region is the lack of a representative from the governor's office for our region. Continuing to travel with High Ground members and attend conferences/events provides us exposure to site selectors.

Goal #4: Branding and Marketing

This goal is COMPLETE! I know that marketing will evolve as we evolve. This will be an ongoing process.

Goal #5: Organizational Management

Is there board training you guys want me to coordinate? I know there are some virtual trainings I can do? If we are going to have to amend our strategic plan, we could do a half day training then? I have heard from other regions that the governor's office will do training, and as I said before, we are lacking a rep currently...

# 2023-2026 Strategic Plan

## The Strategic Planning Process

In February 2023, the Wolfforth Economic Development Corporation embarked on a strategic planning process to develop the strategic priorities for Q3 2023 through Q2 2026. The following is the process used to reach the conclusions for the strategic plan.

The process kicked off with a preliminary Zoom meeting between Executive Director Danielle Sweat and professional facilitator Alysia A. Cook, PCED, IOM with Opportunity Strategies LLC. The two met to review key issues facing the EDC, understand the programs and projects currently underway, and to prepare the process and format for the planning session.

Prior to the planning retreat, the facilitator conducted an anonymous SWOT Analysis online with the participants. The results of that are included in this document.

Prior to the planning retreat, the facilitator conducted a series of stakeholder interviews with the participants. The results of that are included here.

On May 18 & 19, 2023, the EDC board and staff met at City of Wolfforth city council chambers for a strategic planning workshop to begin planning for Q3 2023 through Q2 2026.

The following is the Wolfforth EDC 2023-2026 Strategic Plan.

47

## **Expectations**

The facilitator asked the participants to share any expectations for the day. Responses were as follows:

- Making the community better
- How to get more people involved
- Working together
- Exciting direction
- Our toolbox
- \$1.6m in bank
- \$500k HOT
- Discuss role of City Planning

4

49

## **SWOT Analysis**

Prior to the Planning Retreat, the facilitator engaged the participants in an exercise to brainstorm and list the strengths and weaknesses of the Wolfforth Economic Development Corporation, as well as the current and/or potential opportunities and threats facing the organization. The facilitator shared the aggregated responses with the whole group and discussed the comments collected. The results of the SWOT are listed here:

## Strengths

- Variety of representation
- Willingness to change
- Easy to reach decision makers
- Connectivity with the Council
- Relationship with City Council
- People
- Frenship ISD
- Desire
- Open-mindedness
- Proximity to Lubbock
- Under new leadership we now have the desire to grow
- The Wolfforth EDC cares about the community
- Willingness to consider any allowable project
- They want growth and are open to new ideas
- Everyone on the board is on the same page when it comes to putting money into change
- Having a strong relationship with Frenship ISD is extremely important
- Passion

### Weaknesses

- Lack of buildings to market
- Available real estate
- Lack of vacant developed land
- Undefined strategy
- Not to have a plan and vision
- We have been on high center for several years now
- Attendance by some of the board members could be better as well as responses to emails
- Limited funds

### **Opportunities**

- Wolfforth is just beginning to blossom into our future, and we have unlimited range to establish our vision. We can choose our own path, and we have a community that I believe is ready to do it.
- Community exposure
- Growing the community
- The EDC has a chance to really change the face of Wolfforth. They are on board with the possibility of buying land, starting to redo old main street, and building something that resembles a town square.
- Relationship with the community
- Control commercial corridor development
- Recruit hotel
- We have an opportunity to change the landscape of Wolfforth. We need to establish a reason for people to be in Wolfforth other than a Frenship ISD sporting event or a bed to sleep in. We have an opportunity to establish a few necessary staples like a grocery store and restaurants (has to be something bigger than a mom-n-pop where you can buy a drink and watch a sporting event).
- Quality Growth

51

### Threats

- Being unrealistic, being under-realistic
- Limited resources
- Level of influence
- Wolfforth has no Core Image. Unless we develop one, we are still going to be a town with a few small random restaurants and high school sporting events.
- Lack of infrastructure
- Poor growth strategy
- Property taxes to the point of discouraging both business and residential development
- Continued rumors of lack of water
- "The way we've always done it"
- Wolfforth has to embrace the growth. Either we are a small town, or we are not.
- Outside forces or limitations

## Start – Stop – Accelerate

The facilitator engaged the board and staff in a group exercise called Start – Stop – Accelerate which divides participants into small groups and has them offer feedback on what the EDC needs to start doing, stop doing, and accelerate efforts to do.

These are individual recommendations and not necessarily agreed to by all participants. The responses are as follows:

### Start

- Keep an inventory of available sites
- Target analysis
- Branding
- Purchases and/or options on land
- Business Retention & Expansion: services and recognitions
- Start regular collaborations and conversations with City, stakeholders
- Community engagement strategy
- Business Directory collaboration with FISD, especially regarding workforce development

## Stop

- Waiting
- Stop thinking small (limitations)
- Being intimidated by Lubbock
- Website (EDC) (remove it for now)
- The Welcome Sign (remove)
- Thinking of ourselves as Lubbock's little brother
- Having EDC being in charge of community events
- Negativity

## Accelerate

- Refining our processes and procedures:
  - Brochures
  - Board Notebooks
  - Website
- Water campaign
- Staff development
- Promotion of Leading EDG & other resources / tools create resource guide
- Website design and rebranding
- Knowledge: mapping, real estate
- Relationship with school district
- Calling on businesses

## **Stakeholder Interviews**

Alysia Cook of Opportunity Strategies LLC conducted a variety of interviews with stakeholders. The questions that were asked and the answers that the participants provided are included below. These comments are in their own words and not edited.

#### 1. What economic development challenges is the community facing?

- Growth wise & planned
- Need for retail shopping and restaurants
- Our one-way roads are handicapping us
- Need to attract retail that would typically go to Lubbock
- No courthouse, no center square
- No empty buildings to market
- Lean into our water solutions
- Lagging retail
- Sales tax is more important than property tax
- We're facing fewer challenges as we grow
- Need to be more selective; we're not desperate to take just any employer x2
- We don't have a town center, just a Main Street
- Solving housing problems
- Being a bedroom community to Lubbock
- Recruiting/attracting people here
- Rapid growth residential
- Need more taxes to pay for the things we need
- Awareness of us as a competitive and attractive location
- We need to create a vision and commit to it

55

# 2. How can the EDC better collaborate with the local ISD, colleges, CTEs, universities, or research centers to promote workforce development and innovation to benefit the local business community?

- Not collaborated before but we should
- Dual use facilities
- Better collaboration could definitely happen x3
- Work with South Points College & Workforce Solutions
- We work well together
- LEDA (collab with Lubbock)
- Help get more kids into plumbing and electrician programs
- Collab on culinary school
- It was strained in the past but better today
- We need to work together to maximize the internship program
- We are fortunate that our ISD is forward thinking and prepping students well
- Need to research best practices from other communities for this
- Help young people want to stay here make a case for "why Wolfforth"
- We need to reach out and collaborate more
- ISD needs a meeting space that can hold all 1300 employees together
