Item Number: 2

Subject

Hold a Public Hearing, consider, and act upon, a recommendation to City Council regarding the writing of an ordinance for a change in zoning from Agricultural (AG/30) to a Planned Development with single family attached, single family detached, commercial development and open space on 25.037 acres. Property located near 605 Country Club Road (**ZC 2023-18**).

Recommendation

Motion to recommend (**approval, approval with conditions or disapproval**) as presented.

Discussion

OWNER: Scott Residential

APPLICANT: Dr. Abdul Lateef Khan

REMOVE FROM TABLE

On March 05, 2024 the Planning and Zoning Commission tabled this item due to the developer's team having an emergency occurrence on the day of the public hearing.

PREVIOUS REPORT (for reference)

The applicant is requesting a change in zoning from Agricultural (AG/30) on 25.037 acres to allow for a Planned Development with 14.5 acres of land to be developed for single family detached homes, four acres developed for townhomes, 2.7 acres developed for commercial development, and 3.8 acres reserved for open space. The property is generally located near 605 Country Club Road.

A previous 2023 zoning request was denied. Nearby citizens and the City Council expressed several concerns. The applicant has addressed several of those concerns, including:

- All single family homes will be built to current zoning ordinance architectural standards, including roof slope and facade design.
- The street connection from Washington Place to the Presidential Estates subdivision shall be used only for emergency access.
- The zoning exhibit has been modified to contain less commercial development in lieu of additional single family development that borders the subdivision of Presidential Estates.
- The townhome lots have a front setback of 5' for a brownstone style neighborhood with rear entry vehicular access through a 24' wide alley which will also serve as a fire lane.

The single family portion of the development contains 50 residential lots. The townhome portion contains 32 residential lots. The commercial portion allows for the potential development of 23,800 sq.ft. of commercial space.

The 3.8 acres of open space shall be owned and maintained by the HomeOwners Association and provides the potential for court type sports, a playground, and open space areas. The open space shall be required to be screened from FM 1378 by an 8' tall wrought iron fence with brick columns.

The Planned Development prohibits the following uses within the commercial development:

- sexually oriented business, equipment rental, automobile rental, automobile repair minor, car wash, vehicle display, sales or service, smoke shop, smoking establishments, any and all uses listed under sections 5.2.H and 5.2I of the Zoning Ordinance (adopted as of June 2023).

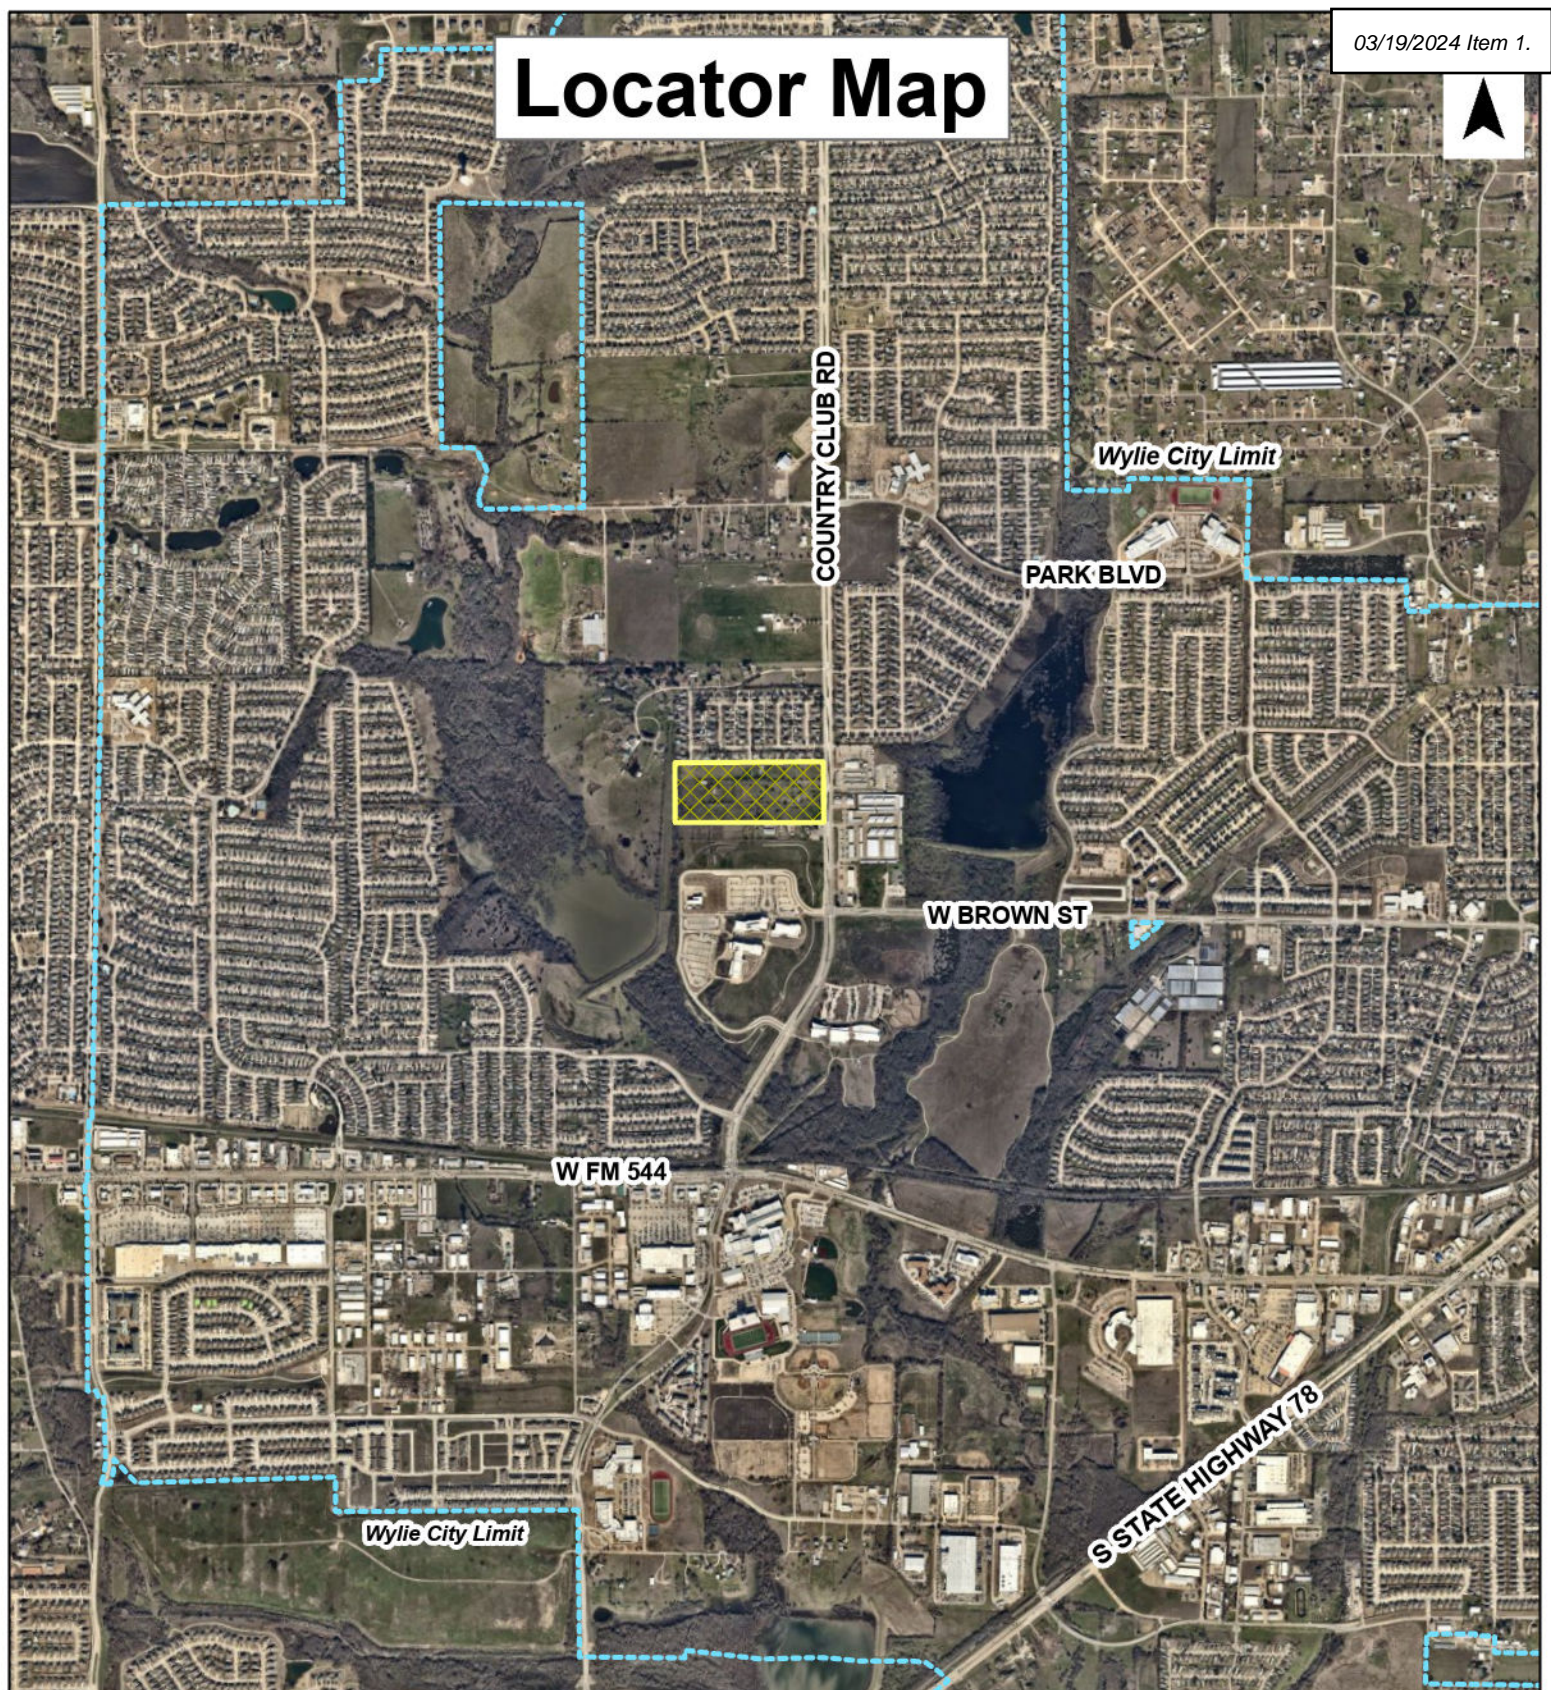

If zoning is approved, a site plan review shall be required for the commercial development. Preliminary and Final Plats shall be required for the entire development.

The property to the north is developed with the Presidential Estates single family subdivision. The property to the south is developed with Fire Station #2. The property to the west is developed as a farm and ranch style single family home. The property to the east is developed with commercial uses and a bus parking area for the Wylie School district.. The subject property lies within the Local Commercial and Low Density Residential sectors of the Comprehensive Land Use Plan. The proposed zoning is compatible with the Plan.

Country Club Road is categorized as a Type B roadway and is listed as a major thoroughfare within the Thoroughfare Plan, being the highest street capacity the city maintains. Based on the most recent traffic counts, Country Club is well under capacity. The Comprehensive Plan shows the North Central Texas Council of Government (NCTCOG) performance measurement for Level-of-Service for the section of Country Club Road adjacent to the subject property being in the "A", "B" and "C" category, defined as traffic flow that moves at or above the posted speed limit. Travel time in this category is not hindered because of congestion because traffic volumes are much less than the actual capacity, with few exceptions at limited times of the day.

Notices were sent to 41 property owners within 200 feet as required by state law. At the time of posting, five responses were received in opposition within the notification area and none in favor of the request. Nineteen additional comment forms were received outside of the notification area. One was in favor and eighteen were in opposition of the request.

So many reasons to be against this. Increased traffic through our neighborhood via Adams/Kennedy Dr.. A 6ft wall up against our alley on Kennedy will make it difficult to get in the driveway especially on trash day. Increased crime with retail and townhomes. Houses looked like they belong in a gentrified neighborhood and don't fit the Wylie look. Houses packed together like sardines. The houses will be overlooking our 8ft privacy fence.

Too many homes in very little space will be adding to traffic congestion as well as noise and crime rates with so many people crammed into that area. We want to maintain the quiet, peaceful environment we currently have.

There is way way too much congestive traffic for that area and adding anymore traffic would be detrimental to the citizens of Wylie. We cannot get our streets fixed for the disrepair that theyvare in now..The area needs to be zoned for wildlife. The noise would be horrible to the citizens in that area for the next 3 or more years. It's just a terrible idea any way you look at it. We've looked at this before and nothing has changed, please do not let this requested zoning change be approved. Thank you for your attention to this matter.

I say yes to more homes but no to town homes. Townhomes would cheapen the look of country club. It is across the street from city hall and would be the first thing people see heading down country club. Please residential homes only.

I have lived in Presidential Estates for 32 years. This has always been a safe place where children can play, and families can feel safe walking their dogs. In my opinion this project would decrease our ability to maintain our safe neighborhood.

There's enough housing in Wylie already. No need to put a burden on our water supplies and roads. Expanding without increasing resources is never acceptable.
