Staff Comments

Community Services Director Haskins addressed Council stating staff has been in touch with the applicant and recommended they consider withdrawing this item to have the opportunity to take as much time as needed to address Council concerns and get the project where they wanted it; however, they are requesting Council table this item again to finalize their project.

Council Comments

Mayor *pro tem* Forrester stated that the number of changes being made to the original multi-use development is taking the project in a completely different light. Haskins confirmed that was correct and staff recommended withdrawal as they felt that enough of this project would change where Council would ask for the Planning and Zoning Commission (P&Z) to review it and make another recommendation to the Council. Forrester asked if the Council denies this Item would the project have to go back to P&Z. Haskins replied it would go back to P&Z. Councilman Williams stated he agreed with Forrester, and asked, if the Council denies the Item would it still fall under the original approved Planned Development (PD). Haskins stated the original PD would not be affected; they could produce the approved project if they wanted but if they want to develop something different they would have to come back through P&Z. Councilman Strang expressed concerns with one to two-bedroom three-story garden apartments and the by-right for drive-thrus.

Public Hearing

Mayor Porter opened the public hearing on Item 4 at 6:45 p.m. asking anyone present wishing to address Council to come forward.

No persons were present to address the Council.

Mayor Porter closed the public hearing at 6:45 p.m.

Council Action

A motion was made by Mayor *pro tem* Forrester, seconded by Councilman Williams, to deny Item 4 as presented. A vote was taken and the motion passed 7-0.

5. Consider, and act upon, Ordinance No. 2024-19, amending Wylie's Code of Ordinances, Ordinance No. 2021-17, as amended, repealing and replacing in its entirety Appendix A (Comprehensive Fee Schedule), Article XI (Fire Department) adopting a new Fire Department fee schedule; providing a savings/repealing clause, severability clause, penalty clause and an effective date; and providing for the publication of the caption hereof.

Staff Comments

Fire Chief Blythe addressed the Council stating this Item is to update the Fire Department's Comprehensive Fee Schedule in three sections: Appendix A, Article XI, Sections A-I pertain to the prevention division, and several items that were adopted with the previous adoption of the International Fire Code were added, as well as fees for fire watch; Sections J-N establish the new fee schedule for EMS including Emergicon's recommended percentages for write-offs of 25 to 60 after following up and added consumables and oxygen are things that we will be the write-off for quick pay items and the accounts will stay open for 365 days and if there is no activity, then Emergicon recommends the City write that off; and Sections O-S is administrative cleaning up for first responder billing fee, which is something that has been done since 2000 but staff is codifying this in the Fee Schedule so that everything in one location. Blythe stated the billing schedule is set up where the insurance company is billed, not the citizen.

Council Comments

Mayor *pro tem* Forrester confirmed the fees for the fire watch and unprotected buildings are for if one of our staff members has to be inside the facility; however, the owner can use a third party to do the fire watch. Blythe confirmed

that was correct and they encourage the use of a third party. Forrester confirmed if they utilize a third party they have to let the City know. Blythe responded staff is working on formalizing the reporting process with the third party. Forrester asked if the fees were in line with neighboring cities. Blythe replied they were. Forrester stated if the City will carry the accounts out 365 days he wants to ensure those accounts are not included in the projected revenue at the end of the year and asked when the account drops off from projected revenue. Blythe replied he feels the best way to handle that is to determine how much was collected monthly over 12 months and address those at the end of the budget year. Forrester stated he is concerned with having a lot of write-offs at the end of the year that look like positive cash flow, and asked if there was a way to earmark the accounts that are past 120 days to ensure the City does not utilize that money in future projections. Blythe replied there is a live dashboard as well as a monthly report that can be monitored and an update can be provided to Council. Mayor Porter added an accounts receivable aging report could be run to show that as a percentage of total charges which would be helpful to see over the first 18 months and requested they notate specific issues with payor and charge amount on the report. Councilman Williams stated he would like to see the numbers on a cash basis over the year. Forrester asked if the City will have the accounts live for 365 days and at what point we stop sending notes and messages to the citizens for collection as we do not want this to become burdensome on staff or become hard collection agents on citizens who are unable to pay. Blythe replied that they gave Emergicon direction that at this time, the City is not interested in collections but can change that in the future. Forrester stated he would like to revisit the 365-day account staying open if not using collections in the future. Councilman Mulliqi asked if the fee structure is the same for citizens and non-citizens. Blythe replied it was the same as Emergicon did not recommend setting different fees and recommended setting the amount at the highest allowable by insurance so we can maximize that revenue. Mulliqi stated he did not want this to be a free-for-all and put the burden on other citizens in Wylie that is not using the services, and added there has to be a happy medium regarding collecting fees and ensuring everyone is taking responsibility Blythe added they did set up billing zones for the service they provide outside of Wylie and should have more information to provide next year to revisit the topic to make any needed modifications.

Council Action

A motion was made by Mayor *pro tem* Forrester, seconded by Councilman Strang, to approve Item 5 as presented. A vote was taken and the motion passed 7-0.

READING OF ORDINANCES

Title and caption approved by Council as required by Wylie City Charter, Article III, Section 13-D.

City Secretary Storm read the caption of Ordinance No. 2024-19 into the official record.

ADJOURNMENT

A motion was made by Councilman Strang, seconded by Councilman Porter, to adjourn the meeting at 7:03 p.m. A vote was taken and the motion passed 7-0.

Discussion

The City of Wylie hired Pipe Analysis Inc. to conduct the Phased Infiltration and Inflow Abatement Program Plan 2018. The project's initial phase involved implementing the Capacity, Management, Operation, and Maintenance (CMOM) Plan. This included conducting manhole inspections, updating the collection system maps, and conducting temporary flow monitoring to prioritize the system. The wastewater collection system consists of manholes, pipelines, and lift stations. These components have deteriorated over time and require rehabilitation or replacement. Currently, the system consists of approximately 211 miles (1,119,049 linear feet) of gravity sewers, 7.63 miles of force main (40,297 linear feet), 3,755 manholes, and 10 lift stations.

The most recognized result of system deterioration is high infiltration/inflow during wet weather. Infiltration/inflow comprised of groundwater and rainfall runoff that enters the collection system through broken pipes, open pipe joints, vented manhole covers, defective manholes, and unauthorized storm drain connections.

The Wastewater Division met with Fuquay Inc. and they inspected and identified 12 manholes that are deteriorating and failing due to infiltration/inflow. The infiltration/inflow of the manholes will need to be rehabilitated with chemical grout injection, manhole bench, and invert repairs to a 4-inch, diameter base, and one-inch thickness of cementitious.

Staff recommends the award of contract # W2024-65-I to Fuquay Inc. in the estimated amount of \$73,368.00 as providing the best value to the City. The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization under Chapter 791 of the Texas Government Code and Section 271 Subchapter F of the Local Government Code, and by doing so, satisfies any State Law requiring local governments to seek competitive bids for items.

Section 1. Creation of Code of Conduct

The City of Wylie creates this Code of Conduct (the "Code") and repeals Ordinance No. 2014-19, as of the Effective Date of this Ordinance.

Section 2. Policy

The proper operation of democratic local government requires that City Officials be independent, impartial and responsible to the people; that local government decisions and policy be made in the proper channels of the government structure; that public office not be used for personal gain; and that the public have confidence in the integrity of its City Officials. Discussion

Currently, the format for the City Council and Board and Commission minutes are "detailed discussion." With the City now live-streaming all meetings, and making them available on-demand indefinitely at this time, staff is proposing that City Council and Board and Commission meeting minutes format be "action" and not "detailed discussion" as they are now. "Action" minutes would record the decisions reached and the actions to be taken, though not recording the discussion that went into making the decisions. Staff researched surrounding entities and the majority do "action" minutes.
