### **Board Action on Consent Agenda**

A motion was made by Board Member Covington and seconded by Board Member Innella to approve the consent agenda as presented. A vote was taken and carried 5 – 0.

## REGULAR AGENDA

1. Hold a Public Hearing to consider and act upon a request by Clayton McLucas for a variance to Section 2.5.C of the Zoning Ordinance to allow for 0' side setbacks in lieu of the required side setback of 5'. Property located at 3122 Grandview Dr. ZBA 2023-07

### **Staff Discussion on Regular Agenda Item 1**

Sr Planner Molina presented. The applicant is requesting a 0' setback in lieu of the 5' setback for a patio cover that has already been started. If the variance is approved, modifications will need to be made to make it structurally sound. However, for this variance it is only for the setback. Twenty-three notices were mailed and none were received in favor or against. The height is less than the fence height. The applicant was issued a stop work order. In order to proceed for a permit, he needs the variance approved. The applicant was present and approached the Board.

Applicant Clay McLucas stated that the structure is being built for protection of lawn equipment for his business. He stated it is not attached to the house, but attached to the fence. He stated he was unaware that a permit was required. He does not have any other plans for other builds of this nature. The roofing is fiberglass. The Board asked if two structures were being built. Applicant McLucas stated it was separated for a garden area and was two separate structures. He stated it was not visible from the street or his neighbor's residence. The Board asked if fuel would also be stored. The applicant stated no, that the only fuel would be contained within the equipment itself. The Board also asked about the material for the roofing, to which applicant McLucas stated it was corrugated fiberglass.

Chair Grieser opened the Public Hearing at 6:42 pm. Citizen Charles Elring approached the board in favor of Applicant Lucas' request. The public Hearing was closed at 6:43pm

### **Board Action and Regular Agenda Item 1**

A motion was made by Board Member Faraz and was seconded by Board Member Innella to approve the variance from a 5' setback to a 0' setback. A vote was taken and carried 5 – 0.

2. Discuss adjusting the meeting start time from 6:30 pm to 6:00 pm to be in line with the other boards, commissions, and city council.

### **Board Discussion on Regular Agenda Item 2**

Director Haskins addressed the board on changing the start time to align with all other City Meetings. All Board Members were in agreement that there was no issue to change the meeting start time.

### **Board Action on Regular Agenda Item 2**

A motion was made by Board Member Betler and seconded by Commissioner Covington to move the meeting start time from 6:30 pm to 6:00 pm. A vote was taken and Carried 5 – 0.

## **ADJOURNMENT**

A motion was made by Board Member Betler and seconded by Board Member Covington to adjourn. A vote was taken and carried 5 – 0. Chair Grieser adjourned the meeting at 6:48 pm.

## AGENDA REPORT

Department: Planning  
Prepared By: Kevin Molina

Item Number: 1

### Subject

Hold a Public Hearing to consider and act upon a request by Charles R. Taylor for a variance to Section 5.2.18 of Planned Development 2002-52 to allow for an accessory structure with a 1' proximity setback to the main structure in lieu of the required setback of 5'. Property located at 1302 Taren Trail. **ZBA 2023-08**

### Recommendation

Motion to **approve, deny.**

### Discussion

**OWNER: Charles R. Taylor**

**APPLICANT: Charles R. Taylor**

The applicant is requesting a variance to Section 5.2.18 of Planned Development 2002-52 to allow for 1' proximity setback to the main structure in lieu of the required setback of 5' for the permitting of an accessory structure that measures 80 sq.ft. (8'X10'). The property is located at 1302 Taren Trail. The accessory structure is being proposed to replace a previously existing structure of the same dimensions. The previous structure was placed without a permit. The new structure shall provide wood siding with matching shingles to the primary house.

The applicant believes the variance request has merit for the following reasons:

- The applicant has received HOA approval pending the City's approval of the variance. The letter is included in the packet.
- The accessory structure has a minimal impact on the surrounding property as it does not contain windows and will be screened by an existing wooden fence on the subject property. The height of the accessory structure is 7' at the peak of the roof.

Public comment forms were mailed to thirty-two (32) property owners within 200 feet of this request, as required by State Law. At the time of posting three comment forms were returned in favor and one in opposition of the request. The comment form received in opposition was from a property owner located within a different subdivision located outside of the notification area.

#### **The Board shall not grant a variance to the development code which:**

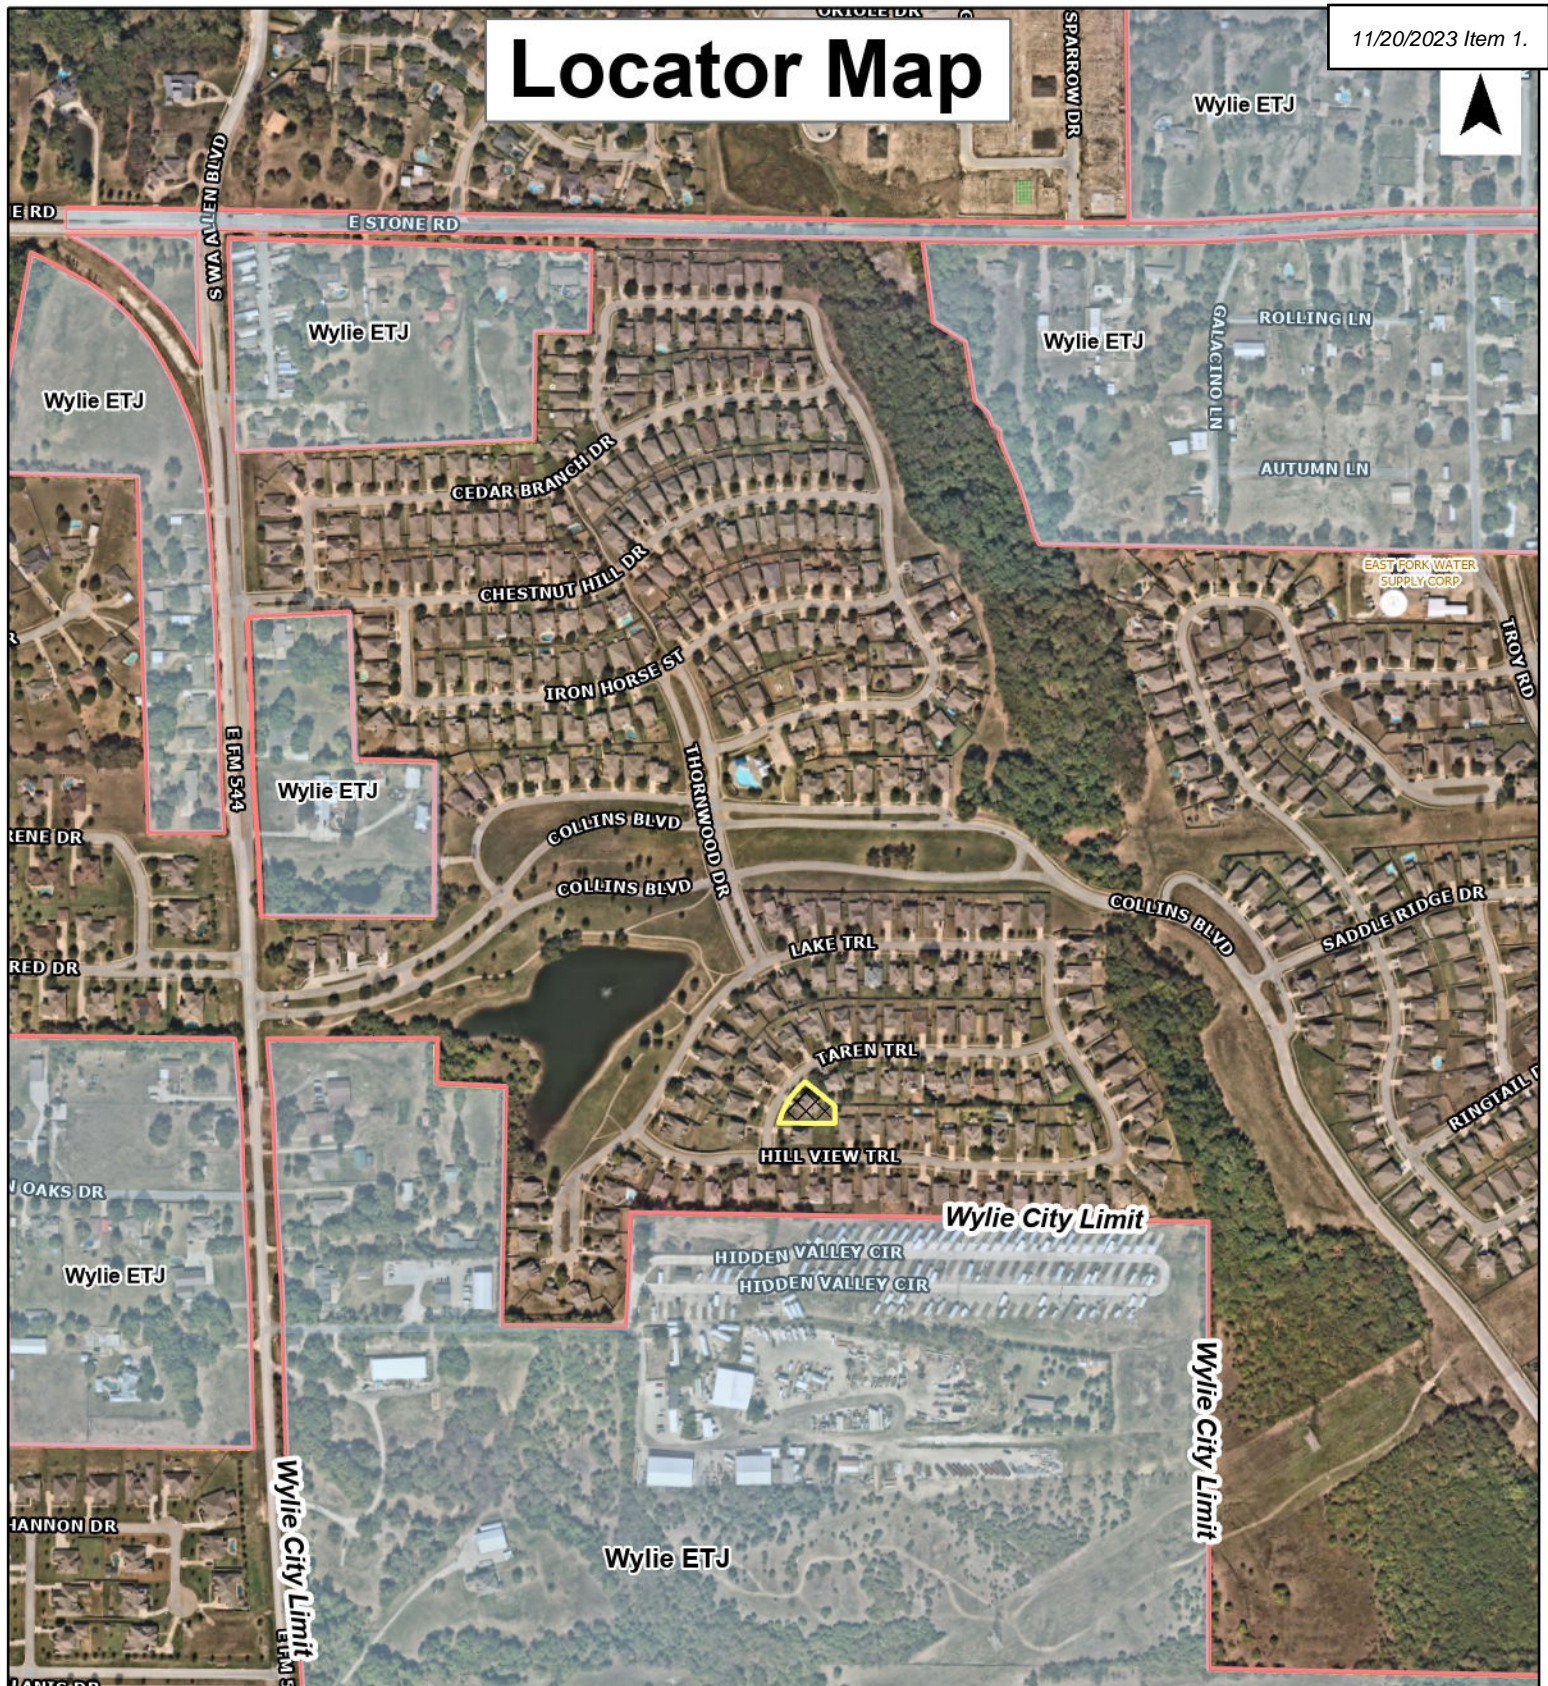

- (1) Permits a land use not allowed in the zoning district in which the property is located; or
- (2) Is in the public right-of-way or on public property; or
- (3) Alters any definition of the development code; or
- (4) Is other than the minimum variance that will afford relief with the least modification possible to the requirements of the development code; or
- (5) Is based on physical conditions or circumstances of the property so general or recurring in nature as to reasonably make practicable the formulation of a general regulation to be adopted as an amendment to the development code; or
- (6) Is based exclusively on findings of personal or financial hardship.

**In order to grant a variance to the development code the Board shall find that all the following have been satisfied:**

- (1) That there are unique physical circumstances or conditions of the lot, or other exceptional physical condition particular to the affected property;
- (2) That because of these unique physical circumstances or conditions, the property cannot be reasonably developed or used in compliance with the provisions of the development code;
- (3) That due to such unique physical circumstances or conditions, the strict application of the development code would create a demonstrated hardship;
- (4) That the demonstrable hardship is not self-imposed;
- (5) That the variance if granted will not adversely affect the proposed development or use of adjacent property or neighborhood;
- (6) That the variance, if granted will not change the character of the zoning district in which the property is located;
- (7) That the variance, if granted is in keeping with the intent of the development code; and
- (8) That the variance, if granted, will not adversely affect the health, safety or welfare of the citizens of Wylie.

We would like to formally request approval for a variance at our primary residence at 1302 Taren Trail. We would like to replace an existing structure, which has been in existence for many years now. The existing foundation will be utilized for the new shed, which requires a city permit to allow for a more permanent structure to be built. The new structure is more visually appealing to the residents of Bozman Farms, with wood siding and matching roof shingles to the primary residence. The new structure will not have electricity or plumbing. The adjacent wall of the single family home, which is closest to the proposed shed structure, is composed of brick and concrete Hardy board. The structure will not block any of the residence windows or doors. Please see the attached pictures for visual proof of the above statements.

Christina Taylor  
1302 Taren Trail  
Wylie TX 75098

Dear Christina Taylor,

For the listed project item(s):

**Shed**

I am pleased to inform you that the Bozman Master HOA Architectural Committee has approved your application **with the following stipulations:**

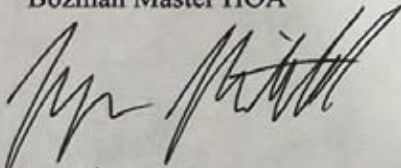

**Approved as long as the city approves the variance for the location of the shed.**

The approval is contingent upon compliance with the specifications set forth in the approved application. If your change or addition requires a county, city or state permit, it is the responsibility of the homeowner to obtain this before starting construction.

Please retain this letter for your files. This letter is good for 60 days. If the project is not started within this time period, a new application must be resubmitted. If you have any questions regarding this matter, please contact Customer Care at 469-304-0004 or e-mail us at [bozmanfarmsmanager@guardianam.com](mailto:bozmanfarmsmanager@guardianam.com).

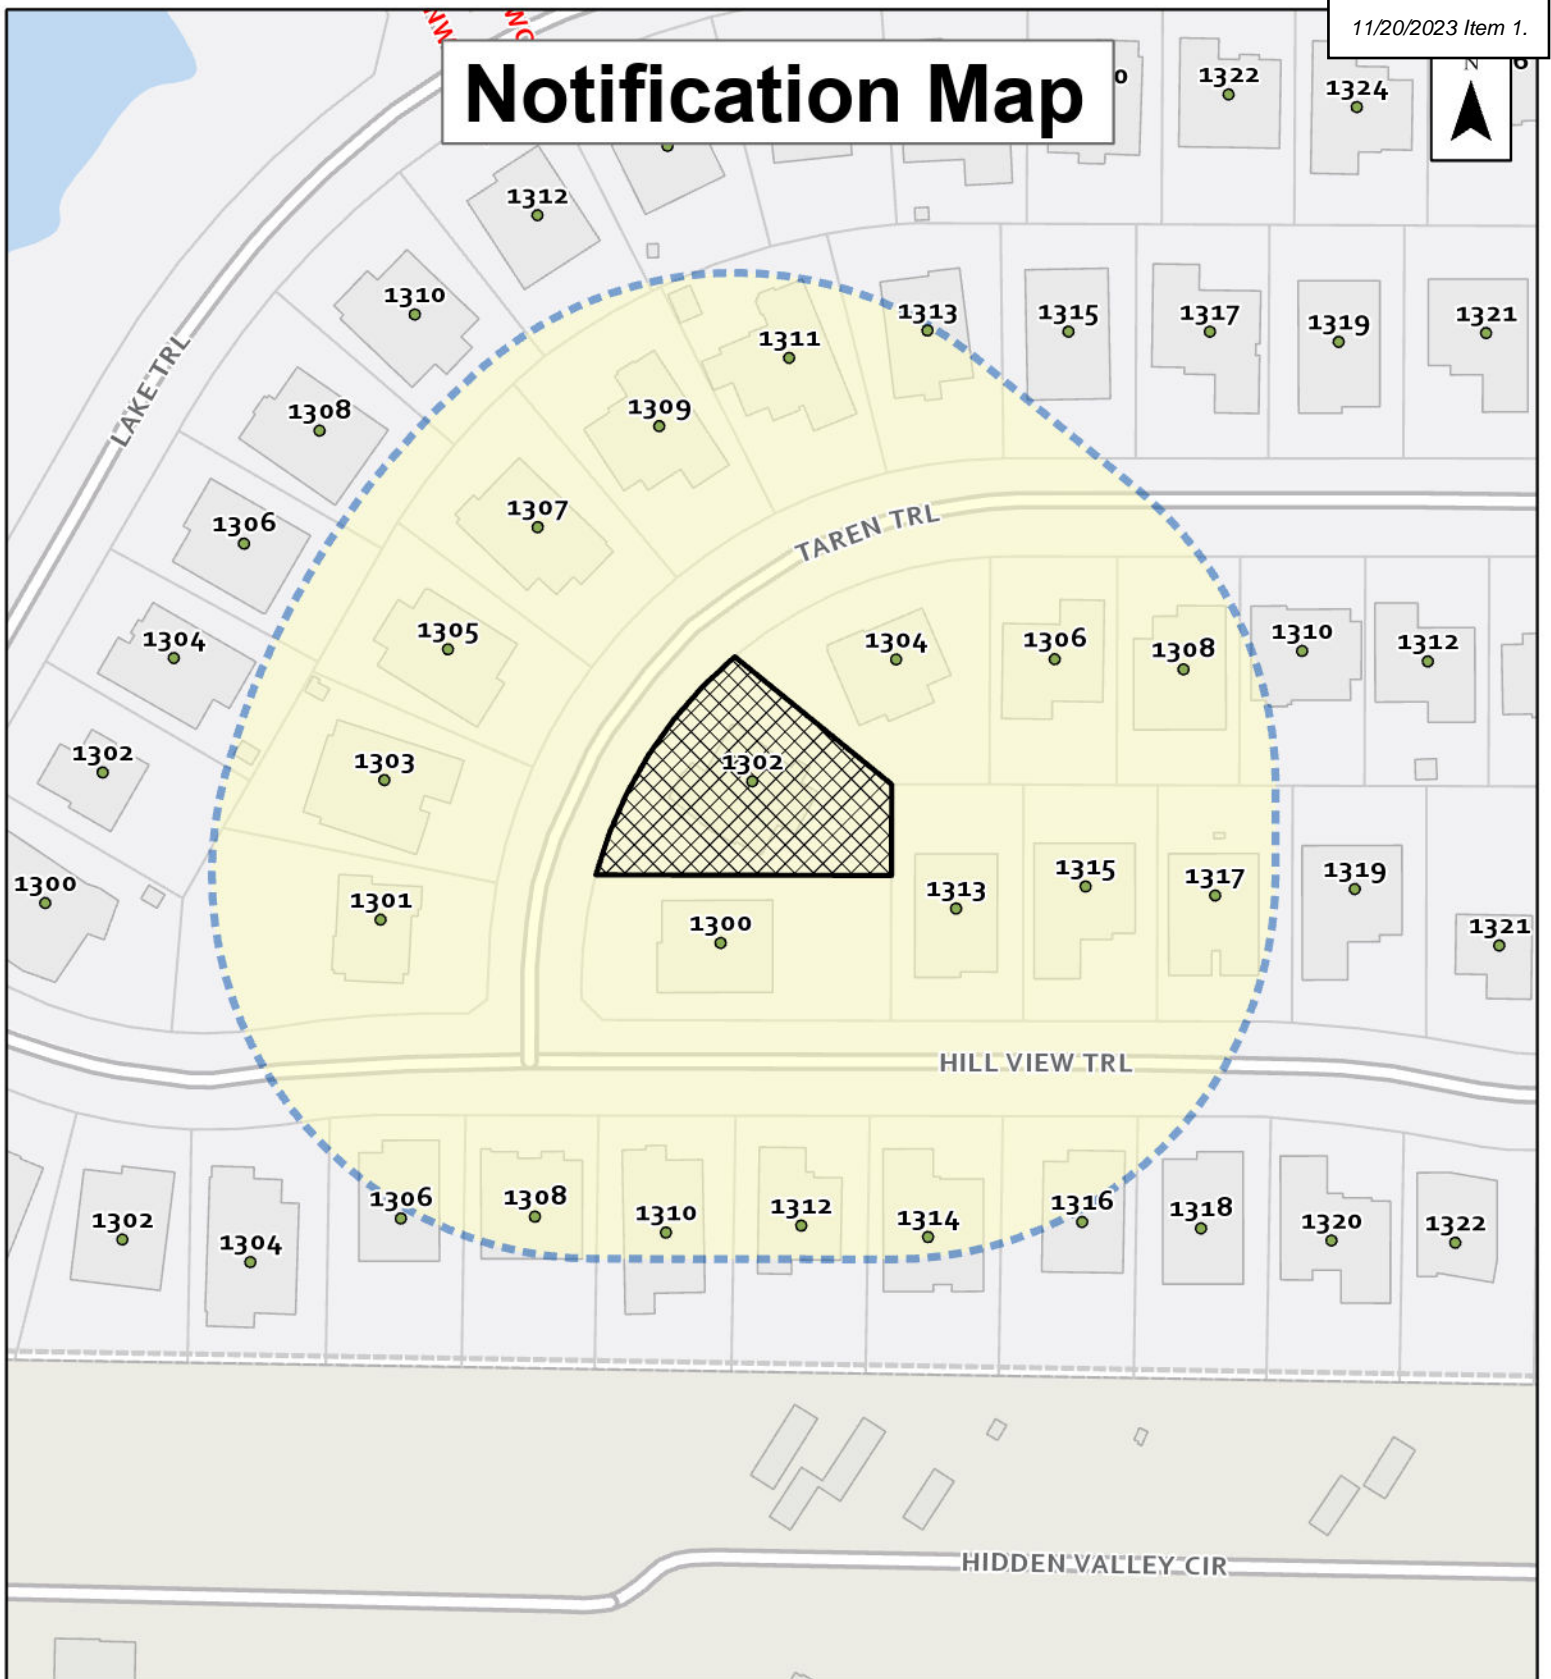

Sincerely,

Bozman Master HOA
